GOODHUE & CAHILL

GOT A HEN ON.—Uncle John Minto has joined the poultry fanners, in thought at least. He told the state fair people in so many words that a good breed of laying hens was worth more to Oregon than all the scrub trotting horses in existence. He is reported to have said at the state fair institute that "the man who would breed a hen with the capacity to transmit to her progeny the ability to lay twelve eggs per year more than the best hens now lay, would do far more to promote the actual welfare and enjoyment of the human race than he who breeds a horse which breaks the speed records."

ROBERT NOURSE.—"The greatest dramatic orator of the world" to-night under the auspices of the Salem Y. M. C. A. "His wit, keen, cutting and pleasing; anecdotes; his laughable impersonations; his pronunciation and imagery; his frequent flights of true eloquence—must all be considered in forming an estimate, and then you do not know him until you have heard him." Transcript, Lexington, Ky. Mr. Nourse also lectures Sunday afternoon for the Y. M. C. A., and Monday evening again at Reed's opera house.

THAT BEARDED CROWD.—Dan Fry, the druggist, will join the bearded crowd. He has it well started on a pair of expansive summer-fallow cheeks and is using some of the best brands of liquid fertilizer prepared for the growing of hirsute appendages. He will soon catch up with a fine winter beard long enough to wear in place of a neck scarf.

NO MORE DIRT.—The street committee has stopped all hauling of the city's dirt onto the street by the contractors. An arrangement was made last night with the contractors by which a load of clean gravel is put in place of a load of dirt. The contract called for only a three inch surface coat of gravel. The contractors are putting on from 6 inches to two feet, better than is called for.

HELP THE POOR.—That is always in order. The Salem Woman's Relief Corps give a Columbus social at the Grand Army hall Monday evening, the 17th. Inst. Refreshments, a literary and musical program and general good time are ahead.

WE ARE RIGHT THERE.—When it comes to fruits and family groceries Squire Farrar & Co. are right to the front.

STATE HOUSE NEWS.

Personal and General—The Difference Between Judges and Editors Explained.

Governor Penneyer is in Portland but Private Secretary Munley runs the office in good style.

The rebuilding of the legislative hall is rapidly nearing completion.

The supreme court has taken its usual adjournment until next Monday afternoon.

Had it occurred to anyone that the state house dome will cost more than the whole expense of street improvements in this city so far.

"You editors have an easy time of it compared with supreme court judges," remarked one of the ermine wearers to the state house reporter. "How is that?" quoth the scribe. "You don't have to read one another's opinions." And all the judges laughed.

Supt. McElroy goes to Lane county tomorrow. He sent Prof. DuMont Lotz to hold an institute in Lake county.

The Supt. of Union county will hold an institute at Wadsworth, beginning next week, Tuesday.

BROTHER, UNCLE OR LOVER?

A Lebanon Young Woman in Search of One or the Other.

Miss Eva Springer, of Lebanon, arrived in the city today in search of a man. She is a pleasant appearing young woman of 18 to 20 years, and a reporter found her in tears at the Western Union Telegraph office. Her eyes had been cried red and swollen and she looked as tho' she had lost sleep.

HER STORY.

Her tale was this: She had a letter from her brother, who was employed on street work in Salem. When asked to show the letter she corrected herself and said it was from her uncle, Chas. C. Eddy. The letter was not signed, but bore the inscription on the envelope to be returned to that address at Albany.

A perusal of the letter would lead anyone to conclude that he was more than uncle or brother. The missive contained terms of affection and endearment that no niece ever received in black and white. The contractors' pay rolls were searched in vain for "Uncle" Eddy's name.

Miss Springer was escorted to a lodging house by a kind-hearted lady employee of the Telegraph Co. The JOURNAL promised to advertise for Mr. Eddy and help bring him to the side of his niece, who had been persuaded to leave her home at Lebanon and come to Salem, where he had held out the inducement of employment. Miss Springer is stopping at a boarding house, awaiting the appearance of the man whose letter enticed her from her parents.

WANTED FRED.—Fernanda Seebale and son Henry, had an examination before Judge Goodell this morning, charged by C. D. Rynearson with taking a sack of oats and a sack of shorts, that was left in the alley at his barn on Front street. Two witnesses saw them take it and the elder was fined \$25. Henry was discharged. Their plea was that a man told them he had feed to sell and told them to go there and get it.

Brickel of Seattle, who has been all over the Pacific Northwest searching for a farm home, came to Salem finally and bought a tract on the Ankeny place south of Salem of the Pacific Land & Orchard Co. Great Relief

Instantly afforded sufferers from Bronchitis, by the use of Ayer's Cherry Pectoral. Either as an anodyne, to allay inflammation, or as an expectorant, to loosen and bring away the mucus, this preparation has no equal.

"Last winter I contracted a severe cold, which, by repeated exposure, became quite obstinate. I was much troubled with hoarseness and bronchial irritation. After trying various medicines, without relief, I at last purchased a bottle of Ayer's Cherry Pectoral. On taking this medicine, my cough ceased almost immediately, and I have been well ever since."—Rev. Thomas B. Russell, Secretary Holston Conference and P. E. of the Greenville Dist. M. E. C., Jonesboro, Tenn.

"My mother was sick three years and very low with bronchitis. We feared nothing would cure her. One of my friends told me about Ayer's Cherry Pectoral. She tried it, has used eight bottles, and is now well."—T. H. D. Chamberlain, Baltimore, Md.

Cholera.

When properly treated as soon as the first symptoms appear, cholera can nearly always be cured. The patient should go immediately to bed and remain as quiet as possible. Send for a physician, but while awaiting his arrival take Chamberlain's Colic, Cholera and Diarrhoea Remedy in double doses after each operation of the bowels more than natural. If there is severe pain or cramps, take it in double doses every fifteen minutes until relieved. This remedy has been used with great success in severe epidemics of dysentery that were almost as severe and dangerous as cholera, and if used as directed a cure is almost certain. Every family should have a 50 cent bottle at hand ready for instant use. After the disease is under control, castor oil must be taken to cleanse the system. No other physic or substitute will do in place of castor oil. For sale by Baskett & Van Slype, druggists.
