FRED DOUGLASS SPEAKS.

Relations of Colored Race to the Administration.

NEW DEAL IN KANSAS POLITICS.

Train [Wreckers — Cholera — Crime in Milwaukee.

Fred Douglas's Address.

WASHINGTON, D. C., Nov. 21.—Hon. Fred Douglas has received so many inquiries since election from the members of the colored race who are anxious to learn views as to the probable effect of Democratic ascession to power that he has put his answer in the form of a printed circular. There will, be thinks, be made by new administration no disastrous assault upon the enterprise, industry and welfare of the country. Democrats will endeavor to overhaul the tariff and in some cases changes will be made, but the principle of protection they will neither ignore nor abandon. As to the effect of the election of Cleveland upon the condition of the colored people in the south, Mr. Douglass says he is free to say that he has his fears as well as his hopes. "One thing I may with sefety say: it is this—it will be hard to make their condition in the South much worse than it is now and has been during the present administration.

No Chinese Vessels.

WASHINGTON, Nov. 21.—There will be no Chinese vessels at the great naval review in the spring. Minister Denby transmitted to the Chinese government a cordial invitation from the government of the United States to send some vessels, representative of the Chinese navy, to the review, but according to the report received from him at the navy department today, Yamen replied that China had but recently added steam vessels to her navy, and the officers were unacquainted with the navigation of the distant western sea, so that the many difficulties likely to be met would make it necessary to decline the invitation.

Kansas Politics.

TOPEKA, Nov. 21.—The prospect of a Democrat for speaker of the legislature is not improbable. There will be but four Democrats in that body, and they will hold the balance of power. It is semi-officially announced that a Democratic candidate will open headquarters in a day or two and make the race for the speakership. His name is Joseph Rosenthal, and he is a banker of Santa Fe, Haskell county. A dicker with Republican forces is reported, by terms of which Rosenthal proposed to help them organize the house. He thinks that a contest can be made successfully. This would give Republicans a successor to Senator Perkins. Rosenthal is opposed to fusion.

Train Wrecking.

ATLANA, Ga., Nov. 21.—Train wreckers placed obstructions on the track of the Western and Atlanta railroad last night two miles from the City. The engine and four cars left the track. Engineer, Squires, and fireman are fatally injured. The train was wrecked at the same spot a year ago in the same way, by putting iron bands across the rails. The purpose of the wreckers is supposed to be robbery.

The Cholera

ST PETERSBURG, Nov 21—Eleven new cases of Cholera and there deaths are reported yesterday.

Triple Crime.

MILLWAUKEE, Nov. 21.—Wm. B. Binder, a book keeper for Lieudersdorf Tobacco Co., shot and killed his wife, seven year old daughter and himself.

CHICAGO, Nov. 20.—Representatives of Chicago, local financial, commercial, railroad and business worlds turned out in force last night at the Grand Pacific hotel as the guests of Drake, Parker & Co., upon the occasion of the 37th annual game dinner tendered by the management of the Grand Pacific to its friends. Covers were laid for 600 guests and every seat had its occupant. The main banqueting hall of the hotel was elaborately decorated with choice exotics and 100 incandescent lamps shed a mellow light upon the banqueters. The set pieces that adorned the principal tables were remarkably novel in design. One was a unique representation of the Sullivan-Corbett battle, the principals, two enormous black bears, being in the center of the ring, Corbett having Sullivan's head in chancery. As spectators there were animal inhabitants of all climes.

POLITICAL POINTERS.

A New Political Machine Set Up and Running—Field Interviewed.

WASHINFTON, Nov. 20.—Justice Field was seen Saturday concerning the report that he might withdraw from the supreme bench. He said: "I do not wish to be quoted further than to say I am not responsible for that report and do not know how it origionated. I have always said to my associates of the supreme court that when I became too old to discharge my duties faithfully I would retire. I am now 76 years old. My general health is good, with the exception of a lame knee."

Quay Endorsed.

PHILADELPHIA, Nov. 20.—The Republican city members of the lower house of the legislature met Saturday afternoon and endorsed Hon. M. S. Quay as a candidate for re-election of the United States senate.

The Industrial Legion.

