GOODHUE & CAHILL.

AT THE INSTITUTE.
Large Attendance—What the Instructors are Doing.

The last week of the teachers' institute opened with 121 teachers registered and new arrivals daily. Anyone who looks in upon the work must realize how much is gained by a regular attendance. No teacher can go out from this gathering without added strength in every direction. Prof. Wetzel presents history in a way as practical as it is unique. To illustrate he would have the teacher collect good pictures of the signing of Magna Charta, the signing of the Declaration of Independence and of the Emancipation Proclamation in a group to represent three important historical events and in this way give the child something beside dry facts to rouse thought. Beside this he would interest pupils in literature by reading such things as Paul Revere's Ride in connection with the history of the revolution. Then one would almost imagine the Professor had found some "Royal road to learning" while listening to his "short cuts" in number work and be sure he was to use his own words, "chuck full" of his subject. In another room Supt. Graham initiates the novice into all the mysteries of geography, in such a way that they realize it is not simply a matter of memory but has a practical bearing on things of every day life. Prof. Ackerman holds his classes down to study, careful work, and every lesson has a succession of helpful suggestions, both as to matter and method, which cannot but bear fruit in every school of our county. No teacher can afford to miss his lesson on physiology. Prof. Yoder confines his efforts to the favored few who aspire to the honor of State Diplomas, so must not be measured by common standards, but every successful applicant will rise up and call him blessed. Wednesday morning Miss Capwell illustrated primary number work with a class of pupils, which convinced those who saw it that charts, balls, cards, splints, etc. did something more than amuse the child, being really tools to cultivate the child-mind and lead it to think, and so gain that activity which results in strength. The little folks entered into the work with a zest and seemed to enjoy the doing which gave numbers a meaning instead of making the operations mere abstract work. This week closes what all must concede is one of the best institutes ever held in Marion Co. and many a teacher will find in it the strength to accomplish better work than ever before. 131 teachers are now in attendance.

AGAIN AND AGAIN.—The New York Racket store has been receiving so many new shipments of goods that it is impossible to announce each new arrival but the one just in is larger and contains more bargains than any before. 2t-ood & w.
Ed Jackson, Hatter, State St.
Children's shoes, all grades, prices and sizes, just in. We can save you 25 per cent. on these goods and guarantee results.—Osburn's Racket store

ANOTHER ELECTRIC ROAD.

The Salem Motor Railway Company's Plans.

WORK BEGINS AT ONCE.

Prospective Route and Plan of Work.

At last it is an established fact that Salem will have another electric railroad, and all who doubted the sincerity of the present owners of the old horse-car line will be satisfied that they mean business. Manager Derby informed a JOURNAL reporter this morning that work will be under way early next week, as the contracts which have been made call for the completion of the entire system by Sept. 1st.

Arrangements have been completed with the combined Thompson-Houston and Edison electric companies, through the Northwestern electric company at Portland for five complete motors, cars and trucks all wires and overhead work, as also for the bonding of the rails. This company is to furnish everything but the ties, poles and iron, and thoroughly equip the entire line in first class working order. S. E. Hutchinson will have charge of the electrical part of the work, and Mr. Miller, of Olympia, who will be here this evening, will have charge of the track construction.

A contract has been let for the ties and Messrs Mason & Smith, who have the contract to furnish the poles, will begin setting (the same this week. The poles are to be 30 feet long, and will be set six feet in the ground.

120 tons of 40 pound steel rails, with all necessary fishplates, spikes, etc., have been purchased, and will be here in about two weeks. The company will convert its present barn into a powerhouse, unless a contract can be closed with Mr. Holman to put in a special 80-horse dynamo for their use. All labor and as much material as possible will be secured here at home.

THE PROPOSED ROUTE.

The route which will be adopted is about as follows: From Commercial street going north the road will, after crossing the bridge at the company's barn, turn to the right, run on Third street to Division, thence east to the county road and direct to the fair grounds. Running south from the bridge, the line will cover Commercial street to State, thence east to Winter street, thence south to Oak street, thence east to 12th street, thence south over the old route to Rural avenue, which is nearly four blocks beyond the present terminus. These routes are partly contingent upon the subsidies which are now being raised, but are practically correct.

