# WILL SUPPORT CLEVELAND.

## Senators Hill and Murphy Express Loyalty.

### RAILROADS BLOCKED BY COLD.

**Supports Cleveland.**

WASHINGTON, D. C., Jan. 16.—"The assumption that any combination will be made to oppose Cleveland is preposterous," said Senator D. B. Hill of New York today. "Cleveland was elected president by the Democratic party and as Democrats both Senator Murphy and myself would be obliged to support him whether we wanted to or not."

**Paralyzed by Cold.**

CHICAGO, Jan. 14.—The cold spell of the past few days is the severest experienced in several years. At 10 o'clock the themometer registered 18 deg. below zero, but since that hour the temperature has slightly moderated. The railroads are the chief sufferers, nearly all passenger trains being from 1 to 24 hours late. The mail service is badly demoralized and in some sections freight traffic has been abandoned. The cold weather has filled the lake with ice and made life almost unbearable at the water-works cribs. The experience of the men stationed at the two-mile crib last night surpassed anything in that quarter in several years. During the night four of them were seriously frozen.

**Struck by a Car.**

LOS ANGELES, Cal., Jan. 16—James M. Jameson, an aged Methodist minister, met his death yesterday at the corner of First and Spring streets, being run over by a heavy dummy of the Downey-avenue cable car as it was rounding the curve on its way up First street. The old man was crossing the street when the accident occurred. He did not see the car approaching, and had almost cleared the first track when the sounding of the gong and a cry from the by-standers aroused him. He seemed at a loss to know from what direction the car was coming, and stepped backward just in time to be struck by the on-coming dummy.

**Two Hung.**

NANAIMO, B. C., Jan. 16.—A double execution took place here this morning, the criminals being a Chinaman named Sing Kee, and an Italian, Deminico Taragnello. The Chinaman walked firmly and stood under the gallows quite calmly. Taragnello had to be dragged along and supported by an officer. Suddenly the drop loosened, both shot beneath. The Italian died almost instantly, but the Chinaman swayed about for over two minutes, tried to loosen his hands and legs, kicking about and nearly loosened his legs. He uttered a groan then all was still.

**Murderer Electrocuted.**

DAUNEMORA, N. Y, Jan. 16.—Kohrnel Loth, murderer of Mrs. Demacesck was electrocuted at Clinton prison at noon today.

**Died From Injury.**

PORTLAND, Or., Jan. 16.—John Hoheuleitner, fireman and Rapheal Ceowetze, Italian laborer, who were injured in yesterday's wreck on Portland & Willamette railroad, died from their injuries today. It is now developed that H. C. Brandes is also probably fatally injured. The remaining fourteen persons who sustained injury, are improving.

**Strike Among Coke Workers.**

PITTSBURG, Jan. 16.—It is said that the Westmoreland and Fayette coke workers are preparing for a general strike, and will have the backing of the miners of coal from which coking coal is drawn.

**Strike Case Advanced.**

WASHINGTON, Jan. 16.—U. S. supreme court today advanced the case of Pettibone et al vs striking Coeur D'Alene miners in Idaho, assigned for hearing January 30.

**The Poisoning at Homestead.**

PITTSBURG, Penn., Jan. 16.—Patrick Gallegher, cook at Homestead during strike, told on stand in trial of Hugh Dempsey, charged with poisoning non-union workmen. The story as told by him heretofore published, witness said Dempsey gave him powders to place in the tea and coffee of workmen. Dempsey said it would make them sick, but would not endanger life.

**National Suffrage Association.**

WASHINGTON, D. C., Jan. 16.—The annual convention of the National Woman Suffrage association, [illegible] membership of 13,150. Report of treasurer showed association in satisfactory financial condition.

**The Republican Caucus.**

WASHINGTON, Jan. 16.—There was a caucus of republican senators this morning to arrange the order of business to follow anti-option bill, which it is expected will be disposed of Wednesday. Nothing final was done because of a difference of opinion that could not be adjusted in the brief time the caucus was in session. The difficulty arose from an effort of certain senators to bind caucus to take up the silver repeal resolution immediately after anti-option bill. Silver senators bitterly resisted the attempt and the caucus adjourned to meet tomorrow.

