Ex-Governor Dead.

CANANDAIGUA, N. Y., Aug. 24.—Ex-Governor Myron H. Clark died yesterday at his home in this place.

To Enter Campaign.

WASHINGTON, Aug. 24.—Col. J. C. Hill, chief Indian of division office of the secretary of the Interior has resigned to enter the campaign. He will be under the direction of the national Republican committee at New York.

No General Strike.

BUFFALO, Aug. 24.—As a result of the conference now being held by Sweeney, Sargent, Wilkinson and Clark, the associated press correspondent feels safe in saying there will not be a general strike of organizations allied in railway work.

Bar Association.

SARATOGA, Aug. 24.—American bar association met here this morning and was called to order by President John F. Dillon. There was a full attendance of the members of the legal fraternity from almost every state in the union. President Dillion, delivered his annual address. The force of session will be discussion of a report of the committee on international law.

Governor Flower's Proclamation.

ALBANY, N. Y., Aug. 24.—Governor Flower has issued a proclamation today in which he says: "I direct attention of the people of the state to the penal code relating to interference with the running of trains." He then offers reward of $100 to be paid upon the arrest and conviction of each person who shall during the next 30 days violate the provisions of the penal code.

Washington Democrats.

OLYMPIA, Aug. 24.—Democratic state convention was called to order at 1 p. m. by Chairman D.C.Gilman of the state central committee and after the appointment of a committee adjourned.

The convention is against canal 5 to 1. Southeastern Washington this morning adopted the Pierce county canal plank denouncing Senator's Squire and Allen and condemning the canal.

Lewis this morning claims to have broken the big combine which gave Blalock such strength. To Carroll he says he is for congress and will not move for Senator Drum or any body else.

He thinks Lewis will be nominated governor. Steamer Sehone brought 500 men from Seattle for for Lewis an canal. Southeastern Washington ceased its contest over the unit rule this morning and adopted the two-thirds rule. B. F. Shaw of Vancouver, was defeated for governor in the caucus.

The Cholera.

ST. PETERSBURG, Aug. 24.—Official returns show 5505 new cases of cholera, 2859 deaths in Russia yesterday. Decrease 1301 cases and 770 deaths as compared with Monday.

HAMBURG, Aug. 24.—Cholera appeared in all parts of the city and suburbs though worse in the harbor quarters. Yesterday 340 cases and 130 deaths. Several of the worst infected streets are closed. Dr. Koch declares he has found several cases of true Asiatic cholera. Temperature is 97 in the shade.

ANTWERP, Aug. 24.—Asiatic Cholera now prevails here. It is now present at Hamburg, Antwerp and Havre the great northern European ports.

Strikers Made a Mistake.

UTICA, Aug. 24.—Governor Flower stopped off in this city yesterday on the way from Watertown to Albany. Referring to the strike, the governor said: "I am inclined to think that the strikers made a bad move at the beginning. If they had gone to work and had the president of the Central arrested for violating one of the laws of the state, they could have had him convicted and fined $500 or imprisoned for a year. Last winter the legislature passed a law making it obligatory for railroad companies to give a day's pay for ten hours and to pay extra for all over that. I signed the bill and the strikers had a good chance to make a test case. Why did they not do that? If they had done so I think they would have won the case."

Brewery Burns.

SPOKANE, Wash., Aug. 24.—The Silver Spring brewery, on Fifth avenue, east of Bernard street, was destroyed by fire at an early hour yesterday. The loss is estimated at $12,000, and this is only partially covered by an insurance of $4000. The brewery was a three-story wooden building, with a tower on the eastern end. It was connected with the residence of Messrs. Mueller and Kortzeborn, the proprietors of the brewery. The dwelling was also destroyed with most of its furniture. There were five men sleeping in the brewery, and in the house were Mr. and Mrs. Kortzeborn, Mrs. Mueller and four children. Several of the men in the brewery had a narrow escape, and two had to jump from second story windows. The origin of the fire is unknown.

Trans-Continental Association.

NEW YORK, Aug. 24.—A meeting of the Transcontinental association began today, principal object of the meeting is to settle the question relative to the matter of the division of the payment of the yearly subsidy to the Pacific Mail steamship company. General impression seems to be the Southern Pacific company will be asked to pay the entire amount.

Bound for the Monterey.

WASHINGTON, Aug. 24.—This morning a special train of six or seven cars left the Washington navy-yard, carrying armament for the coast-defence ship Monterey at San Francisco. The load includes the second of the 12-inch guns, two 10 inch guns and mounts for four guns, together with ammunition and ordinance equipment.

