

# THE DALTON GANG.

News from Idaho, Homestead, and World's Fair.

## TRAIN HELD UP

By the Dalton Brothers, Posses in Pursuit.

GUTHRIE, O. T., July 15.—The Missouri, Kansas & Texas passenger train No. 2, south-bound, was held up by a gang of masked robbers at Adair, Indian Territory, late last night. The robbers secured the contents of the safe of the Pacific Express Company containing \$40,000. PARSONS, Kansas, July 15.—Officials of the Missouri, Kansas and Texas road ascertained it was the Dalton gang which held up the train at Adair, Ind., last night. Before robbing the train they held up the station agent and secured everything of value in the station. The amount taken from the express car is not known, and confederates run all the way from an insignificant sum to \$75,000. During the skirmish with the robbers and the guard, stray bullets entered the drugstore up town, wounding Dr. Youngblood and Gov. The latter, however, is not hurt, and the former is in a critical condition. A posse has gone in pursuit of the desperadoes.

## COEUR D'ALENE DISTRICT

Troops in Possession of the District.

WALLACE, Idaho, July 15.—Gen. W. P. Carlin, of the 4th United States Infantry, is in command of the military forces in Coeur d'Alene, and is now at Wardner, where he has established picket lines and taken charge of the town. There are now about 400 troops of the United States and the state in Shoshone county. Companies B, C, D, E, F, of the 14th infantry, from Fort Vancouver, in command of Lieut. Col. Theaker, are now at this place. In an interview with Gen. Curtis, of the Idaho National Guard, he said: "I have advised Gov. Willey that about one thousand more troops are on the way to Coeur d'Alene, that martial law has been declared. That troops will be distributed throughout Coeur d'Alene and lives and property protected. At the first sign of trouble all saloons will be closed, business will go along in its regular channels, and the regular process of law be enforced. No interference will be made with press dispatches except those of a sensational or incendiary nature. The military will work no hardship on peaceable citizens, and as soon as the county is restored to its normal state the troops will leave. The militia is composed of young business men, and they want to get home as soon as possible. They are serving without pay, and can ill afford to lose their pay."

## From a Mine Owner.

SAN FRANCISCO, July 15.—J. J. Hammond, president of the Bunker Hill and Sullivan mining company, who is now in this city, said yesterday that he received telegrams stating that everything was quiet in Coeur d'Alene district. Hammond said the directors of the company had not yet decided what course to pursue regarding the future working of the mines. The principal loss to the company so far has been that of time. The company had gone to great expense in erecting the mine and making other improvements, and the shut down was much to their disadvantage. G. R. Smith, who was sent to this city by the executive committee of the Wallace Miners' union to prevent importation into that section of non-union men, said that while the origin of the present trouble could be indirectly traced to the demand for an increase in wages which was unsuccessful last year, the direct cause of the trouble was the revolt by the men against the hospital tax of one dollar per month levied by the company and which miners claimed was productive of assistance to them at the time whenever needed. Miners built the hospital at Wallace and adopted a rule that the dollar per month, instead of being paid to the companies, should be paid to the hospital. The Bunker Hill and Sullivan company refused to recognize the justice of this rule, and a strike resulted in favor of the miners. Smith claims that a reduction of wages then followed.

## Change of Sentiment.

HOMESTEAD, Pa., July 15.—Great change seems to have taken place in the sentiment among the locked out men since military has arrived. They say they are perfectly willing for the sheriff to take charge and declare even the putting of non-union men at work would not incite them to violence. This morning the guard around the mill was doubled, locked out men think it presages the putting in of non-union men today.

## Denounce Pinkertonism.

PORTLAND, Or., July 15.—The Federated Trades Assembly held a meeting last night at Grand Army hall and passed two sets of resolutions denouncing Pinkertonism, one to be presented next Wednesday evening to the city council, asking for the withdrawal of franchise granted the Thiel Detective Agency. The other resolution denounces Pinkertonism, and asks for congressional investigation of the labor troubles in Idaho, as has been accorded those at Homestead, Pa. Copies of the latter resolutions were ordered sent to Senators John M. Palmer and W. F. Saunders and Congressmen

# Camenetti, Sweet, and Watson, of Georgia; also to all the members of the Oregon delegation. A telegram was sent last night to Senator John M. Palmer, notifying him of the action of the meeting.

## THE WORLD'S FAIR.

Liquor Allowed to Be Sold on the Grounds.

WASHINGTON, July 15.—The conference report on the diplomatic bill was agreed to, and so was one of the naval bills, but in the latter case the report was not final. Consideration of the sundry civil bill was resumed.

