FLOODS EAST AND SOUTH.

Great Damage Done to Crops and Property.

MOVEMENTS AT THE WORLD'S FAIR.

The Sioux City Failure Grows More Distressing.

Floods in Ohio.

CINCINNATI, Ohio, May 2.—The heavy rains have ceased and cooler weather prevails. The danger of a disastrous flood in the Ohio River, is not now imminent. The greatest damage was done along the smaller rivers. The Ohio and Miami are higher than since 1884. Along the Little Miami thousands of acres of planted ground are submerged.

Floods in the South.

ST. LOUIS, May 2.—Advices from southern Missouri and northeastern Arkansas are to the effect that a third flood this year in the White and Black rivers is pouring down, doing great damage to all kinds of property. People are obliged to abandon their homes. Bottom lands, both in the White and Black rivers, are flooded for scores of miles. All crops are damaged or wholly destroyed.

THE GREAT FAIR OPENING.

What is Being Done in Chicago for the Entertainment of the World.

CHICAGO, Ill., May 2.—Work on the unfinished portion of the world's fair was resumed this morning, and thousands of men were soon busy putting the finishing touches on the great show while other thousands were at work putting exhibits into place. In the midst of all throngs of sightseers strolled through the grounds, mostly engaged in getting an idea of the architectural splendors on the position, which so far outward appearances go, complete this alone more than can be accomplished in a single day. The immensity of the work grew on the spectators as they moved from point to point, and found the amount of exertion necessary to merely walk around the great structure. The mere sight of them does not afford a fair gauge of their size, because all are so large that there is nothing of ordinary dimensions in sight to furnish a standard measurement.

THE LIABILITIES INCREASING.

The Sioux City Failure Growing Worse From Day to Day.

SIoux CITY, Ia., May 2.—Assignee E. Hubbard, of the Union Loan and Trust Company, has made a statement which created a sensation here. When the company failed the liabilities were placed at about \$750,000, with assets at twice that amount. It proves from the assignee's statement that liabilities are greater, amounting to about \$8,000,000. Paper has been sold all over the country, and is held mainly by banks.

Immigrants Rushing In.

NEW YORK, May 2.—There is a big rush of immigrants for this country. Several thousand on the ocean are headed for this port. The reason for the rush are the new immigration laws which go into effect tomorrow. 10,000 Italian left Marseilles on eleven steamships which just sailed from that port. There are 1800 more bound from Bremen. There is a migration from other ports equally as large.

J. Ellen Foster Boycotted.

LONDON, May 2.—Lady Biddulph, leader of the British Women's Temperance association, states that Mrs. J. Ellen Foster, a noted American temperance advocate will not be allowed to speak in the convention of British Temperance Women's association.

Cut Rates to Chicago.

DENVER, May 2.—Denver & Rio Grande today further reduced the round trip ticket to Chicago to \$30. The other roads met the cut, and it is understood a rate of \$20 to Chicago will be made this afternoon.

Committed Suicide.

VIENNA, May 2.—Baron Richard Poase, president of the extensively circulated tourist's journal "Fremdenblatt," suicided by jumping from a fourth story window. He was 80 years old, and feared the loss of his eyesight.

Bicycle Riders.

UTICA, N. Y., May 2.—A relay of bicycle riders from Boston to Chicago

reached here at noon, six hours behind schedule.

Man Nearly Drowned.

EGGERS, Or., May 2.—(JOURNAL Special.)—Jack Heltemus, a city employe on the streets, was seen today floating down the mill creek near the university perfectly limp, he was got out, his face being black and with no appearance of life. However, willing hands went to work at resuscitation, and after a few minutes the man commenced breathing and at this time he showed signs of recovery although he is unconscious. It is not known how or where he got into the stream.

Mammoth Leather Trust.

NEW YORK, May 2.—The organization of a great leather trust is about completed. The company is to be capitalized at \$180,000,000 dollars. The officers of the trust are not known.

Behring Arbitration.

PARIS, May 2.—The Behring sea tribunal arbitration resumed its session today. J. C. Carter, counsel for the United States, continued his argument.

FLOODS AND WATER SPOUTS.

The Mississippi River on a Rampage.

