HEART DISEASE 30 YEARS.

GRAND GRAND, N. B., April 24, 1892.

Dr. Miles Medical Co., Elkhart, Ind.

CUTLICKER: I had been troubled with HEART DISEASE FOR THE LAST 30 YEARS, and although I was treated by able physicians and tried many remedies, I grew nearly hopeless until I was completely prostrated and confined to my bed without any hope of recovery.

Dr. Miles' New Heart Cure, all the credit for my recovery, it is over six months since I have taken any, although I keep a bottle in the house in case I should need it. I have also used your NERVE AND LIVER PILLS, and think a great deal of them.

THOUSANDS cured, which would bring relief to countless others. While in this condition I tried your New Heart Cure, and began to improve from the first, and now I am able to do a good day's work for a man 65 years of age.

Dr. Miles' New Heart Cure, all the credit for my recovery, it is over six months since I have taken any, although I keep a bottle in the house in case I should need it. I have also used your NERVE AND LIVER PILLS, and think a great deal of them.

CLEAR THE DECKS.

Now that the Cleveland party is in power in the three departments of government, the Republican party, for the first time in its history becomes a party purely of opposition.

Now is the time to clear the decks of the grand old ship and restore its old-time capacity for serving the people. The Republican party should be completely reorganized, and in nowise continue to be the servant of the gold bugs, the corporations, the trusts, the millionaires.

In Oregon the Portland machinery should be obliterated. The party should be reconstructed from the very foundations. The machine should be started with the people in the pincers.

Heretofore the machine has been a centralized power in the metropolis, controlled by federal and state officials, corporation lawyers and lobbyists, usurping the powers of the people and using the party and the government for their own enrichment, and doing nothing for the people in whose interest the government is supposed to be organized.

The people have no use for the old style centralization of political power known as Republicanism in this state. It should be dethroned. It should never be allowed to run another legislature as it did the last. It should never fill or hold another state office. It should never elect another congressman or United States senator. It is a chestnut of the mouldy wormiest variety.

Clear the decks of the grand old party for action in behalf of the people! The warning has been given by the people in returning nearly a dozen Populist senators to the United States senate from Republican states. This process will go on until the old ship rights herself and continues on her majestic voyage in the service of humanity.

Her powers have been usurped too long. Her commanders have been a crew that have repeatedly wrecked the craft. She is on the high sea now without captain, sail, rudder or stores. The people must man the craft or she never again can make port. Let the people clear her decks, clean her foul guns, put up sail and rigging of new, white and spotless canvas, see that her anchors are all right, and with the old flag of the union, keep the Republican colors at the mast-head for a genuine People's government.

The people have no use for anything else at the hands of the Republican party. For all requirements of opposition, corruption, plunder and perversion the Cleveland party answers every purpose. There is not room for two such parties. The Republican party must be restored to the unadulterated service of the people or it must remain out of power.

WHAT IS A POPULIST. ED. JOURNAL: In answer to your editorial comment: There is only one kind of Populist. They are no more righteous than others. Their method, only, is more correct. The Populist insists, that when through any cause a line of business becomes oppressive to the people, and no other remedy is found, the people through the agency of their government should take possession, to destroy, or use, as shall best result to the benefit of all. That is my idea of a Populist.

SUGGESTED COMMENTS. A member of the state board of agriculture says nearly half the people of Salem ask for passes to get in the state fair.

Not an Oregon journalist was recognized in making up the world's fair commission. They can get passes any how.

THE JOURNAL wants a first class state fair. It wants a better fair than last year. In the name of Salem, of the state, of all the people we demand progress in public matters.

Saturday night's JOURNAL with all about Cleveland's inauguration a day before the morning papers and all about the capture of the governor's cannon sold like hot sausage at midnight. It was highly appreciated and left little to be told or said.

THE JOURNAL is getting compliments and new subscribers for handling the recent legislature without gloves. The people are not done with that legislature by any means. It was the most lawless deliberative body that

ever assembled, having regard neither for the people, the constitution or its own rules.

MR. CULVER'S LETTER.

