THE OLD FLAG FLYING.

Republicans Welcomed on Old Kentucky Soil.

SEVERE INDICTMENT OF THE DEMOCRACY
By President Clarkson of the National Club League.

CALLING THE LONG ROLL.

Republicans Assembling in Battle Array for the Future.

LOUISVILLE, Ky., May 10.—All the morning Republicans from the distant states have been coming in till the streets, hotels and boarding houses are swarming with delegates.

Fifty of Candidates.

CHICAGO, May 10.—Candidates for the presidency of the National Republican League are becoming numerous.

It is announced that I. Trumbull, of California, is in the field. A delegation arrived from that state last night and decided this morning to put him in the field. It is also announced that ex-Senator John C. Spooner, of Wisconsin, will contest for the office. The Illinois delegation will come in a body tonight with its candidate, W. W. Tracey. The Ohio delegation is trying to capture it for Riquie. It is reported that M. H. de Young, of California, is to make a fight for the chairmanship of the national committee, though this is denied in some quarters. De Young is expected to arrive tonight.

LOUISVILLE, May 10.—The convention was called to order by President J. S. Clarkson. Mayor Tyler welcomed the delegates on behalf of the city and Col. D. L. Crawford, president of the Kentucky state league welcomed the state. Then President Clarkson arose and delivered his annual address. He dwelt at some length on the transition which had been going on for ten years toward younger men and different methods in party management, and continued as follows:

CLARKSON'S SPEECH

"As we begin here today, the march of victory in 1896, we have neither complaints nor apologies, nor explanations to make for the defeat of last year. We have had a Democratic president and congress for sixty days, and Cleveland has hauled down the American flag where Harrison and Republicans ran it up in the name of liberty on the Sandwich Islands. He and his secretary of the treasury, have already frightened the business world, created uneasiness and fear where safety and prosperity ruled before.

As to money and banking, the country will depend on the Republican minority in congress for defense from threatened harm. Neither the extreme eastern view that would force this country to a gold basis, nor the view that would make money dearer and all other property cheaper, will solve the problem or save the country. This is a silver producing nation, and our money should be gold, silver and paper, every dollar of which should be as good as the other, and the volume of safe money made and kept sufficient for the demands of our expanding nation.

Big Crowds Increasing.
CHICAGO, Ill., May 10.—The crowds of visitors to the world's fair increases daily. The attendance today was increased by a large delegation from Vermont headed by Governor Fuller, for the purpose of taking part in the dedication of the Vermont state building. The formal exercises began at noon when the building was turned over to the exposition and accepted. Governor Fuller delivered an address.

Chinese Immigrants.

PORTLAND, May 10.—From the present outlook Collector Lotan is likely to be occupied the greater part of the summer in examining the Chinese certificates. He has landed 184 from the Daube, leaving 428 still aboard. The bark Tacora is due from Victoria Thursday with 400 more Chinese. Eleven out of twenty-one Chinese and 119 out of 121 Japanese were landed from the Haytian republic.

Another Religious Gathering.

INDIANAPOLIS, Ind., May 10.—International bi-annual convention of the Young Men's Christian association met here at noon. The session is devoted chiefly to the election of officers and general organization.

Confused to Death.

CHICAGO, May 10.—Gus Thomas, Cornelius Wagner and Andrew

Olsen, workmen, were confused by the rapidly moving trains at Grand Crossing and run over and killed this morning.

AFFAIRS AT WASHINGTON.

After the Delinquents in the Pension Department—Other Frauds.

WASHINGTON, May 10.—The pension department unearthed what appears to be a series of gross pension frauds, by W. R. Drawey, pension attorney, of Norfolk, Va., who is now under arrest. Investigation by the present administration, shows he had 166 pensions granted, mostly to illiterate negroes, and that 98 per cent of them were fraudulent. Frauds will probably reach a hundred thousand dollars.

OTHER FRAUDS.

WASHINGTON, May 10.—Secretary Herbert has authorized the statement that he will decline to extend leaves of absence to any officer of the navy who is engaged in private business. He will not interfere with the orders of his predecessors, but will grant no new leaves of this kind and will call in all those already granted at the expiration of the terms assigned to them. The secretary says he does not think it right that officers educated by the government should be permitted for their own private advantage to utilize their knowledge and experience against the government and at the same time remain on its pay roll. This decision refers to a writ of habeas corpus. He said there were two questions at issue: First, shall 100,000 unoffending, helpless residents of this country, under authority of an act of congress, without review by our courts, be deported to their native country?

