

STRIKE NEWS.

All Quiet at Buffalo and at Coal Creek—Other News.

SCOUTING PARTIES.

Dispersing Miners and Hunting for Dead and Wounded.

COAL CREEK, TENN., Aug. 20.—The first action on the part of General Carnes this morning was to send out scouting parties of fifty each to search for the killed and wounded and see that the miners did not miss Fayette Gentry, ex-convict and a brave man from the scene of the ambush fight, who was hard hit in the hip and left hand and had laid on the mountains 24 hours, six of them in a drenching rain. Miners have been searching for their dead under a flag of truce. Detachment of 100 soldiers have just gone up the valley to scatter or capture 400 miners.

THE SWITCHMEN.

A Review of the Situation—Fireman Will Go Out.

BUFFALO, Aug. 20.—A committee of twelve taxpayers living in the vicinity of railroads where the strike is in progress called upon the sheriff today for the purpose of protesting against the great expense of holding the militia here when in their opinion there is absolutely no need of it. The spokesman stated that they came to ask that the national guard be removed unless the sheriff could find some way of footing the bill other than calling upon the taxpayers. A committee of attorneys likewise called upon the sheriff to present their cases. The sheriff said they wished him to recall the troops. Some time was spent in arguing, during which the railroad corporations were loudly denounced. The men asked that the officials appoint a time when they would give a decided answer as to whether or not the troops would be withdrawn. The advisability of calling a special meeting of the board of supervisors to take action in the matter of the retention of troops is being considered, and there is every prospect that the meeting will be called. The county supervisors are protesting vigorously against the expenditure of any more money.

BUFFALO, Aug. 19.—The companies claim that they have sufficient men to operate the roads if proper protection is given them. Two thousand troops were ordered, but they are claimed not to be sufficient, and 5000 more were ordered, and are here. Their assignment to duty at all points where the companies feel there might be danger has been going forward, and careful inquiry has demonstrated beyond a doubt that the companies have sufficient men to man the roads. To be sure, the strikers say the men being held in readiness are restrained from their liberty; also that the men were hired to work on western roads and did not know they were expected to work on tied up roads in Buffalo. If these allegations be true the men may desert upon the first opportunity. It is not deemed probable, however, that such defections would constitute more than minority of these now waiting to work. The Lake Shore has enough men in the yard to man the usual number of switching engines. The Erie yesterday moved five trains, and have in quarters more than the number of men usually employed.

The second feature in the strike is what can and will be the next stroke of the leaders against the railway interests. Master Workman Sweeney last evening made an attempt for an arbitration of the differences. He addressed letters to the affected roads, reciting the history of the case and offering to submit the cause of the strikers to arbitration. Erie responded that the matter would be referred to headquarters. Lake Shore disputed the allegations in Sweeney's letter, and Central sharply declined arbitration, as has Reading before. The situation is as follows: The only trunk line uninterrupted carrying freight eastward is the Delaware, Lackawanna and Western. One of the Western trunk lines from this city, the Lake Shore, is clogged and the Grand Trunk of Canada is threatened with a strike. The Michigan Central, the other trunk feeder westward, is involved like the Lake Shore in the fortunes of the Central, and only the success of today's efforts of the roads to move freight freely is now to be relied upon for the eastward carrying of traffic. At present this point the tactical position of Lackawanna is brought strongly to light. This position of Lackawanna is just as thoroughly appreciated by the strike leaders as by any others, and the importance of which men upon that line will concede to do, as their sympathy in this strike is beyond cavil.

FRANKS WILL GO OUT.

A secret meeting of five local men of fromen last night. About 20 men were in attendance, representing all lodges in the city as well as different roads. Trainmen and conductors brotherhood were represented by delegates. As a result of the meeting it can now be said with certainty that the locomotive men are on the Lehigh, Erie, and other roads, West Shore, and Central.

Extending the Lines.

BUFFALO, N. Y., Aug. 20.—Black Rock and beyond are great storage yards for freight in a district largely occupied by the working classes who are in sympathy with the strikers. In view of this and a possible tie up of the Grand Trunk of Canada lines of troops have been extended over this territory and on to the great bridges at Niagara Falls.

