A Group Unearthed.

PITTSBURG, April 13.—A group of 108 Russian anarchists has been unearthed in this city by the police, after a search of several weeks. Meetings have been held nightly and circulars were recently distributed, calling upon workmen to prepare for what was "an approaching crisis." The meeting was stopped and the leaders promised to leave the city.

FASHION'S FADS.

Slashed vandyke puffs of velvet lined with colored satin are considered a very elegant finish for the tops of cloth or silk sleeves.

Chiffon appears again as an airy adjunct to many of the dressy afternoon and evening toilets for this and the coming season.

The Isabella puff in pear shape, widening greatly toward the elbow, now rivals the round bristling balloon puff of the empire form.

Wool bengaline coating is a stylish novelty that shows cords of various sizes and is offered in black and in shades of tan, almond, moss and sage green and oriental red.

The shapeless loose back coat is changed considerably in its character since last autumn, and in its modified guise is likely to prove much more popular than the original model.

Military jackets formed of fine cloth in changeable effects are made in tailor style and finished with triple shoulder capes. They are double breasted and fastened with polished horn buttons.

One of the handsomest spring fabrics is the rochemont weave, a very fine woollen rep, with a dot of silk of another color, which, though of pure wool, is remarkable for its lightness. It is used extensively for both entire costumes and in combination.—New York Evening Post.

TURF TOPICS.

There are about 25,000 horses in London engaged in omnibus and street car traffic.

Algona, sire of Flying Jib, 2:04, will replace Albert W as the premier sire at Rancho del Paso.

Nancy Hanks, 2:04; Allerton, 2:09, and St. Julien were the get of sires and dams that never trotted in 2:30.

The country roads in France are so good that each horse hauls from two to three tons. The tires of the wagons for heavy teaming are 6 inches wide.

The black gelding New Hope was sold to W. H. Reid of Syracuse, N. Y., for \$188. He won a pacing record of 2:16 in Cleveland in 1885 and later was sold for \$11,000.

Kremlin, 2:07, was originally named Effendi. The appellation under which he has become famous is that of the citadel at Moscow which incloses the imperial palace.

Don J. Leathers will soon have completed two varieties of sulks made from aluminium—one with aluminium felly and tire and one with bicycle wheels and rubber tire.

A horse standing 17 hands, owned at Colusa, Cal., trotted a quarter recently over the Colusa track in 31 1/2 seconds, pulling 860 pounds, and his owner thinks he owns the 2-minute trotter.

IN MISSISSIPPI.

TUNICA, Miss., April 13.—The down train brings the news that the town of Robinsonville was completely destroyed by a cyclone this afternoon. Not a house is left in the town of 300 inhabitants, and as a finishing touch to the destructive horror, fire started and burned down the buildings which were blown down. A Mob Attack the Peruvian Governor's Palace.

PEACE BETWEEN DOMINGO AND HAYTI

Winner of the Epsom City and Suburban Stakes.

Peruvian Affairs.

NEW YORK, April 13.—A special cable dispatch says. Grave political troubles are reported from all parts of Peru. The most serious disorder so far reported occurred at the towns of Cuzco and Chole. An armed body of men, headed by General Rivera and a man named Guerr, attacked the governor's palace. "Viva Porok" was their cry. The attack upon the palace began at 8 o'clock in the afternoon, and the siege lasted until 2 o'clock on the following day. While one portion of the mob held the towns, another body besieged the governor's place, and many volleys were fired at the official residence. Rosalo Pilla, one of the defendants of the house, was killed. Just as the mob was about to batter down the doors of the palace, while their leaders were shouting "Kill the governor," the troops who had been sent for appeared. The soldiers charged upon the rioters. Rivera, the real leader, was killed. With the loss of their leader, the rioters became disheartened. They ceased firing and fled in all directions, but they carefully retained all their arms, which will no doubt be used on another occasion. Besides the leader, Rivera, three others rioters and a child were killed. More than 20 persons were wounded during the fight. An incident similar to this, less bloody in its results, occurred in Lima a few nights ago. While a band was playing on the plaza in front of the president's palace, a crowd gathered. Some one raised the cry "Viva Porok" which was cheered by nearly all the persons in the crowd. The guards around the palace were about to fire, when the crowd fled.

San Domingo and Hayti.