All Quiet at Coal Creek.

NAHVILLE, Tenn., Aug. 24.—Everything quiet at Coal Creek today. Ten or twelve more miners have been captured.

Sweeney's Conference.

BUFFALO, N. Y., Aug. 24.—The impossibility of Chief Arthurs attendance or refusal to participate has lessened public interest in Sweeney's conference and it is now believed that with Sargent departing today no positive results will follow the council called by Sweeney. In meantime there are strikes on only the roads Western New York, Lackawanna and Buffalo and Rochester and Pittsburg, whose men quit yesterday afternoon. All these roads claim to be replacing the strikers.

Bold Robbery in Chicago.

CHICAGO, Ill., Aug, 24.—Joseph S. McGrady, a member of the board of education, was driving near the world's fair grounds yesterday afternoon when he was stopped by a highwayman, who with a levelled revolver demanded his money. MaGrady whipped up his horse to escape. The robber aimed at the flying horse and shot and killed the animal. MaGrady jumped out of his trap and ran, but the robber sent one bullet whistling past the fugative's ear and he quickly stopped. He then raised his hands and the thief took $150 and a gold watch. The boldness of the affair staggered the police, but, after 50 men had run down many clues, Emil Horstman was arrested and identified as the robber.

MURDEROUS LOVER,

Killed a Man Who Attempted to Oppose Him

CLEVELAND, O., 24.—A terrible tragedy occured at the home of ex-Mayor Stephen Buhrer at 9:30 o'clock yesterday. George Talcott is dead and Ed Hutchinson lies in the hospital in a precarious condition. Hutchinson, who lived on Birch street, arrived at the Buhrer home with the innention of calling upon Eliza Jackson, a domestic employed there. Trouble was feared and Mrs. Buhrer locked the girl in a bath room. Huchinson began to raise a disturbance and George Talcott, the family coachman, was called to put him out of the house. When the coachman appeared Hutchinson drew a revolver and shot Talcott in the neck and mouth, killing him almost instantly. A physician was called, and he was put out of the house by the infuriated man. Hutchinson then threatened to shoot Mrs. Buhrer. He finally turned the revolver on himself and fired several times. He was taken to St. Vincent's hospital, where he is still alive.

FROM BUFFALO.

The Delaware and Lackawanna R. R. Tied Up.

BUFFALO, Aug. 24.—Shortly after the tie-up on the Lackawanna yesterday afternoon, switchmen waited on Superintendent Seabert and offered their services to protect the company's property. Seabert replied that he did not think the company would require guards, military or otherwise, and thanked the men for the offer. Attacks were made by strikers on pickets and non-union switchman yesterday afternoon. An attack was made on the picket line of the 22d regiment, stationed at Toff farm, by forty strikers, will probably result fatally to one of their number. The crowd was engaged in throwing stones at John M. Guicken and Charles Cable, non-union men who were working in the Toff farm yard. Lieut. C. E. Austin and Sergt. Wm. Conrow, of company C, ordered the stone throwers to disperse. They refused to do so, and fired upon by order of Lieut. Austin. Manhar was struck by two bullets, one of which took effect on the left elbow while the other passed through his abdomen to the right kidney. The injured man was taken to the Emergency hospital. His condition is extremely critical. The coroner was notified to be in readiness to take the man's post mortem statement, should signs of failing occur. O'Laughlin, Dunn, Madigan, Cotter and other members of the crowd were arrested, charged with rioting. The private who did the shooting was also detained by the police. The officer of the company to which the detained private belonged protested against the arrest of his subordinate, and demanded his release, at the same time he informed General Doyle ordered the company, and battalion, if needed, to set the soldier at liberty. Allen L. Richardson, a non-union switchman, was thrown off a box car in the Erie yards by a striker at 6 o'clock last evening, and badly bruised. Thomas Cable, a non-union man, while working in the Lehigh yards at East Buffalo, was set upon by four strikers and badly injured. Two of the strikers jumped on his stomach, while their companions held the victim down. The injured man is at Emergency hospital.

Car Blown Up.

PITTSBURG, Aug, 24.—A car loaded with steel ingots was blown up with dynamite on a side track of the Alleghany Valley railroad this morning. The car was consigned to the Carnegie company. Dynamite was placed under the car under the very noses of the officers on guard. No clue to the perpetrators.

The Peoples' Party.