Will Strike.

BUSQUEMANNA, Pa., Aug. 20.—It is generally believed the Switchmen, Brekemans and Firemen of New York Lake Erie and Western railroad along the entire system will strike before tomorrow morning.

N. Y. C. Yards Cleared.

BUFFALO, Aug. 20.—Grand Master Sargent is expected at any moment relative to the strike of firemen on the roads on which switchmen are not out.

The New York Central has cleared its yards of live stock and pleasurable freight today.

Firemen Will Not Go Out.

INDIANAPOLIS, Aug. 20.—Grand Master Sargent in an interview this morning on the Buffalo strike situation expressed the belief that Grand Master Sweeney had cause to order out the switchmen and he hoped they would win. Sargent added, however, that the firemen had no grievance at Buffalo and therefore would be no strike of men in his order.

From Tennessee.

CHATTANOOGA, Tenn., Aug. 20.—Uncertainty no longer marks the condition of things at the seat of war. Fort Anderson has been relieved, and is no longer in a state of siege. The tide has turned, and the miners, instead of being hunted, are hunted. General Carnes' forces reached the neighborhood of the beleaguered camp at daybreak yesterday in the rear of the miners' ranks. On his arrival wild scenes of confusion ensued. The scouts failed to do their duty or had been captured, and the position was unknown. The forward movement was cautiously made. General Carnes and his heterogeneous army of citizens and about three hundred militia left the train at Offutt's station and pushed forward on the country. From Offutt's to Coal Creek by the route taken it is a laborious climb and as laborious a descent. As the column came down the side of the mountain Young Walt Hall mounted a rock to get a view. A shot rang through the stillness and he fell headlong among his comrades dead. A body of miners had chosen the sheltered rock, which formed a natural defense, and from it fired the volley which caused the casualty. Carefully enough the miners had taken no other provision to prevent a rear attack. General Carnes' advance guard at once formed into a charging line, and, after receiving a scattering volley from a few who failed to take the first opportunity of escaping, advanced rapidly. Eighteen miners were captured. Another of the posse besides young Walt was killed, named Bosh Givens, of Knoxville. Two bodies of dead miners were found after the skirmish and several wounded. With these exceptions the casualties among the miners are unknown. General Carnes arrested two hundred citizens of Coal Creek and told them he would hold them until Col. Anderson was returned to him. They delivered him to Gen. Carnes alive and well. General Carnes telegraphed that he was in possession, and has plenty of men and ammunition.

Affairs at Coal Creek.

CHATTANOOGA, Aug. 20.—Affairs at Coal Creek are in such a condition now that all reinforcements have been stopped from going to the front and volunteers from Chattanooga now there leave for home today.

Accused of Cowardice.

NASHVILLE, Tenn., Aug. 20.—A special to the Banner says: "The men who fought under Major Carpenter yesterday morning say Colonel Wolford acted with great cowardice. He is denounced by a number of citizens in the posse."

Latest from Coal Creek.

KNOXVILLE, Aug. 20.—The killed among the miners is placed at 10, wounded at 12. Soldiers are searching houses for arms, and concealed miners bringing in prisoners continually. Colonel Sevier will start with a force this afternoon and march to Brieville.

Lynch Law.

SANTA ANNA, Cal., Aug. 20.—Torres a Mexican laborer who killed Overseer McKelvey, of Modjeska ranch near this city, and who was afterward captured at San Diego and confessed to the crime, was taken from jail here at 1 o'clock this morning by a mob and hanged from the arm of a telephone pole.

After Sevanton Years.

New York, Aug. 10.—After a separation of seventeen years Edward Burns, of Seattle, has got trace of his father, D. Adel Burns, living in Brooklyn. The son disappeared when only six years old and had been given up as dead.

GUNS FOR THE MONTEBBY.

They Will Start Across the Continent Today.

