BLOODSHED IN BRUSSELS.

The Strikers Repulsed After a Fierce Fight.

THE HULL STRIKE A FAILURE.

Shippers Reject all Overtures for Compromise.

BRUSSELS, April 15.—A bloody riot occurred at Jolimont last night, the strikers attacked the police with sticks and stones, until they were finally compelled to draw swords and lay about them before the mob dispersed. One woman was killed and three strikers severely wounded. Further trouble is feared. In Ghent today the strikers were incensed by a number of weavers who quit work and attacked them, severely injuring many. When the police interfered the mob turned on them. They wounded some with stones and put them to rout, leaving the rioters in possession of that part of town, until finally a detachment of cavalry appeared on the scene and charged the rioters, scattering them, trampling on some and wounding others with sabres.

LONDON, April 15.—A meeting of representatives of the various union men in the shipping trade of London decided to go on a sympathetic strike Monday all over Great Britain in aid of the Hull strikers. It is doubtful if the unions will endorse this action. The Hull strikers, seeing their strike a failure, have made overtures to the shipping masters today, but their overtures were rejected.

NEW YORK, April 15.—Advices from various points in the western and northern part of the state to effect that snow began falling last night and still continues with no apparent prospect of ceasing. It is already four to six inches deep. Temperature is down to 39.

NEW YORK, April 15.—Instructions received at sub-treasury from Secretary Carlisle are that no more gold certificates be issued by the treasury. This the law forbids, when net gold in the treasury is reduced to one hundred millions.

Mongol Murdered.

OREGON CITY, April 15.—Word was brought from Mulino this morning stating that a Chinaman had been murdered there yesterday, it is thought by other Chinese. The coroner and sheriff have gone to the scene of the crime to hold an inquest. No more particulars are known.

CHICAGO, April 15.—The report of the world's fair auditor, to the end of March, shows that the work has already cost over sixteen millions, and the cost up to date of opening, will be about twenty millions.

WASHINGTON, April 15.—President has sent to the senate the nomination of John H. Wise of California, for collector of customs at San Francisco.

Col. Dudley Dead.

CAMDEN, N. J. April 15.—Hon. Thos. H. Dudley, ex-consul to Liverpool, dropped dead at Broad Street Station, Philadelphia, today.

Lost the Left Flipper.

CHICAGO, April 15.—If anybody between Chicago and Seattle should happen to stumble over the left flipper of a hump-backed whale they will confer a great favor upon Dr. Calhoun, Percy W. Rochester and several other world's fair commissioners from the state of Washington by reporting the discovery at once. Telegrams were flashing back and forth yesterday between Jackson Park and Seattle because of the failure of that left flipper to show up when it was wanted, and when the city was shrouded in darkness the hunt was still on.

WHY HAULED DOWN?

The Question Propounded in the U. S. Senate.

WASHINGTON, D. C., April 15.—In the senate Platt spoke at length on the proposed investigation of record of Senator Roach, of North Dakota, arguing the right of the senate to make an investigation. It was the plain duty of the senate to do so. On agreement, a yeas and nays will be taken on the Roach matter before adjournment. A resolution passed for the appointment of a committee to wait on the president to inform him that the senate is ready to adjourn. Harris and Sherman were appointed.

SENATE WILL ADJOURN.

The committee to wait on the president reported that the president said he had no further communication to make to the senate.

After further speeches in the Roach matter, Lodge offered a resolution directing the secretary of state to inform the senate by whose authority the American flag was hauled down from the government building at Honolulu. On demand of the Gorman resolution it was laid over under the rules. Butler moved to amend by adding the words "Also by whose authority the same was hoisted on said buildings."

Internal Revenue.

President sent senate nomination Joseph S. Miller, West Virginia, commissioner internal revenue.

Runaway Street Cars.

CHICAGO, April 15.—A runaway cable train with passengers aboard whirled unchecked ten squares through the most crowded portion of the city last evening. Its wild career ended by a plunge down the grade into the LaSalle street tunnel, where the train was derailed and the wrecked cars were strung across the track near the bottom of a sharp incline, the southbound train being involved in the general wreck. There was a train just ahead of the runaway and a collision with the horse car crossing Randolph street. The rear car of the train was derailed and the runaway, coming up immediately after crashed into this car, turning it right angles to the track and directly in the path of the train coming out of the tunnel on the next track. The result was an awful smash and all three trains went to the bottom of the tunnel together. Their journey ended finally when the grip of the runaway train broke off. The driver of the horse car, Frank Mack, and three passengers on the cable cars, Max and Annie Ross and an unknown woman, were very seriously injured and over a dozen other people suffered painful bruises.