BOSTON, Aug. 24—National executive committee of the Peoples' party has been called to meet in New York to-morrow to establish an eastern headquarters, to thoroughly organize the party in New York, New Jersey, Pennsylvania, Maryland and the New England states.

KNIGHTS OF PYTHIAS.

The Supreme Lodge in Session at Kansas City. Mo.

KANSAS CITY, Aug. 24.—A grand parade of 12,000 Knights of Pythias in attendance upon the encampment was the great feature of yesterday's festivities. The parade started at 4 o'clock in the afternoon. The line of march was over the business portion and over the principal down town streets. The weather was delightful during the parade, and the bright uniforms, gleaming helmets, flashing swords and battle axes, dancing plumes and feathers and flying flags, presented an imposing and at the same time a brilliant spectacle. The parade was witnessed by spectators numbering, it is estimated, nearly a quarter of a million. Last night the city was again illuminated in honor of visiting Knights, and an exhibition of fire works provided by the city is being given for their entertainment.

SIGN LANGUAGE OF THE INDIANS.

A Simple Method of Expressing Many Ideas Without the Use of Words.

Make a letter A with your hands and the ends of your fingers; that is a tepee or tent. Keep your hands in that position and bend them down so that your fingers point away from you; that's a house, and a very good one, too, because it shows how the logs are interlocked at the corners of the sort of houses one sees on the frontier. If you want to say you saw something, point to your eyes. To say you heard something, point to your ears. To say you slept or are sleepy, put up one hand, with the palm side toward your head and bend your head as if you were going to lay it on that hand.

To say that you saw some one who was beautiful, put your face between the thumb and fingers of one hand and draw your hand softly down from your forehead to your chin. A faint smirk or smile made at the same time greatly helps the sign. If the beauty you tell about was a woman, make believe take hold of a mass of hair on the right side of your head and follow it down past the shoulder with your hand, as you see women do when they dress their hair. These signs for seeing, hearing, sleep, beauty, and women are exactly the same as those used by George L. Fox, the famous clown, when he played "Humpty Dumpty." I have no doubt that Grimaldi, the great English clown, also used them, for they are the natural motions for expressing those terms.

Did you ever notice how the paws of small animals are curled in when they are dead? That is the sign for "died" or "dead." Hold one hand out with the fingers bent toward the thumb to make the sign. But if you would say some one was killed, hold out a fist with the knuckles away from you, and move the wrist slowly so as to force the knuckles down as if the person was struck down. To tell about a child, hold your hand as far from the ground as its head would reach. Put a finger up to either side of the head to say "cow;" to say "deer" put up all your fingers like branching horns. But another way to tell about a deer is to imitate his loping with one of your hands.

To tell of a snake, wiggle one finger in the air as a snake would move on the ground. That sign is the name for two tribes of Indians. The sign for a Sioux is to make believe cut your throat with one finger; for a Blackfoot, point to your foot; for a Blood, wipe your fingers across your mouth; for a white man, rub your hand across your forehead to show how white our foreheads are; for a Piegan, rub one cheek.

The sign for water is to make a scoop of your hand and put it to your mouth as you would if you were drinking at a stream. To tell of a lake make that sign and spread out your hands to cover a big space. To tell of a river make the water sign and then trace the meandering course of a river with your finger. But the sign for whisky is made by doubling up one fist and drinking out of the top of it as if it were a bottle. If you do that and make believe to stir up your brains with one finger, or reel a little, you will describe a tipsy man. Nearly all signs in the language are made with the right hand.—Julian Ralph in Harper's Young People.

When Smoking in Church Was Common.

The Puritan Fathers were greatly addicted to smoking; indeed, the practice became so common that even the straitlaced observers of times and seasons actually smoked in church. This custom soon caused very considerable annoyance, as the religious exercises were greatly disturbed by the clinking of flints and steels to light their pipes and the clouds of smoke in church. Hence in the year 1669 the colony passed this law, "It is enacted that any person or persons that shall be found smoking of tobacco on the Lord's day, going to or coming from the meetings, within two miles of meeting house, shall pay twelve pence for every such default." Under this law several persons were actually fined; but the punishment failed to secure the carrying out of the arbitrary second portion of the enactment.—All the Year Round.

Pasteurized Milk.