Manager Derby is very much elated over the prospect of giving Salem a good road and good service. He says they propose to make everything a new territory will rebuild the rest of their line in such a manner as to be a credit to our growth.

Dirt will be flying next week and work will be given to a large number of men and teams.

THE COMMON COUNCIL.

The Water Works Promise More Pressure. Other Business.

The common council met last evening in regular session, with Aldermen Collins, Hutton, Johnson, LaFoe, Lamoureux and Olmsted present.

In the absence of Mayor D'Arcy, Recorder Goodell took the chair. The committee on accounts and current expenses reported that the following bills be paid: Santiam Lumbering Co., \$32.78; H. H. Robinson, \$22; Statesman, \$5.25; B. F. Drake, \$4; Salem Dray and Truck Co., \$15; J. H. Lunn, \$1.75; H. P. Minto, \$108; Salem Iron works \$3.50; Baker & Strang, \$23.95; J. Hoyt, \$2; J. D. Wood, \$18; Westcott & Shoup, \$1.50; T. A. Howard, \$2.20; Salem Gas Light Co., \$17.10; H. P. Minto, \$148.35; B. W. Lewis, \$82.70; Churchill & Burroughs, \$6.25; J. H. Miller, \$15; R. McKillop, \$22; Salem Electric Light Co., \$80; Geo. Cavanaugh, \$32.90.

In behalf of the committee on fire and water Alderman Johnson reported that six lights had been ordered put into the band stand at \$3.00 per month. A schedule showing pressure of water at engine house for all dates since June last is prepared by W. J. Johnson was read. Mr. Johnson remarked that there had been considerable lack of pressure. Mr. Albert of the water company was present, he explained to the council that this had been occasioned by various accidents, and by over consumption. He also stated that the company had invested over \$100,000 in improvements during the past three years. He further explained that many of the hydrants and feed pipes of the city were old and inadequate. The recent lack of water was occasioned by two successive accidents and Mr. Albert stated that as soon as the new section pipe was completed the pressure would average 60 pounds at all times.

Rev. E. B. Whitaker presented a petition asking the abatement of the nuisance caused by a house of ill fame on Liberty street near the bell tower, which was signed by many ladies. The petition was referred to the committee on fire and water.

A petition was presented by the property owners of Commercial street, asking that the horse car track on that street be lowered 14 inches at intersection of Commercial and Division streets.

The street commissioner was instructed to confer with the mill company about putting a bridge across the race on 15th street, as the people wish to open that street.

The chair informed the council that the county court refused to turn over the city's share of the two mill road tax and poll tax, and on motion the recorder was instructed to proceed to collect the same by law, with the assistance of the city attorney.

On motion the recorder appointed Alderman Collins and Hutton to act with street committee in opening bids on street paving.

ASYLUM BIDS.—The asylum board held a meeting yesterday at the state house. The contract for moving a number of barns, preparatory to building the proposed new infirmary, was awarded to Hatch & Moffit for \$790. Bids for painting and decorating were rejected and Kreis & William were awarded the contract for three-coat work for the sum of \$2100. Architect McNally has prepared plans for the infirmary which were approved by the board. In a week or so bids will be invited on the work.

WANTED.—Tailresses and seamstresses, steady work, prompt pay. Inquire at the Woolen Mill store. 7-20-2 t.

An elegant line of crockery, table sets, and chamber sets, given away with that superior baking powder, at Clark & Eppley's.
Fine neckwear, Ed Jackson's.

THE FRUIT GROWERS.

Minutes of Quarterly Meeting of Association.

SILVERTON, Or., July 18, 1902.

Forenoon session at 10 a. m. Meeting called to order by President Allen. Dr. Cardwell, of Portland, was down on the program for the opening address, but could not be present, but sent a letter of regret. A paper on "The Way of Pruning," by F. J. Bealy, was read. An extended discussion followed, by President Allen, Mr. Wheeler, of California, Mr. Quirk, of Polk county, McDonald, and others. Enquiry was made about the benefit of splitting the bark of fruit trees. This was strongly recommended by several members, if done at the right time. Minutes of previous meeting read and approved.

Committee on fruit palace for '92, failed to report. Adjourned to 1 p. m.

AFTERNOON SESSION called to order by President Allen. Miss Davenport rendered some fine selections of music. Committee on fruit statistics, failed to report. Only one member of the committee was present (Mr. Long) and the chairman, Mr. Cottle, of Salem, had all the papers and was not present.

A very interesting lecture, by Mr. Wheeler, of California, on "Botany and Plant life," was followed by a short talk on the world's fair and the fruit exhibit to be, by E. W. Allen.

Mr. Quirk, of Suver, Polk county, exhibited some fine looking cherries, claimed to be a new variety. The general verdict was that it is simply the Royal Ann, with a little difference in flavor, caused probably by peculiar location of the tree.

A paper on "Fruit Evaporation," by A. H. Carson, was then read, which was very instructive. Report of Grant's Pass meeting was made by Chas. Long, of Silverton, followed by a very able paper on "The Family Orchard," by R. D. Allen. It was objected by that Mr. Allen recommended too large an orchard, but he said that he figured on one for a family of the size of his own.

The thanks of the society was extended by the president, to Miss Davenport, for musical entertainment; also to the editor of the Silverton Tribune, The Rural Northwest and Northwest Farmer, for attendance and report of the meeting.

Quite an exhibit of fruit was made. Two lots of late Duke cherry, one from the hills and one from the valley. There was an apparent difference of two or three weeks in time of ripening. Some fine specimens of Royal Ann cherry; and the Indian gooseberry as large as some Petit prunes, was shown on a small branch. This last was sent in by Mr. Jack, of near Silverton, and was very fine. Adjourned to 5:30 p. m.

F. J. BEATY, Secretary.

THE TENT MEETINGS.—The revival meetings under the leadership of Mrs. Woodworth are increasing in interest and power. Conservative estimates place the number to fully seventy-five up to date—Hundreds attend these meetings day and night. The singing is especially good much favorable comment has been made in regard to the singing of the two young ladies accompanying Mrs. W. Much help has been rendered by quite a number of ministers of the gospel especially Rev. N. N. Mathews and Rev. Jennings and others. Mrs. W. the evangelist is confident she can organize a church at Salem with fully one hundred members to start with. She invites all Christians to co-operate with her in the work.

INCORPORATED. Articles of incorporation of the Capital City Railway company were filed in the office of the secretary of state yesterday by M. L. Chamberlain, Thomas Holman, O. E. Krause, H. V. Matthews, David Simpson and T. H. Barnes. The principal office will be at Salem and the amount of the capital stock is fixed at \$100,000, divided into 1000 shares. The object is to build, own and maintain a street railway in this city.

BADLY HURT.—Tuesday evening as Walter McCormick and Henry Kinney were riding some horses to pasture the latter was thrown off and quite seriously hurt. He was taken home, and lay in an unconscious state all night. He is much improved this morning and talks freely. He will probably be laid up for some little time.

PARDONED.—Governor Penoyer exercised his pardoning power yesterday by giving a full pardon to Thomas E. Russell, who was convicted in Lane county, at the November 17, 1891, term, of assault with a dangerous weapon and sentenced to pay a fine of \$500 and costs of prosecution, or imprisonment in the county jail for a period of 250 days. He has served his sentence and the governor returned to him all his former rights of citizenship.

MARRIAGE LICENSE.—The county clerk issued a marriage license in favor of J. L. Goin, aged 25, and El. Nora May Adams, aged 18. The father of the bride gave his consent to the match.

Closing out clothing, Jackson's. Another invoice of those elegant close-woven hammocks, \$1.50 and \$2.00, and \$2.50. Just the thing for camping, at Osburn's Racket store.

Pimples.