WASHINGTON, Aug. 20.—The spectacular trip of Big Betsy and a special train that is to leave the navy yard today, bound for the same destination. It will carry all the rest of the Monterey's ordnance equipment except the secondary battery, which is made by private contract. Workmen in the navy-yard are now busy loading the train, which consists of seven cars. Some of them were especially constructed for carrying heavy guns. One, the nominal capacity of which is 100,000 pounds, is the same that carried Big Betsy and now bears her mate. Two others, with a capacity of 60,000 pounds each, are loaded with 10-inch guns apiece. Three cars contain four mounts for 10 and 12-inch guns, including Big Betsy and a complete outfit of unloaded shells, carriage cases and everything else needed to equip the Monterey's main battery for action. Nothing is lacking except the powder, which will either be produced on the coast or sent in a special consignment. This is the most extensive and formidable shipment of ordnance material ever sent across the continent, as the guns and carriages are all mounted on open flat-cars, it will be sure to attract attention. On the way the train will be looked after by army officers who make a specialty of railroad transportation, and it is expected to reach San Francisco in about two weeks. The beautiful, glistering steel guns that attract so much admiration in the shops are painted white inside and out to protect them from the weather on the journey. They are carefully blocked up with timber to prevent disaster from the jarring of the train.

Other Pacific Coast Shipments Will Follow as Soon as Needed.

The construction of the battery for cruiser No. 6 is well under way, and one of the 13-inch guns for the Oregon has been begun. A magnificent model of the bureau of construction and repair, an 18-cent West for exhibition. It will have to be returned in time for the world's fair. Officers at the navy-yard are taking great interest in the shipment of guns to the Monterey, which they regard with especial admiration.

Scandal in High Life.

NEWPORT, R. I., Aug. 10.—A society scandal has come to the surface, and now there is something else to talk about besides polo, lawn tennis and the coming Corinthian races. A young man of small means married a young and pretty girl not long ago. The parents of the young woman are rich, and they occupy a villa for which they pay \$6000 for the season. Recently the man who had met with such good luck went to New York, and, as he remained away longer than he was expected to, his wife's father, who was vigorously opposed to the match, and who had his suspicions aroused, placed detectives on his son-in-law. This angered the young man's mother, who has a cottage here, and a scene was the result. There was also a scene in New York, where the detectives found the well-dressed husband with a woman. The evidence secured was of the most damaging character. When the husband returned here, after discovery, he was requested to remove all his personal effects from his father-in-law's cottage, where he has been afforded a place fit for a prince. It is a painful story. The young woman is heart-broken. A divorce will be asked for in New York soon.

Fire at Corvallis.

CORVALLIS, O., Aug. 20.—The residence of N. P. Briggs caught fire yesterday afternoon, and as the wind was blowing a gale it looked as though that portion of the town was doomed. Mrs. Briggs was the only inmate of the house at the time, and she perished in the flames. Mrs. Briggs was prominently identified with the early settlement of Oregon, and has friends and relatives all over the coast. She was a sister of President Johnson, of the state university at Eugene. The origin of the fire is unknown, but is supposed to have started from the lighting of a coal oil stove. Another alarm was sounded about 5:30. A large shed on the river bank belonging to the Oregon Pacific caught from the sparks from the former fire, and after hard work the flames were extinguished.

Death in the Well.

SHAMONKIN, Pa., Aug. 21.—After discharging a shot in a new well in Shamontown yesterday, Eli Hulener went down before the snake had cleared and was overcome by gas. Lewis Hartman responded to his cries for help. He had hardly reached the bottom before he was faint. The bucket would not bear two, and each wanted the other to go up first. Finally Hartman bundled Hulener in the bucket and told the men overhead. When nearing the top he fell, and, narrowly missing Hartman, struck the rock, killing himself. Hartman had strength enough to draw himself and the corpse to the bucket, but fainted before he could signal. The men at the windlass saw the rope slack, thought something was wrong, and hoisted it. When the bucket and its gassy burden reached the top, many persons fainted. It is thought Hartman will recover.

Deliberate Murder.

