THE WAR IN HONDURAS.

Revolutionary Troops Attack Colonel Matta.

REAPPEARANCE OF CHOLERA IN GALICIA AND PODOLIA—ONE HUNDRED AND FIFTY NEW CASES.

PANAMA, Columbia, March 30.

Tremendous fighting marks the progress of the war in Honduras. News has just been received of a battle near Tatumba, which resulted in the defeat of the government troops, with a loss of more than 100 men killed on the field. Nearly 50 of the revolutionary soldiers were slaughtered, and after the battle the bodies of all the dead men found on the field were collected in a heap and burned. This battle was fought several days ago. General Alfonso Villa in Haden had sent a large party of government troops to intercept the march of the revolutionists, who were moving against the capital at Tegucigalpa. General Villegas' army reached the vicinity of Tatumba at 5 o'clock in the afternoon. That town had been occupied by troops under General Terrendo Sleria, who commands the south wing of the revolutionary army, in connection with the east wing of the revolutionary forces commanded by General Reitna for General Sleria, who was leading the advance on Tegucigalpa. The east wing, under General Reitna, was four miles in the rear of General Sleria's forces. Not more than 50 soldiers of Villegas' army followed him in the retreat. With this small force he fled toward La Montanita. Small bands fled in other directions, hotly pursued by the revolutionists, who killed as many as they could while fleeing, and when the battle was over all who had been captured were slaughtered. No prisoners were retained to be cared for.

AWAITING REINFORCEMENTS.

VALPARAISO, March 30.—Refugees who have arrived here from Bago tell a story of hard fighting between government troops and the revolutionists under General Tavarez, who are besieging that stronghold. The siege has been going on since March 21, but neither side has gained an advantage. These refugees say that Colonel Matta, commanding a detachment of the national army sent from Rio de Janeiro, surprised and butchered 100 revolutionists. General Sarava, who has command of the revolutionary troops in that section, attacked Colonel Matta. The revolutionists were driven back after a hard fight, but Colonel Matta is reported to have been killed.

These reports are only partly confirmed by the Herald's correspondent in Rivera. He telegraphs that General Ravarez has made no decisive movement against Bago. He is awaiting the arrival of arms and reinforcements and will make no movement until they reach him. General Telles, however, who is at the head of the main body of troops sent from Rio Janeiro to quell the revolution, is marching toward Bago to engage Tavarez in battle. Tavarez may hasten his movements against Bago in order to fortify it for resisting Telles.

CHOLERA.

VIENNA, March 30.—Cholera has appeared at Zalozce, a market town of Galicia, and is spreading.

ANOTHER CABINET.

PARIS, March 30.—The chamber of deputies today, by a vote of 247 to 242, decided to retain the liquor law amendment bill as part of the budget. It is understood the cabinet will resign.

BIDDING FOR CORBETT.

Fighting for Higher Figures in True Banker Style.

NEW ORLEANS, March 30.—The Crescent Club took the first public step looking to bidding for the Mitchell-Corbett fight. At a meeting it was determined to have President Noel act as the representative of the club in the negotiations with Corbett. Noel will leave for Philadelphia either tomorrow or next day, and expects to be with Corbett by the end of the week. Ostensibly the president is vested with full power, but in fact the offer of the club will be limited to \$35,000. Twenty-five thousand will be the first offer. If Corbett will not agree to fight for \$35,000, a percentage of the receipts will be offered him and an agreement required whereby the winner takes everything. The base of percentage will very likely be 25 per cent. to the club out of the net earnings of the match. It has been definitely learned that Mitchell has agreed to the \$25,000 limit or the percentage plan, either of which is to his satisfaction. The Olympic Club agreed last night to offer \$25,000 for the fight.

WANTS HIGHER FIGURES.

NEW YORK, March 30.—Referring to the latest offer of \$35,000 by the Crescent City Club for the big fight, Corbett said: "I am firmly convinced that these figures will be sent up considerably, but I shall be glad to listen to Mr. Noel's proposition. Should a claim be reached in the near future, which is among the possibilities, it shall only be with the consent of Howe and Hummel, attorneys for the Englishman."

LAND SLIDE IN WASHINGTON.

AN ITEM OF TACOMA ELEVATOR NEWS.
SEATTLE, March 30.—A serious landslide on the Great Northern coast line road a short distance north of Edmonds killed Robert Baker and seriously injured Charles Rode and Frank Kelley. The first slide occurred about 9 o'clock at night and a gang on a hand car had gone to clear the road. They had just finished about 12:30 when they heard the rumbling of another and ran in all directions. Rode and Kelley jumped into the sound. The slide came after them and they were penned down in shallow water by earth and logs. Rode had his leg broken. Kelley was injured about the face and limbs. The remainder of the gang returned to work, when a third slide came down, burying Baker and the hand car under a mass of earth. His body was not recovered. For several hundred feet the track is buried to a depth of forty to fifty feet. A dozen other slides have occurred between Edmonds and Everett and the road will be blockaded for several days, passengers being carried by boat.

ALLIANCE WAREHOUSE.

TACOMA, March 30.—The farmers' alliance of Washington has located in Tacoma its co-operative warehouse from which its members will ship their grain, beginning this season. Tacoma citizens give the site, and bear half the expenses of erecting the warehouse, which will cost \$30,000. It will hold a million bushels of sacked grain and cover an area 160x600 feet. The conditions are that 10,000,000 bushels of grain will be shipped through it, for not less than five year more than ten years. When these are complied with the alliance will be given a deed to the entire property.