Second, in case the emperor of China shall tomorrow feel inclined to follow the example of this great enlightened country, and expel from his domains Americans residing therein, shall the voice of this people, either through its government or its press, or by individual acts, be prevented from uttering a single protest?

THE OTHER SIDE.
Solicitor General Aldrich followed on behalf of the United States. He contended that the Geary act had not for its purpose the deportation of Chinese laborers, but to provide a system of registration and identification, which is the lawful purpose of the act and has never been disputed. Its methods are lawful and the act is reasonable and humane. Aldrich maintained the right of congress to require registration and identification of citizens or aliens. In concluding Aldrich said the police power rested with the state, nation or people, and intimated that it would be better for the Chinese if the nation retains control, for in the present case, per of the people in some states, any action taken by the people of those states would probably be drastic in its character, having for its object the entire expulsion of the obnoxious race.

WASHINGTON, May 10.—Commissioner Blount has been appointed minister resident to Hawaii.

Trouble in Nicaragua.
WASHINGTON, May 10.—The decision of the authorities to send the Atlanta to look after American interests in Nicaragua, shows that they are more concerned about the condition of affairs in that country than they were at first willing to admit. The proposition being seriously considered is to send the alliance from San Francisco to San Jose, on the Pacific side, to look after the interests of the coffee planters.

Many families lost their entire earthly possessions.

The Chinese Case.

WASHINGTON, May 10.—At a special session of the supreme court today, to hear arguments upon the constitutionality of the Geary Chinese exclusion act, argument was opened by Joseph H. Choate, of New York, for petitioners, for a writ of habeas corpus. He said there were two questions at issue: First, shall 100,000 unoffending, helpless residents of this country, under authority of an act of congress, without review by our courts, be deported to their native country?

SALEM IN THE LEAGUE.

Big Baseball Meetings at Salem This Week.

The temporary secretary, C. W. Watts, of Albany has received a letter from President Hammond stating that a meeting of the base ball representatives would be held at Salem next Thursday forenoon. The difference at Salem have been adjusted and that city will be in all right. The team will be managed by Grant Wills. The Portland club has secured the old west end of the grounds and has its team all selected.

The Oregon City club has its men all selected and are rapidly completing their new grounds. The Albany management has its eye on seven players, being but three short. Immediately after the Salem meeting, at which time the constitution will be adopted and the schedule agreed upon, the players will be brought together here and pitted against the Willamettes for a few practice games.

FROM SCOTT'S MILLS.

Uncle Bobby Scott and family bade us goodbye last week and moved to Woodburn, but uncle Bob dropped in on us Saturday and stayed over until today. We hope to see him here frequently.

Newt Commons raised his barn today. He will use it for a residence until he can build a house.

J. S. Rees has ordered from the saw mill a bill of lumber for a business house and work shop combined.

The Oregon Land Company is having the lumber hauled for their office. It is to be 24x36, two stories high.

Mr. Ong is plowing the avenue preparatory to grading it.

Of the 375 acres of land that has been sold about 160 acres have been planted in prunes.

The old fore bay in the water power saw mill was so badly decayed that it became necessary to remove it. A new fore bay is being put in and the mill will be ready to run in a few weeks.

Scott's Mills has been on the move during the past week. When Uncle Bob moved to Woodburn, John Scott moved into the old homestead which he has bought. John Ferguson then moved from M. Reece's house into the one vacated by John Scott. Mr. Hiles one of uncle Bob's workhands, moved to Woodburn and I. K. Vantrass, of Newberg, moved into the house Mr. H. had occupied. Our hotel keeper, Mr. Ong, who has been occupying the home Mr. Nordyke bought, moved into the fruit dryer, which has been fitted up for a temporary hotel. Then Mr. Nordyke moved into his own home.

Rev. J. H. Douglas being unable to look after his work here on account of a severe cold went home on Wednesday. He failed to return for preaching service on Sunday, but Rev. Charles Scott of Marion who was in the city over Sunday preached a good sermon for us from John 15th, 1-3 verses. About 60 persons were out to hear him.

B. S. Cook, secretary and D. M. Smith, assistant secretary of the Oregon Land company spent last Monday with us.

Dave and Mrs. Smith go east soon to storm ridden Kansas with the hope of bringing back with them some of the remnants of the recent cyclones and locating them on the beautiful foot hills of the far famed Willamette valley.
