EASTERN HOP CROP.

The Cholera has Entered England—Its Progress in Europe.

MINE EXPLOSION.

One Hundred Men Entombed in a Mine in Wales.

LONDON, Aug. 26.—Fearful mine explosion has occurred at Parkslip coal pit near Bridge End, Wales. 150 men are entombed and it is feared there has been great loss of life. Not a single man made his escape. Work of clearing the pit has begun with many hundred of volunteers.

Hop Market Critical.

SPRINGFIELD, Mass., Aug. 26.—The Hop crop is in an exceedingly critical position and the market is very feverish and excitable. Last year's crop has been completely exhausted and the supply of old hops on hand is reduced to the minumum. Many reports The Homestead preliminary to the actual census acreage and the yield indicate the total crop will be somewhat under last year's yield in spite of increased breadth.

Morley is Returned.

LONDON, Aug. 26.—Election yesterday at New Castle on Tyne resulted in the return of John Morley, secretary for Ireland.

Scarcity of Hands.

FARGO, N. D., Aug. 26.—There is great scarcity of threshing machines and men to man them and farmers are becoming alarmed at the situation. Much of the grain is ripening rapidly and there are not men enough to cut it. Some grain growing shrunk on account of being over ripe.

Shock of Earthquake.

LYONS, Aug. 26.—A shock of earthquake felt here today. Also it was general throught France.

Breckenridge Will Run.

LOUISVILLE, Aug. 26.—Hon. W. C. P. Breckenridge was today declared the Democratic nominee for congress from the South district.

Troops Go Home.

BUFFALO, Aug. 26.—All troops have been ordered home except 2,-000 members of the Fourth brigade.

THE CHOLERA.

It is Making Progress Westward, The Deaths Yesterday.

BERLIN, Aug. 26.—Cholera is increasing at Hamburg over eight hundred cases recorded with three hundred deaths.

ST. PETERSBURG, Aug. 26—Cholera returns for yesterday show an upward jump there 6322 new cases. Deaths 2977.

NEW YORK, Aug. 26.—Health officers of New York are today preparing to fight off cholera should it make appearance here. Dr. Edison, sanitary superintendent, thinks cholera will undoubtedly reach this port within the next week or ten days.

DETROIT, Aug. 26.—Special meeting of health board has been held to advise the means of keeping out the cholera.

Cholera Enters England.

LONDON, Aug. 26.—There is no doubt cholera has at length entered England. The disease was brought here by the steamer Gomma which arrived at Gravesend yesterday from Hamburg. Two aliens who arrived on the Gomma were taken sick. They were at once removed to the hospital where they died.

Defaulting Treasurer.

OGDEN, Aug. 26—A profound sensation has been caused in business circles here by the announcement that William V. Helfrich, City Treasurer, was a defaulter in a sum bordering on $150,000.

Helfrich is grand receiver of the ancient order of United Workmen of this jurisdiction. By the defaulcation the order is loser of about $1200.

Held to Answer.

PORTLAND, Or., Aug. 26.—The case of Montgomery, the Albany telegraph operator, who is charged with sending through the United States mails obscene matter, reflecting upon the character of Railroad Agent Chapman, at that place, was disposed of by United States Commissioner Woodward, by his holding the accused to answer before the grand jury, with bail fixed at $250, which was furnished. There was little effort to get down to the bottom facts, which promise to be of a somewhat spicy nature, but Deputy District Attorney Lockwood is satisfied that he can secure all the information he wants before the grand jury is ready to take up the case.

German Authorities Censured.

HAMBURG, Aug. 26.—The papers here, which have been accused of greatly exaggerating the situation, turn on the authorities and attack them for persistently denying the presence in Hamburg of the Asiatic cholera until the violence of the outbreak made concealment no longer possible. They claim if the authorities had admitted at the start that the disease was true cholera, sanitary measures might have been enforced that would have prevented the spread of the disease to the extent it has now reached.

Advice received at St. Petersburg from Astrakhan, on the Volga, says that the cholera, which has been ravaging that city, has lost its epidemic character.

M E CONFERENCE.

Convened in Portland Yesterday at Centenary Church.

