NEW MINING MACHINERY

P. J. Foster, who resides about three miles west of Salem in Polk county, has invented a machine for mining gold, which is especially adapted to saving fine gold, and works any placer material, from fine black sand to gravel, in fact anything that can be shoveled. The machine is made of iron and steel and weight only 75 pounds complete. It is run by the force of a 1¼ inch pipe of water with a head of four feet. It will work from 8 to 10 tons of black sand, or from 15 to 20 tons of gravel in a day, and save every thing in the shape of gold that will amalgamate. The machine has been tested and is guaranteed to do the work claimed. Machines will be furnished in running order before any pay is demanded. Price complete $150. Call on or address P. J. FOSTER,

TO FRIENDS OF "THE JOURNAL."

At this season of the year many farmers are renewing for the WEEKLY JOURNAL. We trust it is not asking too much to request them to mention the paper to their neighbor who may not be a subscriber. We would like the WEEKLY JOURNAL to go to every farm home in the valley. We cannot place it then without the help of our present readers. As in the past, THE JOURNAL will be an independent Republican paper, seeking to uphold the cause of the masses of the people. It is not under the control of any Portland, Salem, Roseburg or any other ring or clique. It does not dance when they pipe. It seeks to do the "square thing" by the people all around and has confidence they will support it. Circulate THE JOURNAL.

SUGGESTED COMMENT.

If no one had a thought of evil would there be any in the world

Congressman Simpson, of Kansas, had no opposition for a re-nomination.

Timothy seed is $1.46 higher than it has been in Chicago since Aug. 1890.

Chicago wants all the sensations at the World's fair—except a case of cholera.

The legislator who can inaugurate a really good system of roads, can immortalize himself.

The best road, according to Parisian experts, for hardness and unwearable service is made volcanic scoria.

Gladstone's cabinet is filled largely with Scotchmen. The grand old man has not passed by the friends of his early life.

The empress of Germany has had a mis-carriage. Her husband's erratic performances are enough to cause a woman to have almost anything.

Wardner, Idaho, is still under martial law, and the citizens are growing restive. Some of the saloons that were headquarters for the union men have been closed now for over a month.

It is a noteworthy fact that profiting by the experiences at Homestead, Supt. Webb of the Vanderbilt roads employed no Pinkerton men to put down the riots at Buffalo.

Manlio Garibaldi, a son of the famous patriot is on his way to this country. He accompanies the statue of Columbus which Italy has donated to the World's fair, and will receive a grand ovation.

"These new sulkies with pneumatic tires and ball-bearings must be a wonderful help over the old-fashioned sulky. But Sunol will have a trial with one of these sulkies when she goes out this fall to lower the record.

The Western Oregon conference of the M. E. Church opened at Portland on Wednesday with Bishop Walden presiding. Immediately following this conference the bishop will hold a session of the German M. E. conference, after the close of which he will also preside at a session of the Norwegian conference. This work will hold the bishop in Portland nearly three weeks.

A number of the most prominent Democrats have declared that if their party gets into power they will restore the duty on sugar, which the Republicans put on the free list. These Democrats are free traders only when it would injure an American industry; they would tax the people on sugar, tea, coffee and the necessaries. We say, tax the luxuries.

Rabbi Schreiber of the congregation Emanu El., who came to Spokane last winter, and with great energy built up a church on the lines of reformed judaism, has resigned his charge and will look elsewhere for a field of employment. The officers of his congregation assign as the cause of his resignation the fact that he desired a larger and more profitable field of labor.—Spokane Ex.

One California beet sugar factory has turned out this year 2,870,050 pounds of sugar. Of this quantity 516,000 were from the syrups of 1891, and the balance was from this year's beet crop, 2,354,058 pounds. From present indications this year's beet crop will amount to about 50,000 tons, and for every ton the grower will receive about $4 50. This year 40,000 acres have been planted to beets, as against 2700 last year.

The limited express trains of the Chicago, Milwaukee & St. Paul railway between St. Paul and Chicago and Omaha and Chicago.

These trains are vestibuled, electric lighted and steam heated, with the finest dining and sleeping car service in the world.

The electric reading light in each berth is the successful novelty of this progressive age, and is highly appreciated by all regular patrons of this line. We wish others to know its merits, as the Chicago, Milwaukee & St. Paul railway is the only line in the west enjoying the exclusive use of this patent.

There have been the most bloody battles fought and the most lives lost by the miner's rebellion and strike in Tennessee, and we have not yet seen a serious attempt on the part of a Republican newspaper to make political capital out of the misfortunes of rebellion-smitten Democratic Tennessee.

A Wonder Worker.

Frank Huffman, a young man of Burlington, Ohio, states that he had been under the care of two prominent physicians, and used their treatment until he was not able to get around. They pronounced his case to be consumption and incurable. He was persuaded to try Dr. King's New Discovery for consumption, coughs and colds and at that time was not able to walk across the street without resting. He found, before he had used half of a dollar bottle, that he was much better; he continued to use it and is today enjoying good health. If you have any throat, lung or chest trouble try it. We guarantee satisfaction. Trial bottle free at Fry's drug store.