Quay offered an amendment to the Sunday closing amendment, closing the World's fair, adopted yesterday, declaring that all appropriations are excepted, it is the duty of the World's fair to make rules to carry out the conditions. The amendment was agreed to.

Cullom demanded a separate vote on the amendment prohibiting the sale of intoxicating liquors within the World's fair grounds. Palmer voted in the request, and made a statement that the Illinois corporation had let privileges for a large number of cafes and restaurants with the right to serve liquor with meals. The penalties for non-compliance aggregate \$500,000, which the corporation will be liable for in case liquor cannot be served as provided in the contract.

A vote was then taken on the amendment prohibiting the sale of liquors within the World's fair grounds, ayes 21 nays 29.

Vest moved as a substitute for Quay's Sunday closing amendment, one closing the mechanical part of the exposition on Sunday and having a hall erected for religious services.

Quay moved to table the motion, and it was agreed to, yeas 34, nays 17. The bill then passed, and the conferees' bill was taken up and made unfinished business. Adjourned till Monday.

## English Elections.

LONDON, July 15.—The returns at midnight show: Conservatives, 248; Liberal-Unionists, 39; Parliaments, 7; Laborites, 3; Ministerial total, 287; Opposition total, 283.

## English Opinion.

LONDON, July 15.—An article in the Chronicle concludes as follows: "It is idle to expect any country can exist in a state where the social forces go to create millionaires at one end of the scale and tramps at the other, and when millionaires are permitted to hire and drill the sum of society to shoot down working men."

## Ignatius Donnelly Nominated.

ST. PAUL, July 14.—The people's party convention resumed work yesterday. At noon they took a recess, having nominated Ignatius Donnelly for governor; Kittel Halvorsen, lieutenant-governor; H. B. Martin, secretary of state; R. M. Ringdall, treasurer.

## Vesuvius Ashore.

NEW YORK, July 15.—The dynamite gun boat Vesuvius went ashore this morning in a fog on Sunken Meadow in the sound. Assistance has been sent from navy yard.

## Blowing up Bridges.

SPOKANE, Wd., July 15.—At 1 p. m. word was received that the terrific explosion heard over at the Coeur d'Alene last night, was caused by the strikers blowing up the railroad bridges between Mullan and Wallace.

## Regulars on the Way.

MISSOULA, MONT., July 14.—Fort Keogh troops passed here at four this morning. They should reach the scene of the trouble in Idaho early this afternoon.

## Fire in Portland.

PORTLAND, July 15.—At a quarter to 3 yesterday afternoon fire broke out in the building occupied as a broom factory by Zan Bros. At 3:30 the fire was under control, having been confined to the third story. The loss will amount to \$20,000, half of it by water. It was insured.

## Governor Willey's Orders.

BOISE, July 15.—The only communications which have passed between the governor and those at the scene of the trouble yesterday was the following telegram to General Curtis, at Cataldo, from Governor Willey, and the latter's reply: "In addition to the instructions which I have already transmitted the following: If any person is apprehended in the act of blowing up railroad bridges, or property, with dynamite, or placing it in position to do so, shoot him on the spot. Promulgate this order to the troops."

## CURTIS' REPLY.

"Your proclamation is being printed and circulated through this county. We have troops sufficient, and confidence is being restored."

## To Stop Export of Gold.

NEW YORK, July 15.—In the last two or three days six or eight big banks have taken steps to do all in their power to hinder exports of gold to Europe. Under the new plan the banks refuse to pay out gold certificates to representatives of foreign banks, instead they pay United States notes and treasury notes. The former is payable in gold, the latter in gold or silver, at the option of the treasury department.

# COLD-BLOODED SCOUNDREL.

Deliberately Ruined Scores of Orphan Children.

NEWBURG, N.Y., July 15.—The investigation into the accounts of County Treasurer William Murray, the defaulting cashier of the Golden National bank, has already developed one thing for which he is harshly censured. When Murray entered on his duties as county treasurer, the supreme court fund, made up principally of money belonging to minors, and which usually amounts to more than \$150,000, was nearly all invested in bonds and mortgages. Some of the loans had been made years ago by former treasurers, and by transfers from the credit of one estate to that of another had been carried along for years. Mr. Murray determined on calling in these loans, and ignoring the fact that the interest had been paid promptly and regularly on them, and that in many cases the security was more than ample, gave notice to the mortgagees that the loans must be paid without delay. Some on whom these demands were made were able to respond promptly, but others could not raise new loans in the limited time given them. Murray then made application to the court for an order giving him permission to foreclose mortgages on farms in this county. Appeals for loans were made a vain and some of the mortgages were foreclosed, ruining some of the holders. The properties were sacrificed and the children whose money was lent on them must stand the loss in cash. When the loans were sold in, interest ceased, and thus a wrong was done to the children whose money had been called in. Under the law the treasurer is allowed fees on all money paid in or out of the treasury on account of this fund, and it seems almost incredible that Murray could have put the screws on so many borrowers simply for the fees to which he would be entitled.