PORTLAND, Aug. 26.—At 8:30 yesterday morning the conference of the Methodist church for Oregon convened in the Centenary church.

Bishop J. M. Walden, D. D. LL. D., called the conference to order, and the sacrament of the Lord's supper was administered by him, assisted by all the presiding elders and the pastor of the church.

After singing the doxology, a prayer was offered by Rev. N. Doane, D. D. Then the conference sang "Come Thou Fount of Every Blessing." Following that, Revs. D. L. Spaulding and T. L. Jones offered prayers.

Bishop Walden read the 112th Psalm and a chapter from the Epistle to the Ephesians. He also made an address concerning the Lord's supper.

Rev. John Parsons, secretary of the last session, was re-elected to the same position, and he called the roll of the conference.

Revs. C. E. Cline and H. P. Elworthy were appointed assistant secretaries, Rev. H. P. Webb statistical secretary, and Rev. S. A. Starr conference secretary.

The following ministers were then introduced to the conference.

Revs. T. B. Ford, G. C. Wilding, John Flinn, N. S. Buckner, John Jansen, C. A. Luse and D. M. Ellsworth, of the Puget sound conference.

Revs. G. M. Irwin, M. M. McCart, S. Thurlow, of the Idaho conference.

J. C. Clark and G. W. White, of the African Zion M. E. church.

Among the visitors from San Francisco, prominently, was the Rev. J. D. Hammond, one of the most indefatigable church workers on the Pacific slope.

Rev. G. M. Pierce was requested by the vote of the conference to report its proceedings for the daily press.

Bishop Walden announced the following ministers as having been transferred to the Oregon conference; Rev. J. N. Dennison, of Puget sound; Rev. J. A. Smith; of Kansas; Revs David Wolfe, D. Wigsted, and E. L. Thompson, of Minnesota; G. W. Gue, of the central Illinois conference.

The programme for today is appended herewith:

8:30 a. m.—Conference session.

2 p. m.—Anniversary of Woman's missionary society, followed by Woman's foreign missionary society.

7:45—8:45 p. m.—Anniversary of the church extension society. Address by G. W. Gue.

8.45 p. m.—Anniversary of freemen's aid and Southern education society. Address, D. A. Waters.

SKETCH OF BISHOP WALDEN.

Bishop John M. Walden, who presides, was born at Lebanon, O., February 11, 1831, and is now 61 years of age. He is a well-preserved man, and does not appear to be more than 50 years of age. He was brought up on a farm, and afterward occupied a position as clerk. He graduated in 1852 from Farmers' college. Subsequently he came a journalist and educator. In 1850 he became a local preacher, and afterward was one of the founders of the Freemen's Aid society.

While presiding elder of the Cincinnati conference he was elected agent of the Western Book Concern, which place he filled until he was chosen to the Episcopacy in 1884. He was a prominent member of the ecumenical conference which met in London in 1881. Bishop Walden has charge of all the Methodist conferences on the North Pacific coast.

Democrats of Washington.

OLYMPIA, Aug. 26—At the evening session the first order of business was the nomination of presidential electors. F. D. Arnold, of Chehalis, and L. H. Platter, of Spokane, were made nominees by acclamation. When the roll of counties had been called only two nominees had been presented. Whitman county then nominated J. W. Stearns, and King county distinguished itself by voting solidly against him. Stearns was nominated as was also ex-Governor Church, of Snohomish, who was nominated by acclamation, amid shouts and cheers.

For congress, Thomas Carroll, of Pierce, was nominated by acclamation. Spokane presented J. T. Ronald, of King, and cries from King county followed. The audience yelled to Ronald not to accept. Warner, of Whitman, seconded the nomination, and pledged Ronald 1000 majority for congress. Ronald said it had been his ambition since boyhood, but he could not accept the nomination, as he absolutely favored liberal appropriations for all internal improvements, including Lake Washington canal. The roll call of all the counties had been completed with but one nominee. Yakima then nominated Warner, of Whitman delegation stated that Mr. Warner was a candidate for neither governor nor congressman this year. A recess of ten minutes was taken to enable the convention to present a candidate. A motion to adjourn until morning was voted down.

