

HON. Z. AVERY, ONE OF THE LARGEST CONTRACTORS AND BUILDERS IN THE CITY.

HEART DISEASE 30 YEARS.

GRAND ISLAND, NEB., April 24, 1892.

Dr. Miles Medical Co., Elkhart, Ind.

Dear Sir: I had been troubled with heart disease for 30 years, and although I was treated by able physicians and tried many remedies, I grew steadily worse until I was completely prostrated and confined to my bed without any hope of recovery. I would have very likely died had it not been for the fact that I had taken your New Heart Cure. It was a good day's work for a man of my age. I have taken any, although I keep a bottle in the house in case I should need it. I have also used your New Heart and Liver Pills, and think a great deal of them.

Dr. Miles' New Heart Cure all the credit for my recovery. I have taken any, although I keep a bottle in the house in case I should need it. I have also used your New Heart and Liver Pills, and think a great deal of them.

SOLD ON A POSITIVE GUARANTEE.

TRY DR. MILES' PILLS, 50 DOSES 25 CTS.

Sold by D. J. Fry, druggist, Salem.

THE WILLAMETTE, SALEM, OREGON.

GIVING THE NEW BLOOD A CHANCE.

In pursuing his task of running this government Mr. Cleveland is reported to be opposed to employing any of the old hands who had jobs under his former administration, or perchance any anti-diluvian Democrats who may have survived the flood of 1890.

So far as Oregon is concerned there is some ground for his drawing the line as it is said he proposes. His cabinet is entirely new except that he has promoted his court favorite Dan Lamont to be a member of it.

But there is sound sense in the new plan of taking new men. Harrison largely appointed men who had been in office ten, fifteen or twenty years by the first Cleveland interim. They were mainly men who believed the party owed them a living, and they mainly busied themselves neglecting the interests of their party if they did not turn squarely against him. In supporting new men President Cleveland will not be showing lack of respect to those under his former administration, but will be taking office-holders fresh from the people, who will serve him and his party inspired by a fresh sense of the obligation conferred by an appointment.

If President Harrison had enlisted more of the new blood of the country as Cleveland evidently proposes to do, in place of wasting his spoils of office on the worn out warhorses of the party, he might have captured the honor a second time.

WHAT IS A PLUTOCRAT?

"Who is a Plutocrat? What does the word mean?" These are questions addressed to the Oregonian by one of its readers. A plutocrat, in the modern meaning, is one who thinks the property and business of a county should have some influence or consideration in its legislation and government. The opposite term is Ochlocracy, which means government under the direction of the multitude who have neither property nor business interests, but want to live by preying on the industry, business and property of a country.—Oregonian.

What the Oregonian means is that all who oppose Plutocracy are a Mobocracy, which is the other word for Ochlocracy. There is a middle ground between Plutocrats and Mobocrats, but it will never recognize that fact. It insists on having one or the other. It worships the former and classifies as belonging to the latter all who differ with it in opinion.

What is a Plutocrat? The word has come to have a special significance in American politics. A Plutocrat is considered to be one who employs the machinery of our government, either state or national to enrich himself or his special class at the expense of the people.

The Plutocrat demands legislation and government to increase the value of his property, his business, his monopoly, his securities, his money, himself. He is the greatest foe of self-government by the people. He is the presence of the personal essence of monarchy and aristocracy in the republic. He seeks to influence all legislation and all government in behalf of his own property and business, and none other.

THE SCIENCE OF THE ART

Of advertising is as yet but little understood. There is probably more money wasted by ignorance on this subject than in any other field.

Advertising may be either for a general or direct purpose. If the former line is followed only general facts should be used. That is the rule in professional or wholesale business.

Direct advertising is where the merchant, dealer or advertiser states prices as an inducement to buyers, or enlists attention to his business by an enumeration of what goods he principally carries, or stating the great variety or extent of his stock. Direct advertising is always best in any retail trade.

THE SALEM MUTE SCHOOL.

As the institute for the mute is about to pass under the management of the state board of education it may be of interest as a matter of history to preserve following from "The Sign" of Feb. 24:

The board of directors was given the power to fill, by re-election or otherwise, all vacancies arising in its membership, and thus became, practically a self-perpetuating board, although the law required three of the members to go out of office every two years. The personnel of the board appointed in 1880 consisted of Messrs. J. H. Albert, C. B. Bellinger, W. Breyman, J. C. Thompson, H. Palling, J. A. Stratton,

Anti-Pooling Decision.

ST. LOUIS, Mo., Feb. 27.—In the United States circuit court an important decision was rendered in the case of the Central Trust Company, of New York, et al., versus the Washash, St. Louis & Pacific Railway Company et al. It came before the court in the shape of an intervening petition of the Milwaukee & St. Paul against the receivership, to obtain possession of certain profits which were accrued to them in a combination of railroads under contract. Judge Thayer decided against the petitioners on their first maintenance, holding that pooling contracts are void, because opposed to public policy, and also against them on their second because the partnership issue revolved entirely about the question of pooling.

