THE PRESS AND THE POPE.

It is a remarkable fact that the pres of the United States, almost without distinction of party or creed, commends the present occupant of St. Peter's throne as a roost enterprising and public spirited pope.

He is almost universally credited with being progressive and enlightened in all his views of public questions He is the first of the papal successio to espouse openly the cause of the Ir'sh people, in uphoiding Gladstone's ome rule bill. He is the first pope to display a tolerant policy toward pub fic education.

Eighty-three years of age finds fev men in such full touch with the times as Leo Thirteenth may truthfully be said to be. His humane nature, his broad philanthropy, his keen sense of justice, his love for the masses, are all qualities that mark him as the great est man who ever wore the crown of the church in the vatican.

#### HURRAH FOR THE BABY?

Lincoln county is Oregon's newborn her latest child, a bouncer, full of life and enjoyment. The admission of the county to rights of self-government was duly celebrated March 3rd at Toledo, Where a thousand people were feasted on the luxuries of land and sea, the band played, speeches were made by members of the legislature and the new county officers. At midnight three hundred people were eating and drinking, dancing and the birth of the child was fully honored by festivities proper to the occasion. Lincoln has a good name but also has great riches. What is better she has a liberal, hospitable, wholesouled class of people. Here's to the baby !

#### ISSUING PAPER MONEY.

Secretary Carlisle is issuing millions of legal tender notes for gold coin. This done to replenish a hoard of gold coin in the vaults of the treasury at Washington. Denver has exchanged a million of gold coin for such legal tender treasury notes; Chicago has secured ten millions of this kind of paper money as gold. Helena gets half a million. While the government allows national bank notes to circulate with but 25 to 40 per cent of coin to redeem them, it will only issue dollar for dollar of its own notes for gold. Ulster Unionists Threaten Civil War.

CONSTITUTIONAL OBJECTIONS

To Gladstone's Home Rule Bill -German Affairs.

LONDON, March 13,-Facts have comto light which show that the Ulster unionists are in earnest in their threats of civil war, and also that the government is resolute and vigilant in its steps to prevent an outbreak. A newsletter from Belfast asserts that a firm in Ulster recently ordered 100,000 Mar-tini rifles from the English manufacturers of that weapon. The manufacturers referred the order to the British government for advice as to whether it should be complied with. The government's reply was of such a nature that the English manufacturers replied to the Uister firm that they were not permitted to execute the order. This is considered as showing that the government means to enforce the order recent ly issued that no arms shall be admitted to Ireland without permission from the Dublin executive.

SECOND READING POSTPONED. The obstructive tacties of the opposi tion have compelled Mr. Gladstone to reverse arrangements for the session. The second reading of the home-rule bill has been fixed for Monday, March 13, but it has now been postponed until Thursday next, and it is probable that the debate will not begin until the 23rd inst, and will be carried over Easter. Mr. Kimber, conservative member of parliament for Wandsworth, has given notice of the following amendment to the motion for the second of the home-

The truth is the government realizes how difficult it will be to obtain any form of bill worth baving in the maneuvers for the time during which it hoped to take advantage of the dimentions of the centrist party to secure a small majority. Through the strategy of President von Levetson, who acted in unison with the chancellor, who wants the discussion delayed, a motion in regard to the return of the Jesuits to Germany was postponed. The time is not yet opportune for the govern-ment to declare its intentions in the matter. Negotiations with the vatican, although almost hopeless, pro-ceed. During the discussion of the war budget Herr Ahlward repeated, amid chilling silence, accusations against the government for taking the defective Loewe rifles. During the same debate Herr Richter asked whether the budget included the sums paid to newspapers for supporting the army bill. Chancellor von Caprivi indiguantly denied

Count Jean de Madre was also there, but she did not give him the name of the hotel at which she proposed stopping. The count had perhaps, seen her off at the Waterloo station. Count Jean dined with her only once at Bournemouth. She had not seen him since 1891. Lady Blanche concluded her testimony and the case was closed. The jury, after only a few minutes' de-liberation, rendered a verdict that Lady at the head of the work among the Blanche was not guilty of adultry; that Lord Frederick Howard de Walden was guilty of cruelty. Judge Juene, in pursuance of this verdict, therefore pronounced his decision granting a judicial separation to Lady Blanche from her husband, Lord Frederick; also granting costs to her ladyship; also awarding her ladyship the custody of their son.

Satolli Coming West. Sr. Louis, March 13.-The Globe-Democrat says: "Archbishop Satolli will go to Lincoln, Neb., immediately after Easter, and the object of his mission is for the first time made public. His visit, it can be authoritatively stated, affects the removal of Bishop Thomas Banacum," The Globe-Democrat last week intimated that a movement was on foot to transfer Bishop Banacum to Cheyenne, Wyo., and this dis-affection of several years' standing has culminated in a priests' petition, which reached Mousignore Satolli this week.
