## THE CAPITAL JOURNAL.

WEDNESDAY—JAN. 18, 1923.

### GILBERT & PATTERSON,

Dealers in Groceries, Crockery, Glassware, Paints, Oils, Varnishes, Brushes, Windowglass, Etc. Sole Agents for Epicure Tea and Big Can Baking Powder.

### WOOD AND COAL.

It is an acknowledged fact that Geo. D. Goodhue sells more Wood and Coal than all other dealers combined. If you want fuel see him, office 95 State street.

### IN DISTRESS.

Two reputable women of North Salem called at THE JOURNAL office last night and reported the family of Mr. Clemens in that part of the city—they live a few blocks north of where the street car turns east at Mr. Gwynne's corner,—as being in great distress. Mr. Clemens will be remembered as the teamster whose barn and horses burned last fall, he losing nearly all. Mrs. Clemens is now sick and there are six children in the family. The ladies have been helping the family and the case has been reported to the city board of charities. President Wade was seen last night and said he would give the case his attention this morning. Dr. Bradshaw volunteered last night to attend Mrs. Clemens without charge. We hope all who are impelled in this direction to help a poor family will do so promptly as we are satisfied it is a case of great need.

WELL ADVERTISED.—"Salem is the best advertised town in Oregon. We cannot pick up a paper that does not have something in it about Salem." Certainly, it is the capital. That is what a capital is for. The legislature meets there. It holds the penitentiary, insane asylum, reform and Indian schools and feeds on the pap of the state generally, and how can it help being referred to continually. It is a reference though to Oregon more than locally to Salem.—Albany Democrat. The Democrat quotes the above about Salem from THE JOURNAL and adds its own comment after the quotation marks. And what it says is true.

A BIRD'S PERCH.—The arc lights serve for a very nice purpose besides illuminating the streets. At the corner of first and Ferry streets, up under the cover to the light where it is warm and well protected, every night seven or eight little birds have been in the habit of roosting for several months, flying away when daylight comes. Some times one of them falls down into the carboys, only to be stunned. The electric light men are posted and last night one was seen to let down the light and again place the dazed bird on his perch among his companions. Something pretty about the whole matter.—Albany Democrat.

Only too true, that you can secure either a pair of Blankets or comfort, for \$1.00, at Holverson's special sale. This week only.

AT THE COURT ROOM.—The fruit growers association is still in session today with a good attendance. Officers for the ensuing year were elected as follows: President, H. W. Cottle; vice-president, Ed. S. Jory; secretary and treasurer, F. J. Beatty. The meeting was well attended and much interest was manifested in the work. Yesterday the discussions were on the subjects of pruning, the peach borer, the woolly aphis and other fruit pests.

THE OLD AND NEW.—J. A. Van Eaton succeeds Squire Farrar & Co. in the grocery business at the old stand of this popular firm. The new firm will lead in fine goods, as did the old one.

Never Equalled.—The bargains to be obtained at Holverson's in woolen hosiery and underwear were never equalled in Salem.

WANTED.—A woman over 24 years to represent us. If energetic and capable good position guaranteed. V. CAPITAL JOURNAL office.

## THE COUNCIL MEETS.

Report of Ways and Means—Charter Amendments Adopted.

The City Council met Tuesday evening at 7:30. Present Aldermen Klein, Albert, Olmstead, Gray, Lafore, Smith, Cross, Mayor Gatch in chair.

## ORDINANCES.

A bill for a paid fire department, providing for election of a chief engineer, one assistant chief, one engineer, one driver, and one driver of hose wagon. Driver of hose wagon and hoseman to be ten dollars per month. The blanks for salaries are to be filled out as follows: chief engineer \$300 per year; engineer \$75; driver \$60; driver hose wagon \$50 to second reading.

REPORTS OF COMMITTEES. Committee on health and police reported a petition of J. F. Staiger to be allowed to suspend a sign over walk, that it was not competent for council to suspend an ordinance. Adopted.

