DAILY WEATHER FORECAST.

PORTLAND, March 21.—Wednesday rain, stationary. U. S. WEATHER SERVICE.

THE ASSOCIATED PRESS.—Monday evening's JOURNAL again demonstrated the superiority of the Associated Press, in being the only paper printed at Salem to give our readers all the latest particulars of the burning of Tremont Temple, Boston. It might have been the Temple at Jerusalem that was burned but no other paper published at Salem could have had a word about the fire Monday. THE JOURNAL was alone in Western Oregon journalism to print this news. This illustrates the great value of the Associated Press. It is especially valuable to an evening paper on the Pacific coast, as events occurring as late as six o'clock in New York, and 9 p. m. at London, are telegraphed to Salem in time for a four o'clock newspaper.

BLANKETS GIVEN AWAY.—The Salem Woolen Mills Store displays in its show windows a pair of the stage fair first premium blankets, and they will be given away to any lucky purchaser of \$2.50 worth of clothing. Ad will have an equal chance, whether they buy a hat, suit, ready made goods, merchandise, gent's furnishing goods, or have a suit of Salem made woollens built to order in the tailoring department. Purchasers to take advantage of this offer will not be restricted to any class of goods. The blankets are as fine as ever a president slept under and are thus disposed of that they may remain in the possession of some one of their customers for home made goods.

THE BOOK PREMIUMS.—The coupon book distribution plan in SATURDAY'S JOURNAL was well received and a great many people are cutting out and saving their coupons. The books will be here direct from Chicago publishers this week and a complete catalog will appear in next Saturday's JOURNAL. Every coupon will be redeemed at this office at its full face value in standard literature.

FRUIT GROWERS.—The next meeting of the Marion County Horticultural Society will be held at Salem April 18th and 19th. With an immense fruit crop coming on to be saved this society should be given a new impulse and a large attendance on the above date. A good program is being prepared by the efforts of the committee of which C. B. Moores is chairman.

ASSESSMENT.—Deputy Assessor Barbor began his work today. The first man listed in Salem was Wm. G. Westcott, and he ran his valuation up to a clean ten thousand. Billy says it comes kind of hard to not get any deduction for debt, but as all are in the same boat there is no kick. Mr. Barbor will make a good assessor.

JUSTICE COURT.—The case of Geo. Manney and E. M. Savage, of Brooks, charged with the larceny of some rails from L. M. Howell, came up in Judge Batchelor's court and, after hearing the evidence the cause was dismissed.

JUDGE CALVERT OF IOWA.

He is Pleased With Salem and Speaks Well of Oregon's Future.

Judge S. A. Calvert of New Whatcom Wn., has been spending a few days in the Capital City of Oregon. He was formerly Circuit Judge in the Des Moines, Ia., district, and later at Sheldon, where he engaged in practice after retiring from the bench, and became acquainted with the Iowa colony now in Salem. In 1890 he took his family to the north of us where he has since resided and practiced law, his sons doing newspaper work. He said among other things: "I find your people as a rule far more prosperous than in Washington. They seem to realize a great deal more from the productions of the country. The resources of Oregon being more varied than any other Pacific coast state, there is no better chance of success, for the poorer class of people. I am favorably impressed with Salem. It is backed by a good farming community, with a rich tributary country that is bound to make it a great city. It is not ahead of the country, and I doubt if it ever will get ahead of the development of its surrounding territory. Aside from Tacoma and Seattle we have no city on the sound that has the appearance of prosperity and growth that Salem has, or begins to be half as large. We have no such resources and it costs \$100 to \$250 to clear land after the timber is cut off. No man of ordinary means can clear enough land to make him a home of any size. I am satisfied from what I can read in Eastern papers that Oregon is considered as the most desirable state to come to, and has more desirable cheap agricultural land than any coast state."

"My own town of New Whatcom has the finest bay and water supply of any city on the sound. Its future prospects are unequalled by any place outside of Seattle. The Canadian Pacific will force trans-continental lines there. Our population is what you Oregonians would call quite progressive. I am told that the impression is that our legislature adopted the mortgage tax law just repealed in Oregon. That is a mistake. We tax notes and credits, and all property at its actual value as nearly as possible."

LA MODE PARLONS.—Miss S. Pinkham, who has for some years been trimmer in Mrs. M. E. Wilson's millinery establishment, will open her place on Court street next Thursday. She has a fine new stock, and will announce an opening later. Miss Pinkham's place is neatly furnished and she invites the ladies of Salem to call and inspect. A competent saleslady from San Francisco has been engaged.

EXECUTIVE APPOINTMENTS.—Governor Penney has today appointed members of the board of regents of the Eastern Oregon state normal school, located at Weston, as follows: R. M. Powers, Preston A. Worthington and Wm. Steen, of Weston, Nathan Pierce, of Milton, Geo. W. Webb, of La Grande, Walter M. Pierce and J. H. Raley of Pendleton.

GRAND LECTURE.—Rev. Roland D. Grant of First Baptist church of Portland, will deliver his grand dramatic and historical lecture, on "Making and Breaking Nation," at the First M. E. church this city, Wednesday evening, March 22nd. For benefit of Salem Christian Endeavor Union. Tickets on sale at Brooks & Salisbury, State street, 25cts. 3 20-31

Long experience in selling and hanging wall paper enables Hawks & Levar to select the very prettiest patterns and most harmonious combinations from the factory samples so that they can justly claim to carry, not only the largest, but the best selected, and most artistic line in the city.

