CARLISLE'S BOND SCHEME.

All Right But Impracticable You Know.

WHAT THE NEW YORK BANKERS SAY.

A Few More Cyclones and Tornadoes Thrown Loose at the Windup.

NEW YORK, April 25.—The morning papers say the proposition from Secretary Carlisle discussed by bankers here yesterday was to allow the government to hypothecate with banks, in return for a supply of gold, fifty millions of five percent ten year bonds, referred to in the resumption act, with privilege of redeeming them after one year, when the government is in better shape. A majority of bankers thought the suggestion in the right direction but impracticable.

Gold Rejected.

WASHINGTON, April 25.—The secretary of the treasury has rejected the terms of the New York bankers offering gold to the treasury.

Nearly a Million.

WASHINGTON, April 25.—Gold in the treasury this morning, over and above the \$100,000,000 gold reserve, is \$900,000.

Harvest of the Elements.

BELTON, Mo., April 25.—A funnel-shaped cloud appeared about 6 o'clock last night both east and west of the city. Several barns were blown to pieces and much damage done to orchards and forest trees, dwellings and barns. The house of Dan Funk was blown to splinters. None of the family were injured. No casualties are as yet reported.

KANSAS CITY, April 25.—A regular twister swooped down on Independence, doing lots of minor damage, but miraculously causing no deaths. Before it reached the more densely populated part of the city, the ugly visitor rose as quickly as it came and, passing over the city, again lighted in the outskirts. Here the damage paused a minute before was repeated.

GRAND FORKS, N. C., April 25.—For the first time since the Red river commenced its rampage the ice moved yesterday, damaging every bridge it passed. The ice is gorging two miles below and it is scarcely probably the bridges will be saved.

AMADEE, Cal., April 25.—Many Modoc county stockmen have been ruined by the severities of the heavy storms. Dead cattle strew the valleys of Modoc and Lassen.

Honoring Columbus.

WASHINGTON, D. C., April 25.—President Cleveland will be absent from Washington six days in connection with ceremonies attending naval review at New York and opening of Columbian exposition at Chicago. He leaves for New York tomorrow afternoon and makes a trip to Chicago before returning to Washington. He will reach Chicago Friday noon and leave Monday noon to reach Washington again Tuesday evening.

More Appointments.

WASHINGTON, D. C., April 25.—The following appointments were announced today at the White House: I. F. McKinney of New Hampshire, minister to Colombia; Thomas L. Thompson of California, minister to Brazil; George Wm. Caruth of Arkansas, minister to Portugal.

The U. P. Strike Over.

OMAHA, April 25.—All striking Union Pacific iron workers returned to work this morning. It is said terms of agreement are not to be made public before tomorrow.

From Morphine.

BAKER CITY, April 25.—Fred Bowen of this city, died last night from the effects of an overdose of morphine. Deceased leaves a mother, five sisters and five brothers. He was aged thirty-one years.

Big Assignment.

SIoux CITY, Iowa, April 25.—D. T. Hodges, the largest financial operator here, filed an assignment for the benefit of creditors this afternoon.

Still on Life's Stage.

NEW YORK, April 25.—Roth's physician says he is so improved that he considers his recovery certain.

BOOMING WESTERN INTERESTS.

Big Convention at Ogden Organized and Running.

OGDEN, April 25.—The trans-Mississippi congress assembled at 10 o'clock this morning. The committee on permanent organization reported as follows: For president, Governor W. J. McConnell, of Idaho; secretary, W. H. Harvey, of Ogden, Utah; assistant W. J. Easterbrook, of Oregon, and O. W. Crawford, of Texas.

The minority report suggested also for president the names of A. C. Fisk, of Colorado and J. W. Bent, of Washington. The vote resulted as follows: 141 for minority and 148 for majority. The standing of Governor McConnell on silver was challenged. McConnell being called out placed himself on record as favoring free coinage of silver in ratio 16 to 1 of gold.

THE NAVAL SQUADRON.

Great Columbian Naval Review at New York City.

NEW YORK, N. Y., April 25.—At noon the naval squadron, from Hampton Roads was sighted a few miles south of Sandy Hook. It was nearly 3 p. m. when the great engines of war on sea passed Sandy Hook. Loud-mouthed cannon from vessels in the harbor and on forts gave them a greeting as they swung into anchorage near the Narrows. Despite fogs and a drizzling rain thousands gathered at points of vantage to see the incoming terrors of the sea.

