He was warmly congratulated on the result of the trial.

The Panama Scandal.

NEW YORK, N. Y., Dec. 29.—In a three column article this morning's World says: There is an American end to the Panama Scandal. Two million five hundred thousand dollars was sent to this country and no explanation has been given of what use was made of this vast sum. Bribery and corruption are practiced in the United States just as flagrant, although less in extent, and in amount of money used. The object was to assure the French people that this government favored the project and would assure political security. Containing the article says: Certain public officers received \$25,000 a year for their services. Certain newspapers in New York received a liberal subsidy to favor the canal. Two congressmen were bribed, individuals who possessed influence were bribed, and the money of the French peasantry was like water at Washington.

A Douglas County Woman.

CHICAGO, Dec. 29.—Yesterday a woman jumped from a second story window of the Atlantic hotel, and called for the protection of a passing policeman. She is Mrs. Mattie Alexander, a wealthy widow of Kinderhook, N. Y. They corresponded, met here and were married yesterday. She had \$500 in cash and \$700 in certified checks on her person, and claimed that her husband borrowed \$880. Last night, after he went to sleep, she concluded he married her for her money, and decided to escape from him. The hotel clerk consented to secrete her in an out-of-the-way room. One will have credentials, signed by the governor, Secretary of State, and speaker of the republican house. The other voucher will be signed by the president of the senate and speaker of the democratic house.

Senator Stewart on Silver—Penney on Cleveland.

INDIANAPOLIS, Dec. 29.—The People's party leaders have issued the following manifesto: "To the People's party legislators-elect in Nebraska, Wyoming, Montana, California, North Dakota, and other states: We hereby request that all and each of you stand firm when it comes to balloting for United States senators in your respective states. We caution you against fusion with any of the dominant parties. Make a square fight for our principles, and vote for no man unless you know that he will advocate and defend them in the United States senate. We have arrived at a period in our movement where we must make a square stand-up fight for principle. If the two dominant parties want to fuse on a candidate to defeat us, let them do so. The sooner they do this the better it will be for us."

NEW YORK, Dec. 29.—Senator William M. Stewart, of Nevada, is in town. "The monetary conference," he said, "is a fraud. It won't amount to anything. If the Republicans do not hurry up and pass a free coinage bill this winter they will witness a state west of the Rocky mountains in 1895. If the Democrats do not pass a free coinage bill when they come into power, the Populists will elect the president in '96." He said free coinage will be the Populist's principal issue.

PORTLAND, Dec. 29.—Speaking of the interview with President elect Cleveland, published in a New York paper, Governor Penney said: "The impertinent interference of the president-elect with the selection of a United States senator from New York is both unprecedented and alarming. It was one of the largest held in Dublin in many years, and was attended by all available police officials, citizens and the lord mayor. The entire route to the cemetery was lined with people. There are no new developments in the case, and it now looks as if the cowardly author of the outrage will go unpunished.

House, lying almost at the point of death at Helena. He will have to be taken to the House in a bed, if indeed he can be taken at all, next Monday, when the House meets for organization. One will have credentials, signed by the governor, Secretary of State, and speaker of the republican house. The other voucher will be signed by the president of the senate and speaker of the democratic house.

Deafness Can't be Cured.

By local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous lining. For prevention of this disease, use our Catarrh Cure. We will give one hundred dollars for any case of deafness (caused by catarrh) that we cannot cure by taking Hall's Catarrh Cure. Send for circular, free, F. J. Cheney & Co., Toledo, O. Sold by druggists, 75 cents.

Simmons Liver Regulator is a medicine endorsed and used by physicians and druggists.

up nearly all of this and his expenses of living would be doubled. While all of his friends would like to see him honored with a cabinet position, yet nearly all of them admit that Mr. Harry himself has taken the most sensible and practical view of the matter.

Joseph Bachman Dead.

SAN FRANCISCO, Dec. 29.—Joseph Bachman, who died here Monday, was quietly buried at the Jewish cemetery in this city today, many of the prominent merchants of the city contributing the means for defraying the funeral expenses. Twenty years ago Bachman was one of the leading operators of Portland, Or. He and his brother were very influential in local politics, and Joseph Bachman, when 35 years of age, was elected city treasurer, and Joe retired to assume charge of the Bank of Oregon, an institution that eventually wound up its affairs in bankruptcy, causing the two Bachman brothers to flee the country and remain in hiding for fear of arrest. Bachman resided here several years prior to his death. The whereabouts of Addie Bachman are unknown.