MEMPHIS, Nov. 20.—An organization styled the "Industrial Legion of the United States" was formed here by prominent leaders of the People's party, who are also prominent in the Farmers Alliance. The object of the legion is to carry out politically the measures embodied in the principles of the Omaha platform of the People's party, together with free speech, a free ballot and a fair count. The Industrial Legion is composed of three classes. The first class is to consist of the male members over 21 years of age, to be known as the senior class. The second will be the junior class, which will consist of the male members under 21 and over 14 years of age, who shall be educated and trained to become members of the People's party. The third class will be known as the woman's aid corps, which is intended as an auxiliary to the senior legion. The legion is modeled much after the Grand Army, and partakes of the secrect organization character, while the meetings may be secret or open, at the option of the members. The founders of the legion are prominent leaders of the seven great industrial organizations composing the People's party, together with the foremost People's party members.

THE OFFICERS CHOSEN.

The organization of the Industrial Legion of the United States was perfected by the election of the following officers:

Paul Van Dervoort, commander-in-chief; Hon. Frank Burkitt, of Mississipi, vice-commander-in-chief; J. H. Turner, adjutant-general; J. F. Washburn, of Massachusetts, quartermaster-general; Representative T. E. Watson, national recruiting officer; J. F. Willette's. of Kansas, national recruiting officer of the Western division; W. S. Morgan, national sentinel; executive counsel, the Hon. H. E. Taubeneck, of Illinois; the Hon. Marion Cannon, representative-elect, of California; the Hon. Marion Butler; the Hon. J. H. Davis, of Texas; I. E. Dean, of New York, and J. H. Willetts, of Kansas.

These, together with the four highest officers, will constitute the council of officers. Of the Woman's Aid Corps, two were elected by this body as provisional officers to organize that department, being Mrs. Anna L. Diggs, of Washington, D. C., and Mrs. Marion Todd, of Michigan, Mr. Taubeneck said in an interview, after the organization of the leaders, that the work of organizing would be promptly begun, and inside of thirty days they would be established in every state in the Union, and by next year this time would have 1,500,000 members.

Big Strike Over.

HOMESTEAD, Pa., Nov. 21.—The strike having been officially declared off, a great rush was made this morning by strikers to get back to work. As early as 6 o'clock the rush began, and it kept police busy handling the crowd. By 9 o'clock the rush was over, but they continued to go in two's and three's and this will doubtless be kept up for days to come. A large number were turned away, some with good prospects of securing their positions in the near future, while many were informed that they would be given no work under any circumstances. It is now plainly evident that the black list is quite long.

Catarrh in the Head

Is undoubted a disease of the blood and as only a reliable blood purifier can effect a perfect cure. Hood's Sarsaparilla is the best blood-purifier, and it has cured many very severe cases of catarrah. It gives an appetite and builds up the whole system.

Hood'sPills act especially upon the liver rousing it from torpidity to its natural duties, cure constipation and assist digestion.

PUGET SOUND STORMS.

An Avalanche Descends at Lake Whatcom.

SEATTLE, Nov. 20.—A heavy rain and chinook wind for three days was followed by a strong gale, which caused floods, blocked railroads and tore down telegraph lines all over the Sound country. The Green, White and Black rivers, to the south, have overflowed the lowlands, and are already higher than last year and still rising. Families are being rescued from their homes in canoes. There have been no trains on the Northern Pacific for 36 hours, as the bridge at Stuck was partly washed out, and slides and washouts have occurred in the Cowlitz valley, cutting off communication with Portland. The bridge over Green river, near Palmer, was washed out, and stops traffic eastward several days.

On the Great Northern coast line, slides along the shore of the Sound have blocked the track and no trains have got through. On the main line a log jam a mile long formed against the Snohomish bridge and forced it out of line and is likely to carry it out. If it goes it will take the Lake Shore railroad bridge with it. The Snohomish, Stillaguamish and Skagit rivers have flooded the low lands and have done much damage. Small slides occurred all along the Lake Shore road, and the bridge across the Stillaguamish at Arlington is in such danger that the train from the North will not cross.

On the Columbia & Puget Sound road, one bent of the bridge between Benton and Cedar mountain and 100 feet of track are washed out. There is a large slide at Franklin. On the line of the new Monte Cristo road, five feet of snow fell between Sunday and Friday in the mountains and much damage was done to the grade. The county bridge over the north fork of the Snoqualmie was carried out, but late reports say the river is falling rapidly and the danger is over. The jam against the county bridge over the Duwamish river is being blown out with dynamite. All telegraph wires were down for about 24 hours, so that particulars from many points are unobtainable.

The Puyallup Flood.