Texas and Arkansas Report Destructive Storms—Parts of St. Louis Under Water.

ST. LOUIS, May 2.—The river is still rising. Up to 6 o'clock last night the water caused the abandonment of the greater portion of the East Carondelet telegraph office. The St. Louis connecting railway was wrecked this morning and several small buildings were washed away. Many persons who have been living in the second story of their homes were forced to move out altogether today and several had narrow escapes, barely getting away before the residences collapsed or floated away. At Belleville several manufacturing establishments were forced to shut down, the boiler rooms being inundated.

The district known as "Oklahoma" is now a vast lake with here and there a hastily vacated shanty protruding a few feet above the water. The St. Louis dock warehouse gave way about noon and fully one-fourth of the vast building with heavy contents, fell in a heap, the roof sinking and settling upon the wreck. Thousands of barrels of flour, sacks of grain and a miscellaneous lot of other goods were precipitated into the water. Casero Pate, colored, was crushed to death. Two other laborers were injured. The loss will be heavy.

The Mississippi.

ST. PAUL, Minn., May 2.—The Mississippi river is rapidly attaining a flood height. The government gauge at St. Paul registers thirteen feet. It is now nearly a foot higher than at any previous time this spring, and is going up rapidly. With the danger line at St. Paul at fourteen feet the river will have to rise but little before serious results follow. As compared with former spring rises in the month of April, this is almost unprecedented. St. Paul people look for high water in the month of June. At Grand Forks the steamer Alsop, of the Red River Transportation company, returned today from Belmont, with 700 bushels of wheat, all that was saved from 8000 bushels stored in the river storehouses of the Minneapolis & Northern Elevator company, which was completely destroyed by the flood. The company has 60,000 bushels in the other warehouses which were wrecked by the floods.

Floods and Storms.

PARIS, Texas, May 2.—A cloudburst swept the slope of the mountains here and carried away thirty-five miles of the Frisco railroad tracks. The Arkansas river is eight miles wide and much damage is done along its course. Five farm houses a few miles this side of Fort Smith were demolished by whirlwind.

VAN BUREN, Ark., May 2.—Two waterspouts struck northern Crawford county and washed out bridges and railroad tracks on the Santa Fe. It is feared the damage done is immense and many lives are lost.

ALTON, Ill., May 2.—In the past forty-eight hours the river here has risen nearly three feet and is still booming. South and east of here the farms are not being but watery wastes. Several are down at Wood River, and the work of rescuing has commenced. The Washburn branch was abandoned this afternoon.

WHAT EUROPEAN MONARCHS ARE DOING.

Socialists, Mobs, Riots, Newspapers Suppressed—Fun Generally.

NEW YORK, May 2.—Details of a riot on the British island of Dominica say a balliff endeavored to eject defaulters from taxes whose property had been bought in by the government, but was resisted. The British warship Mohawk arrived from the neighboring island of Antigua with the British governor, Sir William Haynes Smith, who conferred with the rioters. He subsequently landed 20 bluejackets to enforce the balliff's order. A fight ensued, in which four rioters were killed and many wounded. Captain Bailey, of the Mohawk, four police and many bluejackets were hurt.

Corner Burst.

LONDON, May 2.—The Financial News announces that the gigantic corner in coffee engineered by Kaltenbach, the Paris broker, has collapsed, implicating 30 firms in Havre and a number of firms in Antwerp and Hamburg. Kaltenbach carried 1,000,000 bags of coffee. Recently he was unable to make good his margins in New York and the coffee held by his agents there was forced on the market, causing a heavy fall in prices. The firm managed to rally them partially, but was unable to continue the fight.

Celebrating May Day.

LONDON, May 1.—May day was celebrated by socialists throughout Europe. In Paris and throughout the provinces the celebration is proceeding quietly everywhere. There is no disorder in Belgium and the celebration proper will not take place till the close of working hours, as there will be a procession, addresses, etc. Meetings are prohibited in the recently disturbed districts. The weather is rainy and unfavorable in Germany, and so far the celebration have not taken place.

Suppressing Newspapers.