## Bold Robbery.

TANGENT, Or., July 15.—Mr. John Luper and family had been to a religious service in the town immediately afterwards starting for home in two wagons, a son driving one and going ahead some distance. When about half a mile from Tangent a man, with a mask, presented a revolver to the head of the young man, and demanded his money, which only happened to be about fifty cents which was handed over, but not satisfying the robber. Leveling his revolver at young Luper's head he examined his pockets himself, getting nothing for his pains, and then ordered him to proceed on his journey. Mr. Luper then came up and was "stood up" in like manner, the robber getting in only about \$3.00. After going home Mr. Luper and son returned to Tangent and notified the citizens. The man was seen on the platform, his clothes and light hair easily distinguishing him. Not knowing that he might be arrested by any one and held for an officer a constable was hunted up, but by that time the bold robber had disappeared. He was a young man, blonde complexion, about 5 feet 7 inches, and smooth faced. The case is a very interesting one, and it is to be regretted the man was not captured.

## The Work of a Coward.

BAY CITY, Mich., July 15.—Lucian Bartley, employed in a saw mill at West Bay City, went yesterday to the house of James Holliday, the father of his mistress. The woman was sitting on the door step, when the man arrived, while playing near by was a little boy of five years, the child of the pair. After a brief conversation Bartley shot the child in the abdomen. The mother ran to the child and picking him up started for the house. Bartley then shot her in the hip. Before he could be disarmed Bartley turned the revolver on himself inflicting a fatal wound in the neck. The Holliday woman was immediately attacked with labor pains, and gave birth to a male child four hours after the shooting.

## CROWD OF DESPERADOES

Take Possession of a Minnesota Village.

ST. PAUL, Minn., July 15.—The village of Burns, just over the Mississippi river, in Anoka county, is in the midst of terror and the town practically in the hands of a gang of desperadoes, who are burning buildings and threatening the lives of the citizens. George Small, a wealthy and prosperous farmer, has been very active in his effort to lodge one of the ruffians behind the bars. A warrant was sworn out against one of the gang, but it has never been served. The whole populace of Burns was terrified and the gang's actions were constantly causing annoyance. The grave crime of arson has been laid at their doors several times. Monday the handsome residence of Small was set on fire, but after a fight by the family and neighbors the flames were extinguished. On Wednesday Small was in Anoka, and in the evening word was brought to him that his elegant residence had again been set on fire by unknown desperadoes and totally consumed. The sheriff and citizens will make an endeavor to get at the culprits, and things are in such a condition that no one's life is safe and all go armed. The deed is supposed to be spitwork. Small was open in his remarks against the gang. The home of Thomas Gorman will go next; so says the leader of the desperadoes. If the sheriff of Anoka county fails to capture the gang, Governor Merriam will be asked to send a company of militia on their tracks.

## THE GOLD BRICK SWINDLE.

A Dayton Farmer Taken in on an Old Game.

WALLA WALLA, July 15.—A wealthy farmer named Cross, living near Dayton, was swindled out of \$200 by sharpers several days ago. Two young men appeared at Cross' farm and presented a letter of introduction from an intimate friend in Portland. They bargained for the purchase of land from Cross, and claimed to be short of money, but had considerable gold bullion in Walla Walla, which they would give as security for the loan of \$200. Cross came to Walla Walla with the men and was taken where the two bars of supposed bullion were concealed. The bullion was taken to Mr. Brown, who claimed to be the U. S. assayer. Cross was satisfied the bullion was good, went to the First National bank and borrowed the money. This was paid over to the sharpers, who, in company with Brown, disappeared and have not been seen since. Cross took the bullion to the bank to get money on it and was informed it was nothing but copper. He informed the police who sent dispatches to the neighboring towns.

## Caused by a Depraved Woman.

ATLANTA, Ga., July 15.—J. F. Stephens, of Floyd county, was killed by his clerk Tuesday, and the latter was fatally wounded. Wilkinson was employed in Stephens' store, and boarded with him. During the past month Mr. Stephens believed his wife and Wilkinson to be on too intimate terms. He came across a letter written by his wife to Wilkinson, which confirmed his suspicions. Tuesday he went to Rome, and returned home much earlier than he said he would. He found his wife with Wilkinson. Without a word he drew his revolver and fired at Wilkinson twice, these being the only balls in the pistol, then grasped with him and threw him to the floor. Wilkinson
