

THE STRIKES.

The Latest from Buffalo and from Tennessee—Other News.

Hot Weather in Europe. LONDON, Aug. 18.—Extremely hot weather prevails through Europe the thermometer in some places reaching 107 degrees.

After the Train Robbers.

VISALIA, Cal., Aug. 18.—What appears to be well-authenticated information was received by Sheriff Kay to the effect that Evans, the train robber, had appeared at a house 12 miles east of this city. Several parties furnished this information, and a posse immediately started in pursuit.

It Was Venus.

SAN DIEGO, Cal., Aug. 18.—The streets were thronged with stargazers yesterday. Some one discovered a star in the heavens, and within half an hour hundreds of eyes were turned toward the sky. The star is of unusual brightness, and appears a short distance south-east of the moon. When viewed through a glass it has the appearance of a miniature moon.

SAN FRANCISCO, Aug. 18.—In response to an inquiry Director Holden telephoned from Liek observatory that the star seen at San Diego is the planet Venus. He compliments the San Diegans on their clear sky, rendering it possible to discern the planet plainly with the naked eye.

Switchmen's Strike.

BUFFALO, N. Y., Aug. 18.—With the New York Central men, the forces of workmen now on a strike are only just enlisted; they are really to be drawn up in line, so they themselves as well as their opponents may see their size and shape. Developments of strength are probably yet to come. Anybody who knows anything about labor movements, does not need to be told that the Central switchmen would not go into another strike soon without having a concerted plan arranged and a determination to fight a pitched battle for supremacy. The men have driven the wedge at the most critical period, and whoever is responsible for the movement has shown generalship of no mean order. Down in the dock yards, four miles away, idlers are thick, and troops stationed along the track on various lines. They are not yet accustomed to duty, and the feeling of nervous apprehension left them may be obliged suddenly to kill men who have not yet worn away. Their faces are earnest, and, where the crowds are thickest, white and determined. On the great coal trestles and on the top of cars are strikers and others keeping a lookout and passing signals.

Sweeney's Statement.

BUFFALO, Aug. 18.—Master Workman Sweeney said yesterday afternoon that the switchmen were not only to blame for acts of disorder, but that he did not sanction them in any way. Mr. Sweeney said a rumor was going about that the company had cars set on fire Sunday morning to elicit sympathy and put the strikers in a hole, that the burned cars were condemned and placed on grassy ground and left there to rot. Sweeney said they considered the militia their friends, but their presence was unnecessary as their organization was peaceful. Vice-President Wobb, of the Central, said last evening that they intended to run the road and move all trains as usual, without employing Pinkertons, but looking to the state to protect their men. Although the troops are more comfortable, they are complaining bitterly because the railroads do not send passenger coaches out for shelter. General Doyle and staff were very much occupied all day placing the arriving troops. Pinkets lines extended about twenty-five miles last night. Some two thousand men are on the ground under arms. The strike on the Central increased the work of the militia, as its property has also to be guarded.

Buffalo, N. Y., Aug. 18.—New York Central with non union men began moving freight trains this morning under military guards. Strikers looked on grimly but made no move.

ALBANY, N. Y., Aug. 18.—Governor Flower has ordered out 3000 additional militia to be in Buffalo by noon tomorrow, making a total force of 8000.

ALBANY, N. Y., Aug. 18.—2700 militia from New York and along the river counties were ordered out by Governor Flower early this morning and are now on the way to Buffalo.

New York, Aug. 18.—Twelfth Regiment left for Buffalo this morning.

BUFFALO, Aug. 18.—Strikers except the engineers, firemen, conductors and brakemen on the Lehigh, Erie, New York Central, West Shore and Lake Shore to join them Sunday.

BUFFALO, Aug. 18.—Switchmen who strike today struck this morning. Not a wheel is turning in either of the three Vanderbilt lines.

SPRINGFIELD, Ill., Aug. 18.—The Republican national campaign opened in this state today. When Chairman Tracey of the state league Republican club called that body to order in this city. The meeting preliminary to the rally to be held this afternoon and evening, at which Hon. Whitelaw Reid, Republican vice-presidential candidate, will speak. Thousands of visitors are present from all sections of the state.

Tennessee Miners.

