THE SWITCHMAN'S STRIKE

It Has Spread to the New York Central Lines and May to the Vanderbilts.

ATTEMPTED SUICIDE.

A Shoemaker Plunges Into the River Today.

PORTLAND, Aug. 17.—An aged German shoemaker known only by the name of "Fritz," and a resident of Albina, boarded the Vancouver ferry yesterday at 8 o'clock, accompanied by his son. As the boat was fairly out into the river, The boat was proceeding at a rapid speed, and it took a little while to reverse the engine in order to render the would-be suicide aid. Strange to say Fritz floated fully 10 minutes before he was enabled to catch the line thrown him from the ferry. After much trouble he was drawn aboard, where his son took charge of him. The old man is undoubtedly insane, and will probably be taken before Judge Moreland for examination as to his mental condition.

Swit hmen's Strike.

BUFFALO, Aug. 17.—The backbone of the strike seems broken. This was brought about by calling out the 74th and 65th regiments, and holding others in readiness to move at a moment's notice. The military stood guard since 3 o'clock yesterday morning over the scene of the dispute at William street yards, and under the protection thus afforded the Erie and Lehigh Valley was enabled to move freight trains today for the first time since the blockade Sunday morning. From 150 to 200 imported switchmen were at work all day switch-cars and making up trains. Sentry lines were formed all along the boundaries of the territory covered by militia and the strictest discipline observed.

There was a rumor that Central men were going out at midnight, but it cannot be confirmed. A conference between the state board of arbitration and the switchmen lasted until midnight. At that hour a mysterious meeting of brakemen and switchmen was held, and rumors are rife that the strike would end. At 1 o'clock Central switchmen abandoned all work in the freight yards. This adds reinforcements to the Lehigh and Erie strikers. Switch tenders in Central passenger yard and train houses are included in the strike. This means that no man in the Central's employ as a switchman is at work.

TROOPS ORDERED OUT.

ROCHESTER, Aug 17.—Two regiments have been ordered to proceed to Buffalo at once.

READING, Pa., Aug. 17.—Yesterday afternoon and evening another load of non-union men was sent from Philadelphia to fill places along the Lehigh Valley where trouble exists.

BUFFALO, Aug 17.—2 a. m.—The West Shore men will go out tonight. Buffalo, Rochester and Pittsburg men have also gone out, despite the fact that their demands were acceded to. At this hour firemen are housing engines in the round house and all hands are idle in the yards. There is no disturbance, but every train man seems determined on his course of action. The strikers say this does not measure the possibility of the extent of the strike.

BUFFALO, Aug. 17.—The situation this morning in the great railroad strike is not encouraging. The New York Central switchmen having joined the strike makes it much more formidable. The Central yards are under picket guard. It is feared the strike will spread to the other Vanderbilt lines Lake Shore, Michigan Central and West Shore. Under orders of General Doyle the entire fourth brigade of N. Y. N. G. is concentrated here today. The state board of arbitration here will make a strenuous effort with both parties for a settlement. Superintendent Voohees of the New York Central said to the Associated Press this morning there were a hundred and fifty men of that line out. They professed to demand shorter hours which the company refused to grant but they were actually trying to get ten per cent. increase in pay. If given protection by the authorities they would have no difficulty in supplying the strikers places.

BUFFALO, Aug. 17.—Thousands of dollars worth of perishable goods are standing on side tracks and nothing can be done towards forwarding them. Sergeant Elsaesser, Co. F, Sixty-fifth Regiment, was accidentally shot this morning while handling a rifle and died soon after.

BUFFALO, Aug. 17.—At request the railroad authorities Sheriff Beck this afternoon telegraphed Governor Flower that the strike was assuming such grave proportions it is imperative in the interest of life and property that the national guard of of New York be ordered out.

Stables Burn.

MAMARONECK, N. Y. Aug. 17—Fire this morning destroyed the stables of J. H. Bostwick and Constable of Arnold & Constable. Together with a number of valuable blooded horses entailing a loss of one hundred thousand dollars. Bostwick who was in poor health dropped dead from heart disease owing to the excitement. His coachmen and footman were burned to death.

The Convicts and Governor.

NASHVILLE, Tenn. Aug. 17—Governor Buchanan says he does not know what he will do concerning the convicts sent back to this city he is inclines to the opinion that the prison inspectors should declare the leases void because lessees claim the authorities do not protect them against a mob and refuse to pay for the support of the convicts.

Kendrick, Idaho, Burns.