TACOMA, Wash., Nov. 20.—On account of high water all trains were stopped Saturday on the Northern Pacific eastward and to Seattle. The bridge at Palmer is being repaired slowly, so it will be several days before traffic can be resumed on the main line. Two bridges are washed out on the Seattle line, one over Stuck river near Stuck Junction and the other over White river, near Christopher. Both will be repaired at midnight, and trains started north in the morning. Some damages was done in the White river valley, but the cold snap has abated the flood. This morning two large bridges, built by settlers, were washed out by the Puyallup river 10 miles south of Orting in the upper Puyallup valley, and the Northern Pacific logging branch is two feet under water six miles from Orting and considerable track washed out. Farms are somewhat damaged in that section. The Puyallup's flood was caused by a Chinook wind, which melted the snow on Mt. Rainier. The Nesqually river is also on a bender, several county bridges over it being washed out in the south end of Pierce county. The weather tonight is clear and cold.

An Avalanche.

FAIRHAVEN, Wash., Nov. 20.—An avalanche came down the mountain on the east side of Lake Whatcom Saturday morning about 2 o'clock, sweeping a house occupied by Warren Burgess and his wife into the lake. They were sleeping when the avalanche started, and when they woke up they were 500 feet out from the shore of the lake in a pile of debris. Burgess had his leg crushed, but managed to rescue his wife and swim with her to the shore. They lay on the lake shore without clothing in a terrific storm for seven hours. Burgess' injuries are liable to prove fatal. The lake is covered for several miles with the debris of the avalanche. It swept every vestige of timber and improvement from Burgess' ranch.

THE WHISKY TRUST.

The Grand Pacific's Annual Game Dinner.

PEORIA, Ill., Nov. 21.—Samuel Woolner has announced definitely that he had purchased the Central at St. Louis, the Nebraska City and and the Star and Cresent distileries at Pekin. He announces he would run the houses to their full capacity in opposition to the trust.

FOREIGN NEWS.

LONDON, Nov. 20.—There are now better prospects for the settlement of the cotton strike, owing to the discovery that the operatives are willing to consider a proposal for a temporary reduction of wages concurent with the placing of the mills on short time. The proposal was mooted before the strike, but neither side seemed willing to initiate an offer. The secretary of the spinner's association says he will consider the matter if the masters propose it. The employers in North Lancashire are willing to effect a compromise, but those of South Lancashire are unwilling. The later, however, are likely to submit to the pressure from the North Lancashire manufactors.

BERLIN, Nov. 21.—The reichstag will open Tuesday with the party groups at such a state of variance that it will be futile to attempt to predict how they will subsequently arrange themselves. The centerists are in the meantime split into two sections, one of which is uncomprisingly opposed to the military bill and the other openly supports the goverment if it can obtain concession widening Catholic privileges. Out of 100 centerists the government is still hopeful of getting support. The conservatives are divided over the army bill and will require skilful ministerial handling to induce them to support it with the whole strength of the group. The Polish group continues to hesitate in its allegiance to the government. Only the reichstag party will go solid with the whole branch with Chancellor von Caprivi. The emperor's speech opening the reichstag and the subsequent statement of the chancellor on new loans to cover military expenditures will be the earlist factors in regulating the policy of the groups.

EMPEROR AND KING QUARREL.

A sensation has been caused by the abrupt departure of the king of Saxony from Potsdam, where he was visiting Emperor William. The sudden ending of the visit caused to be circulated the report that the emporor and king had quarreled over the army measure. Some sudden rupture undoubtedly occurred between the souvereigns, but as the government of Saxony some time ago assented to the military reorganization, the rupture could not have happened over the army bill. The members of the diplomatic circle credit the report that the difference arose over the emperor's proposing to prosecute Prince Bismark, whose latest revelations as to how he precipitated war with France by falsifying the famous emperor's dispatch, are felt in official quarters to justify any measure that may be adopted to silence him. The king of Saxony, it is said, not only opposed Prince Bismark's prosecution, but urged the emperor to make the first advance to reconciliation with Bismark. The incident will not abate the determination of the king of Saxony to prevent the emperor from prosecuting Bismark.

International Conference.

LONDON, Mov. 21.—Senator Allison and party, en route to the monetary conference at Brussels, arrived at Southampton, and reached London at 8 o'clock. All of the American delegates will start for Brussels, at 11 o'clock tomorrow forenoon. Senator Allison said he could not disclose the instructions given the American delegates by the state department, but his opening statement would consist largely of a setting forth of the reasons of the American government for proposing an international conference. He expressed a belief that the outcome of the conference would justify the action of the United States in obtaining it.