CUMBERLAND, Md., Aug. 20.—At Martinsburg, Va., a sensational tragedy occurred yesterday, the result of a negro's too literal translation of his instructor's G. P. Evans, the owner of a fine lawn and residence, near where a circus tent had been pitched, stationed a negro named Viney near the lawn, and gave him instructions to shoot the first person who attempted to cross his property. The negro faithfully obeyed the order, for when an employee of the circus a white man whose name is not known, started to make a short cut across the lawn, Viney deliberately fired and shot him dead. The other employees of the circus, learning why Viney did this deed, sought out Evans, and throwing a rope around his neck, started to lynch him. Harris, their employer, finally prevented them from hanging him, and both Evans and Viney are now in jail.

Frederick Zorn Hung.

PRESIDENT, OR., Aug. 20.—Fredrick Zorn was hanged at 2 o'clock yesterday afternoon for the murder of his wife and mother-in-law near Milton last October. The execution took place in the basement of the courthouse, in the presence of one hundred witnesses, and was successfully conducted in every detail. Zorn displayed composure to the last, and died without the least sign of fear or nervousness. After the death warrant was read, he bade all present good bye, and said he hoped to meet them in a better world. When the black cap was placed over his head, the words, "I go to meet my God," were plainly audible. "Friedrick Zorn, prepare to meet your God," said Sheriff Fairbank, and the trap was sprung from an adjoining room. The body dropped six feet and the neck was dislocated. There was not even a tremor of the limbs, and his pulse ceased beating within eleven minutes.

Outrage on Missionaries.

WASHINGTON, Aug. 20.—The secretary of state yesterday received a cablegram from the United States charge at Constantinople informing him that the house of Dr. Bartlett, American missionary at Bourdour, province of Yonia, Asia Minor, and the lives of the missionaries there are in danger. He believes that if prompt action is not taken the missionaries will be in serious danger in other places. The building of Dr. Bartlett as a residence was originally stopped by the local authorities. Permission to complete the same was refused Dr. Bartlett unless he would furnish bond or guarantee neither to hold religious worship nor instruct children on the premises. The legation applied to the sublime porte for this permission, claiming that the treaty rights of Americans extended not only to the purchase of land, but to the enjoyment of the same. A permit was finally granted by the sultan, and it appears that immediately after the receipt of the permit by the local authorities that the house was burned. Secretary Foster promptly cabled the charge to make an urgent demand for effective protection, indemnity, punishment of the guilty parties, and repayment of the authorities if they were found remiss. The United States cruises New York and Bennington, now on the way to Genoa will be ordered to the vicinity of the outrage to support the demands.

Mills Will Resume.

YOUNGSTOWN, Ohio, Aug. 20.—The committee of Amalgamated Association and Mahoning Valley iron manufacturer association have reached an agreement. The mills will resume at once.

REAL ESTATE TRANSFERS.

From Jan. 1 to date.....\$1,200,105.00 AUGUST 19. Zurelka J. Sparks to G. W. Palmer; 2 acres, 1/8, r 1 w 50 John H. Palmer and wife to same; 100 acres, 1/8, r 1 w 7,000 John Schuster to W. Bennett; tract in 1/8, r 1 w \$1

MARKETS.

PORTLAND, Aug. 20.—Wheat \$1.15 @ \$1.25 Walla Walla, \$1.15 @ 1.17. SAN FRANCISCO, Cal., Aug. 20.—Wheat, Sept. \$1.34. CHICAGO, Ills., Aug. 20.—Wheat 74.

Good Looks.

Good looks are more than skin deep, depending upon a healthy condition of all the vital organs. If the liver be inactive, you have a bilious look, if your stomach be disordered you have a dyspeptic look and if your kidneys be affected you have a pinched look. Secure good health and you will have good looks. Electric Bitters is the great alternative and tonic acts directly on these vital organs. Cures pimples, blotches, boils and gives a good complexion. Sold at Dan J. Fry's drug store, 225 Com'l St. 50c per bottle.

"Thick and Glossy."

THE PRODUCTION of an abundant growth of hair, of a silk-like texture and of the original color, often resulting from the use, by those who have become bald or gray, of Ayer's Hair Vigor:

"I was rapidly becoming gray and bald; but after using two or three bottles of Ayer's Hair Vigor my hair grew thick and glossy and the original color was restored."—M. Aldrich, Canaan Centre, N. H.

