FRANCE IN EXCITEMENT.

Royalist Plot to Overthrow The Republic.

WHERE THE MILLIONS WERE PLACED.

The Congress of Columbia Wants the Canal Built.

PARIS, Dec. 22.—Minister Loubet says the prosecutions announced, and to come, are absolutely necessary to purge the republic. Some of the accused might clear themselves, but others must be expelled from the parliament they have dishonored. Those who criticise the government for severity should await developments. Arrangements for some duels growing out of recent events in the chamber have been completed. Deputies Thompson and Menard Deerian will second Clemenceau in both of his encounters. Blumenutol and Bories will represent De Roulede, and Jourde and Coussod will take care of Millevole's interests. As all concerned are deputies, the duels can take place anywhere, as the participants are exempt from prosecution

The coming duel between Clemenceau, editor of Justice, and Roulede is arousing considerable interest. De Roulede has granted Clemenceau the choice of weapons. Preparations for the event are being pushed rapidly forward. The friends of Clemenceau say he intends a duel to the death, and will be satisfied with nothing short of this. De Roulede's friends aver that he is also of a deadly mind and intends to kill Clemenceau or be killed himself. To prevent La Justice from having an exclusive report of the duel, thereby making enormous sales, which would be especially harrowing to De Roulede's friends in case of his defeat, the latter have promised, it is said, to keep the other newspapers fully and promptly posted on the subject. Both combatants looked pale and earnest this morning, but otherwise showed no signs of apprehension. The friends of both are loud in their predictions of victory.

PARIS IS EXCITED.

PASIS, Dec. 22.—The excitement over the Panama scandals today is greater than ever, and the wildest reports are afloat of monarchist plots and coming arrests. It is asserted that Herz has been in communication in London with agents of the Count of Paris, and that the exposure of the Thierre checks are directly attributable to royalist influence. Another rumor is that officials and deputies, as well as civilians, connected with the Panama scandal, have had intimated to them that their salvation lies in an espousal of the royalist schemes, and that all their offcenes will be condoned if they will consent to betray the republic. Some confidence is placed by well-informed people in both these rumors. It is apparent the royalist agents have assumed an activity they have not displayed for years. There is also evidence royalist money is again afloat. Should affairs take a turn favorable to a coup 'detat in behalf of royality, it is probable, according to current reports, the young Duke of Orleans would be selected to lead the attack. The duke is more popular than any other members of his family, and his offer to serve in the army as a conscript when he came of age made a widely favorable impression. The great difficulty in the way of a royalist coup is there are no signs of disloyalty in the army. Freycinet, minister of war, is untouched by the scandals that have smirched his colleage, Rouvier, and he has the devoted, loyal attachment of the generals in higher command. The military forces in the neighborhood of Paris are kept under the strictest discipline, and vigilance is exercised to prevent any tampering with the troops. Officers of the army, as a rule, are republican in their sympathies, the royalist and Bonapartist elements,especially the former, having been relegated on various pretexts to innocuous positions. The government, it is said, has no doubt whatever of the fidelity of the troops and would at once call upon the garrison of Paris in case of an outbreak on the part of the royalists. The zeal of the enemies of the republic is also checked by the report made current unofficially, but not doubted by anybody, that in the event of an insurrection martial law would at once be proclaimed. Every insurgent captured in arms would be either shot on the spot or executed after a summary court-martial. It is known officers of the navy are much more royalist in tendency than those of the army, but no danger to the republic is expected from the navy, as it is believed the officers in command, however ardently some of them might welcome a re-establishment of monarchy, would hesitate long before risking the loss of desirable positions. The movements of the monarchist agitators are being carefully watched by agents of the government in France, England and Spain. A special watch is being kept at the passes of the Pyrenees, for fear a royalist movement might be attempted from that direction.

WHERE THE MILLIONS WENT.

According to statements issued by the liquidators, the amount expended by the Panama Canal company has reached the enormous total $260,000,000. Achille Mouchicourt, the last liquidator, places this under the following heads:

Sums expended in preparatory work and organization, $35,000,000; concession and general expenses, $12,800,000; advertisements, taxes, etc., $17,600,000; construction material and transportation, $33,2000,-000; contractors, $88,600,000; purchase of Panama railroad, $10,600,-000; paid shareholders as ad interim interest and invested for payment of lottery bonds, $54,200,000. According to this account, not the whole of the $260,000,000 has been lost; one-fifth of this sum will be repaid to subscribers in the shape of interest ad interim; then there are assets represented by the fourth, fifth and sixth items. These cost over $140,-000,000; their present value is estimated at $14,000,000. The other items, amounting to a little over $86,000,000, are a total loss. Of the whole amount expended, only a little over one-third was spent in the actual construction of the canal.

REVOLUTION INCREASES.

PARIS, Dec. 22.—Imperialists have been canvassing earnestly for supporters among deputies, but not with much success. As chances for a revolution against republican government seem to increase, divisions between monarchists and Bonaparatists widen. DeLafosso writes in Figaro: The parliamentary republic is ruined and ought to be replaced by a consular republic with Prince Victor Bonaparate as first consul. The suggestion is looked upon as an attempt to revive the empire through the same process by which the first Napoleon arrived at the throne. It attracts attention only as indicating a strained situation which makes such suggestions possible. The duel between Clemenceau and De Rouelede took place as arranged. Neither hurt.

