Runs the old saying, and everything that ever makes part of any organ of the body must reach its place therein through the blood. Therefore, if the blood is purified and kept in good condition by the use of Hood's Sarsaparilla, necessarily follows that the benefit of the medicine is imparted to every organ of the body. Can anything be simpler than the method by which this excellent medicine gives good health to all who will try it fairly and patiently.

THE KANSAS LEGISLATURE.

Winding up With a Very Bad Smell.

MALODOROUS MALCONTENTS MAKE LAWS

The Democrats Get a Parting Shot.

The Kansas strike.

TOPEKA, March 11.—The house last night passed the senate legislative appropriations bill. It provides for payment of the late Dunsmore alliance house employes. Twenty-three Republicans voted for the bill with the Populists. The senate announced that unless the house passed that bill no further appropriations of any character would be passed. The Australian ballot bill, as amended by the house, passed the senate today. The amendment is particularly objectionable to the Democrats as it practically prohibits Democrats from acting on election boards at the election.

CLEVELAND'S PLAN.

Hawaii to Be Ours Under Certain Conditions.

NEW YORK, March 11.—A morning paper says that the Hawaiian matter will be taken up immediately by Great Britain and that a message transmitting a treaty will be sent to the Senate during the present special session. Treaty is to be on annexation lines, although radically different in its terms from the Harrison treaty. Features would be added, he stated to leave no possible chance for a sugar syndicate to reap any benefit, and which will relieve the United States from any financial responsibility for support of the Islands.

BURGLARS KILL A POLICEMAN.

But Two Are Laid Low in Return.

OAKLAND, Cal., March 11.—At three o'clock this morning special officers William Cashin and George Ely discovered three burglars in Kuhlme's saloon on Seventh street. The officers ordered the burglars to surrender, when the latter opened fire, shooting Cashin through the stomach and probably fatally wounding him. Ely returned the burglars' fire, shot one dead and wounded another. The third man got away.

A Rotten Affair.

GUTHRIE, O. T., March 11.—The territorial legislature closed yesterday amid scenes disgraceful in the extreme. During the sixty days session the principal occupation engaged in by the legislators has been to quarrel. During the passage of the anti-gambling bill yesterday pandemonium reigned supreme. Members called each other liars and at times almost came to blows. Charges of bribery were openly made and enough disclosed, it is asserted, to show that certain members had openly sold their votes.

Judge Impeached.

NASHVILLE, Tenn., March 11.—Impeachment proceedings were instituted in the house of representatives this morning against Julius J. Dubose, judge of Shelby county criminal Court, at Memphis. The charge is negligence in enforcing laws against gambling and general malfeasance in office.

Official Corruption.

KANSAS CITY, Mo., March 11.—The grand jury which was in session at Independence the past week has made a report disclosing the fact that not only were justices of the peace delinquent, but ex-county officials whose salaries reached \$10,000 are yet in arrears with the county.

The Terror of the Air.

MERIDIAN, Miss., March 11.—Col. W. G. Stevenson, who has just returned from a trip over the cyclone devastated country of Marion and Tombahaund counties, says it is the most destructive storm imaginable. It will be months before order is restored.

The Fish Dealer Cases.

PORTLAND, March 11.—The fish dealer, arrested yesterday for selling salmon out of season were fined fifty dollars each in a justice court today.

For Mayors.

KANSAS CITY, Mo., March 11.—Mrs. Anna Potter, wife of prominent insurance man, has announced herself a candidate for mayor of Kansas City.

SENATE FOR FREE SILVER.

A North Dakotan Imprisoned at Honduras.

WASHINGTON, March 11.—The Post publishes the following: "The work of arranging the senate committee chairmanships has so far progressed that nearly all have been selected. The most interesting development is the fact that free-silver men propose to run the senate their own way and are recasting the finance committee so as to leave no doubt of the stand which the committee will take upon any coinage bills before it. The Democrats on the committee, up to the 4th of March, were Voorhees, McPherson, Harris and Vance. Voorhees will be chairman. Harris and Vance are both outspoken free-silver men and will remain. McPherson will step aside to take the chairmanship of the committee on naval affairs. Other Democrats on the finance committee will be Coker and Vest, both avowedly on the free-coinage platform. It will be seen that no matter what Cleveland desires the personnel of the finance committee is such as to make it almost impossible for him to dominate the financial policy to be followed by the senate. All the anti-silver men, such as Villas, McPherson and others, have been purposely kept off the committee. Morgan will be chairman of the committee on foreign relations, Cockrell of appropriations, Harris of the district of Columbia, Gorman of printing, Mills of library, Palmer of military affairs."

AFTER HER HUSBAND.

A Salem woman started after her husband late last night, in the dark, wind and rain. He had been at the sportsmen's convention and banquet and departed perfectly sober, though after his usual hours.

His better-half felt sure he had been snatched. The conscience-smitten swain started home about the same time. They met on the bridge at midnight.

"Are'n't you a little out of season?" she suggested.

"I was on the committee on constitution," he pleaded.

"You're a pretty sight to talk about the constitution."

"I had to help draft the by-laws."

"You had better have a little more wholesome respect for the laws of married life."

As they disappeared from the view of the reporter he had his nose on the trail for home, going on a quick trot, while bird-shot was flying about his ears with an incessant rattle.

Strongly Endorsed.

The advertising of Hood's sarsaparilla appeals to the sober, common sense of thinking people, because it is true; and it is always fully substantiated by endorsements which in the financial world would be accepted without a moment's hesitation. They tell the story—HOOD'S CURES.

Hood's Pills cure liver ills, jaundice, biliousness, sick headache, constipation.

It consumed property valued by conservative estimate at four and one-half million dollars, and was attended by scenes of panic and distress never before equaled here, destroyed several, perhaps many, human lives, and mangled or maimed at least thirty persons, some of whom will die from their injuries.