Gents black negligee shirts from 60 cents up, at Osburn's Racket Store. d & w.

Knute Nelson, the low-tariff congressman and now Republican candidate for governor of Minnesota holds: A tariff that makes up for the difference in cost of labor and living in this country and countries that want to supply our market, and no more, he calls a low tariff, a tariff higher than that he calls a high tariff. That is the position of many Republicans, if not of a majority of the Republican party.

Saved a Woman's Life.

Mr. J. E. Thoroughgood, writing from Georgetown, Delaware, says: "Two teaspoonfuls of Chamberlain's Colic, Cholera and Diarrhœa Remedy saved the life of Mrs. Jane Thomas, of this place." He also states that several other very bad cases of bowel complaint there have been cured by this remedy. For sale by Baskett & Van Slype Druggists.

In Plain English.

Unquestionably considered of incalculable consequence in correcting all constitutional contaminations, is Dr. Pierce's Golden Medical Discovery. Can conscientiously commend it to careful consideration, confident of its competency in all controllable chronic complaints.

The "Golden Medical Discovery" is the result of much research and wide experience, by a practical physician of world-renown; its formula embraces the most potent restoratives of the whole vegetable kingdom. It is especially recomended for all blood disorders—dyspepsia, liver and kidney complaints, scrofula, salt-rheum, catarrh and consumption—in its early stages—insuring relief and cure in all cases!

Have You Read

How Mr. W. D. Wentz of Geneva, N. Y., was cured of the severest form of dyspepsia? He says everything he ate seemed like pouring melted lead into his stomach. Hood's Sarsaparilla effected a perfect cure. Full particulars will be sent if you write C. I. Hood & Co., Lowell, Mass.

The highest praise has been won by Hood's Pills for their easy, yet effectual action.

THIS great remedy for the diseases resulting from weakness common to women, is the discovery of a physician who has made these diseases the study of his life. Do you think you would know an anarchist if you saw one?

Heat, humidity, homicide, hydrophobia. August promises to break all records.

"And then, the beautiful great white rain." So sang Joaquin Miller of a storm in Venice on the afternoon of a hot day. In fact, what are more glorious or welcome than the infrequent showers of a "dry summer?"

A unique feature of the Columbus Day celebration has been proposed by the superintendent of schools at Pittsburg. The pupils in the public schools are to set out an extensive grove, covering many acres, in Schenley park, to be known forever as "Columbus Grove." These commemorative forest monarchs will be walnut, maple and oak trees.

Now that Noah's ark has really been discovered upon the top of Mount Ararat, one may reasonably suppose that a "syndicate" of Chicago capitalists has already been formed, with the reverend doctor who made the discovery at its head, to go at once and bring the ancient barge from its moorings, and after its journey to the sea tow it across the Atlantic to America, where it will become a feature of the Columbian fair. As a matter of fact, Chicago must have Noah's ark!

Few people consider the importance of local history. Much of what should be preserved in every neighborhood, town, county and state is lost for the want of using the "art preservative" in making authentic records of current events. Nothing should be lost. Supposing every village or town with its farming, dairy, manufacturing, fruit growing or horticultural interests should employ some competent scribe to make complete records of all affairs of interest occurring throughout the year, giving statistics of value concerning the weather, trade or business in any form. What a mine of practical information such a record would be for all time to come.

A Suggestion from Paris.

The young bachelors of Paris society have sense even if they are accused of certain serious shortcomings. During the fashionable winter season they of course receive many invitations. This summer they are paying what might be called their social debts by giving open air parties in the suburbs of the gay capital, where the velvety lawn answers for carpet and the sky for ceiling. Recently some of them who were clever fixed upon the pretty island in the lake of the Bois de Boulogne as their playground. Invitations by the hundred were issued; all the trees and bushes were decorated with Venetian lamps and colored lights sparkling like countless jewels; a white satin tent was erected, in which, and in the large room of the restaurant on the island, the dancers disported themselves; the lake was furnished with gondolas, wreathed with flowers and sparkling with fairy lights, and this midsummer night's dream was enacted to the delight of one and all. The men, by the way, wore red coats, and the ladies light dresses and large country hats.

Doesn't this narrative embody suggestions, possibly not so gorgeous in the realization for the American young man who was well received at various homes during the past winter, and who desires to recognize his obligations, with something more substantial than the popular but sometimes painful dish of ice cream?

The only time our American flag ever floated over any country of the Old World, as the result of its capture by our forces, was in 1804, when the town of Derne, in Tripoli, at that time a rendezvous for pirates, was captured by General Eaton, of the United States navy.

Do not sit down and whine because you have not what you want in this life, but up and hustle and get it. The world is all before you. There is as much room in it for you as for anybody else, and as good a place.

Usually Zola writes with black ink, but when his very vivid imagination falters he uses red ink as an inspiration. A very Frenchy idea, but one naturally associates rouge-et-noire with a Frenchman.
