A FINANCIAL STORM.

Stock Panic Bursts Upon New York City.

WRECKS FOLLOW IN WALL STREET.

Wild Excitement Prevailing on the Stock Exchange.

BUYING AMERICAN STOCKS.

One of the Largest New York Houses About to Fail.

NEW YORK, May 5.—There were lowering and portentous clouds over Wall street this morning. The big brokers and bankers hastened to that financial storm center, each determined to be as near as possible to the head of the procession. No body could tell before the opening what history lay just on the other side of 10 o'clock, when pandemonium should be let loose. Those in the war had strained, anxious faces, those out hovered about from force of habit, scarcely anxious.

THE FIRST TO GO.

Before three quarters of an hour after opening the slump in Cordage stock became too great for S. V. White to stand and he went down before the storm. He is a grain speculator whose going to the wall a year or so ago caused such a sensation.

ANOTHER FAILURE.

The failure of Ferris and Kimball is just announced in the stock exchange.

MORE FAILURES.

Money rose to 30 per cent. then came another thunder clap in suspension of W. L. Patton and call loans advanced 40, causing stocks to weaken. At 1:30 money had fallen to 18 and 20 and by 2 o'clock to 6. Owing to heavy offerings of funds by commission houses stocks became comparatively calm. To 2 p. m. sales of listed stocks reached 445,000 shares, unlisted 202,000 shares. Stocks then became somewhat feverish but in some instances they met with a load of industrial.

NEW YORK, May 5.—The afternoon battle slackened off a trifle in intensity. At 1 p. m. there was riotous bidding and selling, however, for a time. Then the action again became more rapid. Rarely, if ever in the history of the stock exchange were such wild fluctuations witnessed. One of the largest houses on the street is said to be in trouble and certain to fail.

While this condition existed dazed brokers were throwing over stocks regardless of prices. Foreign houses were quietly picking up dividend payers. It is estimated that up to noon London's purchases aggregated fully sixty thousand shares. This increase in foreign exchange caused a drop in sterling rates to 4.86 and 4.89, but money continued close at 11 and 12 per cent. The confidence displayed by foreigners caused home operators to take courage and a general rally ensued.

Another New York Failure.

NEW YORK, May 5.—The failure of W. L. Patton and Co., is announced. White says the drop in sugar is one of the leading causes of his failure.

Australian Failure.

MELBOURNE, May 5.—The colonial bank of Australasia, Colony of Victoria suspended in consequence general feeling of apprehension in regard to the Australian bank.

Failure in Boston.

BOSTON, May 5.—Francis Henshaw and Co., stock brokers, suspended this morning.

Bicycle Race.

CHICAGO, May 5.—The great bicycle relay race from Boston to Chicago, ended this morning. The journey was made under the most difficult circumstances, was completed in a little less than 122 hours, or nearly 22 hours behind schedule.

Attendance Light.

CHICAGO, May 5.—Lowering clouds presaging rain, and a bleak wind from the North made the attendance at the world's fair, very light today.

Long Electric Wire.

OTTAWA, Ont., May 5.—The automatic telephone and electric company of Canada, incorporated by the dominion parliament last month, proposes to run a copper metallic trunk line direct from Halifax to Vancouver, over 8500 long.

To Be Open Sunday.

CHICAGO, Ill., May 5.—A local paper declares positively that the World's

Fair will be open Sunday. It will be opened without formal action or formal announcement. It has been the rule to have them open Sunday and as Chief Tucker, of the Bureau of Admissions, has received no orders to the contrary, will continue the custom. He made his arrangements accordingly, ordering all ticket takers and guards on duty.

A Hotel Burns.

BAKERSFIELD, Cal., May 5.—A fire broke out in the kitchen of Walters hotel last night and \$30,000 worth of property was destroyed.

Turner Whipped.

CARSON, May 5.—Soldier Walker whipped Sacramento Turner before the Carson club last night in fifteen rounds.

SENTENCE PASSED.

To Prison and Reform School—The Coos Bay R. R.

MARSHFIELD, Or., May 4.—The three Huntley brothers who robbed Wm. Schroeder's store at Arago, two weeks ago, plead guilty. Judge Fullerton passed sentence upon them at Empire City. Daniel, the oldest, was given one year in the penitentiary; James and William were given two years each in the reform school.

The fine weather has been a boon to the Coos Bay railroad company. The construction gang is being enlarged and track laying resumed, and it is expected that soon cars will be running into Coquille City. Manager Graham expects to have trains running into Myrtle Point by the last of September.

TO TEST THE ACT.

How the Registration Act is to be Disposed of.

NEW YORK, May 9.—Three Chinamen will be arraigned in the United States Court tomorrow to test the constitutionality of the Chinese exclusion law. This action is taken under an agreed case between the Chinese six companies of California and the United States government in order to reach quick determination of the matter, the United States Supreme Court will convene at Washington Wednesday for hearing of final argument.

A District Institute.