CHATTANOOGA, Aug. 18.—Various estimates have been made as to the number of miners involved in the trouble. The estimates may be greatly exaggerated, but the law breakers doubtless have a reserve force which will number fully twenty thousand resolute men, and should they break into open rebellion and defy the troops, it will prove a very difficult duty to handle them. Familiar as they are with all mountain retreats and passes, conservative people think they will hesitate to oppose the troops, their main object seeming to be to create a sentiment against the convict lease system. Friends of the miners say the trouble will subside as soon as the mines are rid of the convicts, but most of the citizens fear it will take the whole power of the state and possibly the aid of the national government to quell the disturbances. The full force of the state militia does not exceed two thousand men, and they cannot possibly be brought together inside of a week. In the meantime, if the miners persist, they will have accomplished their end.

Strike in West Virginia.

FAIRMONT, W. Va.—There was a narrow escape from an outbreak at Yaston coal works this morning. Miners are now being guarded by the sheriff and a force of special officers. Union miners attempted to prevent non-union men from going to work. More trouble is feared.

For Shoving Queer.

SAN FRANCISCO, Cal., Aug. 18.—"Tex" Vore has been landed in the county jail charged with passing counterfeit money. Vore is the last of the Virgil Howard's band of counterfeiters, who during the last year flooded South Eastern Oregon and Northern California with "Queer" five and ten dollar pieces. Howard is now in the Oregon penitentiary.

Iowa Democrats.

DAVENPORT, Iowa, Aug. 18.—Democratic state convention met here this morning. W. L. Eaton, temporary chairman, congratulated the state on the unity of the party and hope of victory in November. He expressed the hope Boise would be nominated for the presidency four years hence, eulogized Cleveland, dwelt on the tariff which he asserted was the legitimate cause of strikes and lock outs at Homestead and elsewhere.

Could Not Find Garza.

SAN ANTONIO, Tex., Aug. 18.—United States Marshal Fricke has arrived home from an extended scouting expedition through the lower Rio Grande border countries in search of Garza, the revolutionist. He made a thorough search for him and his followers, traveling several hundred miles on horseback, and reports that he discovered no evidence whatever of any movement being organized against Mexico. There is great destitution among the lower class of Mexicans on the frontier, several deaths from starvation among children having occurred.

A Drunken Brute.

ANSONIA, Conn., Aug. 18.—John Walsh had a narrow escape from lynching Monday night. His wife lay in bed with her new-born babe, when he came home drunk, dragged her out of bed and clubbed her unmercifully, while the other children screamed in terror. Finally Officer Casey arrived on the scene, and, breaking open the door, arrested Walsh. As he came out with his prisoner the crowd that had been attracted by the racket raised the cry, "Lynch the brute," and would undoubtedly have done so had not the officer drawn his revolver and threatened to shoot the first man that interfered. In the police court he was fined \$10 for being drunk, and in default of payment was sent to jail.

A Gang of Outlaws.

NEW YORK, Aug. 18.—A Times special from Kingwood, W. Va., says: "The excitement through Preston county over the depredations of the Cooley gang of Pennsylvania outlaws has not been equalled since the war. The people are everywhere arming themselves for protection and in hope of capturing the outlaws. Yesterday the store of Merchant Elliott, at Bruceton, was raided by the gang in the boldest manner, and goods to the value of nearly \$1000 carried off. A number of other ill-depredations are reported. The sheriff is out with a large-sized posse, and scores of citizens are standing guard on the roads or over stores, flocks and farms. If the outlaws are captured, the entire gang will be lynched or shot to death without mercy."

Sho Courier Death.

PORTLAND, Aug. 18.—Mrs. Orlando Lewis, who resides at Russell's, some distance east of Mount Labor, is lying between life and death as the result of an attempt to commit suicide yesterday. Just about daylight Mrs. Lewis arose from her bed and, taking her husband's clasp-knife from his trousers pocket, went into an adjoining room and made a fearful gash across her throat. The blade did not sever the arteries. The woman's cries awakened the household, who, rushing upon the scene, found her lying on the floor while a stream of blood flowed from the ugly wound in her throat. A surgeon was sent for and arrived about a half hour later and soon stopped the hemorrhage. At first it was thought the unfortunate woman would die, but hopes are now entertained of her recovery.

Republican Campaign.

SPRINGFIELD, Ill., Aug. 18.—The Republican national campaign opened in this state today. When Chairman Tracey of the state league Republican club called that body to order in this city. The meeting preliminary to the rally to be held this afternoon and evening, at which Hon. Whitelaw Reid, Republican vice-presidential candidate, will speak. Thousands of visitors are present from all sections of the state.

Two Candidates.

CHICAGO, Ill., Aug. 18.—Whitlaw Reid arrived here this morning and led immediately for Springfield where he delivers an address this evening.

Dentist Dead.

