A NEW PEST.—During the past year a number of cherry trees have been destroyed in this vicinity by a small insect which was entirely unknown to the fruit growers here. Its method is to bore into the tree to a depth of an inch, and its workings very effective wherever found. J. H. Albert has sent a specimen of this pest to the government entomologist at Washington, and has received the following reply: "The insect which has killed your cherry tree is one of bark beetles known as Monarthrus scutellaris. Other things being equal, this insect seems to prefer trees which are unhealthy rather than thrifty, vigorous growers and where they attack the latter it is only because there is no more congenial food at hand. It might then be advisable to girdle a valueless tree occasionally for the purpose of attracting the insects and then, after they have laid their eggs in it in numbers, cut it down and burn it. Very few observations have been made upon this particular species and I am not aware of the exact time of egg-laying but should this be ascertained the trees can be protected to some extent by washing them with soft soap reduced to the consistency of thick paint by the addition of washing soda and water.

THE LILIPUTIANS. At the Opera House, Thursday June 30th, giving two performances, evening at 8 and Matinee at 3 p. m. Read the following: Mrs. General Tom Thumb! Mrs. Tom Thumb is now the Countess Magri, and has been for many years, but she is the same charming little mite of humanity she was in those halcyon days when Barnum, who brought the diminutive pair before the public, was in the heyday of his popularity. The programme uniformly excellent throughout, combining music, dancing, pantomime and comedy, in all of which the little folks exhibited to splendid advantage their several capabilities, presenting a perfect animated stage picture in miniature—intelligent, pleasing and agreeable.—Philadelphia Evening Item.

PEN AND ASYLUM.—Thomas R. Bard made his debut at the state penitentiary last night as a result of having committed larceny in Portland. He was sentenced to three years on two counts and was brought to this city by Deputy Sheriff Harvey L. Moreland. John Fall a subject for the insane asylum also arrived last night. Deputy Sheriff John Hailey and a guard came here yesterday with two quarter blood Indians, named Parr, who will serve four and six years for riot.

THE AVENUE.—Last spring Park Commissioner Skiff did some very efficient work in cleaning up the trees and shrubs in and about Wilson avenue, since which time there has been a marked improvement in their appearance. Now the grass is being cut off, and the fact is developed that more work is needed in the way of cultivating about the trees and cutting out the suckers and superfluous vegetation. This should be attended to at once, or all the work so far done will be lost.

MARRIAGE LICENSE.—The county clerk yesterday evening issued a marriage license in favor of James McRedmond, aged 34, and L. Deuger, aged 30.

Overgalters \$1.00, \$1.25 and \$1.50 at R. G. Flemings.

Rev. W. R. Williams held a bible reading on "Unity of Christians" at 9 o'clock Monday morning. This reading called out a lively discussion of much interest. At 10 W. R. Williams called the Sunday school convention to order, and committees were appointed.

Talbot filed articles incorporating the Portland Sheep and Woolgrowing Co., with a capital stock of \$20,000.

MORE IMPROVEMENTS.—Verily, the spirit of improvement is abroad in the land—or properly speaking, in the city, aside from the large amount being spent on street and electric railway extensions, several large contracts are about to be completed at the State house. The building will be treated to a beautiful dome at a cost of about \$50,000. There is also to be a complete system of heating put in, besides the remodeling of the representatives hall and in all the amount expended will reach nearly \$100,000. All of this will give employment to a great deal of labor and add greatly to the material welfare of our city. Material and tools are arriving for the dome work, and considerable work has already been done preparatory for the other jobs. Bids will be opened July 5th.

BASEBALL.—The Howell prairie aggregation of ball players again defeated the Gervais ball club on Sunday last at the Gervais park. The game was hotly contested throughout, the score up to the eighth inning being 2 to 1. The features of the game were the catching of Williams and the second-base playing of Holman. The score: Howell Prairie 7, Gervais 5. Runs earned, Howell Prairie 4, Gervais 1; two-base hits, Heppner, Holman, George; base on balls, off Heppner, 2; hit by pitched ball, Eldridge, 2; struck out, by Heppner, 10, by George 10.

Old People.

J. V. S. is the only Sarsaparilla that old or feeble people should take, as the mineral potash which is in every other Sarsaparilla that we know of, is under certain conditions known to be enervating. J. V. S. on the contrary is purely vegetable and stimulates digestion and creates new blood, the very thing for old delicate or broken down people. It builds them up and prolongs their lives. A case in point:

Mrs. Belden an estimable and elderly lady of 610 Mason st., S. F. was for months declining so rapidly as to seriously alarm her family. It got so bad that she was finally afflicted with fainting spells. She writes: "While in that dangerous condition I saw some of the testimonials concerning J. V. S. and sent for a bottle. That marked the turning point. I regained my lost flesh and strength and have not felt so well in years." That was two years ago and Mrs. Belden is well and hearty to-day, and still taking J. V. S.

If you are old or feeble and want to be built up, ask for

Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. Some Strange Misnomers.

Much of the Russia lishom comes from Connecticut, Bordeaux wine from California, Italian marble from Kentucky, French lace from New York, and Spanish mackerel from the New Jersey coast. Dr. Pierce's Golden Medical Discovery comes from Buffalo, N. Y., but there is nothing in its name to criticize for it is truly golden in value, as thousands gladly testify. Consumption is averted by its use, and it has wrought many positive cures. It corrects the blood and purifies the system, and renews the lease of life, and tones up the system as nothing else will do. What is more it is guaranteed to do all this, or the price is refunded.

A New Kind of Insurance.

For twenty-five cents you can insure yourself and family against any bad results from an attack of bowel complaint during the summer. One or two doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy will cure any ordinary case. It never fails and is pleasant and safe to take. No family can afford to be without it. For sale at 25 and 50 cents per bottle by Geo. E. Good, druggist.

TO THE LADIES.—"Viavi" stands alone, the greatest medical discovery of the nineteenth century. (From an M. D. in the Ladies' Health Journal, Newark, Ohio.) You are cordially invited to call and investigate for yourselves. Office over 4 and 9 cent store, Cottle-Parkhurst block, Commercial street, Salem, Oregon.

PRESIDENT JORDON.—of Stanford university will lecture in Unity church Wednesday evening, June 29 at 8 o'clock. His theme is "Agassiz." President Jordan besides being at the head of this magnificent institution is himself an author in science. Was a pupil of Agassiz. He is also a fine orator who has something of interest to say. Admission 25 cents. 6-24-f

Mr. W. M. Terry, who has been in the drug business at Ekton, Ky., for the past twelve years, says: "Chamberlain's Cough Remedy gives better satisfaction than any other cough medicine I have ever sold." There is good reason for this. No other will cure a cold so quickly; no other is so certain a preventative and cure for croup; no other affords so much relief in cases of whooping cough. For sale by Geo. E. Good Druggist.

A man who has practiced medicine for 40 years, ought to know what to do with sugar, read what he says:

Toledo, O., Jan. 10, 1887. Messrs. F. J. Cheney & Co.—Gentlemen:—I have been in the general practice of medicine for most 40 years, and would say that in all my practice and experience I have never seen a preparation that I could prescribe with such a certain confidence of success as can Hall's Catarrh Cure, manufactured by Dr. J. C. Cheney, of Toledo, Ohio. It is a great many times and its effect is wonderful, and would say in substance that I have yet to find a case of Catarrh that it would not cure, if they would take it according to directions.

Yours truly,

L. L. GORSUCH, M. D., Office, 215 Summit St.

We will give \$100 for any case of Catarrh that cannot be cured with Hall's Catarrh Cure. Taken internally.