Columbus' Statue.

CHICAGO, April 25.—The great bronze statue of Christopher Columbus, a gift of the worlds columbian exposition company was unveiled at Lake Front this afternoon with simple ceremonies and presented to the city by a representative of the exposition company. It was accepted by Mayor Harrison.

POLITICS AND BUSINESS.

The Mixture Causes a Big Failure in an Adjoining State.

MOSCOW, Idaho, April 25.—The well-known corporation, McConnell, McGuire & company, the largest mercantile house in Idaho, of which Governor McConnell is the head, was closed yesterday by the sheriff.

Although there had been rumors of impending embarrassment, the failure caused great excitement. The First National bank, of Moscow, issued an attachment for \$20,000 and the sheriff closed the doors. The Moscow National bank immediately followed with an attachment for \$25,000. Attorneys for Murphy, Grant & Co., of San Francisco, and Allen & Lewis, of Portland, served attachments running the figures up to about \$100,000. More attachments are expected today, which will materially increase liabilities. The assets amount to about \$80,000 in stock, a large book account and the firm's business property, which is mortgaged for \$25,000.

Governor McConnell originated the firm several years ago and two years ago it was incorporated for \$100,000. The members of the firm are: Governor McConnell, Frank A. David, J. C. Haskell, W. M. Chambers, and J. H. McGuire.

A large brick block, valued at \$60,000, was built in which to carry on the business. On this Gilbert Bros., of Salem, have a mortgage of \$25,000.

Two branch houses were established at Pullman, Wash. The firm made large purchases of wheat and it was thought profited largely thereby. The recent depression in the wheat market, however, is said to have caused heavy loss and the firm was unable to meet its obligations. In order to save themselves, the Pullman business was sold last week to R. S. Browne and J. H. McGuire, of this city, and the money was placed in the Moscow house. It arrived too late, however, and the crash came yesterday. Their friends deeply sympathize with Governor McConnell and the other members of the concern, all of whom will lose heavily. It is thought with careful management the firm may pay dollar for dollar. Tonight the firm made a general assignment for the benefit of creditors. The First National and Moscow National banks are not affected by the failure.

Norwegians Angry.

CHRISTIANA, April 25.—The radical majority in the storting will postpone the vote on the civil list as a mark of defiance to King Oscar for having refused to approve the demand for separate consular representation for Norway. The Norwegian newspapers attack the monarchy and are agitating for the election of the badge of the union of Sweden and Norway from the Norwegian flag.

Cleveland's Commissioner May Stay Indefinitely.

THE POPE AND GERMANY'S EMPEROR
British Budget Shows a Deficiency from Decreasing Revenues.

Mr. Blount Speaks.

SAN FRANCISCO, April 25.—The barkentine Irmgard, arrived from Honolulu brings advices up to April 12 as follows: The Press correspondent called upon Commissioner Blount this morning and asked if there was any truth in the report that he intended leaving for home on the steamship Australia, which leaves here April 29. Mr. Blount replied there was no truth in it whatever. "My length of stay here is indefinite. It may be two months, it may be three months." Continuing, he said in reply to a query that he had no means of knowing what the senate of the United States was doing, and was accordingly not influenced thereby. Asked if he had been surprised at any existing conditions here, or if he could now express an opinion, he said his frame of mind had wholly been receptive: he had been receiving impressions but had not yet allowed himself to form any conclusions. "Of course," "when the time comes and when that may be I cannot say, I will have some conclusions to make, they may be erroneous, but they will probably be decided." Asked if he would visit the other islands, he said: "I have hardly had opportunity to get out of this house I have been so besieged by callers. I have seen no points of interest about Honolulu. Mrs. Blount is doing the visiting, and I have been kept keeping house. I suppose after she has inspected the island she will be able to impart the information to me, or I may be able in the future to go about more."

The Pope and Germany.

