307 Commercial Street.

### THE PRESIDENT'S MESSAGE.

#### Remarkable Increase in the Country's Wealth.

#### GREATER PROSPERITY THAN EVER.

#### The President Eulogizes the Protection Tariff System.

WASHINGTON, D. C., Dec. 6.—President Harrison's annual message was read to congress today. The president begins with a statement that the people of the United States are now enjoying greater prosperity than ever before and deals largely with statistics to show this is the case. He says in part: The total wealth of the country in 1890 was \$17,158,618,068. In 1891 it amounted to \$22,610,000,000 an increase of 32 per cent. The official returns of the eleventh census and those of the tenth for 75 leading cities furnished the basis of the following comparison: In 1880 the capital invested in manufacturing was \$1,232,839,670; in 1890, \$2,900,735,884. In 1890 the number of employees was 1,301,888. In 1880 the wages earned were \$501,995,778; in 1890, \$1,221,170,454. In 1880 the value of product was \$2,711,570,909; in 1890, \$4,860,286,837.

#### SAVINGS BANKS.

Another indication of the general prosperity of the country is found in the fact that deposits in the savings banks increased from \$194,277,375 in 1880 to \$1,028,079,749 in 1891. After presenting these statistics the president says: There never has been a time in our history when work was so abundant or when wages were as high. It is true that the market price of wheat and corn have been low. It is one of the unfavorable incidents of agriculture that the farmer cannot produce upon orders. He must sow and reap in ignorance of the aggregate production of the year and is peculiarly subject to the disposition which follows over-production. But while the fact I have stated is true as to the crops I have mentioned, the general averages of prices has been such as to give to agriculture a fair participation in general prosperity. The value of our total farm products has increased from \$1,363,646,866 in 1880 to \$4,500,000,000 in 1891. If any are discontented with their state here, if any believe that the wages or prices, the returns for honest toil are inadequate they should not fail to remember that there is no other country in the world where the conditions that seem to them hard would not be accepted as highly prosperous. The English agriculturist would be glad to exchange the returns of his labor for those of the American farmer and the Manchester workmen their wages for those of their fellows at Fall River. I believe that the protective system which now prevails in our legislation has been a mighty instrument for the development of our national wealth and a most powerful agency in protecting the homes of our workingmen from the invasion of want.

#### THE TARIFF.

The president assumes that the recent election means the introduction of a new policy of a tariff for revenue and recommends that the subject be referred to the next congress. He argues the Republican position at length, and sets forth the advantages of protection to the wage-earner.

#### A FINE RECORD.

Public revenues, amounting to \$1,414,079,292.28 have been collected and disbursed without loss from misappropriation, without defalcation of such importance as to attract the public attention.

#### RECIPROCITY.

Our relations with other nations are now undisturbed by any serious controversy. There have been negotiations and concluded under section 3 of the tariff law commercial

agreements relating to reciprocity trade with the following countries: Brazil, Domingo Republic, Spain for Cuba and Porto Rico, Guatemala, Salvador, the German empire, Great Britain for certain west Indian colonies, and British Guiana, Nicaragua, Honduras and Austria-Hungary. Of these those with Guatemala, Salvador, the German empire, Great Britain, Nicaragua, Honduras, Austria and Hungary, have been concluded since my last annual message. Under these treaty arrangements for a free favored admission have been secured in every case for an important list of American products, especial care has been taken to secure markets for farm products.

#### NICARAGUA CANAL.

Of Nicaragua canal, he says: It is impossible to overstate the value from every standpoint of this great enterprise, and I hope that there may be time given in this congress to give to it an impetus that will insure the early completion of the canal.

#### FREE SILVER.

In reference to the international monetary conference assembled at Brussels, the president says: "I have expressed belief, that the free coinage of silver upon agreed international ratio, would probably promote the interest of our people in equality with those of the other nations. It is too early to predict what results may be accomplished by the conference."