NEW YORK, Aug. 17.—J. A. Kimball, a prominent dentist committed suicide this morning.

The Love Breaking.

NEW ORLEANS, Aug. 18.—Situation in Algiers is becoming alarming. Love is cracked, residents fear they will cave in. Several heavy cavings are reported below the city.

Strike in West Virginia.

FAIRMONT, W. Va.—There was a narrow escape from an outbreak at Yaston coal works this morning. Miners are now being guarded by the sheriff and a force of special officers. Union miners attempted to prevent non-union men from going to work. More trouble is feared.

SUCCESSFUL AIR SHIP

Moves About at the Will of the Aeronaut. SAN DIEGO, Cal., Aug. 18.—Charles J. Woodward, now rightfully entitled to the designation of "Professor," went into mid-air with his large balloon, the "Windswept," at precisely 8:20 yesterday morning from a vacant lot on Eighth street, between G and H. The balloon has a capacity of 2000 feet of gas, but when the rise was made yesterday morning she contained only about 1600 feet. The aeronaut took along provisions and water which in a case of emergency would have lasted him three days and nights, also six bags of sand ballast, two heavy blankets, and instruments for taking the temperature, elevation, etc. This trip, as he said to a reporter, on leaving, was not to travel over any great space of ground in a certain direction, but simply to test the efficacy of the wings or oars that he contends will eventually in some way solve the problem of navigation. These wings are attached to bamboo rods, and are made of small bamboo, covered with common cotton cloth, and are 35 feet in size. They are fastened to a wire and bamboo basket which is three feet wide, four feet long and three feet deep in regular outrigger carlocks by means of strong twine. The audience was composed of almost every unemployed person in San Diego, the house tops and other elevations being liberally patronized. First, a young man was let up by a rope to establish the carrying capacity. Woodward then stepped into his frail-appearing car and said, "Let her go, gentlemen." The balloon arose very slowly until it had attained a height of about 2000 feet, and for 10 or 12 minutes appeared to be almost stationary. Up to this time Woodward had not touched the wings. All at once they were straightened out laterally, then perpendicularly lowered as far as they would go, and with a quick turn to a lateral position forced quickly up, thus catching the air and perceptibly causing the balloon to move downward. The movements were repeated until the airship had descended several hundred feet. The aeronaut now began experimenting on the proposition to force the balloon upward. It required only a few reverse moves to change the direction, and he was soon back to the original altitude. The wings were now allowed to rest. At 10 o'clock he was just over National City, and at 11 o'clock Dr. Powers, at the quarantine station in Sweetwater valley, telephoned that "The balloon is above me about 3000 feet. The man is waving his hat, and occasionally working some kind of paddles." At 11:50 the balloon slowly descended to clear ground without a scratch, about 100 feet in front of the Bonita school house in Sweetwater.

Idaho Republicans.

MOSCOW, Idaho, Aug. 18.—The delegates to the Republican state convention which meets here today, have all arrived, and the scene around the Republican headquarters is an animated one. In all probability not one of the present state officers will be renominated except Treasurer Coffin. gubernatorial honors lie between McConnell, Willey, and Moss, with a probability that McConnell will be nominated on the first ballot. The renomination of Willis Sweet for congress by acclamation is conceded. H. O. Parkness, of Bingham, for lieutenant governor, and Frank Ramsey, of the same place, for auditor seem to have a clear track. For superintendent of public instruction the names of Tower, of Oxyhee, Harrison of Cassia, Daniels of Ada, Hampton of Logan, and Crumker of Latah, are being discussed, with Tower as the favorite. For attorney general, R. Roberts, Stewart, and Brown of Ada are mentioned. Brown's chances being considered the best. Reed, of Ada, seems to have the advantage over the present incumbent for secretary of state. For supreme justice, I. N. Sullivan, of Alturas, has no opposition. There is nothing of fluff with reference to electors. Judge Heyburn, Robbman of Pocatello, and R. chords of Payette, have been mentioned.

Nearly Killed His Rescuer.

LONG BRANCH, N. J., Aug. 18.—Two stalwart colored men, whose names are unknown, jumped on Jockey Simms in Limerick, a disreputable part of Long Branch, and were about murder him. Richard Bacon, who said he was employed by Bookmaker Shespey at Monmouth, happened along and attempted to rescue Simms. "His cries of 'murder' frightened the assailants off Simms and they ran away. The jockey, blinded and bleeding from the blows he had received, made a lunge with a knife or razor, and cut Bacon so severely in the leg that he may die from loss of blood. He walked around nearly an hour before Dr. Burch, of the West End hotel, was called to dress the wound. Simms, who rides for the Daytons, fled and the police have not been able to find him.

