Pernicions Activity of Democratic Senators

IN MEDDLING WITH WESTERN STATES

The Pope Once More Denounces Free Masonry.

WASHINGTON, Dec. 15,-The Re publican senatorial caucus met again at 10 this morning and further dis cussed a programme to be followed by the party in regard to prospective senatorial contests in several western states. A resolution was offered by Senator Hawley, of Connecticut, and adopted, authorizing the chair man (Senator Sherman) to appoint a committee of five senators to take into consideration the wisdom and propriety of senatorial interference into these contests. Obvious purpose of the resolution is to reflect unpleas, antly upon the "pernicious activity" of the Democratic caucus committee in this matter. Further than that nothing was done except to discuss the general outlook in the West and the result of this was to greatly encourage Western senators, inasmuch as it demonstrated that their East ern colleagues are by no means lukewarm in the matter. The caucus adjourned subject to call.

Tanbeneck. chairman of the People's party national committee, have been regeived here, in which he urges mem bera of the new parties to force the elect on of straight out Populist senators in those states where they hold the balance of power in the legisla ture. Taubeneck's letter purports to be a reply to one received from D. B Hanna, of Tacoma, Washington who wishes to prevent, if possible any member voting for either a Republican or Democrat, Taubeneck says: "The great question now is What will the People's party legis lators do when it comes to balloting for senators? Will they be big mough for the position they occupy? Will they remain true to the people who elected them, or will they disgrace their states and the sentiment of the United Sates senate with a tinge of bribery attached to certificates of election as the state of Illinois did two years ago? Anyone who has not gone through a contest of the kind does not know what he will have to bear. The future of our movement rests with them; they can either make or destroy the party. The Boston boy took a great many chances in his anxiety to wind up the fight quickly. Both men countered heavily in Smith fought viciously and made the pace pretty but for Needham, who was forced to the back ground frequently. Needbam landed a sickener over Smith's heart and swung i hard left on neck. Needham stopped a rush with a stiff half arm blow on the neck, Smith bleeding at the mouth. The fifth and sixth rounds were marked by hard countering, most of Smith's right hand swings landing on Needbam's ribs, but he closed the sixth with a left swing on Needham's face, staggering the latter. The seventh was a hard round, Smith having a trifle the best of it. He had a lump over his left eye. Needham's lip was bleeding. Eighth-Smith nearly dropped Needbam with a left in the mouth In the ninth Needham sent him to a sitting positiou with a right uppercut. The latter retaliated by knocking Needham down twice with his right. He had Needbam groggy, and held to him, slugging with his right on the head and taing every advantage. Needham was sent down again, but drove Smith back with two savage left drives that lauded through luck on Smith's jaw. Needham was in bad shape this round. Tenth-The men