ROME, April 25.—It is understood in official circles the interview yesterday between the pope and the emperor of Germany was on questions touching the Catholic church's attitude in German politics, and especially touching the attitude of the German clerical party toward the imperial policy. The emperor's friendly conversation and gift of a diamond-studded snuffbox, bearing his portrait, to Cardinal Ledochowski, who favors the triple alliance, is much commented on.

The English Budget.

LONDON, April 25.—Harcourt, chancellor of the exchequer, introduced the budget for the coming fiscal year in the commons. The chancellor estimated the expenditures for the current fiscal year at \$464,000 and the revenue at \$289,890,000, leaving a deficit of \$174,110,000, due in part to the slight expected decrease of revenue, but chiefly to the vast growth of expenditures not created by the government, but through the demands of the country upon parliament. The chancellor said the government would not propose to cover the deficit by encroaching upon the sinking fund devoted to the reduction of the national debt. He preferred to meet the deficit by a straightforward way of increased taxation. The government resorted to income tax.

Albany News.

ALBANY, April 25.—E. A. Pike, bar miller in the Red Crown mills, was caught in the shafting, and escaped horrible death only by bracing himself, so that the main belt was thrown off. His injuries are not serious.

Great National Guard Loss.

CHICAGO, April 25.—The magnificent new armory of the First regiment, Illinois National Guard, was destroyed by fire early this morning. Two men are known to have perished in the flames. It is supposed six others shared the same fate. Two others were rescued with the utmost difficulty by firemen after they were badly burned. Property loss is over \$200,000.

break was encouraged by Minister Egan and Juan McKeena, of the leading Balmacedists.

Church Panic.

NAPLES, April 25.—A fatal panic occurred in the church of Torre Annunziata. During the services the draperies about the altar were blown against a lighted candle. The flames spread rapidly and the congregation rushed for the doors. Women and children were thrown to the door and trampled upon. When the fire was extinguished it was found that eight women and five children had been crushed to death, while hundreds of others were seriously injured.

Five Million Failure.

LONDON, April 25.—The suspension is announced of the London chartered bank of Australia, capital \$1,000,000 reserve \$320,000. It has branches in London, Victoria, New South Wales and Queensland.

Home Rule Amended.

LONDON, April 25.—In the commons a motion was made to amend the home-rule bill by providing that the government withdraw the military forces from Ireland before parliament is established in Dublin.

Family Murdered.

ROME, April 25.—A man named Alunni and his wife and two sons were murdered as they slept in their home. One of the sons recently gave the police information as to haunts of some brigands.

THE HANSLINGER'S STRIKE.

New York Waiters Make a Demand for Higher Wages.

NEW YORK, April 25.—Serious trouble with the waiters in nearly all the large hotels and restaurants is imminent. Unless concessions of a substantial nature are made today, the waiters propose to paralyze business in all the restaurants of the better class. Their plans have been carefully laid and there is every reason for believing that these men, skilled in their calling mean just what they say. This movement among the best waiters for better pay began only three weeks ago, but has assumed really great proportions, and is one of the most remarkable and important efforts ever attempted by workmen in this city. The waiters themselves can scarcely realize that they have in the short space of three weeks succeeded in building up a really powerful organization. They have presented demands to the proprietors of the hotels and restaurants, and will strike in two of these hotels today unless their demands are granted. Three hotels have been selected for tomorrow and four for Wednesday, Thursday, the day for the naval review has been selected for the grand old man when strikes will be ordered in all the hotels that have not agreed to the demands of the men.

Albany News.

ALBANY, April 25.—E. A. Pike, bar miller in the Red Crown mills, was caught in the shafting, and escaped horrible death only by bracing himself, so that the main belt was thrown off. His injuries are not serious.

James Talt, a boy employed in a woolen mill, had his right arm caught in a carding machine this morning, and the flesh was torn off the lower arm. The lad will probably recover.

A special term of the circuit court convened yesterday to try Morgan Wasson, held for the murder of A. Grubbe at Lebanon. Application was made for a continuance, and was refused after advice by Judge Barnes.

Great National Guard Loss.

CHICAGO, April 25.—The magnificent new armory of the First regiment, Illinois National Guard, was destroyed by fire early this morning. Two men are known to have perished in the flames. It is supposed six others shared the same fate. Two others were rescued with the utmost difficulty by firemen after they were badly burned. Property loss is over \$200,000.
