In Memory of Luther Snyder.

Death has been here and borne away,
A dear one from our side,
Just in the morning of his day,
In his blooming youth he died.
Not long ago he filled his place,
But now we're left to mourn,
Gone to reap a rich reward,
The work of earth is done.

We miss thee in our home so dear,
There is none can fill thy place,
A shadow o'er our life is cast,
We miss the smile we of thy face,
We miss thy kind and willing hands,
Thy fond and gentle care,
Our home is sad without thee,
We miss thee everywhere.

Those kind, those tender loving hands,
Have laid him down to rest,
The lid who gave him to our care,
His sweet, young soul has blessed.
And yet, we feel with gladness,
Our loss is his eternal gain;
Dear Luther lives with Jesus,
Safe with Jesus, free from pain.

We look forward to that day,
Where blood-bought spirits dwell,
Where loved ones once united,
Can never say farewell.
When we leave this world of sorrow,
Where we lost our father dear,
We will find our missing loved one,
In our Father's mansion fair.
[Written by his mother.]

GREAT LECTURE.—Prof. Nourse

who lectures Oct. 21st for the Salem Y. M. C. A. is thus spoken of by the Vancouver News-Advertiser: As was expected, the lecturer, while full of that which we intensely humorous, was above all things dramatic. It is too late in the day now for Mr. Nourse to go on the stage, but many a "star" in some of Shakespeare's dramas could learn a lesson from this preacher. The closing part of the lecture, the transformation of Dr. Jekyll into Mr. Hyde, the despair, the ontory, the picture of the gibbering idiotic, sin-mastered wretch, were marvelous.

BEING RAISED.—The Clark & Eppley grocery store and Ed. Cross' meat market on Court street are being raised up to the new grade. Howard, the house mover, is doing the job with his little hatchet.

HOPS WILL BE HIGH.

So Say the Growers, and they Refuse to Sell.
Portland Telegram:
Twenty cts. is being offered freely by buyers for hops, but growers are still holding off for better bargains. Buyers are extremely cautious, but it is thought that they would offer 25 cents providing they thought this price would be accepted. Good hops are expected by growers to bring at least 35 cents this fall. A great deal, however, depends on whether growers will rush their products on the market at the first signs of a drop.
The first grower to ship a bale of hops last year was John Wooding, and he was also the first this year, says the Slaughter Sun. Week before last he shipped 52 bales to Blackhawk, Milwaukee. These were on contract through N. A. Bigelow.
Payallup Citizen: Without doubt this has been the quietest hop-picking season in the history of Payallup. Hon. J. P. Stewart has been offered 20 cents for his crop. Most growers are getting from one-half to three-quarters of a ton to the acre. J. Fernandez is getting 11 tons from 12 acres. W. J. Bowman is getting 15 tons from 15 acres.

IS instantly afforded sufferers from Bronchitis, by the use of Ayer's Cherry Pectoral. Either as an anodyne, to allay inflammation, or an expectorant, to loosen and bring away the mucus, this preparation has no equal.

BECOMING POPULAR.

That is what we claim about street improvements. And it is a fact. Before next spring there will be a general demand for grading and paving of all our best business streets. It would not be surprising if something better than what the city is now doing would be demanded.

It must be remembered that neither the contractors nor the council selected the present style of improvement. The council was almost driven by conservative citizens to use gravel. That is the fact.

But that is neither here nor there. The great fact remains, that the ice is broken. The people of this city want something better than country roads.

Cholera.

When properly treated as soon as the first symptoms appear, cholera can nearly always be cured. The patient should go immediately to bed and remain as quiet as possible. Send for a physician, but while awaiting his arrival take Chamberlain's Colic, Cholera and Diarrhoea Remedy in severe epidemics of dysentery that were almost as severe and dangerous as cholera, and if used as directed a cure is almost certain. Every family should have a 50 cent bottle at hand ready for instant use.—After the disease is under control, castor oil must be taken to cleanse the system. No other physic or substitute will do in place of castor oil. For sale by Baskett & Van Slype, druggists.
