THE TRUTH ON THE TARIFF.

In order to understand the Democratic tariff plank it is only necessary to keep in mind the provisions of the plank which was originally reported to the convention by the committee on resolutions. This report was adopted by the convention, but rejected under the leadership of the cheap labor advocates of the South. Here is the original plank:

We reiterate the oft-repeated doctrines of the Democratic party that the necessity of the government is the only justification for taxation, and whenever a tax is unnecessary it is unjustifiable; that when custom-house taxation is levied upon articles of any kind produced in this country, the difference between the cost of labor here and abroad when such a difference exists, fully measures any possible benefits to labor, and the enormous additional imposition of the existing tariff falls with crushing force upon our farmers and workmen, and for the mere advantage of the few, whom it enriches, exact from labor a grossly unjust share of the expenses of the government, and we demand such a revision of the tariff laws as will remove their inequities, inequalities, remove their oppressions, and put them on a constitutional and equitable basis. But in making reduction in taxes it is not proposed to injure any domestic industries, but rather to promote their healthy growth. From the foundation of this Government taxes collected at the Custom House have been the chief source of Federal revenue. Moreover, many industries have come to rely upon legislation for successful continuance, so that any change of law must be at every step regardful of the labor and capital thus involved. The process of reform must be subject in the execution to this plain dictate of justice. This was rejected with scorn, and under the leadership of Henry Waterson, by a vote of 64 to 342, the following was substituted:

We denounce the Republican protection as a fraud, a robbery of the great majority of the American people for the benefit of the few. We declare it to be a fundamental principle of the Democratic party that the Federal government has no constitutional power to impose and collect tariff duties, except for the purpose of revenue only, and we demand that the collection of such taxes shall be limited to the necessities of the government when honestly and economically administered. The original plank had some regard for wages, but the one which was adopted none whatever.

SHOULD GO TO THE BOTTOM.

There is to be another hearing of the troubles of Rev. C. L. Corwin before the trustees.

Either Mr. Corwin is a terribly slandered and persecuted man or his days of usefulness in the pulpit of the First Congregational church are ended. He has done a grand work for the church here and that will always stand to his credit.

The trustees should not allow the persecutors of Mr. Corwin to keep up their work unless they have facts and truth to present. If they have, they should be given a chance to present them fully. If they have not, Mr. Corwin should be vindicated and the peace of this prosperous society and the whole city be again established.

THE JOURNAL looks at the matter from the public and the people's standpoint--that of an outside party. But matters cannot rest where they are.

THE UNIVERSITY.

A few weeks ago a committee was appointed to assist in raising twenty thousand dollars for a new building for the needs of the Willamette university. No doubt such a building would be desirable on the part of the city and university as well.

The committee has not done much towards the completion of the task assigned them. Twenty thousand dollars is a big sum to raise in a presidential election year. This should have been considered before they were appointed. No such large undertaking should be started in a public way unless it is carried through to success. A failure hurts the cause, the good name of the city, the newspapers that advocate it, and does not help anyone.

THE JOURNAL would like to see any educational enterprise receive help to good work, but does not believe enterprises begun and not carried out help any.

A BIG AD.

The half page advertisement of the Oregon Land Co. in this paper

Highest of all in Leavening Power.--Latest U. S. Gov't Report

Royal Baking Powder

ABSOLUTELY PURE

should interest a large number of our citizens. That Co. offers one of the largest lists and greatest variety of lands ever sold and it is to be sold at auction without reservation.

These lands are divided up so that they will come within the reach of men of moderate means, 5, 10 and 20 acre lots, enough for a home, and with good work enough land to support a family, economical and inclined to be industrious.

The terms are very easy and will enable many a man to become a land owner, who would never otherwise own a foot of soil or any sort of home.

The sooner more of our working people get a small tract of land and become producers the better will it be for them and for the development of the state.

Read the ad. carefully.

NORTHWEST NEWS.

The saw mill at Mills City, is cutting about 25,000 feet of lumber per day.

Quite a number of men have come up from Portland to Roseburg, to work on the Coos Bay railroad.

Men digging a well on the North Umpqua struck a yellow dirt, and in washing it succeeded in getting \$2 in gold to the pan.

Tobacco with leaves thirty-three inches long and seventeen wide has been grown this year in Grant county along the John Day river.

Frantz Bros. in Kings Valley, Benton county, have made an assignment. Liabilities, \$18,000; assets, \$30,000.

Hon. A. Bush of Salem, contributed \$50 to the Western Democratic Campaign Fund, which is acknowledged in the New York World.

A Little Girl's Experience in Lighthouse.

Mr. and Mrs. Loren Treasott are keepers of the Gov. Lighthouse at Sand Beach, Mich. and are blessed with a daughter, four years old. Last April she was taken down with measles, followed with a dreadful cough and turning into a fever. Doctors at home and at Detroit treated her, she grew worse rapidly. Then she tried Dr. King's New Discovery and after the use of two and a half bottles, was completely cured. They say Dr. King's New Discovery is worth its weight in gold, yet you may get a trial bottle free at Dan'l. J. Fry's drugstore, 225 Com'l St.

MINNEAPOLIS, Oct. 12.--(Special.) The eighth national council of the Congressional churches of the United States met in Plymouth Church in this city today. The body, which meets every three years, represents a collection of American Congregationalism, so that anybody can represent a church of independent connection.