HAULING DOWN THE FLAG

At Hawaii Was Part of a Previous Program.

GRESHAM PUTS THE BLAME ON FOSTER.

Opening of Hostilities in the German Reichstag—Other News.

AT HONOLULU.

WASHINGTON, April 15.—The startling news from Honolulu via San Francisco of the hauling down of the United States flag, it is said, was the subject of an animated discussion at the cabinet meeting last evening. Before going into the cabinet room, Secretary Gresham said to a reporter he had received no information whatever except that printed in the papers. When questioned further as to the truth of the statements contained in the special dispatches to Western newspapers that Blount was conniving at the restoration of Queen Liliuokalani, and would support her return to the throne, if need be, by the forces of the United States, he said he knew nothing about it. He declined to express any opinion upon the subject. In regard to hauling down the United States flag, attention is called to these passages in the instructions issued under the previous administration by Secretary Foster to Minister Stevens, under date of February 11, 1893:

The phraseology of your proclamation in announcing your action in the assumption of the Hawaiian islands in the name of the United States would appear to be tantamount to the assumption of a protectorate over these islands in behalf of the United States with all the rights and obligations which the term implies. To this extent it goes beyond the necessities of the situation and the instruction heretofore given you. So far as your action amounts to in according to the request of the de facto sovereign government of the Hawaiian islands, the co-operation of the moral and material forces of the United States for the protection of life and property from apprehended disorders, your action is commended; but so far as it may appear to overstep that limit by setting the authority and power of the United States above that of the government of the Hawaiian islands in the capacity of protection, or to impair in any way the independent sovereignty of the Hawaiian government by substituting the flag and power of the United States as a symbol and manifestation of paramount authority, it is disavowed.

Earthquake Damage.

VIENNA, April 15.—Earthquake shocks continue to be felt in Servia. The people living in the valley of the Moravia river are panic stricken, and hundreds are encamped in the open. The reports from every direction indicate that the shocks caused an appalling amount of damage.

am not surprised the present Democratic administration should order the stars and stripes to be hauled down. They have taken the flag down whenever they had the opportunity and there were times when they had it down in several states for quite a while."

Senator Dolph, of Oregon, who is pronounced in his views in favor of annexation, said: "I am strongly in favor of taking care of those islands now, as I have ever been, and would be very sorry to see anything done that would frustrate their annexation to the United States. I have been afraid the withdrawal of the Hawaiian treaty and other acts by this administration have been detrimental to the end and I cannot in the light of the press dispatches, say what effect Blount's action will have. Blount's action may be simply the result of a desire on Cleveland's part to put negotiations on a basis from which he can deal with the native authorities anew."

MAY GO ELSEWHERE.
NEW YORK, April 14.—A Boston special says: Hawaiian Minister Mott Smith, who is in Boston, says the provisional government of Hawaii will now appeal to England or Germany for support, and that each of these nations stands ready to respond to any overtures.

Will Not Deliver.
BRUNOS AYRES, April 15.—The Argentine Times states that the Argentine government has refused the request of Great Britain for the extradition of Jabez Spencer Balfour. It is stated that he would have been delivered up to the British authorities had Pakenham been willing to guarantee that Great Britain would deliver up alleged criminals charged with similar offenses on the request of the Argentine authorities.

In the Reichstag.
BERLIN, April 15.—There was a crowded attendance at the opening of reichstag, owing to the interest excited by the statement of Herr Ahlwardt that he would present the documents he promised implicating high German officials in corruption. Upon the opening of the proceedings Ahlwardt presented a written statement, which the president scanned and returned to Ahlwardt, announcing, amid general laughter, that the house would proceed to ordinary business. It is understood Ahlwardt withdrew the documents of which he had spoken, although the general hubbub and laughter rendered it difficult to ascertain whether Ahlwardt had really done so or not.