W. W. Culver of Liberty Farmer's Alliance writes to the National Economist:

I'm an Alliance man, went into the order because I thought it the best means at hand of educating people up in the science of government in the only practical way—a nonpartisan one. I belong to a sub, the members of which principally feel the same way about it, but are now on the fence, not knowing whether to get down and stay with the order they love, or cut it.

To show our disrespect for the methods of our State Alliance officials, which seem intent on nothing but carrying the order and each individual member thereof into the People's party camp—or rather, to carry the People's party into the Alliance hall to the exclusion of everything else—making the Alliance back door the front door of the People's party club, as at the last national meeting. This doesn't suit us.

We believe our undoing in the past has been brought about by blind partyism, trying us to unprincipled leaders, and fear the new ones will be no better, as they have strained, if not violated, their obligation to the order already; and still we wish to keep in line with the Alliance as it used to be.

The Economist answers: "The great lesson to be drawn from this letter is that you must grant to all other members of the order such liberty to define its political position as you claim for yourself, and that you are only entitled to that measure of political freedom that you grant to every other member of the order. It is every good citizen's duty to be a partisan personally, but you can have no peace, prosperity or progress in the Farmers Alliance as a fraternal, educational and co-operative organization, unless each by common consent agree to leave his partisanship for personal use alone, and leave the organization free from partisan or sectarian embarrassments."

WILLAMETTE NOTES. The Philodorian gave a very pleasant open meeting Friday night.

We have college colors, college caps, but the latest development is a college yell.

Group photos of the faculties of the university, of literature, of law, of medicine, of pharmacy, of music, will be sent as part of our exhibit at the world's fair.

The delegates to the Y. M. C. A. convention held at Corvallis returned Monday. They report a very successful meeting and are confident of the coming year's work. So mought it be.

Prof. Hawley went to Corvallis Wednesday to attend Annual Convention of the Salem District Epworth League and also to read an educational paper before that body.

The C. Y. M. C. A. at Corvallis organized an intercollegiate oratorical contest for Oregon, of which Lloyd T. Reynolds of Willamette is president and the first contest will be held next commencement at Salem.

The Philodorian debated the question "Resolved that the accumulation of great wealth in the hands of a few is detrimental to the best interests of our country," with the Philomathans, at the A. O. U. W. Hall, State Insurance Building, last Saturday night. The Philodorian had the negative.

In the March number of the Mother's Nursery guide, Dr. L. E. Holt combats the popular delusion that "winter babies" must be kept indoors until the advent of spring. "Nothing," he says, "is of such great importance in preventing colds as fresh air, regularly given throughout the winter," and he describes certain experiments made in the Babies' hospital, showing in a very striking way the great benefit, in cases of delicate infants, of systematic airing.

The Poole is not all dead. A lay man, whose horses and cart were stuck in the mud prayed to Jupiter for help. Jupiter answered "Poole! get up and put your shoulder to the wheel, and do not call on me when you can help yourself." Foolish people buy medicines hap-hazard, blindly trusting to promises made without a guarantee.

Dr. Pierce's Golden Medical Discovery is guaranteed to cure colds, coughs, all lung affections, and even consumption, in its early stages. It puts to rout all stomach troubles, purifies the blood, gives healthful action to the sluggish liver, and drives blemishes from the skin. It is an honest medicine, and an invaluable health insurance policy which should never be allowed to lapse. All druggists keep it.

Words Fail To Express My Gratitude—Eczema and Dyspepsia. Cured by Hood's Sarsaparilla.

Mr. Wm. E. Cole is well known all over the town of Farmingdale, N. J., and vicinity. He is a veteran of the war and highly respected. He says: "I cannot find words of praise in the English language sufficient to express my gratitude for the curative powers of Hood's Sarsaparilla. For many years I was

Severely Afflicted with eczema; spent many dollars to get cured but found very little relief until last year I read about Hood's Sarsaparilla and immediately bought two bottles from E. Lutz's store, Farmingdale. I took one bottle and felt much better, then I bought another, which not only cured me of

Eczema, but Dyspepsia also, and gave relief from constipation. All praise for Hood's Sarsaparilla. What I have written to you are facts, and you

Hood's Sarsaparilla Cures. may make use of my name in praise of Hood's Sarsaparilla if you so desire." Wm. E. Cole, Farmingdale, Monmouth county, New Jersey.