#### FINANCE.

The public debt has been reduced since March 4, 1889, \$259,074,200, and the annual interest charges \$11,684,469. There have been paid out for pensions during this administration up to Nov. 1, 1892, \$432,564,178. Under the existing tariff up to December 1st, about \$93,000,000 of revenue, which would have been collected upon imported sugars, if the duty had been maintained, has gone into the pockets of the people and not into the public treasury as before.

The message concludes by saying: "This brief exhibit of the growth and prosperity of the country will give us a level from which to note the increase or decadence that new legislative policies may bring to us. There is no reason why national influence, power and prosperity should not observe the same rates of increase that have characterized the past thirty years."

#### HILL MAY QUIT POLITICS.

He is Offered a High Professional Position—Will Not Talk. NEW YORK, Dec. 6.—It is reported that Senator David B. Hill has been tendered the position of general counsel to the Equitable Life Insurance society, with a salary of \$25,000, and that he is considering it favorably. He refuses to talk.

#### But Few Followed to His Grave.

NEW YORK, Dec. 6.—The remains of Jay Gould were taken to Woodlawn cemetery this morning, and deposited in the family vault. Only members of the family and a very few intimate friends followed the hearse.

#### Rothschild Withdraws.

BRUSSELS, Dec. 6.—The international monetary conference resumed the discussion of Rothschild's proposals today. After a speech by Sir C. R. Wilson, one of the British commissioners, Rothschild withdrew his scheme.

#### Steamer Robbed.

ST. HELENS, Or., Dec. 6.—News is received this morning that the steamer R.R. Thompson was robbed of an express box at Rainier last night, on her down trip to Astoria. No further particulars are learned.

#### Will Protect Samoa.

WASHINGTON, Dec. 6.—Inquiry at the department of state has confirmed the cablegram from London to the effect that the governments of England, Germany, and the United States have agreed to a common action to restore order in Samoa. It is further learned that ships

have been shipped by the three nations to preserve peace in Samoa, and that the agreement is that each government shall keep one or more ships all the time for that purpose. The United States ship Alliance is now on the way there, having left San Francisco for Samoa some time ago.

#### PROTECTING OUR INTERESTS.

##### War Vessels on the Lakes.—Order to be Restored at Samoa.

WASHINGTON, Dec. 6.—An interesting document on the subject of war vessels on the lakes will be sent to the senate by the state department during the week. The information was asked for by a resolution in the early part of the last session, and considerable surprise was expressed that a reply was not received before congress adjourned. The object of the resolution was to make the state department show cause why the act passed in 1890, requiring notice to be given Great Britain of a desire of the United States to abrogate the treaty regarding the number of vessels to be kept on the lakes had not been carried out. The reply of the department will be the basis for congressional legislation looking to a modification of the treaty, which will admit of the construction of war vessels by firms on the lakes. The state department has been accused of evading the joint resolution calling for the abrogation of the treaty. There are some people who think the treaty abrogated. There is no doubt that such a resolution was passed, and it is on record that notice was given Great Britain in accordance therewith of the intention of this government to abrogate the treaty. What followed is a mystery outside the diplomatic world. It is understood the statement will show the notice issued under the act was withdrawn within a few days after issued, and that, for reasons then existing, both countries agreed to consider the treaty still in force. It will be further shown the treaty is so regarded to the present day by both governments, notwithstanding the act of 1868.

#### Tough Killed.

OMAHA, Neb., Dec. 6.—At Bassett, Rock county, Monday, James Cooper, a counterfeiter and a general tough, ran amuck with a revolver and razor. He slashed one man, shot another, and when the sheriff attempted to arrest him shot at him. The sheriff returned the fire, killing Cooper instantly.

#### Killed Over Cards.

ZEBULON, Ga., Dec. 6.—At a party near Reid's Crossing Thursday night, Will Stanley shot and killed Mazin Thomas. Thomas and Stanley were talking about a skin game of cards in which the latter had lost \$25. Stanley said, "You have won your d—d last; say your prayers." Thomas fell on his knees, and while in that attitude was shot dead. Stanley then said: "Have I killed you? If I have got any more enemies here, let them come out."