The old idea was that facial eruptions were due to a "blood humor," for which they gave potash. Thus the old Sarsaparilla contained potash, a drastic mineral, that instead of decreasing, actually creates more eruptions. You have noticed this when taking other Sarsaparilla. It is however now known that the stomach, the blood creating power, is the seat of all vitiating or cleansing operations. A stomach clogged by indigestion or constipation, vitiates the blood, result pimples. A clean stomach and healthful digestion purifies it and they disappear. Thus Joy's Vegetable Sarsaparilla is compounded after the modern idea to regulate the bowels and stimulate the digestion. The effect is immediate. A short testimonial to contrast the action of the potash Sarsaparilla and Joy's. Mrs. C. D. Stuart, of 400 Hayes St., S. E., writes: "I have for years had indigestion. I tried a popular Sarsaparilla but it actually caused more pimples to break out on my face. Hearing that Joy's was a later preparation and acted differently, I tried it and the pimples immediately disappeared."

Joy's Vegetable Sarsaparilla
Largest bottle, most effective, same price.
For sale by Dan'l J. Fry, 225 Commercial street.

LOCAL AND PERSONAL.

Best value in lace curtains at the Palace.
An endless variety of Oxford ties, from \$1.50, up, at the Palace.

John Westcott is quite ill with typhoid-malarial fever.
J. A. Van Eaton is a little "under the weather," but not seriously so.

Nothing competes with the New York Ice cream made by Westcott & Irwin.

Church and picnic committees who want ice cream cannot afford to miss what Westcott & Irwin have to offer.

Tents and complete camping outfits to suit everybody at Geo. T. Smith's, Cottle block.

Tenting on the old camp ground in one of those tents from Osburn's Racket store is the height of enjoyment.

Saturday night, while en route to Salem from Dallas, C. W. Pugh and Henry Brown were held up by a man who pointed a revolver at them, saying he was a second Jesse James. His victims beat him until he said he had enough.

Robert Crawford, of Silverton, is visiting in this city at the home of sister, Mrs. M. C. Starr.

Druggists and all others who sell Ayer's Cure are authorized to guarantee a cure in every instance. Try this medicine first.

Hats! Hats! at the New York Racket, cheap and good. 2t-ood-w.

F. N. Derby received a telegram yesterday announcing the death of a sister, Mrs. C. S. Stewart, at Fort Smith, Ark., after suffering twelve years.

The Royal Baking Powder maintains its vigorous hold on the public, and is active and aggressive against the impure and injurious baking powder palmed off on the people.

Delos D. Neer, a prominent architect of Portland was in the city yesterday.

J. B. Stump and family leave this week for Brownsville and other points in the valley on their annual summer outing.

For the complexion use Ayer's Sarsaparilla. It brings blooming health to the cheeks.

Those wanting Turkey red table damask or linen crash would do well to call at the New York Racket. The quality of their goods is first class and price cheap. 2t-ood-w.

Krause Bros. have inaugurated a series of cut prices on their entire stock of boots and shoes, for the next forty days, in order to make room, for their mammoth fall stock.

C. D. Gabrielson and Chas. Glenn, are up on the Little North Fork of the Santiam, on a fishing expedition, for a week. This fact will no doubt prevent all others who expect to catch fish from going in that direction.

COL. JEFF MYERS.—Governor Penoyer yesterday named Senator Jeff Myers to be his aide de camp with the rank of lieutenant colonel, to fill the vacancy caused by the expiration of the term of Col. R. A. Miller, of Jacksonville.

THE POULTRY BREEDERS.—There will be a meeting of the Oregon State Poultry and Pet Stock association this evening at 8 o'clock at the office of Dr. S. R. Jessup, No. 180 State street. All urged to be present at this meeting, as business of importance is to be transacted.

PILED UP.—Keller & Marsh are badly backed up with new goods, just being unpacked. They are packed to the ceiling but all customers are well cared for.

A Big Drive

Summer Weight Underwear.

Nice and soft and cool, just the thing for the hot days.

—DON'T FORGET THE PLACE AT THE—

WOOLEN MILL STORE,

299 Commercial Street, Salem, Oregon.

Weather Report.