"A trial of Ayer's Hair Vigor has convinced me of its merits. Its use has not only caused the hair of my wife and daughter to be abundant and glossy, but it has given my rather stunted mustache a respectable length and appearance."—R. Britton, Oakland, Ohio.

"I have used Ayer's Hair Vigor for the past four or five years and find it most satisfactory dressing for the hair. It is all that I could desire, being harmless, causing the hair to retain its natural color, and requiring but a small quantity to render the hair easy to arrange."—Mrs. M. A. Bailey, 9 Charles St., Haverhill, Mass.

Ayer's Hair Vigor.

PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass. Sold by Druggists and Perfumers.

Decision on Monday.

SAN FRANCISCO, Calif., Aug. 20.—Judge McKenna of the United States circuit court will render a decision on Monday in the case of the application for a writ of habeas corpus for nine miners connected with the recent Court d'Alene trouble.

Have You Read

How Mr. W. D. Wentz of Geneva, N. Y., was cured of the severest form of dyspepsia? He says everything he ate seemed like pouring melted lead into his stomach. Hood's Sarsaparilla effected a perfect cure. Full particulars will be sent if you write C. I. Hood & Co., Lowell, Mass.

Notice of Assessment.

NOTICE IS HEREBY GIVEN that by order of the common council of the city of Salem, made on the 14th day of July, 1902, an assessment was levied upon all property abutting on Commercial street, from Water street to the west line of the street, for the improvement of said street. Said assessment shall be due and payable to the collector of the city of Salem, Oregon, on or before the 1st day of August, 1902. A list of property abutting on said street and the owner thereof, and the amount assessed to each property is hereby published, and a copy of this notice is being sent to each owner of property so assessed. Said list is as follows: W. C. Clark; lot 4 in block 41 of the city of Salem, Oregon, \$144.00. W. D. Breyman and E. Breyman; lot 1 in block 22 of the city of Salem, Oregon, \$144.00. J. B. Stump; lot 1 in block 40 of the city of Salem, Oregon, \$144.00. J. E. Stacey; lot 2 in block 50 of the city of Salem, Oregon, \$144.00.

AWFUL EXPLOSION.

Mother and Child Killed by a Gasoline Stove. CHINO, Cal., Aug. 20.—While an engineer in the sugar factory named Wright was filling a gasoline stove, which had been burned out but retained a spark of fire somewhere, it exploded, enveloping himself, wife and three-year-old child in the flames. Mrs. Wright cannot live, and Mr. Wright is badly burned, his arms to the elbow being fairly cooked. One hand will be crippled for life.

SCROFULA

It is that impurity of the blood which causes unsightly lumps or swellings on the face of the neck; causes painful eruptions on the eyes, legs, or feet; develops blotches on the skin, or, more often, cancerous growths, or the malignant manifestations usually ascribed to scrofula; and, fasting upon the lungs, causes consumption, and death. It is the most ancient, it is the most general disease of man, and afflicts, for very persons are entirely free from it.

How Can I CURE IT?

By taking Hood's Sarsaparilla, which is the remarkable cure that has accomplished. When other medicines have failed, it is the only one that will cure you. It is a medicine for the blood, and it is a medicine for the system. It is a medicine for the skin, and it is a medicine for the eyes. It is a medicine for the nose, and it is a medicine for the throat. It is a medicine for the lungs, and it is a medicine for the stomach. It is a medicine for the liver, and it is a medicine for the kidneys. It is a medicine for the bladder, and it is a medicine for the bowels. It is a medicine for the nerves, and it is a medicine for the brain. It is a medicine for the heart, and it is a medicine for the lungs. It is a medicine for the stomach, and it is a medicine for the bowels. It is a medicine for the liver, and it is a medicine for the kidneys. It is a medicine for the bladder, and it is a medicine for the bowels. It is a medicine for the nerves, and it is a medicine for the brain. It is a medicine for the heart, and it is a medicine for the lungs.