NEW YORK, April 13.—A special cable from Puerto Plata says: President Heurax has responded to the request of President Hippolyte of Hayti by withdrawing a portion of the Dominican troops which were stationed along the border between this republic and Hayti. This action of the Dominican president indicates that peace between the two Republics will be reestablished. It is now doubtful whether the aid which General Manigat expects from San Domingo in his proposed revolution against President Hippolyte will be extended.

City and Suburban Stakes.

LONDON, April 13.—King Charles won the city and suburban handicap at Epsom; Windgall second, Lady Hermit third.

Fugitive from Justice.

BUENOS AYRES, April 13.—The Argentine Times says Great Britain has demanded the extradition of Jabez Spencer Balfour, the fugitive president of the Liberator Building society.

Vasary Congratulated.

VIENNA, April 13.—Emperor Franz Joseph and the pope have telegraphed congratulations to Cardinal Vasary. Hundreds of similar dispatches from all parts of the world have been received by the cardinal. Between 25 and 30 were sent from America alone.

Chinese Will Fight.

BOSTON, April 13.—Chinamen in this city have held meetings during the past day or two and decided to co-operate with their brethren in this country in forcing an issue as to the constitutionality of the Geary law after May 6. They will also engage counsel to protect them locally.

Strike in Brussels.

BRUSSELS, April 13.—The strike movement is spreading. The striking coal miners rioted all afternoon at Cues.

seems. Four thousand men attacked the buildings near the pit's mouth shortly after noon, drove off the guards and officials and demolished all the machinery houses and shops. The rioters have possession of most of the town. A large crowd of workmen today raised a shout for universal suffrage. A fight took place with the police and many were injured.

English Bank Failure.

LONDON, April 13.—The English, Scottish & Australian chartered bank has failed with liabilities amounting, it is said, to 8,000,000 pounds, or \$40,000,000. No estimate of the assets is yet made, but they are supposed to be large. The bank was incorporated by a royal charter in 1852 and claimed to have a paid up capital of £900,000 and a reserve fund of £310,000. The suspended bank has main branches at Sydney, Adelaide, Brisbane, Melbourne and at various lesser points in the colonies of New South Wales, Victoria and South Australia. It transacted a banking and exchange business between Great Britain and the Australian colonies and had three large deposits.

The failure has added to the anxiety and consternation which the previous recent failures of financial institutions with Australian connections have caused. The only reason given for the failure is that there has been for several weeks a steady increasing withdrawal of deposits.

IN STATE ENCAMPMENT.

Grand Army of the Republic at Pendleton.

PENDLETON, April 13.—The annual encampment of the Grand Army of the Republic, Department of Oregon, is in session here. Three hundred veterans, from all parts of the state are present. The street parade was imposing, and the exercises at the court house were largely attended and exceedingly interesting. Mayor Alexander delivered the address of welcome, to which Comrade Stearns, of Portland, responded.

Both the Grand Army and the Woman's Relief Corps will elect full sets of officers at this encampment. The same mentioned for president of the corps are: Miss Orpha D. Baldwin, of Portland; Mrs. Nettie Ungman, of McMinnville; and Mrs. Mary Meyers, of The Dalles. For department commander, are mentioned Comrades Cal, Cooper, of McMinnville; C. P. Hallaway, of Huntington; and Rev. Gue, of Portland.

Yesterday afternoon the encampment was in session at the court house and the Woman's Relief corps at the opera house, both with closed doors. The usual business is being transacted. This evening at 6 o'clock a campfire will be held.

Canadian Horses.

NEW YORK, April 13.—The sale of Canadian half-breed hunters, saddlers and harness horses was well attended, many members of the Pony Racing Association and hunt clubs being present. In the two days' sale 125 horses were sold. The total amount realized was \$58,950, an average of about \$470.

Blue Jackets.

NEW YORK, April 13.—A draft of 200 blue jackets from the United States receiving ship Vermont sailed from this port on board the Pacific Mail steamship Newport for the Pacific. The draft will go to Mare Island navy-yard, where the same will be divided up between the sloops-of-war Alliance and Adams.

The Santa Fe Strike.

TOPEKA, April 13.—Under warning unless they returned to work this morning they would be discharged, about 30 striking shopmen of the Santa Fe road went to work this morning. The management says none of the others will be taken back.