G. W. Humphrey, of the Jefferson Review, is in the city today.

The northwestern senators also made a victorious fight for the admission of New Mexico, Arizona, Utah and Oklahoma as states. They claimed the opposition heretofore manifested by Platt, chairman on territories, is weakening.

Probably Carey will introduce an omnibus bill for all purposes. All these except possibly Oklahoma will be Democratic. An agreement was reached, and a vote will be taken on the anti-option bill Wednesday.

That there is trouble ahead on the silver question is evident from the attitude of Teller and Stewart, both of whom bitterly opposed the repeal of the Sherman act.

**The Lock in Kansas.**

TOPEKA, Kan., Jan. 16.—The only hope of effecting dissolutian of one of the rival houses is the inability of the populist leaders to hold their men. Several threaten to go bodily over to and act with the Republicans of the house, unless a settlement is reached this afternoon, when two houses meet. Republicans say 8 populists have already pledged themselves to do this. It is believed such a move would force the Populists to surrender.

**City In Danger.**

CHATTANOOGA, Tenn., Jan. 16.—Chattanooga is in darkness and the city is without a drop of water. Twenty-four hours ago the water company's supply gave out, owing to the freezing of the river and the water in the suction pipes. The electric light went out and the city is pitch dark. In case of fire not a drop of water could be secured for work. The situation is critical.

**Sworn in at Home.**

NASHVILLE, Tenn., Jan. 16.—Owing to inability to come to the capital on account of his illness, Governor Elect Turner will take the oath of office at his home near Winchester today.

**A Utah Bill.**

WASHINGTON, Jan. 16.—Caine, of Utah, introduced in the house a bill to enable people in the territory he represents to form a constitution and a state government and be admitted into the union as a state.

**Female Sufferage.**

WASHINGTON, Jan. 16.—The 25th annual session of the National-American Woman Suffrage association opened yesterday with religious service. In addition to the time-honored veterans in the movement, Miss Anthony, Mrs. Stanton, Lucy Stone and others, the session of the conference will be actively participated in by the wives and daughters of several Western senators and representatives, including the wives of Senators Carey and Warren, of Wyoming, and the wife of Congressman David and the daughter of Congressman Broderick, of Kansas.

**Better Sunday.**

WASHINGTON, Jan. 15.—This has been a good day for Blaine; the best he has passed in two days. Dr. Johnston visited his house at 10 o'clock Sunday remaining only a few moments. He said Blaine is stronger than in many days, and passed an easy and comfortable day.

**Franklin Shot.**

PORT TOWNSEND, Jan. 16.—Mose Engle shot and probably fatally injured Ben Franklin in Soldock valley, Clallam county, last week. Both are ranchers.

**Cardinals Created.**

ROME, Jan. 16.—The pope created 14 cardinals at Consistory today. The list does not include an American.

**Representative of Cleveland.**

NEW YORK, Jan. 16.—Josiah Quincy made a flying trip to Washington Saturday as the representative of the president-elect, to ascertain the chances for the repeal of the Sherman act. He had a long conference with committee and others. He was informed that, while a great number of so-called silver men were disposed to follow Mr. Cleveland's advice, it was becoming evident that silver legislation in the senate would be opposed by certain silver Democrats in that body, as well as by the majority of the Republicans, and that, therefore, there was a disinclination to force a fight in the house. Several of the silver men told Mr. Quincy that if a repeal bill could be passed in the senate the house would probably follow its action. Mr. Quincy returned to New York on an afternoon train.

## THE FRENCH REPUBLIC.

### Evidence Implicating Royalists in the Revolution.

PARIS, Jan. 16.—There is profound relief in Republican circles over the statement of Charles De-Lesseps, implicating Arthur Meyer, editor of Le Gaulois, as having received 100,000 francs from the Panama company. This at last brings the royalists into the draw-net, and shows what the friends of the republic have claimed from the beginning—that the Republican officials and journalists did not have a monopoly of the Panama corruption. The fact that four Boulangist deputies are said to be put under a strong suspicion by the evidence before Franqueville is also considered as strengthening the case of the republic by showing the hypocrisy of those who assail it in the pretended interest of better government. The government has also been considerably strengthened by the speech of Chancellor Caprivi on the German army bill. This has in a large degree diverted attention from Panama affairs and aroused a deep interest in the foreign concerns of France, and in the necessity of Frenchmen standing together against enemies abroad. The situation today is therefore improved, and, although Le Figaro published a sensational article, signed by Editor-in-Chief Maynard, urging Carnot, in the interests of the republic, to resign, very little is heard of adverse criticism upon the president.

