CHINESE SMUGGLING STOPPED
Sixty-Seven Celestials Admitted After Night at Portland.
INSPECTOR ARMSTRONG IS SUSPENDED.
The Deputy Collector Believed—Pig Tails Must Go.

PORTLAND, Or., March 25.—The customs officials when interviewed here today regarding the telegram from Washington, stating that 67 Chinese had been illegally landed here Thursday night, from the steamer Haytien Republic, were somewhat reticent, but they confirmed the truth of the statement that Chinese were landed about 10 o'clock Thursday night by Inspector Armstrong and Deputy Collector Cardinell. Armstrong acted under Cardinell's orders, and is therefore freed from responsibility in the matter. The Chinese had certificates, but Cardinell had been instructed by Deputy Collector Pike to land none on these certificates until they had been passed on by the federal court. Cardinell claimed, however, that he had authority to land them on certificates, and so acted. Cardinell has been relieved pending investigation of the matter, which will be taken up as soon as Collector Lotan, who is now in San Francisco, returns. Armstrong is well known in Salem, where he resided before entering the service. Cardinell is a brother-in-law of C. A. Dolph.

WASHINGTON, March 25.—A telegram has been received at the treasury from Chinese Inspector Coblenz, at Portland, Or., stating that Deputy Collector Cardinell and Inspector Armstrong, at midnight Thursday permitted 67 Chinese to land from the steamer Haytien Republic. The Chinese are said to be coolies. Orders have been sent suspending the two officials, directing a thorough investigation. Collector Lotan was absent at the time. Since the beginning of the present fiscal year 137 Chinamen have been returned to China. Last year 175 Chinamen were returned.

ST. PAUL, March 25.—Representative Sikorski today introduced a bill in the house prohibiting Chinamen hereafter "from wearing their shirts outside of their pants," requiring them to "dress the same as other citizens." Violations of this act are to be punished by a fine of ten dollars and a forfeiture of their pigtail.

IMPORTANT LABOR DECISIONS.
Truck Stores and General Strikes Decided Upon.

NEW ORLEANS, March 25.—Judge Billings in the United States court this morning rendered a decision in the suit of the amalgamated council and various labor organizations, which ordered a strike of all labor organizations last night. The suit asked for an injunction against these bodies under an act of Congress prohibiting combinations in restraint of trade. In an elaborate opinion, far reaching in its effect, the court declares the acts complained of unlawful, and merchants entitled to an injunction and other relief.

TRUCK STORE LAW.
JEFFERSON CITY, Mo., March 25.—The supreme court declared state law prohibiting the payment of employees through medium truck stores unconstitutional.

Among the Office-Seekers.
WASHINGTON, D. C., March 25.—The rush of office seekers continues. To applicants for the positions of pension commissioner and public printer, the president said this morning he would not fill these offices for some time, as he wished to give careful consideration to the claims of all applicants. The president has decided to appoint Allen P. Morse, of Michigan consul at Glasgow. His principal opponent for the place was Wesley of Illinois, who formerly held the place.

SEATTLE, March 25.—Hon. E. O. Graves, president of the Washington national bank and of the chamber of commerce, is mentioned as the accepted candidate for United States treasurer. He says he has no private advice as to the matter. Some of his friends have been urging his name for the place, though he is not certain he

would accept it, if tendered. He was for 20 years connected with the treasury department, two years as assistant treasurer.

Regarding a Will
NEW YORK, March 25.—Judge Dugro decides that the will of Banker A. Kountze establishes a trust of \$450,000 for the widow, and directs at her death that \$250,000 of the trust fund shall go to her heirs and next of kin or legal representatives. This empowers Mrs. Kountze to dispose of the \$250,000 by will. She has no children, but she adopted Kily and Frank Smith when they were very young.

Another Monetary Conference.
WASHINGTON, March 25.—The news that the president has decided to reconvene the International Monetary conference at Brussels May 30th is received with approbation by the senators who have interested themselves with the silver question. Spinners' Strike Over.
MANCHESTER, England, March 25.—An agreement has been reached between the spinners and their employes by which the great cotton mills strike will end Monday. CRUELITIES TO PRISONERS.
Siberian Atrocities Narrated by a Sailor.
MANCHESTER SPINNERS' STRIKE ENDED.
Americans Buying up British Newspapers.