FLORAL CLUB.—Committees on permanent organization have been appointed, and a meeting will be held Wednesday afternoon at 4 o'clock, in the Hotel Willamette reading rooms to complete the work. All lovers of flowers and the art of raising them are invited to be present.

HORSE STEALING CASE.—J. C. Booth returned from Albany today, where he was called as a witness in a somewhat celebrated horse-stealing case. The hearing was postponed until April 24th, when the witnesses will go up on this case for the fifth time.

SCHOOL BOARD.—The board of school directors met this afternoon. The new directors were sworn in. The salary of the clerk was fixed at \$500, but no clerk was elected. Board adjourned to 2 p. m. on Friday next.

INSANE.—Benjamin of Astoria, who thinks himself the possessor of the hidden powers, and James of Carlton, Yamhill county, who imagines he is a clairvoyant, and goes into violent trances, were brought to the asylum today.

LIKE FRESH.—The beauty about the choicest Oregon dried fruits is the fact that when cooked they are just like fresh green fruit. Clark & Eppley have a fine stock of this class, and when prepared they are even superior to canned goods.

MISS MAY WILKINS.—Fashionable dressmaker, parlors in room 2, new Hughes block. Cutting and fitting a specialty. Agent for the New York tailor system.

A FUGITIVE FROM JUSTICE.

He Confesses to Having Forged a Note For \$200 in Illinois.

Perry Wilsey, alias Harry Hollerstone, was arranged before Recorder Edes this morning, on a charge of being a fugitive from justice from Lena, Ill., where he confessed to the crime of forging a note for \$200 on one T. J. Kahol, in February, of the year 1891.

He was sentenced to ten days confinement, to await officers who are now on the way to return him to face a trial.

HOW HE WAS FOUND. March 13th Deputy Sheriff Mount, of Portland, turned the case over to Chief of Police Minto, of Salem. A man giving his name as Harry Hollerstone and answering the description of the man sought for was found at work in the nursery on the University campus. He was arrested and taken to the Farmers' hotel on Mill street, where his trunk was searched. A letter discovered among his effects seemed to indicate he was the man. The officers sent a copy of it to the sheriff of Stephenson county, Illinois, where Hollerstone formally lived.

Upon receipt of the letter Sheriff James McNary, of Freeport, Stephenson county, Ill., telegraphed instructions to hold Hollerstone. Hollerstone was found at the Farmers' hotel at 9:30 last night. He was arrested and brought down to the police station, where he confessed to having forged the name of T. J. Kahol to a note for \$200 on a Lena, Ill., bank two years ago last February.

Wilsey is now in the county jail to await arrival of proper officers with requisition papers. He is of medium height, sparsely built, weighs 170 pounds has light hair and blue eyes, a drooping moustache and is 37 years old. He has been in Salem a little over a week, having left Chicago two weeks ago.

OUR GREAT FRUIT INDUSTRIES.

Important Interests Being Developed in Oregon.

The fruit interests are so large in Oregon that gentlemen are at work arranging for transcontinental shipments in refrigerator cars direct to Chicago. S. C. Clarke of Salem is sanguine that transportation facilities can be secured which will enable producers to pack right at home, deliver at Salem on certain dates and all get the benefit of low rates of car load rates and of world's fair prices. If he can bring this about Oregon will reap a rich harvest of profits this year.

THE FRUIT OUTLOOK

is splendid this spring. There has been no weather warm enough to start the buds. The later peaches, apricots, nectarines, prunes, plums, cherries and pears bloom, the surer is the fruit crop in the Willamette valley. Late blooming removes the only peril of a fruit crop here, late frosts which are very rare occurrence. But cold late spring rains blight the fruit in bloom sometimes.

THE JOURNAL has not much fear of pests in your orchards properly cared for. Its proprietors are cultivating twelve acres of fruits, have introduced many new varieties of strawberries, organized and made a success of the first strawberry fairs ever held here, and were instrumental in building the first and only fruit palace ever erected on the state fair grounds. We are firm believers in the future greatness, and present profitability of the fruit industry of Oregon, and hope to see the transportation facilities afforded which will return millions of dollars annually to Oregon in spite of her fruit pests.

SALEM, March 21, '93. Elizabeth Lovejoy, respondent vs. W. S. Chapman, appellant, appeal from Multnomah county; argued and submitted, J. F. Watson, attorney for respondent A. H. Tanner, attorney for appellant.

Eugene Garrow, respondent vs. Adolph Nicolai, appellant; appeal from Multnomah county, argued and submitted, J. F. Watson, attorney for respondent, A. H. Tanner attorney for appellant.

Too Late. Perhaps Tenyson has written nothing which appeals to the hearts of all who read his poems more than the lyric "Too Late." The burden of the sad refrain comes home with telling force to the hearts of those who have lost friends by that dread disease—consumption. They realize, "too late" the result of neglect. They feel that the dear one might have been saved if they had heeded the warning of the hacking cough, the fainting fits, all the more keenly because they see others being rescued from the grasp of the destroyer, and they think what is saving others, might have saved their loved one.

When the first signal of danger is seen, take steps to avert the catastrophe. Be wise in time. Dr. Pierce's Golden Medical Discovery will drive away consumption. Do not wait until it is too late before putting its wonderful efficacy to the test. It succeeds where other remedies fail.

DEATHS.

SAUNDERS.—At the Oregon insane asylum near this city, Monday, March 20, 1893, W. W. Saunders, aged 60 years.

Deceased was an old resident of Marion county and was committed to the asylum about two weeks ago. He leaves a wife in Silverton.

The remains were interred at Macleay today.
