## WILL OPEN AGAIN.

Willamette Hotel Dining Room Opens Monday Newly Furnished.

Col. Wagner, of the Willamette, has been busy the past two weeks receiving and setting up new furniture for his hotel, the dining room of which will be reopened Monday, after having been closed several months. He has traveled all over the east and south this summer, and after seeing what other cities are doing, has decided that Salem is a brighter prospect than the average, and that it is good enough for him.

The entire building has been renovated and cleaned and with the new furniture that is now being put in will be in as good shape as any hotel on the coast. For the dining-room Mr. Wagner has added a dozen new eight-chair dining tables. They are six feet square of polished oak, and exactly like those used in the Hotel Portland. The smaller tables will continue to be used for side and party tables.

A large stock of the finest seven-foot Irish damask, with shamrock and other patterns, has been purchased for these tables, which is as good as money could buy, and will give the dining room an elegant appearance. In silverware a new service of the best silver knives, forks and spoons has been added, of the latest Rogers design, in satin finish. Also sugar, butter and syrup sets of the richest designs have been put in. All these new furnishings will make this the great dining room.

Upstairs, the rear parlor has been furnished as a bedroom, and supplied with beautiful quartered oak, hand polished, furniture of new design, making it the best room in the house. Similar sets and tables have been added in the other second floor suites, while the sets formerly used have been moved to the upper floors. Some of the furniture is imported, while much of it was made to order. A large supply of oriental rugs has also been distributed about the house, which give an effect of richness beyond measure.

With all these improvements, Mr. Wagner hopes to open with a greatly enlarged custom. He will have a new corps of help here in a few days. The chef, a pastry cook, a meat cook, assistant cook and ten waiters. His brothers, Julius and Ernest Wagner will continue as clerks, and all other help will be strictly first-class.

Rates will be made from \$1.50 per day up, and every popular feature will be introduced to cover the large range of business. It is to be hoped his efforts to give Salem a first-class establishment throughout will be appreciated by her citizens and business men. An invitation is extended to everybody to take a look through, of which all interested in our city and its hotel should avail themselves. Mr. Wagner has decided to remain in Salem permanently. He will build a family residence next season, and for all his progressive efforts the people of Salem should find a helping hand and voice in building up a paying business for him.

## CIRCUIT COURT.

In the circuit court proceedings were had yesterday as follows: Alice T. Davis vs. David M. Bartlett, action for money; motion supplemental to execution overruled. W. A. Benson, insolvent, vs. W. G. He was sent to prison July 2, 1921, and had served nine months and ten days. This pardon was granted upon the recommendation of the district attorney.

## Bad Blood.

Impure or vitiated blood is nine times out of ten caused by some form of constipation or indigestion that clogs up the system, when the blood naturally becomes impregnated with the effete matter. The old Sarsaparilla attempt to reach this condition by attacking the blood with the drastic mineral "poisons." Joy's Vegetable Sarsaparilla is modern. It goes to the seat of the trouble. It rouses the liver, kidneys and bowels and invigorates the circulation, and the impurities are quickly carried off through the natural channels.

Charles Lee, at Beamish's Third and Market Sts., R. F., writes: "I took it for vitiated blood and while on the first bottle became convinced of its merits. For I could feel it was working a change. It cleansed, purified and braced me up generally, and everything is now working full and regular."