SAN FRANCISCO, March 25.—Louis A. Paradyce, a sailor who arrived from China on the Gaelic, tells a story of horrible treatment in the Siberian prisons. He was a sailor on the sailing schooner Mary A. Thomas, and, with another sailor named Wilson, went ashore on the coast of Kamchatka to fill water casks. A hurricane drove the schooner off and the men were left ashore. They had no provisions and traveled inland to a camp of Russian soldiers. There they were seized and accused of being spies. They were sent to Carassock, a convict station. Paradyce tells of the horrible cruelty inflicted on prisoners there. Although Wilson and himself were roughly treated, they were not flogged as the other prisoners were. There were about 6000 convicts at the station, and every Wednesday those who had disobeyed the rules during the week were given 50 lashes with a knout. A woman about to become a mother was knouted, and three hours later gave birth to a dead child. Of the 6000 convicts in camp 1800 wore a ball and chain. Many men were too feeble to walk, and were dragged along by their companions. The soldiers would prod them with bayonets to make them move more quickly. The convicts were fed with black bread and raw salt meat. Finally Paradyce and Wilson were taken to Vladivostok. From there they were sent to the Kara gold fields, 15 days' journey. They suffered frightfully from hunger and fatigue. Wilson gave out and had to be carried in a wagon. The United States ship Marion arrived at Vladivostok, and the officers were informed by a merchant named Smith of Paradyce's and Wilson's fate. The commander of the Marion demanded that the prisoners be given up, and after considerable delay this was done. They were taken to Shanghai on the Marion and placed in the hospital. As soon as Paradyce was able to travel he was sent to Hong Kong on the Gaelic and then came here.

THE APPOINTED SENATORS.
Republicans Determined to Resist Democratic Organization.

WASHINGTON, March 25.—Vance, chairman of the committee on privileges and elections, who is preparing a majority report in the cases where senators have been appointed by the governors of Montana, Washington and Wyoming, will furnish it today. It will not be long, but will present the reasons why a majority of the committee do not believe the certificates of these governors are sufficient authority upon which to seat the senators in question. Hoar, who prepared the minority report favoring the seating of these senators, has completed his work. It is probable both these reports will be printed and will be laid upon the senators' desks when the senate convenes Monday. In that event, the debate relative to these cases may be precipitated at once.

The Republicans say they will insist upon a strict following of precedents, and, if they have the strength to stand up for their resolution to not allow the Democrats to fill the elective offices. It looks as if they would be able to force the Democrats to hold off until the commencement of the regular session.

Indications at present do not point to a protracted fight in the senate over the organization. There appears to be a consuming desire to enter into any protected debate that will prolong the extra session beyond the time when the president will have notified the senate that he has no further communications to make, and certain well known senators said they intended to leave the city regardless of the fact whether there was a re-organization or not.

FUNDS FOR OREGON.
First Comptroller Matthews has decided that certain sums of money held up by the treasury department from the direct tax refunded by congress to the states on account of the states having received an excess of arms and equipment from the militia fund, has been done without warrant of law. Acting on this decision, the treasury department is now paying to the states the amount withheld. Among them are Oregon, \$2,472, Washington, \$3,884.

DISCHARGING CLERKS.
Seldom has a more persistent and earnest pressure been brought to bear than that which Secretary Carlisle has been subjected to within the past few days, since he was obliged to cut down the force of clerks in his department. Senators, representatives and other men of influence have implored him to reinstate this one or that. Carlisle, thus far, however, has not yielded to any of these importunities. He remarked to one who desired the retention of a clerk: "My dear sir, it is not a matter of choice on my part, but a case of necessity. I not only have no money with which to pay these employes, but I have not work for them to do."

BISMARCK'S WARNING.
BERLIN, March 25.—Bismarck, in Hamburger Nachrichten, utters a warning against a dissolution, which can only result in another government reverse. It would be far better, he says, to abandon the army bill now introduced, and modify the bill at a more favorable period, than to resort to arbitrary methods.

It transpires that Rector Ahlwardt, before the committee on inquiry, confessed that his papers had been stolen, and begged the committee to treat the

confession as confidential. Chancellor Caprivi threatened to quit the committee if the request was granted.

AN ASTOR EDITOR.
LONDON, March 25.—William Waldorf Astor, who recently purchased the Pall Mall Gazette and converted it from a liberal into a conservative organ, appears to have developed a liking for authorship. It is announced he will start May 1st the Pall Mall magazine, as a complement of the Pall Mall Gazette. The Pall Mall magazine will be published in London and New York and will be sold for a shilling. Particular care will be taken in the art department and illustrations will be a leading feature. Lord Frederick Spencer Hamilton, formerly in the diplomatic service and now a member of parliament, and ex-Judge Sir Douglas Straight will conduct the magazine. Swinburne will furnish a poem for the initial number.