A motion to suspend the rules and let nomination of second congressman pass, was carried, and nominations for governor were called for. Asotin, first county in the roll call, yielded to Walla Walla, which placed Dr. N. G. Blalock in nomination. Clarke county presented Col. B. F. Shaw. The Yakima delegation left home instructed for Lewis, but as the latter had withdrawn, they would nominate H. J. Snively, of Yakima. Judge Nash, of Spokane, nominated J. T. Eshelman. The vote on first ballot stood: Blalock 64; Shaw 100; Snively 164; Eshelman 3. On motion of Pierce, Snively's nomination was made unanimous. While the ballot was being cast Ronald received a telegram from Seattle urging him to accept the nomination without regard to platform.

After Snively had acknowledged the nomination, James Hamilton Lewis was called to the platform amid vociferous applause, and made a brilliant speech. The convention adjourned to 8 a. m. today.

THE LOTTERY COMPANY.

Making an Effort to Get Into the Hawaiian Islands.

SAN FRANCISCO, Aug. 26.—A recent arrival from Hawaii is authority for the statement that the Louisiana Lottery Co., through confidential agents in Honolulu, is endeavoring to obtain a charter from the legislature there. The company, taking advantage of the well-known need of money in the Island kingdom, offers a tempting bait in the shape of $1,000,000 toward an ocean cable, as well as $100,000 per annum to further local enterprises, and an additional sum to meet half the running expenses of the government. Furthermore, it promises to put on a weekly line of steamers to San Francisco. Owing to the strong religious sentiment of the people, it is doubtful if the proposition will be accepted, though from a purely financial standpoint the arrangement would be a veritable bonanza for the country. The negotiations are being carried on with much secrecy, but as soon as it shows itself in the legislature the missionary following are sure to make a fierce onslaught upon it. If the bill passes, it is not so sure that the charter will be of much benefit to the company, as the United States will doubtless refuse to permit the lottery company to use the mails for the purposes of its business.

RAVAGES OF THE CHOLERA.

The Disease is Spreading in European Countries.

ST. PETERSBURG, Aug. 26.—Wednesday new cases of cholera were 174 in excess of those reported Tuesday, and the deaths were 84 in excess of those reported the same day. The totals for Russia, according to official figures, were 5679 new cases and 2743 deaths. The disease is spreading in this city, but the people now show little concern about it. The number of new cases reported here is larger, but the death rate is smaller. The doctors say the disease is less virulent in character, and that in addition to this the number of deaths has been lessened by better arrangements for the treatment of patients. When the disease first became epidemic the physicians of the city were greatly overworked, but now a number of doctors from other places are serving in the hospitals and much closer attention can be given to the sufferers. The number of hospital attendants has also been largely increased. There has been no relaxion of of strict sanitary regulations, and any violation is met with prompt punishment. It is believed the custom that prevails among the poorer classes, many of whom during the summer leave the city and live at Staraya, Novaya, Derevyna, Polustnovo and other suburbs of St. Petersburg, has done much to prevent the mortality in the city from being greater. As yet these places have been little affected with the disease. Though the outlook is better at present, the authorities are looking forward anxiously to the beginning of cold weather, when the germs of disease will become harmless. One reason for the people of St. Petersburg not getting panic-stricken over the disease is that European, and perhaps also Asiatic, cholera is epidemic in the city, an average of 3700 deaths annually being due to this cause. During the present epidemic the deaths have of course, been far more than usual, but with the disease ever present in the short, but hot summer that prevails here, the people have, in a measure, lost fear of.

Hospital Doctors Acted Foolishly.

ANTWERP, Aug. 26.—The excitement caused by the Asiatic cholera in this city is intense. Those who can are preparing to leave the city. It has transpired the first persons to fall victims to the disease were the dock laborers. They were taken to the hospitals, where the doctors, though they were fully aware the disease was Asiatic cholera, stated to a newspaper representative it was common cholera, and nothing to be feared from it. They acted on the worn-out theory that concealment of the disease will prevent its spread. That their reasoning was fallacious was soon proved, for other patients were soon taken to the hospital suffering with the same disease, and the number of cases has constantly increased since. The first victim died almost immediately after entering the hospital, and the appearance of the bodies, if nothing else, was sufficient proof that common cholera had not caused death. The bodies retain their heat for a longer period than is usual when death is caused by another disease, and they looked as though they had been through a long attack of sickness. Many physicians hold that a postmortem examination would have revealed the fact that malignant and not simple cholera was the cause of death.