#### Suicide at Tacoma.

TACOMA, Dec. 6.—A woman who may be Mrs. A. P. Bently, of Los Angeles, Cal., committed suicide here yesterday in the room of Harry W. Clarke, a drummer, at the Grand hotel. According to a diary, she left Los Angeles Thursday, November 10, arriving here on the 17th. She also used the names Mrs. Mary A. Clarke, Mrs. Mildred Cormick and Mrs. Dalton. The cause of the suicide is unknown. Clarke's pistol was used.

#### Brakeman Killed.

PORTLAND, Dec. 5.—Frank Higlow, a brakeman on a Southern Pacific passenger train, running between here and Corvallis, was killed at Cornelia yesterday while coupling cars. The remains are to be brought to this city.

#### Fire at Elgin.

LA GRANDE, Or., Dec. 5.—A two story frame building containing offices of recorder at Elgin in this county was totally destroyed by fire

Sunday. G. B. Swinehart who was sleeping in the second story was awakened only in time to jump for his life. Loss \$5000, Insurance \$1400. Quite a Haul. PORTLAND, Dec. 6.—Sneak thieves entered the room of Charles H. Hansen last night. They secured about \$800 in cash and valuables to the amount of \$200.

#### A Silver Panic.

NEW YORK, Dec. 6.—Although nothing was announced in this city today from Silver Conference, except withdrawal of Rothschild's plan, private London cables to bankers reflected little belief in any agreement.

There was a sudden rush to sell silver bullion certificates on the stock exchange, and between 200,000 and 300,000 ounces sold at a decline of 2 cents an ounce. It is the heaviest break since last spring. The low price of silver today is only half a cent per ounce above the lowest price on record.

#### AROUND THE BOOK TABLE.

(Concluded from First Page.)

#### Whitman is to understand a great soul.

Prof. R. B. Anderson, late U. S. minister to Denmark, has given the world a grand piece of literary work in his recently published "Norse Mythology" (S. C. Griggs & Co., Chicago; price, \$2.50). Himself a descendant of norseland, he has the native genius for handling the subject which could hardly be possessed by any writer of other birth. His book gives a complete history of the rich, robust literature of the north, besides copious extracts from the Old Norse poems. Longfellow, to whom the volume is dedicated, says of the literature of that country: "The myths are as wonderful, as fantastic, as exciting as any of the Greek fables, and have the additional elements of ice and frost to enhance their wildness and mystery." The Eddas constitute one of the great epics of the world and are handled by Prof. Anderson more comprehensively than any one author has ever before considered this great subject. Every literary student should read it.

#### The name of Kate Douglas Wiggin is a familiar one on the Pacific coast.

She is known and recognized as a leading spirit in child literature and what pertains to their advancement. A number of her volumes for and pertaining to children have been widely read, but her latest and most useful volume is without doubt "Children's Rights," recently from the press of Houghton, Mifflin & Co. It dwells not only on the privileges to which children are entitled, but gives some excellent advice to mothers on children's plays and playthings, as well on their telling. The latter is undoubtedly the greatest art, science, accomplishment and natural gift all combined with which a parent can be endowed. The right kind of a story properly told combines knowledge and culture for the child, and a book that intelligently treats this one subject is a valuable family acquisition. Every child in the land should have the benefits of just such a book as this. On sale by T. McE. Patton's Sons, State street.

#### Guaranteed Cure.

We authorize our advertised druggist to sell Dr. King's New Discovery for Consumption, Coughs and Colds, under this condition. If you are afflicted with a Cough, Cold or any Lung, Throat or Chest trouble, and will use this remedy as directed, giving it a fair trial, and experience no benefit, you may return the bottle and have your money refunded. We could not make this offer did we not know that Dr. King's New Discovery could be relied on. It never disappoints. Trial bottles free at Dan'l. J. Fry's druggists, 225 Com'l. St. Large size 50c. and \$1.00.

