SQUIRE ABINGDON'S DEATH.
May Interfere With the Corbett-Mitchell Fight.

NEW YORK, March 18.—It is learned that Squire Abingdon's death is due to pneumonia, superinduced by a cold contracted the night of the Hall and Fitzsimmons fight. It is believed by many that his death may affect the Corbett-Mitchell fight. Executors of his estate may insist on withdrawing the ten thousand dollars stake money which the Squire put up for Mitchell. It is not believed Mitchell could get any body else to back him for that amount. Mitchell, however, says the Squire's death will not interfere.

THE PANAMA TRIAL.

PARIS, March 18.—Barboux, counsel for Charles de Lesseps, resumed the argument for the defence on the opening of court. He maintained his client was ignorant of the manner in which Baron Reinach had used the money paid him by the canal company; that the evidence in the case proved the efforts of Clemenceau, Floquet and De Freycinet to prevent a lawsuit from being instituted by Reinach against the company were made solely in the interests of the government.

Dubuit, counsel for Marius Fontane, one of the indicted Panama directors, received an ovation on account of his spirited protest against Ribot's imputation on the members of the bar, in his statement in the chamber of deputies. When Dubuit arrived in the robing-room of the assize court, before the resumption of the trial, the members of the bar cheered and waved their official caps several minutes. Dubuit was warmly congratulated on his effort as a successful refutation of Ribot's charges. The incident which arose out of the report that counsel for Cottu intend to make an open statement in court to the effect that a certain foreign ambassador was among the recipients of Panama bribery money, has excited the keenest indignation among the members of the legal profession.

ANN ARBOR STRIKE GROWING.

Other Roads Becoming Involved and Trouble Apprehended.

TOLEDO, March 18.—The Lake Shore road is becoming involved in the strike on the Toledo, Ann Arbor and North Michigan road. Five of its employes have already quit, and a general strike is anticipated. The Wheeling and Lake Erie company refused to handle Ann Arbor perishable freight, and trouble from that quarter is anticipated.

AN EASTERN COMPANY.

POTTSVILLE, Pa., March 18.—The Reading Company is engaging machinists and engineers at different dispatching points hereabouts, with orders to hold themselves in readiness to be forwarded on short notice to the New York & New England road, where a strike of employes is in contemplation. Trouble is feared.

A SWEWED OPERATOR.

Sold the Same Property to Many Different Parties.

SAN FRANCISCO, March 18.—The creditors of J. H. Turner, the real estate dealer, who came here from Woodstock, Ont., eight years ago, claim to have been swindled by him out of over \$400,000, and are seeking to regain their money. They allege that Turner conducted all his real estate transactions through his typewriter, Miss Lizzie O'Donnell, and his practice was to sell the same piece of land to several different parties. Two Fresno ranches were each sold twice, and property in Santa Cruz was disposed of four times in the same manner. Turner also secured the confidence of a number of money brokers here, and others whom he induced to invest \$100,000 in the Owens Valley Water Company a scheme to irrigate lands in Inyo county.

PRESIDENT FERRY DEAD.

PARIS, March 18.—M. Jules Ferry, president of the French senate, died suddenly yesterday.

Mr. Ferry's death was caused by heart disease, due to the effect of a bullet striking a rib near the base of the heart at the time he was attacked by Anberlin in '87. He was seized with spasms early yesterday morning, and despite every effort made by his physicians, who were hastily summoned, convulsions continued to grow in violence until 6 o'clock in the evening he expired in terribly severe spasms. The general feeling is that although Ferry's election to the presidency of the senate was contrary to the wishes of Carnot and Ribot, his death is a serious loss to the government. As yet the possible successors to the presidency of the senate are hardly mentioned.