With a Severe Form of

Scrofula Humor

"Until my boy was six years of age he was from birth a **terrible sufferer** from scrofula. Sores would appear on him and spread until as **Large as a Dollar** and then discharge, followed by others, so that the larger part of his body was **one mass of sores** all the time, especially severe on his legs and back of his ears and on his head. The humor had a very offensive odor, and caused

Intense Itching

We cannot tell how that poor boy suffered. Physicians did not effect a cure. At last I decided to give him Hood's Sarsaparilla. In about two weeks the Sarsaparilla began to have effect. The sores commenced to heal up; the flesh began to look more natural and healthy. Then the scales came off and all over his body new and healthy flesh and skin formed. When he had taken two bottles he was entirely free from sores, having only the scars to show where they had been. These have all disappeared. We are unable to express our thanks for the good

Hood's Sarsaparilla

has done our little boy." HARRY K. RUBY, Box 356, Columbia, Pennsylvania.

"For more than three years I suffered with Dyspepsia in its worst form. I tried several doctors, but they afforded no relief. At last I tried Simmons Liver Regulator, which cured me in a short time. It is a good medicine. I would not be without it."—JAMES A. ROANE, Philad'a, Pa.

"As a general family remedy for Dyspepsia, Torpid Liver, Constipation, etc., I hardly ever use anything else, and have never been disappointed in the effect produced; it seems to be almost a perfect cure for all diseases of the Stomach and Bowels."—W. J. MCELROY, Macon, Ga.

A Little Girl's Experience in a Lighthouse.

Mr. and Mrs. Loven Trescott are keepers of the Gov. Lighthouse at Sand Beach, Mich. and are blessed with a daghter, four years old. Last April she was taken down with Measles, followed with a dreadful Cough and turning into a Fever. Doctors at home and at Detroit treated her, but she grew worse rapidly. Then she tried Dr. King's New Discovery and after the use of two and a half bottles, was completely cured. They say Dr. King's New Discovery is worth its weight in gold, yet you can get a trial bottle free at Daniel J. Fry's drugstore, 225 Com'l St.

Deafness Can't be Cured.

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflamation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that we cannot cure by taking Hall's Catarrh Cure. Send for circular, free, F. J. Cheney & Co., Toledo, O. Sold by druggists, 75 cents.

An Icicle Suddenly Thrust Down Your Back

Would produce a sensation akin to that experienced by the unhappy individual who feels the chill which ushers in attack of fever and ague and bilious remittent. Hostetter's Stomach Bitters, in such an emergency, is what is wanted at once to scotch the enemy which seems to penetrate the very marrow of the bones, alternately freezing, roasting and deluging the sufferer with perspiration. This grand anti-febrile specific is the surest medicinal safeguard that an emigrant to the far west can take with him. Malarial complaints are rife in all regions newly cleared of timber, in mining camps and in low lying river bottoms where the streams periodically overflow their banks. Immunity from malaria is, however, obtained from the protective agent named, which is also a remedy for indigestion, rheumatic and kidney ailments, liver complaint, constipation and debility.

Smart Weed and Belladonna combined with the other ingredients used in the best porus plasters, make Carter's S. W. & B. Backache plasters the best in the market. Price 25 cents.

Dyspepsia in its worst forms will yield to the use of Carter's Little Nerve pills aided by Carter's Little Liver pills. They not only relieve present distress but strengthen the stomach and digestive apparatus.

There are many forms of nervous debility in men that yield to the use of Carter's Iron pills. Those who are troubled with nervous weakness, night sweats, etc., should try them.

Habits of Public Singers.

Do you know how many famous lady singers have contrived and still contrive to strengthen their voices? Mme. Sontag, by eating sardines; Mme. Despierre, by drinking hot water; Mme. Cruvelli, claret; Mme. Patti, seltzer water; Mme. Nilsson, beer; Mme. Cabol, by eating pears; Mme. Trebelli, strawberries; Mme. Borghi-Mamo, by taking snuff; Mme. Dorus-Gras, by eating cold meat.

Several singers of the male sex also have indulged in similar freaks. Sabatt, the Swedish tenor, used to eat pickled cucumber; Berk, the baritone, hardly ever spoke for fear of spoiling his voice; Kinderman was in the habit of sucking prunes.—Gazzetta Piemontese.

An Irish Gem.

An Irish journal had this gem in answer to a correspondent:
