STARR-HAYES.—This evening will take place at the residence of Mr. and Mrs. H. E. Hayes, East Salem, the marriage of their daughter, Miss Alice F. Hayes, to John H. Starr. The bride is the accomplished daughter of Grand Master Hayes of the State Grange. The groom is a graduate of the State Agricultural college and well known in this city, and especially to readers of the **WEEKLY CAPITAL JOURNAL**, the interests of which he has represented in all parts of the valley for some time. Mr. and Mrs. Starr will go to Albany this evening and then on a trip to Portland. C. B. Starr and wife, of Monroe, Or., and Senator Hayes, of Oregon City, and other relatives of the bride and groom are in the city to witness the nuptials which will be solemnized by Rev. C. L. Kellerman of the First M. E. church. The **JOURNAL** force and a host of friends wish Mr. and Mrs. Starr unbounded joy and success in their married life.

CIRCUIT COURT.—Wednesday's cases: Wm. F. Miller was sentenced to pay \$100 fine and stands committed until paid. State vs. Rider, which plaintiff was indicted for keeping a vicious dog, was acquitted. State vs. Kreutzer, for robbing Lily King, was tried this morning. He got away with some silk hosiery, jewelry, an ornate watch and several bottles of consumption cure. He was released. The trial of Fred Van Wagner is on this afternoon.

POSTPONED.—The trial of W. H. H. Dunkle, on charge of assault on Ross McCormick, was continued until next Monday at 1 p. m. by consent of attorneys. Mr. Dunkle is a free Methodist preacher in East Salem, and is an inoffensive order-loving citizen. Some roughs attempted to break up his meeting and afterwards assaulted and beat a man outside. Dunkle went out and pulled them off the beaten man, and had them arrested. Hence this cross-cut against Dunkle.

BOARD OF AGRICULTURE.

Arrangements Completed for the Next Annual Fair.

A number of the most prominent men in the state were in the city Tuesday, it being the day for the annual meeting of the State Board of Agriculture.

The meeting was held at the state house in the afternoon, there being present the following members: Galloway, Holt, Miller, Wilkins, Wright, Matlock, Simpson, Apperson and Guthrie.

The revision of the premium list was deferred until some future meeting of the board.

Messrs. Apperson, Galloway and Matlock were appointed to prepare a speed programme, for the 1893 meeting, to be reported at some future meeting of the board.

Messrs. Miller, Wright and Galloway were appointed a committee to prepare resolutions upon the death of Gaines Fisher.

A. F. Miller was appointed a special committee to inquire into and make recommendations concerning the premium list in division O (floral department).

M. Wilkins for division F, G and H (Oregon manufactures, dairy, and domestic woolen goods).

John G. Wright for divisions J and K (millinery, sewing and knitting, and for misses under 16 years of age).

The secretary was authorized to renew membership in the National Trouting association.

The report of the committee on special exhibits was amended so as to include diplomas to the Sugar Pine Fash and Door factory and the agricultural college.

Rule No. 69 was amended so as to read: In any division where the first premium amounts to \$20 or over, the winner may have his choice of the money or a gold medal; where the first premium amounts to \$9 or over, of the money or a silver medal; and where the first premium is \$5 or over, of the money or a bronze medal.

Or any winner of a premium may take a bronze medal or a diploma.

It was moved to appoint a committee to ask the legislature for an appropriation of \$20,000 to clear the indebtedness and improve the state fair grounds, but the motion was lost.

The president and secretary were authorized to draw a warrant for the interest due on the mortgage against the Oregon.

The Oregon Breeders' and Speed association was granted the use of the race track and stables on July 4th, 5th and 6th. It is contemplated to make certain improvements to the track and grounds; and the board will afford the association all courtesies possible, in view of the circumstances.

The following were elected officers of the board for the ensuing year: President—J. T. Apperson. Vice-president—Wm. Galloway. Secretary—J. T. Gregg. Treasurer—A. Bush. Chief marshal—W. L. Simeral. Superintendent of pavilion—W. H. Savage. Superintendent of grounds—J. Q. Wilson. Executive committee—W. F. Matlock, Wm. Galloway, T. L. David, son and J. G. Wright.

Finance committee—M. Wilkins, A. F. Miller and S. H. Holt.

It was the decision of the board to co-operate with the legislature as far as possible in securing to Oregon a creditable exhibition at the world's fair.