## WAYS AND MEANS.

MR. MAYOR: We, your committee on ways and means, beg leave to report that we have investigated the financial condition of the city and find that the total amount of taxable property, after deducting indebtedness, in the city for the year 1922 was \$1,721,077; that the amount realized by a ten mill levy on said sum was, after the usual shrinkage, \$16,782; that the amount realized from all other sources was \$14,016.93; that the total receipts for the year was \$31,398.93. That the incidental ordinary running expenses for the past year was \$31,270. This amount does not include the amount paid by the city for the permanent improvement of street intersections on Chemeketa and South Commercial streets, which is now assessed to the abutting property; that for the year 1922 the ordinary expenditures of the city were within its income. That the probable income for the city for the present year will be, as near as we can safely estimate from all sources, \$33,000, and this by levying a ten mill tax on taxable property in the city; that to make any material saving over the year 1922 it will be necessary for departments of the city to curtail expenses wherever the same can be done without material injury to the welfare of the city. We think that the time has come for calling a halt in the establishment of street lights and in case of need the same can be met by readjusting our present lights. That we can get along with our present fire hydrants without any additions for the coming year; and we hope that our expenditures can be kept within the following estimates:

Jail, including board of prisoners.....\$ 500 00  
Water..... 1,200 00  
Lights..... 5,400 00  
Bridges and repairs..... 2,000 00  
Fire department, including salaries..... 4,090 00  
Street department..... 3,200 00  
Salaries of officers..... 7,700 00  
Interest and bonds..... 4,450 00  
Interest on outstanding warrants..... 2,889 84

Total estimate for '23, \$31,429 84  
We have all reasons to believe that our resources may be somewhat larger than our estimates but do not consider it safe to make calculations on an uncertain quantity. We think the city should fund its present outstanding indebtedness and thus save money by lowering the rate of interest. We also think that the time has come when it is necessary for us to build a new city building and thus enable us to consolidate our fire department, thus rendering it less expensive and more effective. We are confident that by a careful and economic administration of our finances the city will have a material balance to its credit at the end of the year.

Respectfully Submitted,  
M. W. HUNT.

A. KLEIN,  
G. F. SMITH,  
Committee on Ways and Means.

## Remember Holverson's special sale this week on woolen hosiery, underwear, blankets and comforts.

CARTER HELD.—Judge Hubbard decided this morning to dismiss the writ of habeas corpus and hold R. C. Carter, to await the arrival of Sheriff Willson of Lawrence county, Missouri, and Jailer Warren, whom Carter shot to escape from jail when under life sentence for murder. The sheriff and jailer arrived in Portland at 9 a. m. today, and will be up tonight.

How IT GROWS.—Nine subscriptions for the DAILY and WEEKLY CAPITAL JOURNAL were received today up to noon, by mail, from all parts of the state. The people appreciate a newspaper that is independent for all good purposes connected with the legislation and government in county and state.

## SPICED.—The Oregon legislature has within its membership great wisdom and wit, but for spice—pure and good, go to J. A. Van Eaton, successor to Farrar & Co.

FOR REFORM.—E. Lafore and Geo. F. Smith made a fight for lower salaries for drivers in the fire department. They thought forty dollars enough for driver of a hose wagon and will probably resume their battle for economy when the bill is up for final passage.

CHURCHES AND BANKS.—Articles of incorporation were today filed as follows: First Church of Christ (scientist) Portland, by S. O. Hersey, Mabel H. Hogue, and D. H. Cheney, Sunnyside M. E. church at Sunnyside, by H. S. Rowe, G. H. Strout, F. W. Deitz and A. C. Brush, capital stock \$100,000.

PERPETUAL.—The Capital National bank is having put in an electric self-winding perpetual calendar clock which is to be connected with the W. U. time service. It is the first of its kind in this city.

## Card of Thanks.

The Salem board of charities takes this method of returning its sincere and grateful thanks to the ladies and gentlemen who so kindly gave their gratuitous services at our recent entertainment, and added so materially to its enjoyment by the public, and to the leader and individual members of the Salem band, to the members of the orchestra who so kindly aided us, to Col. Willis for reduced rates in the rent of the opera house, and last, but not least by any means, to the press of our city for its kindness in advertising the entertainment. The net proceeds amounted to about \$115.00 which will be used by the board in relieving the suffering of the deserving poor of our city. To one and all who in any way lent a kindly hand in making the occasion the success that it was we are under deep obligations.

By order of the board,