He is Entitled to Damage.

SAN FRANCISCO, Aug. 26.—Edward Carlin, a sailor, formerly in the employ of the Pacific Mail company, will enter a claim with the state department at Washington against the government of Equador for $50,000 damages. Carlin says he went to Equador in 1888. At Cuanco, an interior city, he was seized by the police authorities and thrown into the vilest sort of a dungeon, where he was brutally treated for several months. He was then forced to work in the mines for a year and after that was returned to prison, where he was kept nine months more. He was then released and told to get out of the country. The only explanation offered for the indignities heaped upon him was that he was the wrong man. After his release Carlin discovered that he bore a remarkable resemblance to an Englishman who had swindled a number of people, and it was on this account he had been arrested. Carlin's story has been corroborated by a number of Americans and Englishmen at Cuanco.

THE CANAL SQUABBLE.

Privy Council Has Decided to Allow the Status Quo to Continue.

MONTREAL, Aug. 26.—Another meeting of the privy council was held yesterday, the reports of absent ministers on the questions to be decided having been received. It seems to be understood the principal object of the meeting is to consider the action of President Harrison in the matter of canal tolls. It is anticipated by those who appear to be well informed that the government will allow the status quo to continue, as there are only six weeks of navigation remaining this season, at the farthest. Shippers will be reimbursed the 20-cent tolls by the government, and it is expected that by the time the next season's crop will have to be moved Canada will be independent of the American canal at St. Mary's falls, as the canal on the Canadian side will then be fit for traffic. Hugh Ryan, contractor for the St. Mary's Falls canal, has sent a special messenger to this city to secure men for the work, which is to be carried on all winter. In preparation for the opening of excavation, the agent has engaged 50 stone-cutters who will proceed to the works at once and remain all winter. This action is in pursuance of an order from the government to push the canal to completion with all possible expedition.

Fatal Railroad Accident.

GREENSVILLE, Pa., Aug. 26.—Yesterday morning Henry Fisher, bridge foreman on the Shenango, Pittsburg & Lake Erie, started with a force of men on an engine to repair the damage to bridges done by water evening before. At Dixonburg one of the bridges gave way, precipitating the engine to the stream below. Foreman Fisher was killed, and Conductor Diffendiefer had both legs cut off. He cannot recover. Others are said to have been fatally injured. A relief train with physicians on board has been sent to Dixonburg.

Democrats of Idaho.

BOISE, Idaho, Aug. 26—At the afternoon session of the Democratic state convention yesterday the report of the committee on permanent organization was adopted. The committee on platform made a report, and it was adopted.

The platform endorses the platform of the Chicago convention, and pledges its support to the national candidates of the party; free and unlimited coinage of silver is demanded, and the international monetary conference is denounced as a fraud; the enactment of a force bill is protested against. The platform says, on the subject of the Cœur d'Alene riots: We denounce the course of Republican authorities in dealing with affairs in Shoshone county after the suppression of all riotous demonstrations and arrest of rioters as a deep-laid plot and political suppression of a free vote and a fair count and the disfranchisement or expulsion from the state of Democratic voters in that section, we denounce the usurpation of power and the tyrannical course pursued by J. F. Curtis, the military satrap now clothed with a little brief authority in Shoshone county, especially his unwarranted interference with the private and peaceful occupation of men attending to their own business affairs, such as closing down the Poorman and Tiger mines, thus throwing a number of men out of employment. On the subject of admitting Mormons to free privileges of citizenship, the platform says: We brand the provisions in the election law as passed by the Republicans of the last legislature as unconstitutional and expost facto, and demanded its repeal. We favor an immediate test case in the courts for the determination of the constitutionality of said law, in order that this prescribed class of citizens may exercise the rights of franchise at the coming election.

Nominations for governor were then declared in order. E. A. Stevenson, John M. Burke, and J. M. Ballentine were placed in nomination. Nine ballots were taken without decisive result, but on the tenth the Ballentine men went to Burke and nominated him. Burke is a resident of Shoshone county and a prominent mine owner. J. W. Jones, of Blackfoot, was nominated for lieutenant governor, and the convention adjourned till today.