CITY OF MEXICO, May 2.—The government has begun to suppress all newspapers in Mexico which are pronounced in their opposition to the Diaz administration. Nearly 100 newspapers, including El Democrata, one of the leading dailies of this city, were forced by the authorities to suspend publication last week.

Five Days' Holiday.

MELBOURNE, May 2.—Consequent on the general unbusiness caused by many important bank failures, the Colonial government had ordered a five days' bank holiday to allow time for the banks still solvent to adopt measures of self-protection. Some of the banks pay no attention to the proclamation and continue business as usual.

Bad Weather.

BUDA-PESTH, May 2.—A steady rain is falling throughout Hungary. This has relieved the anxiety regarding the wheat crop. The rain is too late, however, to save the barley and oat crops.

VIENNA, May 2.—Though rain is falling in Hungary, drouths continue in Austria, and the farmers are despondent.

Goadjutor to Bishop Kennick.

ST. LOUIS, May 2.—Bishop Ryan, of Philadelphia, said yesterday: "The pope will today make the announcement of the appointment of the Right Rev. John J. Kain, bishop of Wheeling, W. Va., as coadjutor to Archbishop Peter R. Kennick, of this diocese." Bishop Kain was second on the list of those sent to remedy the suffragan bishop. He was the first choice of the priests of the diocese. He was born about fifty-two years ago in Martinsburg, Va. He was graduated from St. Peter's sem-

inary in Elliott county, Md., and took his theological course at St. Mary's college, Baltimore. He was ordained a priest in July, 1888, by Archbishop Spaulding. Soon afterward he was sent to Virginia, and was made bishop of Wheeling in May, 1888.

A Vienna Mob.

VIENNA, May 2.—Fifty-six meetings were held by workmen in the city and its suburbs. At 5 o'clock 300-000 men and women were massed on the Prater. They sang the "Marseillaise" and other revolutionary hymns, cheered the strikers who demand universal suffrage, and at 6:30 began to march through the city. All the soldiers are confined to the barracks. As several thousand laborers passed Emperor Franz Joseph barracks they cheered the soldiers and the soldiers returned the cheers. The incident illustrates well the good feeling which prevailed in the city throughout the day.

A May Day Riot.

MARSEILLES, May 2.—A large part of the working population took part in the May day celebration. Toward evening the crowds in the streets became very disorderly. The police tried to arrest several socialists who were waving red flags and inciting the workmen to violence. The crowd resisted, and a fight in which the police were worsted followed. The hussars came to the assistance of the police and a general fight began. The hussars finally drove the mob away after a number were wounded.

Cuban Revolution.

MADRID, May 2.—The newspapers advise urgent action to put down the Cuban revolution and declare that national sentiment demands that the last remnant of Spanish colonial empire in America should be kept at any cost.

NEW YORK, May 2.—The Herald's Key West dispatch gives further advice regarding the Cuban revolution.

It is said to be due to dissatisfaction over the election of representatives to the Spanish Cortes in March, and to excessive taxation. The force of the insurrection list April 28 amounted to 1600 men, usually well armed.

BUTTERCUP, POPPY, FORGETMENOT.

Buttercup, poppy, forgetmenot—
These three bloomed in a garden spot,
And once, all merry with song and play,
A little one heard three voices say:
"Shine or shadow, summer or spring—
O thou child with the tangled hair,
And laughing eyes—we three shall bring
Each an offering, passing fair!"
The little one did not understand,
But they bent and kissed the dimpled hand.
Buttercup gambled all day long,
Sharing the little one's mirth and song;
Then, stealing along on misty gleams,
Poppy came, bringing the sweetest dreams,
Playing and dreaming—that was all,
Till once the sleeper would not awake,
Kissing the little face under the pall.
We thought of the words the third flower spoke,
And we found, betimes, in a hallowed spot
The solace and peace of forgetmenot.
Buttercup shared the joy of day,
Glinting with gold the hours of play;
Bringing the poppy sweet repose,
When the hands would fold and the eyes would close,
And after it all—the play and the sleep
Of a little life—what cometh then?
To the hearts that ache and the eyes that weep
A wee flower bringeth God's peace again.
Each one weeth its tender lot—
Buttercup, poppy, forgetmenot.