#### Hotel Arrivals.

WILLAMETTE. W. H. Raymond, A. R. Tozier, E. P. Ash, Geo. Andrews, Portland. Thos. V. Walton, L. R. Flint, Alex. Cohen, San Francisco. G. Halle, St. Joseph, Mo. G. Wingate and wife, Astoria. A. C. Anderson, Oregon City.

#### Simply Awful

Worst Case of Scrofula the Doctors Ever Saw Completely Cured by HOOD'S SASSAPARILLA. "When I was 4 or 5 years old I had a scrofulous sore on the middle finger of my left hand, which got so bad that the doctors cut the finger off, and later took off more than half my hand. Then the sore broke out on my arm, came out on my neck, and face, nearly destroying the sight of one eye, also on my right arm. Doctors said it was the worst case of Scrofula they ever saw. It was simply awful! Five years ago I began to take Hood's Sarsaparilla. Gradually the sores began to heal. I kept on till I had taken ten bottles, and I feel like a new man. I have not a hair on my head, and I have had no more sores. I got for that investment! A thousand people say Yes! my thousand. For the last 4 years I have had no more sores."

#### Work All the Time

Before I could do no work. I know not what to say strong enough to express my gratitude to Hood's Sarsaparilla for my recovery. I got it from J. J. Fry, druggist, Astoria, Oregon, and I feel like a new man. I got for that investment! A thousand people say Yes! my thousand. For the last 4 years I have had no more sores."

#### IT IS THE BEST.

#### That is Why I Recommend It.

Chamberlain's Cough Remedy gives the best satisfaction of any cough medicine I have used, and as a seller, leads all other preparations in this market. I recommend it because it is the best medicine I ever handled for coughs, colds and croup. A. W. Baldrige, Millersville, Ill. For sale by Baskett & Van Slype.

## Don't You Know

that you can secure almost immediate relief from Indigestion, and that uncomfortable fullness after meals, by simply taking a dose of Simmons Liver Regulator? Some people think that because it is called Liver Regulator it has nothing to do with Indigestion and the like. It is the inaction of the Liver that causes Indigestion, and that fullness; also Constipation, and those Bilious Headaches. Millions have been made to understand this and have been cured from these troubles by Simmons Liver Regulator—a medicine unailing and purely vegetable.

From Rev. M. B. Wharton, Baltimore, Md. "It affords me pleasure to add my testimony to the great virtue of Simmons Liver Regulator. I have had experience with it, as occasion demanded, for many years, and regard it as the greatest medicine of the times. So good a medicine deserves universal commendation."

#### AMERICAN CHOLERA.

From the Daily Revelle, Whatcom, Washington. "Dr. C. Burnett, the medic candidate for sheriff was taken violently ill at Clearbrook. He had all the symptoms of Asiatic cholera, and for an hour or two it was feared he would die. They finally gave him a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which relieved him until a physician arrived." That is precisely what the manufacturer of that medicine recommend for cholera. Send for a physician, but have Chamberlain's Colic, Cholera and Diarrhoea Remedy in this country next summer. This preparation will be in great demand because it can always be depended upon. For sale by Baskett & Van Slype.

#### Waste and Want.

A waste of flesh and a want of digestion. These go together. People who cannot assimilate the food they swallow must of necessity lose bodily substance. To remedy this, render digestion easy and thorough with Chamberlain's Stomach Remedy, a tonic which does not injure the strength and flesh yielding qualities. Aches and pains, indigestion, irregularity of the bowels, nervous symptoms, headache, faintness, irregularity of the heart—the latter often being erroneously attributed to disease of that organ. All these indications disappear when the bowels are resorted to. Malaria, rheumatism, liver and kidney trouble are effectually combated by this superb corrector, which is not only effectual, but permanent.

#### Church Directory.

CUMBERLAND PRESBYTERIAN.—Salem, Oregon, Rev. J. E. Blair, Pastor, Sunday school every Sunday, 10 a. m. Preaching every Sunday, 11 a. m. and 7:30 p. m.
