The millinery stores are generally ahead of the early spring beauties of the garden in variety and profusion and this was never better exemplified than in the wonderful display shown today at Mrs. S. HER PLANS LAID .- A Salem lady whose husband was out rather late the other night at the sportsmen's banquet says she has sent for her mother to come out from back East to stay with the children nights and she is going to attend all the places he visits, and there is nothing in the constitution or bylaws to prevent.

PRESIDENT'S ADDRESS.

H. S. Gile stated the facts of the history and progress of this association. It had started out with the support of a majority of the Salem business men, Its success was due largely to the hearty backing of our business men and citizens, the officers and directors, the Women's Auxilliary, and the earnest painstaking work of the general secretary, Mr. Wetherbee. It had come to stay and would continue to be a factor in the upbuilding of the moral character of the community. Well supported the Y. M. C. A. was the deadly foe of all evil social influences that lay in wait for young men. When the five-year lease on this building expired there should be a fine modern building ready for the association, to be its own home. Some man could erect a noble monument by supplying the means for this. Immeasurable influences for good have gone forth from this place and we look forward to greater usefulness in the years to follow. President Gile's address was closely listened to and applauded by all present for its encouraging tone and the good showing made. After an instrumental solo by Miss Maud Hirsch, Banker F. N. Gilbert

The report explained the method of conducting the finances. Expense of year's work and to pay for improvements in this hall was estimated at \$4000. Total amount received, \$3528. It came from gifts, fees and dues. The most given by any one was \$100. Total amount paid out \$4192. Debt of society \$1195.05. Subscriptions up to date reach nearly \$3000.

LADIES AUXILLIARY.

The report was prepared and read by Miss Kirk. It showed that three receptions had been given and the ladies had expended \$271.95. The auxilliary had 86 members. The report was well received.