MOSCOW, Idaho, Aug. 17.—Fire broke out at 5 o'clock yesterday, in the rear of the Advocate building at Kendrick. The flames were discovered by Captain J. M. Waller, who gave the alarm, but there was no fire apparatus, and it was impossible to combat the flames, which destroyed four blocks in the business portion.

The Van Buskirk Gold Cure Institute which is being established on the second floor of Gray Bros. block has already several patients taking treatment for the liquor habit.

Drive the Troops Out

NASHVILLE, Tenn. Aug. 17.—Bulletin just received from Knoxville, Tenn., says that after a desperate fight at Oliver Springs between the troops and miners the former were forced to retreat and now have 200 convicts bringing them to Knoxville.

Discovered in Time.

BROWNSVILLE, Or., Aug. 17.—About 12 o'clock last night, fire was discovered in the new and unoccupied Brownsville hotel. The fire department turned out and soon had the flames under control, but a delay might have been serious, as the city's water supply is limited. The fire was evidently of incendiary origin.

The Passengers Fired on Them

GREELY, Colo., Aug. 17.—Two masked men boarded the Denver and Cheyenne passenger train and proceeded to collect toll from the passengers. One of the latter opened fire on the "hold up" hitting one. Both jumped from the car and fled.

Hon. Whitelaw Reid.

NEW YORK, Aug. 17.—Hon. Whitelaw Reid left Jersey City this morning for Springfield, Ills. Reid will address the convention of the Illinois state Republican league at Springfield, tomorrow.

Michigan Democrats.

GRAND RAPIDS, Mich., Aug. 17.—Democratic state convention met today. Governor Winans declines to be a candidate for re-election.

Murdered for Her Money.

ATLANTA, Ga., Aug. 17.—Mrs. Mattie Looney, 50 years old, a former resident of Atlanta, was murdered in Cobb county, a mile beyond Marietta, Monday. She left Atlanta two years ago. On her farm in Cobb county, for some time, Will Ellis, of Atlanta, a young man 30 years old, had been living with her. Mrs. Looney was decoyed from her home into the woods near by yesterday, and several hours after her dead body was found horribly mutilated. She had evidently been stoned to death. Ellis has disappeared and there is no clue to his whereabouts. The woman had willed him her entire property.

ATLANTA, Ga., Aug. 17.—The police have just arrested William Ellis, the adopted son, who has turned out badly, and suspect his being the one connected in the crime.

From Cœur D'Alene.

WARDNER, Aug. 17.—Yesterday was pay-day at the different mining camps in Cœur d'Alene, and some trouble was expected between union and non-union men. At Wardner there was little or no excitement incident thereto. At Burke it became necessary for the military to close all saloons to prevent serious collision between the two factions. Men of both parties were drinking heavily, and only the presence of troops prevented trouble. Guns which have been hidden by union men could be readily obtained if opportunity presented itself for using them. The light sentences given the ringleaders at Boise is received by the rank and file here as evidence that the proceedings against them will be a matter of minor importance, and they now openly boast that they will yet send the scabs out of the country, never to return.

Surrounded By Bergs.

LONDON, Aug. 17.—British ship, North, Capt Newson, at Sligo from Portland, Oregon, reports that on June 11 in Lat. 44 S Longitude 37 W she passed two enormous icebergs while many more were visible ahead. At 10 o'clock at night, the vessel was entirely surrounded by ice and it was feared that she would be crushed but fortunately toward morning the wind changed and enabled her to clear the bergs. She had many marvelous escapes from destruction. The bergs formed a breakwater fifty miles long resembling a large volcanic island.

Wanted Whisky.

SPRINGFIELD, S. D., Aug. 17.—Yesterday a quarrel between Leighton and Joshua Allen, brothers, two miles west of town, over the possession of a key to a trunk containing a bottle of whisky, resulted in a shooting affray, in which Leighton shot Joshua in the lower part of the face inflicting a wound from which he will probably not recover. Leighton then placed the revolver to his own head and fired, inflicting a wound from which he soon died.

From Old Virginia.

RICHMOND, Va., Aug. 17.—The relative strength of the Republican and Democratic parties in this state will be largely influenced by the Farmers' Alliance convention, which is being held here. A fusion is said to have been arranged between the Third Party and the Republicans. They will cast their votes for the Third-Party candidates for congress and for the Republican presidential ticket. Many members of the Farmers' Alliance, however, are refusing to support the Third Party. The majority of this element will vote with the Democrats, and herein lies the latter's hope of success. If enough of these can be weaned from the Alliance to support the Democratic candidates, the state will go for Cleveland by a small majority, and most of the congressional candidates will be returned. The indications now are that the Third Party will capture the convention and that the Democratic Alliance men will bolt. With one or two exceptions, all of the present members of congress from this state will be renominated.