Attention is called to the fact that Le Gaulois recently printed a malignant story that Mme. Carnot had made gifts to the poor out of the Panama funds. There is not a word of truth in the assertion.

Several prefects from the interior attended at the ministry of the interior today in order to receive strict instructions to deal promptly with all attempts by the enemies of the republic.

A prominent republican says: "The great object of the reactionists of all parties is now to disgust Carnot with the exercise of power and get him to resign before the election of the chamber of deputies. This just now stands too badly in the eyes of the country for the president elected by it to have great weight in the eyes of the nation."

## FOR REPEAL OF SILVER LAW.

### Gold Men Want to Stop the Present Coinage.

PHILADELPHIA Jan. 16—Prompted by an intimation from the ex-secretary that but for a disposition among the Republican senators to embarrass Cleveland the silver repeal bill could be passed in the senate, Senator Sherman has prepared a statement for the Ledger, in which he will say:

"It is as well known as anything can be that a large majority of the Republican senators, including myself, are decidedly in favor of a repeal or suspension of the purchase of silver bullion. They are ready today, tomorrow, or at any moment to vote for such a repeal. It is equally well known that not more than one-fourth or one-fifth of the Democratic senators favor such a repeal, and they will resort to extreme measures to prevent it. They are openly pronounced for the free coinage of silver or a continuance of the existing law. The pretense made that the Republican senators would sacrifice the public interests for a mere political scheme is without foundation, and I feel like denouncing it. If the Democratic party will furnish a contingent of 10 senators in support of a repeal of the silver act of 1890, it will pass the senate within 10 days. As for Bayard, he stands where he has always stood on financial questions, substantially right, but acting with a party wrong on such questions."

**Harmony.**

ROME, Jan. 16.—The pope is said to be preparing an encyclical to the American episcopate, advising har-

### THE SALMON INDUSTRY.

Astoria Budget: Governor Pennoyer, in his message to the legislature, makes an able and energetic presentation of our imperiled salmon industry, the causes and the remedy. He points out the fact that when the industry was first established gill-nets were alone employed with meshes sufficiently large so that the smaller salmon were allowed to pass undisturbed, but that by the introduction of traps and wheels an indiscriminate and wholesale slaughter of fish of all sizes was the result—threatening the speedy extinction of the industry and robbing vast numbers of brave and honest fishermen of the means of livelihood. Concluding he says: "The Supreme Court Reports of Oregon disclose the fact that a paid lobby in the intereste of these monoplies has hithertofore swarmed with the purlieus of the Capital during legislative sessions and it will undoubtedly reappear here during the present sessions. The Board of Fish Commissioners has maintained in all its reports a complete and most significant silence in regard to the effect of these most destructive methods of destroying our fishing interest. The grave duty is therefore imposed upon this legislature of abolishing all these monopolistic instrumentalities—seins, fish-wheels, fish-traps, and Fish Commissioners."

**The First Law of Nature.**

This self-preservation is acknowledged to be, and people who adopt against the encroaches of disease a genuine medicinal safeguard, accredited by experience and the sanction of physicians, afford a happy illustration of the wisdom of the saying, in the health they restore and continue to enjoy. Among maladies, against the growth of which Hostetter's Stomach Bitters affords efficient protection, diseases of the kidneys and bladder are fraught with the utmost peril and exhibit great obstinacy when opposed by ordinary means. The Bitters can and will subdue them. No testimony is stronger than this. Used at the outset and persistently, the best results may be expected. The medicine also eradicates liver complaint, constipation, dyspepsia, malaria, rheumatism and nervousness.

**HARPER'S WEEKLY.**

ILLUSTRATED.

Harper's Weekly is acknowledged as standing first among illustrated weekly periodicals in America. It occupies a place between that of the hurried daily paper and that of the less timely magazine. It includes both literary and news, and presents with equal force and felicity the real events of current history and the imaginative themes of fiction. On account of its very complete series of illustrations of the World's Fair, it will be not only the best guide to the great exposition, but also its best souvenir. Every public event of general interest will be fully illustrated in its pages, its contributions being from the best writers and artists in the country, it will continue to excel in literature, news, and illustrations, all other publications of its class.