MEDFORD, Or., May 4.—The district institute met here with over 100 teachers in attendance. State Superintendent E. B. McElroy is present and is assisting Superintendent C. S. Price in conducting the institute. Much enthusiasm is manifested and the institute will no doubt be the best one ever held in the district. Miss Elva Gallo-way, of this city, read a most interesting paper on "Moral Elements in Teaching." Professor N. L. Narrington, of the Medford public schools, presented the subject of "Music in the Public Schools" in a good, practical talk. An interesting program at the opera house last evening drew a large audience. A lecture was delivered by Professor T. A. Hayes, of the Ashland public schools.

A Minister's Troubles.

ASTORIA, Or., May 5.—A lengthy article was printed in a local paper, charging Rev. R. B. Dilworth, pastor of the Presbyterian church of this city, with improper conduct toward several female members of his congregation, both married and single. The ladies whose names are mentioned in this connection are all of high standing in the community, and for several days Astoria has been stored up with rumors of Mr. Dilworth's culpability. The affair has naturally created a sensation, and the reverend gentleman's resignation and his determination to retire from the church have added color to the reports. E. C. Holden, C. A. Hanson, Kriquet and J. T. Ross, the elders of the Presbyterian church, make the following statement tonight in explanation of the affair:

"Referring to the charges said to have been preferred against Rev. R. B. Dilworth, we, the elders of the Presbyterian church, feel called upon to correct several exaggerated statements made in regard to them. In the first place, no charges have been preferred against him, neither has he been arraigned to answer any charges. A meeting was held for the purpose of inquiring into certain reports, emanating from a member of the church, who was said to be the author of these reports. We are of the opinion, from information then and afterward obtained, that the reports would by no means bear the construction that has uncharitably been placed upon them. The entire matter will probably be hereafter investigated by the presbytery, as Mr. Dilworth desires. It is due to Mr. Dilworth to say that the announcement of his resignation as pastor of the church was not made, as has been reported,

Highest of all in Leavening Power.—Latest U. S. Gov't Report

by request of the session."

It will be seen by the above that the elders intend to stand by their late minister, although undoubtedly a strong drift of public sentiment goes the other way. It may be said, however, that the charges have not up to the present time been substantiated.

GRESHAM TO THE GOVERNORS.

Relating to the Registration of the Chinese.

WASHINGTON, May 5.—Secretary Gresham has re-affirmed his statement that he sent telegrams to the governors of Western states, asking them to take precautions against violence to Chinese when the exclusion act takes effect. He did not care to state how many of what governors had been asked to take action, but he said the text of the dispatch over his signature, given out for publication by Governor Penoyer, of Oregon, was correct.

The secretary declined to comment on the answer sent him by Governor Penoyer. He said: "The telegrams speak for themselves. I sent a perfectly respectful message to Governor Penoyer, and received in reply the dispatch which has been given to the press. Representations were made to the department that violence might be done Chinese subjects when the law went into effect and the dispatches were sent as precautionary measures. I don't believe there is any prospect of trouble, but the dispatches were sent nevertheless to allay apprehension."

Secretary Gresham received a letter from the United States consul general at Havana dated April 29th, forwarding a copy of the proclamation issued April 25th, by the governor general of Cuba, declaring the province Santiago de Cuba, in a state of siege. The consul general says, according to the newspapers, the revolutionist number a hundred persons, while rumors give the number all the way from 500 to 700 men.

Secretary Gresham said this morning no telegram had come to him today and he was not advised of the reported surrender of the insurgent bands. No report of any contemplated filibustering expeditions had been received from the commander of revenue, McLane, now stationed off the Florida coast, and it is therefore inferred by the revenue marine officials that no filibustering movement had ever been in serious contemplation, dispatches from Key West to the contrary notwithstanding.

A statement prepared from the records of the postoffice department shows that during the first two months of the present administration the total number of fourth-class postmasters appointed is 3,804 against 5,104 made during the first two months of Harrison's administration. The number of appointments made during the last two months to fill vacancies caused by resignations and deaths is 2,685 as against 1,608 made during the corresponding period of the last administration. The number of removals during the last two months, is shown to have been 2,200, while the number of removals made during the first two months of Harrison's administration reached 3,496. The excess of appointments four years ago, is therefore, 1,210 and the excess of removals 2,287, while the number of appointments made on account of resignations and deaths is 1,677 more than four years ago.

Gnawed By Rats.

TACOMA, May 5.—John Dillon, of Summer, aged 50 years, was found dead in a lodging house above the Green Tree saloon. He was taken to his room in a drunken condition the night before. Druggist Day, of Chehalis, gave Dillon two bottles of liniment and medicine to apply and take for pains in the stomach. The contents of one bottle, containing gelsemium, were found almost consumed. It is a question whether or not Dillon died from the effects of an overdose of medicine or from a protracted spree. Rats had gnawed the feet and face of the body.

HOME AGAIN.

The supreme court adjourned at Pendleton last Saturday and the judges all returned home.

FOREIGN ITEMS.

In response to a question, Courdet said Cooper Island seals caught by pelagic sealers came to market as having been caught in Japan. The British counsel exclaimed in a chorus: "That's quite wrong." Courdet answered: "We have ample proof it is true. We have proof, also, that three-fourths of the total number of skins sold are those of females."