Family Trouble.

DETRIOT, Aug. 17.—One of the most mysterious and sensational affairs that has startled the country in years was made public by the arrest of Miss Jennie Tabor, of Hudson, Mich. Twenty dynamite cartridges were found in the top of the parlor organ at the Tabor homestead, three miles northwest of Hudson. There was trouble over the property among members of the family, and the suspicions of the younger brother being aroused, he instituted a search, which resulted in the sensational discovery. The Tabor family is one of the best known and wealthiest in the state. A year ago it consisted of Henry Tabor, his wife and three children, Josie, Jennie and Harry. Josie is now Mrs. J. H. Elmore and lives in Hudson. Jennie, although somewhat eccentric, has moved in the best society and has been much sought after. She was her father's favorite, and it was ganerally understood that she would fare best in the division of his estate. Her mother was opposed to this, believing that all the children should be treated alike. A family quarrel ensued, which was suspended for a time, about a year ago, when the wife was adjusted insane and was sent to the asylum for dangerous insane criminals at Iona.

The Peoples Party.

RALEIGH, N. C., Aug. 17.—The Third party convention met here yesterday. Col. Harry Skinner was placed before the convention as nominee for govenor. The nomination was made by acclamation. In a speech accepting the nomination, Skinner said that if he saw the Third party would cause such division of the white people of the state as to let the Republicans into power he would have warned them and bid them turn from the danger. This was greeted with murmurs of dissent, and Skinner was called for again to satisfy the convention as to his position. F. W. Stroud, Third party nominee for congress, declared Skinner was unconditionally in the hands of the convention. As Skinner did not ratify what Stroud said, he was called for again, but withdrew his name, and the convention adjourned till 8 p. m., amid considerable confusion.

Upon re-assembling the convention nominated Dr. W. P. Exum, of Wayne county, for govenor. A full state ticket was placed in the field. Col. Harry Skinner, who at first was nominated, was chosen elector at large.

World's Fair Board of Control.

CHICAGO, Aug, 17.—The national board of control of the world's fair held a meeting late yesterday afternoon. The meeting was called for the purpose of changing the rules of the board in respect to Sunday closing, as required by the act appropriating $2,500,000 to that enterprise. After the changes are made the amended rules will be submitted to Assistant Secretary of the Treasury Nettleton and to the attorney-general, and if it is decided that the conditions of the bill are fulfilled the money will be paid over as soon as minted.

Killed by a Convict.

JACKSON, Mich., Aug. 17.—William Cuddy, a contractor, of the firm of Phillips & Cuddy, at the Michigan state prison, in this city, was killed at that institution by a life convict named Henry Blachman, who is doing time for murdering his wife and family. Cuddy was sitting at his desk in the broom shop writing, when Blackman crept behind him and knocked him in the head with a hammer. No one was in the room at the time. Cuddy was discovered by the guard in an unconscious condition, and the blood streaming from a frightful wound in his head. He died within an hour. Blackman was at once taken to his cell, and practically confessed the crime. It is said that last week this same convict assaulted Cuddy, but did not inflict serious injuries upon him. He was flogged in a thorough manner by the prison officials, and then swore he would kill Cuddy. He was allowed to go back to the broom shop, however. A convict, friendly to Cuddy, informed that gentleman that Blackman had it in for him. Cuddy did not take the matter at all seriously, simply saying: "Oh, I guess not." The broom contracts of Phillips & Cuddy expired Monday and Cuddy was about to retire. Blachman was sentenced for life from Oakland county for killing his wife and her sister About six months ago Contractor Cuddy reported the fractious convict for not doing his work Blackman then promised to have revenge, and only six weeks ago he drew a knife on the contractor. The murderer has been adjudged insane and will be sent to the asylum for dangerous insane criminals at Iona.

Three Murderers Hung.