The French Crisis.

PARIS, Dec. 22.—Today it is the Bonaparte that are stepping to the front to take advantage of the difficulties of the republic. The activity of the royalists has aroused the jealously of imperialist leaders and at a secret conclave they drafted a manifesto addressed to the people of France urging them to recall the house of Bonaparte to the throne. This manifesto has not yet been issued, but awaits the approval of Prince Victor, the present recognized head of the imperial family.

Two Sentenced.

ST. JOSEPH, Mo., Dec. 22.—The federal court sentenced G. W. Howell and Edward Tibbetts to 18 months in the penitentiary and a fine of $2000 Both are members of the big lumber firm of Howell, Tibbetts & Co., with yards in St. Louis, Chicago and Atchison. They were convicted on a charge of violating the interstate commerce law for underbidding lumber, thus securing lower freight rates. Pending an appeal to the United States supreme court, both were released on bonds.

Deafness Can't be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflamation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that we cannot cure by taking Hall's Catarrh Cure. Send for circular, free. F. J. Cheney & Co., Toledo, O. Sold by druggists, 75 cents.

In Washington.

SPOKANE, Dec. 22.—A heavy wind continued to blow all night and incoming trains report the storm general all over the Northwest. The Great Northern East-bound train is snowbound at Harrington in Big Bend. The Washington Central incoming train is side tracked at Creston. The train from Cœur d'Alene City did not leave the other terminus yesterday afternoon. At 9 o'clock last night the East-bound Union Pacific train on the Spokane branch, due here at 7:15, had not arrived, and as the wires were crippled, officials here are unable to locate it. Northern Pacific trains on the main line arrived nearly on time, but trouble is expected. Train men report the weather east of here as terrific. Snow is not deep on the level, but the wind has drifted it badly.

COAST CRIMINAL NEWS.

Convicted of Manslaughter—Senator's Son in Trouble, etc.

BAKER CITY, Dec. 22.—James Reedy, aged 21, who killed his father last August in this county, was convicted of manslaughter, with a recommendation for mercy. He was sentenced to the penitentiary for six years.

SANTA ROSA, Cal., Dec. 22.—Wesley Matlock, son of a Pendleton Or., capitalist, is held for trial on a charge of assault with a deadly weapon here this afternoon. Matlock recently married a daughter of Dr. T. H. B. Anderson, of Fresno, formely pastor of the M. E. church south of this city. They are spending their honeymoon here. Saturday night, while they were passing in front of Muther's store, Muther, it is claimed, called Matlock vile names, Matlock left his bride in another store, went into Muther's and assaulted him with a revolver, striking him on the back of his head. Muther bled profusely, and was in the doctor's care for some time. Muther denied making such remarks.

PORTLAND, Dec. 22.—The eldest son of County Surveyor Hall, of Hillsboro, is at Portland for the purpose of finding his 16 year-old brother, Percy Hall, and another young man named Kleinham, who are wanted in Washington county to answer to a charge of burglary. Last Monday afternoon the two boys concluded to start out and see the world. They had no money so young Hall went to his father's house, where he stole $100 in gold and several hundred dollars' worth of county warrants and, together with Kleinham, who is about 20 years old, came to Portland on the first train. On arriving here they took the Quimby house 'bus and registered at that hotel; but, after taking in the variety theaters, they stopped at the Merchants' hotel. Getting up early yesterday morning they took the steam boat for Astoria with the intention, it is supposed of getting on some outward-bound vessel. The father arrived here yesterday and started for Astoria for the purpose of capturing the boys and taking them back to Hillsboro.

Are You Squirming ?

And is it pain that causes you to squirm? Rheumatism will make anyone wince. Counteract it, as you can readily do, at the outset with Hostetter's Stomach Bitters, which expels the rheumatic virus from the blood and promptly relieves the torture that it produces. The evidence in its behalf on this point is ample and conclusive, and embraces the deliberate affirmations of many medical practitioners Like all standard preparations, the Bitters deserves a persistent trial, which if it receives, the happiest and most thorough results may be confidently anticipated. For malarial, kidney and liver complaints, neuralgia, nervousness, indigestion and loss of flesh and appetite it is a world famous remedy. Convalescence after debilitating ailments is much facilitated by it.

For the Good of Others

Rev. Mr. Williams Heartily Endorses Hood's Sarsaparilla.

We are pleased to present this from Rev. A. A. Williams, of the Sillsbee street Christian Church, Lynn, Mass.:

"I see no reason why a clergyman, more than a layman, who knows whereof he speaks, should hesitate to approve an

Article of Merit

and worth, from which he or his family have been signally benefited, and whose commendation may serve to extend those benefits to others. My wife has for many years been a sufferer from severe

Nervous Headache

for which she found little help. She has tried many things that promised well but performed little. Last fall she took Hood's Sarsaparilla. It seems surprising what one bottle could and did do for her. The attacks of headache decreased in number and were less violent in their intensity, while her general health has been improved. Her appetite is also better. From experience with

Hood's Sarsaparilla

I have no hesitation in endorsing its merits." A. A. WILLIAMS.
