AGRICULTURAL SOCIETY.
The Motor Company Gets Right of Way to Grounds—Other Business.
A meeting of the executive committee of the state board of agriculture was held at the grounds this forenoon, consisting of J. T. Apperson, Wm. Galloway, T. L. Davidson, J. G. Wright and R. E. Bybee Sec. J. T. Gregg, Assistant Sec. G. A. Watt and Supt. J. Q. Wilson were also present.

Right of way was given the Salem Motor Railway company on the first street north of the present electric road running east and west to its junction with the street running north and south in line with the board's office building. The company is required to build good street crossings, and platforms at the terminus of their road at the north end of the office building. It was ordered that the Presbyterian ground rent free for five years in consideration of their moving the present restaurant building from inside the grounds to a point near the electric line on the north side of the walk to the railroad; also to floor it, paint and fix in good shape, and pay the restaurant license each year. They are prohibited from subletting without a special permit. The Salem band bid \$300 and the Multnomah band \$245 to play for the fair. The latter bid was accepted provided they will play under the same conditions that the Salem band did last year.

To manufacturers like the Royal Baking Powder Company, the public is under a large debt of gratitude for the increased purity of articles of food sold at the present day. The reports of the official Government investigations of baking powders show the Royal to be stronger and purer than any other. It is quite evident that neither ingenuity nor expense can in any way improve upon the Royal Baking Powder as now before the public.

Is needed of the merit of Hood's Sarsaparilla than the hundreds of letters continually coming in telling of marvellous cures it has effected after all other remedies had failed? Truly, Hood's Sarsaparilla possesses peculiar curative power unknown to other medicines.

SICK HEAD-ACHES

Sick-headaches are the outward indications of derangements of the stomach and bowels. As Joy's Vegetable Sarsaparilla is the only bowel regulating preparation of Sarsaparilla, it is seen why it is the only appropriate Sarsaparilla in sick-headaches. It is not only appropriate; it is an absolute cure. After a course of it an occasional dose at intervals will forever prevent return.

The Small Fox Epidemic.

SAN FRANCISCO, Aug. 10.—Health Officer James W. Keeney received an important communication yesterday from Dr. C. A. Ruggles, recently appointed medical inspector of the state board of health. Dr. Ruggles has just returned from Victoria, B. C., where he was sent to ascertain the exact condition of the smallpox epidemic in British Columbia. He is now at Ashland, Oregon, and says that many cases of smallpox exist in nearly every large town in British Columbia. He writes that he has reliable information of the existence of fifty-eight cases in the pest house at Victoria, two cases having been discovered since August first. The indifference which marked the attitude of people in that section of the country when the disease first appeared has now given place to the greatest activity and energy. Dr. Ruggles intends to go to the California line and make a thorough examination of every passenger on every train that passes into this state. He will remain there for two or three weeks.

Harsh, but — ?
"Ho," said a well-known statesman, "I shall never believe that woman has the proper judgment and sense to cast a ballot, or interfere in politics, while she is so weak-minded as to passively suffer, year after year, from diseases peculiar to females, when every newspaper she picks up, tells of Dr. Pierce's Favorite Prescription. Not to take advantage of this remedy is certainly an indication of mental weakness!"

There is a wholesome kernel of truth inside the rough shell of this ungalant speech. The "Favorite Prescription" is valuable in all uterine troubles, inflammations, ulcerations, displacements, nervous disorders, prostration, exhaustion, or hysteria. For run-down, worn-out women, no more strengthening tonic or nerveine is known.