"Thick and Glossy."

THE PRODUCTION of an abundant growth of hair, of a silk-like texture and of the original color, often results from the use, by those who have become bald or gray, of Ayer's Hair Vigor:

"I was rapidly becoming gray and bald; but after using two or three bottles of Ayer's Hair Vigor my hair grew thick and glossy and the original color was restored."—M. Aldrich, Canaan Centre, N. H.

"A trial of Ayer's Hair Vigor has convinced me of its merits. Its use has not only caused the hair of my wife and daughter to be abundant and glossy, but it has given my rather stunted mustache a respectable length and appearance."—R. Britton, Oakland, Ohio.

"I have used Ayer's Hair Vigor for the past four or five years and find it a most satisfactory dressing for the hair. It is all that I could desire, being harmless, causing the hair to retain its natural color, and requiring but a small quantity to render the hair easy to arrange."—Mrs. M. A. Bailey, 9 Charles st., Haverhill, Mass.

READY TO RETURN.

Strikers Proposing to Go to Work Again.

BUFFALO, Aug. 26.—Now that the switchmen's strike is off, the question worrying the men who went out is whether the railroads will take them back. It was given out on several roads that an understanding to that effect was arrived at. Arbitration Commissioner Donovan is quoted as saying: "I had interviews with the superintendents of the principal roads involved, and requested them in the event of the strike being declared off to give employment to as many men who were out on a strike as possible. The superintendents of the Lehigh and Erie assured me they would do so." From other sources it is learned that Lackawanna people will probably take back all the old men.

Superintendent Fennell, of the Lehigh Valley, when asked if he would take the old men back, replied: "President McLeod's circular, issued a few days ago holds good now. In it I am given discretionary powers. On our road about seventy-five or eighty men struck. There are now about twenty-five vacancies. We shall look around and see who the men are who have kept away from the yards and made no disturbances. These men will stand a very good show of getting work."

General Superintendent Bartlett, of the Buffalo, Rochester & Pittsburg, said: "We have men engaged and on the way to take the places of the strikers, and will have no vacancies. We may take back some of our men, but it will hardly be consistent. We granted our men everything they asked for, but it seemed they were determined to strike. When they went out I discharged them and told them plainly they had not acted fairly with the road."

Watching for Cholera Germs.

SAN FRANCISCO, Aug. 26.—Only two ships that by any propable chance could carry to San Francisco any germs of cholera are now on their way here. These are the British ship Jessomene, which sailed from Antwerp Aug. 19, and may be expected to arrive toward the last of next December, and the British ship City of Athens, which sailed from Antwerp August 13, and will propably arrive here about the middle of December. Strict precautions will be taken on the arrival of these ships the port sanitary authorities to destray all dirty clothing, bedding and merchandise suspected of containing cholera germs, so that this city may not become affected.

Fatal Accidents.

EUGENE, Or., Aug. 26.—Lewis Vaughn, the 12-year old son of A. L. Vaughn, was killed in a runaway accident twelve miles east of here, Wednesday evening. He fell from a wagon and the wheel ran over him, breaking his neck. A little daughter of O. Q. Cartwright, was probably fatally burned in Neis' hop yard, above Springfield, yesterday afternoon. She was playing about the camp stove, when her clothing became ignited, she was horribly burned.

SCROFULA

is that impurity of the blood which produces unsightly lumps or swellings on the neck; causes painful running sores on the arms, legs, or feet; develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; is the origin of pimples, cancerous growths, or the many other manifestations usually ascribed to "humors;" and fastening upon the lungs causes consumption, and death. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

How Can It Be CURED

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula or impure blood, be sure to try Hood's Sarsaparilla.

"Every spring my wife and children have been troubled with scrofula, sores breaking out on them in various places. My little boy, three years old has been a terrible sufferer. Last spring he was one mass of sores from head to feet. I was advised to use Hood's Sarsaparilla, and we have all taken it. The result is that all have been cured of the scrofula, my little boy being entirely free from sores, and all four of my children look bright and healthy." W. B. ATHERTON, Passaic City, N. J.