Swinging Around the Circle

Of the diseases which it is adapted with the best results, Hooker's Stomach Bitters, a family medicine, comprehensive in its scope, has never been thrust upon public attention in the district of Columbia, or in any of the thousands of instances designated the public in advance by its absurdity, and the prospects of the general health of the nation have been handicapped by the pretensions of their worthless predecessors. But the American people know, because they have verified the fact by the most trying tests, that the Bitters possess the virtues of a real specific in cases of malarial and liver disorders, constipation, nervous, rheumatic, stomach and kidney trouble. What it does so thoroughly, and mainly for this reason, is so qualified and recommended by hosts of respectable medical men.

SALEM MARKETS.

Wheat—58 1/2c per bushel. Oats—35@40c per bushel. Potatoes—50@60c per bushel. Flour—\$3.80 per bbl. Bran—(Sacked) \$18.00 per ton. Shorts—(Sacked) \$20.00 per ton. Eggs—20c per dozen. Corvallis Gazette: The Salem JOURNAL has been remodeled and revived and is much improved.

Its business columns, on the face of them, would indicate the JOURNAL to be a favorite in the capital city.

Hon. John G. Wright says he has been the innocent victim of a case joke in THE JOURNAL. He presented Representative Jeffreys of Corvallis, a gold-headed cane on account of their close association together day and night during the session in the work of the ways and means committee, and not for service on the world's fair bill as stated.

John B. Eddy, late reading clerk of the senate, has been elevated to the position of railroad commissioner. The selection is eminently correct. Especially will it be received with gratification by the newspaper fraternity in whose ranks Mr. Eddy has long been an able and effective laborer. He has held the position of reading clerk the past three sessions of the legislature per force of pure adaptability and is a whole-souled, genial, cheer begetting gentleman on general principles.—Corvallis Gazette.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous surfaces. The Eustachian tube, when this is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free. F. J. CHENEY & CO., Toledo, O.

Sold by Druggists, 75c.

Hawaiian Treaty Dead.

WASHINGTON, Feb. 27.—The Hawaiian treaty is thought to be dead for this session. This is reluctantly conceded even by its friends. The action of the senate in refusing to go into executive session, though the action doubtless had some reference to Hanchett's circuit judge nomination, is also accepted as conclusive indication that the treaty would be shelved for the remainder of the session. The treaty matter can, of course, be taken up in the extra session, which will convene immediately after the present congress dies, but unless some marked change occurs, there is believed to be no prospect of action upon it during the life of the present administration. A possible knowledge of its disposition on the part of the senate had some reflex influence on the action of the house. There was to have been a meeting of the ways and means committee of the house to consider the resolution, but it did not take place.

Annual School Meeting.

NOTICE is hereby given to the legal voters of School District No. 24 of Marion county, Oregon, that the annual school meeting for said district will be held at 7:30 p. m. on the first Monday, being the 6th day of March, A. D. 1893. This meeting will be held for the purpose of nominating three directors to serve for one year, to hear the reports of the directors and clerk, to levy a tax for school purposes and to authorize the directors to borrow money on the bonds of the district and the transaction of other business usual at such meetings.

For Locating Mines.

Dr. R. Smith is now sole agent for the sale of Macpherson's Electric Magnetite Rods for finding hidden treasures or locating gold or silver mines. This instrument is certainly the greatest discovery of the present age for further information address

DR. R. SMITH, Salem, Oregon.

After the Grip

Hood's Sarsaparilla Restored Health and Strength. "Last winter I had the Grip and was quite sick. After I began to get better, being weak and run down, I concluded to try Hood's Sarsaparilla, seeing it recommended so highly. I must say that I was more than pleased with it. I recovered my health completely in a short time and think

I am in Better Health

than before I was sick. I feel sure that this is due to Hood's Sarsaparilla. In the package of Sarsaparilla when I opened it I found a sample box of Hood's Pills. I was surprised and delighted to find how well they agreed with me, no griping and no weakening. I have tried other kinds of pills, but

Hood's Pills

have the preference every time now. I think they are just wonderful. I am glad to recommend to such good preparation as Hood's Sarsaparilla and Hood's Pills." Mrs. ISAIAH EKINS, East Manchester, N. H.

HOOD'S PILLS are the best after-dinner Pills, assist digestion, prevent constipation.

Smith Premier Typewriter.

Sold on easy payments. Rented. W. I. STALEY, Agent, Salem. H. N. BURPEE, Gen'l Agent, 101 Third St., Portland. Send for catalogue.

Don't You Know

that you can secure almost immediate relief from Indigestion, and that uncomfortable fullness after meals, by simply taking a dose of Simmons' Liver Regulator? Some people think that because it is called Liver Regulator it has nothing to do with Indigestion and the like. It is the inaction of the Liver that causes Indigestion, and that fullness; also Constipation, and those Bilious Headaches. Millions have been made to understand this and have been cured from these troubles by Simmons' Liver Regulator—a medicine unflinching and purely vegetable.

From Rev. M. B. Wharton, Baltimore, Md. "It affords me pleasure to add my testimony to the great virtues of Simmons' Liver Regulator. I have had experience with it, as occasion demanded, for many years, and regard it as the greatest medicine of the times. So good a medicine deserves universal commendation."
