GUESSING ON MARION.

Various Estimates on the Probable Result of the Election.

L. L. Patterson: We will carry the county by 800 plurality.

Judge Batchelor: Pierce may get a majority. We will carry the rest of the ticket by 300 to 500.

John G. Wright: We will have 700 to 800 over fusion.

Postmaster Gilbert: 700 for Harrison over fusion.

Senator Hirsch: If we get 300 over fusion we will do well.

Lewis Pettigrew: We are going to come very near carrying it for Weaver.

F. J. Wrightman: We will go better than a thousand majority in Marion county.

George S. Downing: I marked the Republican plurality in this county with a friend this morning at 476.

GRAPHIC WORLD PICTURES.

Professor Donald Downie's illustrated lectures receive the most flattering attention. They leave nothing obscure. His beautiful views are colored true to nature. The entertainments appeal to the highest intelligence.—San Francisco Call, June 26, 1891. History, literature and art combined. Mr. Downie's perfect familiarity with the French language is a great advantage.—Fall River Journal, Mass. In each of his lectures he exhibits 150 beautifully colored views, showing and teaching more of the world in an hour and a half than one can learn in a year in any other way and at big expense. He gives graphic illustrations with wonderful force and intensity. Rev. Dr. Talmage wrote to him after a lecture at the Union Square theater, New York: "I wish to express my great satisfaction. The lecture was highly interesting and instructive. The views were simply perfect for clearness and beauty. I feel as though I had traveled with you." Closing performance at the opera house, Wednesday night.

BEAUTIFUL SOUVENIRS.

The Southern Pacific railway company sends the JOURNAL two fine souvenir publications concerning the great winter resort hotels at Monterey and Paso Robles, California. The books are gems of the printer's art, and only suggest in a mild way what that wonderful country has to offer in the way of mid-winter comforts. This wonderful country and its magnificent climate draws pilgrims from all parts of the world during the season when it is uncomfortable nearly everywhere else. Although the summers there are almost unbearable, the winters are always warm and balmy. Gen. Pass. Agt. E. F. Rogers will take pleasure in sending any one interested not only the advertisements of these famous resorts but also some of the most interesting information regarding the methods of getting there over the great Shasta route. Send to his office at Portland and get these convenient and valuable sources of information.

Thesants, grouse, and plenty of the poultry, at Davison & White.

THE SILETZ RESERVATION.

Accurate Information About Indian Lands Soon to be Opened for Settlement.

A number of newspaper statements, regarding the work of the commission, to arrange for the opening of the famous Siletz Reservation of Indian lands, have been made public, but all more or less erroneous as to the facts. This reservation is one of the most romantic regions of Oregon. It is rich in timber, agricultural and grazing lands and fisheries. Its rivers are clear as crystal and its climate wonderfully equable and healthful.

THE COMMISSION'S WORK.

The government commission, consisting of Judge R. P. Boise, Gen. W. H. Odell, and Maj. H. H. Harding, who were appointed to purchase the surplus lands of the Siletz Indians, and their Official Stenographer M. S. Pogue, have returned to Salem, after concluding their work, and from them THE JOURNAL gains the following information of interest:

The amount of lands purchased from the Indians, is approximately 170,000 acres; much of which has not yet been surveyed. The most of the land is mountainous and covered with very fine timber, consisting of fir, cedar, spruce and hemlock. On Salmon river, the extreme north boundary of the reservation, our informant says there is considerable bottom land, which will make desirable homes. The major portion of the farming lands however, have already been allotted to the Indians in severalty. Some of the Indians own good farms, and cultivate them in the most approved manner, raising horses, cattle and sheep in large numbers. Many of the Indians, however, are of a shiftless disposition, and care little whether school keeps or not. The price agreed upon for the lands ceded was \$142,000.00; one hundred thousand dollars, of which is held in trust by the government, at five per cent. interest, payable annually. The balance is to be divided equally between the five hundred and sixty-eight Indians, now on the reservation; all adult Indians to receive a cash payment of \$75.00 each, after the contract is ratified by congress, and the minor Indians to receive their respective shares on the first day of March, after becoming of lawful age.

The pro rata shares on which payments are deferred will also draw interest at 5 per cent., payable annually to the parents or guardians of the minor children.

The government has for a long time maintained an agency at Siletz, keeping up a school for children, and supporting the Indians who were not able to support themselves, until the majority of them, at least, are deemed capable of taking care of themselves and their property; and it is the policy of the government to give them patents to their allotted lands within twenty-five years, at which time those still living will perhaps be made citizens.

Salmon and Siletz rivers are said to be two of the best salmon breeding streams on the Pacific coast, and if opened for settlement, fisheries and canneries will no doubt be established, and this undeveloped country will furnish subsistence for many people in various lines.