Machines are in use in Paris and some other cities which will heat great quantities of milk to a temperature of about 155 degs. Fahr. for a few minutes, and then cool it rapidly to a low temperature. The method has been called the pasteurization of milk. It does not kill all the bacteria, but it does destroy so many of them that it greatly increases the keeping properties of the milk. Moreover, it almost entirely destroys the danger from disease germs in milk, since nearly all forms likely to occur in milk are killed by this temperature. The advantage of this method is that the temperature of 155 degs. Fahr. does not give to the milk the taste of boiled milk, which most people find unpleasant, and does not render the milk difficult of digestion.—Professor H. W. Conn in Popular Science Monthly.

The Dome of St. Sophia.

The magnificent dome of St. Sophia is poised in the air, traditionally by a miracle, but really by tricks of deceptive material and concealed buttresses.—London Tablet.

A Royal Regalia.

The most expensive royal regalias in the world are those of the maharajah of Baroda, India. First comes a gorgeous collar containing 500 diamonds arranged in five rows, some as large as walnuts. Top and bottom rows of emeralds of equal size relieve the lustre of the diamonds. A pendant is a single brilliant called the "Star of the Deccan." The maharajah's special carpet, ten by six feet, made of pearls, with a big diamond in the center and at each corner, cost $1,500,000.—New York Sun.

The Boies City delegates to the late state convention at Moscow must have had a picnic getting back and forth. Leaving home, they staged it to Napa, where they boarded the train, and traveled about two hundred miles in Oregon to Pendleton, thence they traveled about eighty miles in Washington to get back into their own state, after which they had a good distance to go to Moscow.

Electric Bitters.

This remedy is becoming so well known and so popular as to need no special mentien. All who have used Electric Bitters sing the same song of praise.—A purer medicine does not exist and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the Liver and Kidneys, will remove Pimples, Boils, Salt Rheum and other affections caused by impure blood.—Will drive malarial from the system and prevent as well as cure all malarial fevers.—For cure of headache, constipation and indigestion try Electric Bitters. Entire satisfaction guaranteed, or money refunded.—Price 50 cts. and $1.00 per bottle at Dan'l. J. Fry's drug store, 225 Com'l.

The Secret of his Wealth.

A millionaire said "the secret of my wealth" is in the word, S-A-V-E; and the secret of my health is in the word, S-A-G-E. By this last he meant Dr. Sage, whose Catarrh Remedy cured him of one of the worst cases of catarrh, and thereby saved him from much suffering and premature death, enabling him to make his millions, and enjoy life. The cures made by this medicine are simply wonderful.

Let the World Know You are in It.

It seems almost a crime for a man to "hide his light under a bushel." If he has something new, that will benefit the human race, he should make it known. Old-fogy physicians tread the beaten path of their grandfathers, denounce advertised remedies, and never learn anything new. Medical science knows no parallel to Dr. Pierce's Favorite Prescription, compounded by a physician of skill and long experience, especially for the maladies which afflict women. It effects a permanent cure of those agonizing disorder which attack her frail organism, and is an anchor of hope alike to delicate girls and suffering women; contains no deleterious drugs. A guarantee on the bottle-wrapper, refunding the price in case of failure. Of druggists, $1.00.

Dragooning Won't Do!

Not with the liver. Violent cholagogues, like calomel and blue pill, administered in "heroic" or excessive doses, as they often are, will not premenently restore the activity of the great hepatic organ, and are productive of much mischief to the system generally. Institute a healthful reform, if inactivity of the liver exists, with Hostetter's Stomach Bitters, which insures a regular discharge of the secretive function of the liver, and promotes due action of the bowels without griping or weakening them. The discomfort and tenderness in the right side, nausea, fur upon the tongue, yellowness of the skin and eye-balls, sourness of the breath and sick headache, which characterize chronic billiousness, disappear, and digestion—always interfered with by billiousness—resumes its former activity. The Bitters annihilates malarial complaints, rheumatism kidney trouble and is a promotor of healthful repose.

SCROFULA

is that impurity of the blood which produces unsightly lumps or swellings on the glands of the neck; causes painful running sores on the arms, legs, or feet; develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; is the origin of pimples, cancerous growths, or the many other manifestations usually ascribed to "humors;" and fastening upon the lungs causes consumption, and death. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

How Can It Be CURED

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula or impure blood, be sure to try Hood's Sarsaparilla.

"Every spring my wife and children have been troubled with scrofula, sores breaking out on them in various places. My little boy, three years old, has been a terrible sufferer. Last spring he was one mass of sores from head to feet. I was advised to use Hood's Sarsaparilla, and we have all taken it. The result is that all have been cured of the scrofula, my little boy being entirely free from sores, and all four of my children look bright and healthy." W. B. ATHERTON, Passaic City, N. J.