TACOMA, Aug. 17.—The Ledger's special from Ellensburg says: Passengers just arrived on the Wenatchee stage report a terrible tragedy on Mason creek, near Wenatchee on the line of the Great Northern. A man traveling up the creek alone was held up by three highwaymen, who not only robbed him but cut off his head. Another man who happened along saw the affair, unknown to the murders. He went to the nearest camp and told the story. In a short time a large posse was organized and started on the trail of the robbers, and finally succeeded in overtaking them. Owing to the large crowd of pursuers they had little difficulty in capturing the murderers. The man who witnessed the affair was taken along and readily identified all three. They were hanged to trees without ceremony. At the time the stage left neither the names of the murderers nor that of their victim had been learned, though several claimed that they saw the bodies hanging. The exact date of the tragedy was not learned, but it was propably Sunday.

Large Defalcation.

BOSTON, Aug. 17.—There have been some grave developments regarding the defalcation of James B. Gilman, of the firm of Gilman & Cheney. The total amount of th deficit is now estimated at $300,000 "It is about the toughest case I ever knew," remarked a Boston lawyer who has been investigating the matter. "It is stated that out of the Walker estate, of which Mr. Gilman was executor, about $150,000 is unaccounted for, and that there is not the slightest trace of the missing money or securities. There are absolutely no records of accounts among the papers of the estate thus far found to show how the property has been mismanaged; and it is not yet known whether the stealing extended over several years or was done at the moment of departure. It is declared that Mr. Gilman took $40,000 in cash and easily convertible securities with him. If this is true, it points not so much to suicide as to Canada. There have been rumors that a woman is concerned in the case, but no name is mentioned.

A Rich Coffin

DANBURY, Conn., Aug. 17.—The body of Russell Benedict, who died at Marienbad, Austria., July 25, and reached here today, in what is probably the richest burial casket ever seen on this continent. The box is of solid silver and is elaborately embellished with gold. On the top is a gold crucifix two feet long, The casket is carried by means of eight gold handles, and is supported by six lions' legs, and festoons of gold flowers are draped around it. On each of the four corners is a golden angel six inches high. It is not known how much the casket cost. Mr. Benedict was a very wealthy man, who had lived many years in Austria. He was born in this city.

The Districts are Mixed.

COLUMBUS, O., Aug 17—A serious question has arisen in connection with the death of Congressman John G. Warwick, who reprepresented the sixteenth Ohio district in congress, vice McKinley, retired. Warwick was elected under the Democratic gerrymander of two years ago, the district then comprising the counties of Stark, Wayne and Holmes. The Republicans changed the district by putting Stark, the county in which Mr. Warwick lived, in the eighteenth district with Mahoning and Columbiana, while Wayne and Holmes, with Coshocton and Tuscarawas, comprise the seventeenth. The question arises whether Mr. Warwick's successor must be elected for the district; if from the new, Wayne and Holmes would be without representation, while Mahoning and Columbiana would have two.

"Thick and Glossy."

THE PRODUCTION of an abundant growth of hair, of a silk-like texture and of the original color, often results from the use, by those who have become bald or gray, of **Ayer's Hair Vigor:**

"I was rapidly becoming gray and bald; but after using two or three bottles of Ayer's Hair Vigor my hair grew thick and glossy and the original color was restored."—M. Aldrich, Canaan Centre, N. H.

"A trial of Ayer's Hair Vigor has convinced me of its merits. Its use has not only caused the hair of my wife and daughter to be abundant and glossy, but it has given my rather stunted mustache a respectable length and appearance."—R. Britton, Oakland, Ohio.

"I have used Ayer's Hair Vigor for the past four or five years and find it a most satisfactory dressing for the hair. It is all that I could desire, being harmless, causing the hair to retain its natural color, and requiring but a small quantity to render the hair easy to arrange."—Mrs. M. A. Bailey, 9 Charles st., Haverhill, Mass.

Band of Mexican Brigands.

MEXCOAC, Mexico, Aug. 17.—There is an unusual number of organized bands of brigands in this part of Mexico, and this city has been the scene of three attacks within the past two weeks, despite the proximity of the republic's capital city and the vigilance of the police and federal authorities. Last Wednesday night the residence of Juan San Ciprian, a wealthy citizen of Mexcoac, was attacked by about 20 banditts, under the leadership of the notorious desperado, Alejandro Mojero. Senor San Ciprian and his servants made a brave and successful stand against the robbers, killing one of them and seriously wounding two others. The firing roused the police, and the remaining bandits fled. Last night they made an attack upon the residence of Enrique Acosta, a wealthy manufacturer, who has a beautiful home on the edge of this suburb. Senor Acosta was absent from home, and Mojero and his men, after terrorizing the family, loaded down their horses with costly jewelry and whatever other things of value they could carry. The rendezvous of the robbers is believed to be in the City of Mexico.