For Another Murder.

SANTA ROSA, Cal., Aug. 18.—It has been learned that Charles M. Crews, who shot and killed his uncle, M. H. Ryne, near Windsor, on July 5th, is wanted in Summer county, Tenn., for shooting a man named Clark there. After shooting Clark, Crews fled to California, and was believed by Ryne to have been killed. Ryne's folks about the Tennessee trouble that Crews killed him.

"Thick and Glossy."

THE PRODUCTION of an abundant growth of hair, of a silk-like texture and of the original color, often results from the use, by those who have become bald or gray, of Ayer's Hair Vigor. "I was rapidly becoming gray and bald; but after using two or three bottles of Ayer's Hair Vigor my hair grew thick and glossy and the original color was restored."—M. Aldrich, Canaan Centre, N. H.

"A trial of Ayer's Hair Vigor has convinced me of its merits. Its use has not only caused the hair of my wife and daughter to be abundant and glossy, but it has given my rather stunted moustache a respectable length and appearance."—R. Britton, Oakland, Ohio.

"I have used Ayer's Hair Vigor for the past four or five years and find it a most satisfactory dressing for the hair. It is all that I could desire, being harmless, causing the hair to retain its natural color, and requiring but a small quantity to render the hair cast to a charge."—Mrs. M. A. Bailey, 9 Charles st., Haverhill, Mass.

Ayer's Hair Vigor.

PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass. Sold by Druggists and Perfumers.

Will Support Peoples'

BIRMINGHAM, Ala., Aug. 18.—Leading Republicans say Republicans will take down their electoral ticket and support the Peoples' party.

The Weather Men.

ROCHESTER, N. Y., Aug. 18.—Association of weather services has chosen the following officers for the coming year: President Major H. H. C. Dunwoody, of United States Weather bureau; Vice President, B. S. Pague, of Oregon and G. M. Chappell, of Iowa, Secretary, R. A. Kerkam, of Washington; Treasurer, W. L. Moore, of Wisconsin.

OUR NATIONAL CITY.

Preparing to Remedy Its Defenseless Condition.

WASHINGTON, Aug. 18.—The Potomac river, which is the only waterway approach to the national capital, after being practically unguarded for many years, is at last to be supplied with modern defenses. During the present week the grim and gray battlements of old Fort Washington, 13 miles south of this city on a portion of the Potomac which is lined by high wooded crests, will witness a scene of unusual activity, as many workmen will be engaged in the task of constructing an efficient defense on lifts, six or four-inch modern guns on lifts, six or four-inch and three eight-inch guns on a disappearing carriage, eight 12-inch mortars and extensive submarine mines operated from two submersible casemates. The torpedo-arrangement will be one of the most complete and destructive in the world. Immediately in front of the fort the Potomac curves gracefully in the shape of a half moon, and the guns posted in the land batteries can deliver a broadside as well as a "how-on" fire upon an advancing boat before the torpedo mines are reached. Plans have also been perfected for effectually obstructing the river at this point should such a step be necessary. The sum of \$117,100 from the general appropriation of February 24, 1891, is now being expended in this work, and should that amount not prove sufficient an allotment will be made from the appropriation passed at the session recently ended. Two hundred additional acres of ground at Sheridan's point on the Potomac, contiguous to Fort Washington, have also been acquired by the government so that there may be no lack of room for the plant.

Good Looks.

Good looks are more than skin deep, depending upon a healthy condition of all the vital organs. If the liver be inactive, you have a bilious look, if your stomach be disordered you have a dyspeptic look and if your kidneys be affected you have a pined look. Secure good health and you will have good looks. Electric Bitters is the great alterative and tonic acts directly on these vital organs. Cures pimples, blotches, boils and gives a good complexion. Sold at Dan'l J. Fry's drug store. 225 Com'l st. 50c. per bottle.

How Can I CURED

It takes Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and powerful medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula or impure blood, be sure to try Hood's Sarsaparilla. Every spring my wife and children have been troubled with scrofula, some breaking out on them in various places. My little boy, three years old, has been a terrible sufferer. Last spring he was one mass of sores from head to feet. I was advised to use Hood's Sarsaparilla, and we were all taken. The result is that all have been cured of the scrofula, my little boy being entirely free from sores, and all of my children look bright and healthy."—W. B. ARTHUR, Passaic City, N. J.