The mean temperature has ranged from 60 to 70 degrees, which is from three to five degrees a day below the average. The weather has been partly cloudy, and the average sunshine has not prevailed. Showers occurred on the 15th, and general rains on the 16th except in parts of Jackson county where no rain fell. The amounts of rainfall are, Clatsop county 0.83, Multnomah county 0.57, Marion county 0.52, Douglas county 0.27, Josephine county, 0.11, northern Jackson county from a sprinkle to 0.65 of an inch.

The rain was of great benefit, especially to late sown grain; to corn and garden truck; while in portions of the coast counties it did some damage to hay. A continuation of the present weather will prove of great value to the late sown grain. Early sown wheat is being harvested and it is generally turning out better than was expected, though it is not up to last year's crop, and it is also not quite up to the average.

The oat crop is just beginning to be cut in a few localities, but it too, is not an average. The wheat crop of 1891, in the counties west of the Cascades, amounted to eight and one-half million bushels, and the crop this year will be about from 15 to 20 per cent. less than last year, unless it should turn out far beyond what it at present indicates.

Hay is about over and a good crop has been secured. Hops are not promising extra well; they have not the growth that they should have; the lice are present, and develop under the present weather conditions, but so far no damage has been done.

The first shipment of peaches was made from Ashland on the 16th inst., which was ten days later than usual.

FROM MARION.

Some of the people who went out to the coast have returned, and report a pleasant trip. Joseph Cook and wife, Mrs. Lona Winshaw and W. F. Ohm's family are still out there tenting.

Curts Adams and family, who have been sojourning here for some time past, start Wednesday for their home in Howard county, Ind.

A traveling picture gallery is located at present at Marion and the proprietor is getting considerable work to do.

Hay harvest is nearly over and the farmers are talking of bailing their hay soon, as many of them will have several tons to sell.

The binders will soon be at work in the wheat and oat fields.

Arthur George has bought a new Champion binder of Hadly & White.

Alvin George has been compelled to resign his position as station agent of the S. P. R. R. at Sheridan, Or., on account of his health and has taken up his residence here at Marion.

Miss Elizabeth Morris closed a successful two month term of school here last Friday.

J. W. and J. M. Winslow are in attendance at the county teacher's institute.

Hood's Pills are purely vegetable, perfectly harmless, effective, but do not cause pain or gripe. Be sure to get Hood's.

Closing out shoes—Jackson's. Halibut—Davison & White.

See our Russia calf ladies' oxfords for \$2.50. R. J. Fleming, 118 State street.

Express wagons. Wm. Sargent. Oxford ties—all styles and prices, at R. J. Fleming's 118 State street.

EVERYBODY GOES.—Where? Why, to Hellenbrand's restaurant.

John Robinson's Show.

Monopolies are almost exclusively organized upon the basis of giving the people the least possible quantity and charging them the biggest possible price for it. In plain words this is swindling. Envious inferiority sometimes calls our "Greatest Show on Earth" a monopoly. Well, so it is; but mark well in what a different sense and upon what different principals. It gives the public a great deal more, and of a better quality, for the least possible price than was ever given or anyone else can give. This is the broad, honest and generous basis upon which we are monopolizing the business of traveling shows. The field is a big one. Let others do likewise, if they want to or can.

A visit to this great show, vastly augmented by the addition of the masterpiece of the master painter of American artists, viz., King Solomon, his Temple, and the Queen of Sheba, replete with sacred realisms, historical accuracies, biblical events, colossal professional features, bewitching ballets, sacrificial ceremonies, and the splendors and glories of the court of Solomon, the seer, the patriarch, and grandest and greatest of ancient kings, will prove one of the most interesting and enjoyable events of our day.

With health and beauty faded. A rich and precious thing. To woman, pale and wasted. My precious child I bring.

Such the object and such the mission of woman's valued friend, Dr. Pierce's Favorite Prescription. Don't let unreasonable prejudice prevent you from sharing the health and beauty proffered, in good faith, by this most excellent Remedy! None of the almost countless weaknesses and diseases peculiar to woman, but that readily yield to its magical power! Manufactured, recommended, sold through druggists, and guaranteed by the World's Dispensary Medical Association, Buffalo, N. Y., to give satisfaction, in every case, or money paid for it, cheerfully refunded.
