THE GREEN FLAG OF ERIN!

It Floats in Honor of the Emerald Isle.

SAINT PATRICK'S DAY

Generally Observed Throughout the Land.

IN GOTHAM.

NEW YORK, March 17.—In honor of St. Patrick's day the green flag of Ireland was raised over the city hall today. CARTER GETS A HEARING.

His Counsel Have New and Startling Evidence.

MT. VERNON, Mo., March 17.—[Special to the JOURNAL.] Yesterday afternoon Judge Robinson, of the circuit court, consented to open court at Mt. Vernon on Saturday, April 1st, for the purpose of allowing the counsel for C. R. Carter, now under sentence of death, an opportunity to make an application, and set forth their reasons why a motion for a new trial should be granted. Attorneys Jos. French, T. F. T. Whitney and L. O. Neader, the latter of Springfield, represent the counsel for the defence, and have left nothing undone to gain this hearing, and it is the opinion of all that a motion for a new trial will be entertained by Judge Robinson, after hearing the strong facts and arguments upon which such a plea is based.

And if the counsel are successful in securing a re-opening of the case, then there is a strong probability that the verdict of the jury will be an altogether different one than that rendered in 1887, as many new circumstances and facts connected with the case, have been brought to light within the past few weeks that will tend to put a different light upon Carter's participation in the crime for which the death penalty has been placed upon him. The strong sympathy awakened in his behalf, and some very startling evidence has been brought to light, but which cannot be made public just at present.

CORBETT HIGH PRICED.

He Will Not Fight For Less Than He is Worth.

INDIANAPOLIS, March 17.—Corbett was asked today what would be the lowest price he would fight for, and said: "We have two offers, one of \$75,000 and another of \$80,000. Either would be acceptable, but I am not going to fight for any small amount. I don't have to come to the terms of any club, as I have more money than any of them, and I don't propose to fight for a cent less than I am worth."

A Bomb Thrown Into Minister Porter's Residence.

American Minister's Residence Bombed.

ROME, March 17.—A bomb was exploded in the Ancini Mattei palace, the official residence of United States Minister Porter, early this morning. Fortunately nobody was hurt and but little damage was done to the building. No cause is known for the deed.

It is believed that the fact of the place being inhabited by the American minister had nothing to do with the outrage, but that the motive for causing the explosion was to gratify a desire for vengeance upon the proprietor of the place.

Richard Crocker in Horses.

BUYS A HALF INTEREST IN BELLE MEADE STOCK FARM.

NASHVILLE, Tenn., March 17.—Mr. Richard Crocker has bought an undivided half interest in the thoroughbred stock farm Belle Meade. General W. H. Jackson, the present proprietor of Belle Meade, was asked about the matter last night. He said, "while I had not intended to say anything of the transaction at this time, I will state that it is true that I have sold to Mr. Crocker a half interest in the stallions and brood mares and their product. The yearlings to be sold in New York in June are not included in the sale, but are my individual property. Mr. Crocker and I have entered into a partnership, retaining the firm name of Belle Meade stud, having for its object the breeding and annual sale of thoroughbred yearlings, as heretofore conducted at Belle Meade, of which I am to be general manager. Mr. Crocker has for some time had in contemplation the purchase of a farm and the rearing and sale of thoroughbred yearlings, and the object of his visit to Kentucky and Tennessee was to see the two states and decide for himself which he preferred to locate in. He decided that this section of our state possessed greater advantages as to soil, climate and pure water to breed the thoroughbreds to the best form and attain the best growth of any country he has seen. He preferred to unite with me in business, and from my acquaintance with him he is a most agreeable gentleman. His views on the subject being in accord with my own, and being desirous of having such a noted acquisition to our state I made a sale to him I regard his selection of our state as a very high compliment and the partnership with him as of great value to the best interests of the state."

THE HAWAIIAN PROBLEM.

Further Report of the Associated Press Correspondent.

HONOLULU, March 9.—Referring to the statement made by Representative Geary, of California, at Washington, February 21, in which he mentioned the fact that a new steamer line was to be inaugurated between the islands and Puget Sound, the Associated Press correspondent, in conversation with George Lycurgus, projector of the new line, and who is largely interested in the exportation of fruit and importations of wines and liquors to the islands, ascertained that the new line would be started as soon as the Zambesi, which is the first of the new company's steamers could be got ready. The Zambesi went ashore at Yokohama last December, and is now being repaired there. It is expected that she will be ready in about two months. As to Mr. Geary's objections that the new line would injure the California trade, Lycurgus said: "We can export more fruit to Puget sound than California is able to handle. California has its own fresh fruits, and will not pay prices for the islands products which we can secure at Portland. From San Francisco to Portland the steamer rate is about sixty cents per one hundred pounds on all fruit. The rate is about the same from the islands to San Francisco, whereas we can ship direct to Portland for about one-half of what we pay via San Francisco. We can bring down coal from the Seattle mines for about five dollars per ton, while coal from Australia costs us five and a half to six dollars per ton. We are obliged to go to the Northwest for some of the products which we need."

J. A. CUMMINGS,
Honary President,
JOSEPH NAWABI,
President."