RIPE RASPBERRIES.

Misses Maggie Grilly and Belle Chatfield, yesterday picked a lot of ripe raspberries from the garden of Mr. Gosline, a few miles below the city. They were large and luscious.

REBUILDING.

The Club stable which was recently burned is being rebuilt by the owner, Jay C. Smith. It will be put into as good or better shape than before.

THE LEADERS.

Squire Farrar & Co. introduced the genuine old-fashioned New England maple syrup and people have a large supply. Salem people seem to appreciate it.

THE BALLOTS FALL.

Voting at Salem According to the Australian Ballot.

The day for the national election was a perfect one at Salem. Rains which had been threatening for several days held off and the temperature was mild as in summer, the roads good, and outlook fair for a full vote.

All was orderly and quiet. The election arrangements were excellent and the ticket being small and more conveniently arranged than two years ago, or even last June, the ballots were quickly prepared and cast—provided the voter knew what he wanted to vote. Republicans had no difficulty in fixing their ticket. As a rule they made a straight mark through the sheet, erasing all but the four Harrison and Reid electors. A modest supply of carriages were in readiness to escort the lame, halt and blind to the polling places, but they were not much used. Republicans walked up shoulder to shoulder and voted solidly all day long. At some city precincts there have been three Republican to one opposition ballot cast.

The Democratic vote at Salem is light and badly split up, not all of it coming out and what was out was divided between Weaver and Cleveland. There were general denunciations of the state Democratic committee and the general opinion seems to be that Chairman Murphy has made a fool of himself. Indications are favorable to a Republican victory in this city and county as the JOURNAL goes to press.

There were no Democratic carriages out. Plain Democrats, opposed to fusion, had to walk. There were many fine rigs out to carry voters for the People's party, but they were not in great demand, as most who voted that ticket were able to walk.

A GRAND SUCCESS.

The "box supper" which was given at Sunnyside, seven miles south of Salem, last Saturday evening, was a glorious success, and a royal good time was had by all present.

VOTE FOR THE BEST.

Kangaroo shoe for \$4 in Oregon, found only at R. J. Fleming's, 118 State street.

SIMMONS LIVER REGULATOR.

The fee of malaria—it throws off the bile and prevents its accumulating.

LATEST INSTRUCTIONS OBEYED.

DEAFNESS CAN'T BE CURED.

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that we cannot cure by taking Hall's Catarrh Cure. Send for circular, free. F. J. Cheney & Co., Toledo, O. Sold by druggists, 75 cents.

KEEP AWAY.

If you don't want a pair of the best overgaiters on earth for only 75 cents, at R. J. Fleming's, 118 State street.

THE Full Election Returns.

Will be bulletined at the Hotel Willamette.

DON'T EFFECT THEM.

Which ever way the election goes Clark & Epply will continue their popular methods of selling groceries.

A Wasplish Sting.

What some was terms "the business end of a wasp" sting with scarcely more acuteness than the acid eruptions that come from the stomach in species that we characterize as barburus. Never was there a case of indigestion without this symptom. Both cause and effect are removable by the fine carminative tonic, Hostetter's Stomach Bitters, which confer regularity and vigor upon a disordered and enfeebled stomach with certainty and dispatch. Besides checking the pranks of a rebellious stomach, the bitters wakes up a dormant liver, and causes the bowels to act like clockwork. An immense regulation has also been won by this prominently approved medicine as a means of eradicating and preventing malarial troubles and counteracting a tendency to rheumatism and kidney complaints. Straggle and nervousness are also remedied by it.

Why suffer with dyspepsia, biliousness or any disease of the liver when you can be cured by Simmons Liver Regulator?

Wood, Wood.—Plenty of it sawed and ready for delivery. Leave your orders at Ryan's stable, corner of Ferry and Liberty. 416-104*

BUCKLEN'S ARNICA SALVE.

The Best Salve in the world for Cuts, Bruises, Burns, Ulcers, Salt Rheum, Pever sores, Tetter, Chapped Hands, Chilblains, Corns and all skin eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price, 25 cents per box. For sale by J. J. Fry, 230 Com St.

MISS TWICHELL.

At the residence of Edward and Augusta Lynes, Nov. 7, 1892, Miss Nellie Lynes and Raymond Reeves, (both of this county), Rev. J. W. Spangler officiating.

DEATHS.

In San Francisco, Nov. 3, 1892, Alice Mayo Twichell, dearly beloved sister of George and Frank Twichell, a native of The Dalles, Or., aged 28 years. [Boston, New York and Salem, (Or.) papers please copy.]

Miss Twichell will be remembered at Salem by having been the guest of ex-Governor Moody's family last summer.