The board adjourned to meet at the call of the president, which will probably be in March.

THE 'MUM FAIR.

Opens Thursday at the Armory Building for Three Days.

The Kinder Symphony club has completed arrangements for the success of the chrysanthemum fair which is to be held in the armory building Thursday, Friday and Saturday this week. Deep interest is being taken in the fair by people all over the state and many tenders of flowers have been received from Medford on the south, and Portland and other cities on the north.

A literary program of exceptional excellence has been prepared and will precede the show on the first evening. The second evening will be marked by a brilliant entertainment given under the name of Columbus evening, when gorgeous tableaux, illustrating different periods in the life of the great navigator will be produced in specially prepared costumes rivaling in beauty anything of the kind ever seen in the city. The third evening will be devoted to all the amusement, entertainment and instruction that can be obtained from a really novel cake walk one of the historic relics of negro frolics on the plantations in the sunny south. There will be good music and every body in attendance will be expected to enjoy themselves and every thing around them. The management regrets its inability to give cash premiums this year, but the way will be paved for a chrysanthemum club and a show of dazling beauty next year. First, second and third premiums will be awarded for excellence this year and there will be competent and conscientious judges. Anyone wishing to exhibit flowers and to aid in making the show a success should confer with the president, Mrs. A. N. Bush. She will give directions for the proper placing of all exhibits.

The ladies of the Kinder Symphony club and the committee of the Episcopal church have been busy all day perfecting arrangements for success of the first chrysanthemum fair in Salem.

The Armory hall is being decorated with evergreens, and the exhibits of plants and cut flowers are coming in and being arranged. By tomorrow the armory will be a perfect bower and everything points to a great success for this first show.

The management requests that all who are to take part in the Columbian evening shall meet for full rehearsal at the armory tonight at 8 o'clock.

All flowers for display and decoration should be sent in as early as Thursday noon. Conveyances will be sent for any plants on request for the same.

The fair opens Thursday evening, when the opening program will be rendered. Everybody should endeavor to be present.

American Cholera.

From the Daily Reveille, Wheelock, Washington: "T. C. Burnett, the Democratic candidate for sheriff was taken violently ill at Clearbrook. He had all the symptoms of Asiatic cholera, and for an hour or two it was feared he would die. They finally gave him a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which revived him until a physician arrived." That is precisely what the manufacturers of that medicine recommend for cholera. Send for a physician but give their medicine until the physician arrives. If cholera becomes prevalent in this country next summer this preparation will be in great demand because it can always be depended upon. For sale by Baskett & Van Slype.

Gallery Criticism.

Many years ago I was playing in Dublin. I was suddenly called upon to take a heavy part—the actor who was cast for it having been taken ill. In those days your gallery boy was a much greater controversialist than he is now. I mean if a couple of gallery friends were separated they thought nothing of holding a conversation across the house while the play was in progress. Well, I made my first entrance.

"Is that him—eh?" shouted one youth to another.

"No," came the reply; "them is the young man's clothes. They'll shove him out later."—Henry Irving in Strand Magazine.

Avoiding a Dispute.

Niece (showing the wedding presents to Uncle George)—I wanted you to see them all, dear Uncle George, so that you wouldn't send a duplicate. Duplicate wedding presents are so very annoying, you know.

Uncle George—H'm! What's this? Niece—That's papa's check for \$500. Isn't it lovely!

Uncle George—Very. I intended to send the same thing, but rather than annoy you with a duplicate present I'll send you \$100.—London Tit-Bits.

Landlord—Jes' so.

Trying to Mind.

Mother—See here! I told you not to stir out of the yard, and you went out and nearly got run over.

Little Dick—That was 'cause I was tryin' to mind you an not stir.—Good News.

That depends upon the Liver.

If the Liver is inactive the whole system is out of order—the breath is bad, digestion poor, head dull or aching, energy and hopefulness gone, the spirit is depressed, a heavy weight exists after eating, with general despondency and the blues. The Liver is the housekeeper of the health; and a household, simple remedy that acts like Nature, does not constipate afterwards, require constant medicine, does not interfere with business or pleasure, ing its way, makes more Liver Blood, and gives the medical profession a new clue.

is Life Worth Living?

I have tried this without knowing how. It is the best I ever used for cholera, and I have used it on several occasions and with great success. It is a life-saving medicine and is sold everywhere.
