ment for a start. In a few days a change was noticed, and as he continued to take the pills he gradually improved and in a little over a month he was able to take the train for Toronto and visit an astonished brother-in-law. Now he can walk four or five miles with any of his friends.

The Globe representative paid a visit to the home of the man thus rescued from a living death. When the reporter's mission was explained, Mr. Marshall's face lighted up with a smile which caused a responsive one to rise upon the features of his wife, and he expressed his perfect willingness to tell all that was asked of him.

"Why, I feel a better man than I did ten years ago," said he, cheerfully. "I'd four years ago next August since I did a day's work but I guess I can soon make a start again. About my illness? It was all caused through falling and hurting my back. I kept getting worse until I couldn't get off a chair without a stick or crutches. The pain of my body and legs were useless. I tried every doctor and every patent medicine, spending hundreds of dollars. Everything that was likely to help me I got, but I might as well have thrown it in the bay. I suppose my wife has shown you the apparatus I used at one time or another. A dozen city doctors gave up. I got enough electric shocks for a half a dozen men, but they did me no good. I lost control of my bowels and water and couldn't sleep without morphine. During the day my legs were cold and I had to set by the stove wrapped in a blanket, suffering intense agony from nervous pains in the legs, neck and head. Yes, I received from the Royal Templars a \$1,000 check, being declared totally unable to follow my employment. One day in April I took a notion to try Dr. Williams' Pink Pills, carefully following the directions accompanying each box. I recovered my appetite and regained control of my bowels and water, and I went on getting better and stronger and now you see me stronger and more healthy than I was for years before I was taken ill. I tell you I am feeling first-class," and Mr. Marshall slapped his legs vigorously and gave the lower part of his back a good thumping, afterwards going up and down the room at a lively rate.

"I weigh 160 pounds today," he continued, "and I've gained 30 pounds since I first took Dr. Williams' Pink Pills. I haven't such a thing as a pain or ache about me, and another thing, I can walk as easily in the dark as in the light."

Mr. Marshall offered to make an affidavit to the truth of the above story, but the reporter considered that wholly unnecessary. He carried conviction to the reporter's mind by every word and action, and there was no gaining the fact that the cure was one of the most marvelous in the nineteenth century. All the neighbors bore testimony to the genuineness of the cure. None of them ever expected to see Mr. Marshall on his feet again and regarded his restoration to health as nothing short of a miracle.

The headquarters of the Royal Templars of Temperance for Canada are in Hamilton. At the publishing house of the order Mr. W. W. Buchanan, general manager and one of the most prominent temperance advocates of the Dominion, was found. In response to the reporter's question, he said: "Oh, yes, I am well acquainted with Mr. John Marshall. He has been a member of one of the councils of this city for about seven years. He is a well known citizen and a reliable temperance man. About four years ago he was first taken seriously ill and his case was brought before the order. The provisions under which the total disability claim is paid in our organization are very strict. The weekly sick benefit is payable to any person under the doctor's care who is unable to follow their usual avocation, but the total disability is a comparatively rare sum, only paid a member who is disabled for life, and declared by medical men to be entirely past all hope of recovery. In Mr. Marshall's case there was some difficulty. It is true he was examined upon a number of occasions, covering a period of upward of two years. The medical men who examined him all agreed that there was little hope of recovery, but they would not give the definite declaration that our law demands—that the claimant was permanently and totally disabled—until last November. When this declaration by two regular physicians was made and our Dominion Medical referee, we paid Mr. Marshall the total disability benefit of \$1,000. He was paid by a check on the bank of Montreal. There is no doubt whatever about the remarkable character of Mr. Marshall's cure. A large number of our members in this city were intimately acquainted with Mr. Marshall and called upon him frequently. All were unanimous in their belief that he was past all hope of recovery. His cure is looked upon as next to a miracle. I have conversed with him a number of times about it, and he gives the whole credit to Dr. Williams' Pink Pills and the application of cold water which is recommended as a subsidiary treatment by the promoters of the medicine. He drops into my office every day or two and is apparently enjoying good health."

The general office of the order is the old Bank of Upper Canada, 117, just opposite the publisher's, Mr. J. H. Land, the Dominion secretary, was easily found, and in response to the questions asked simply stated all that the general manager had said. Mr. Land is a well known man, Mr. Marshall, living within a block of him in the northeastern part of the city. He was well acquainted with him for years before he was taken sick, and pronounced his recovery as one of the most remarkable things in all his experience.

"I have not much faith in patent nostrums," said Mr. Land, "but Mr. Marshall's case proves beyond a doubt that Dr. Williams' Pink Pills are a wonderful medicine. He seems to have exhausted all other means and methods of treatment during his long illness and all without any benefit, but his recovery was rapid and wonderful immediately after he commenced using Dr. Williams' Pink Pills."

Inquiries among the city druggists disclosed the fact that an extraordinary demand had arisen for Dr. Williams' Pink Pills, and that the claims made for them by the proprietors are borne out by numerous cures.

John A. Barr, a well-known and popular dispenser of drugs here, told the reporter that he knew of no patent medicine that had such a demand upon it, or one that had done all that was promised for it. He told of several cases of great relief and cure that had come under his notice. Mr. Wm. Webster, after suffering from ataxia for years, from the first had found certain relief from the pills, and he is now a new man. Mr. George Lees, after years of illness of a similar nature, had taken the pills, and was able to walk out greatly improved in health. Another case Mr. Barr vouched for was a city patient, who had been cured by the pills of the effects of a gripe, after having been given up by the doctors. Many others had spoken highly of the Pink Pills as a fine remedy for nervous and blood disorders. Other druggists, too, declared that they had a further investigation revealed the fact that Dr. Williams' Pink Pills are not a patent medicine in the sense in which that term is usually understood, but are a scientific preparation successfully used in general practice for many years before being offered to the public generally. They contain in a condensed form all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after effects of a gripe, palpitation of the heart, pale and sallow complexion, that tired feeling resulting from nervous prostration; all diseases dependent upon vitiated humors in the blood, such as scrofula, chronic erysipelas, etc. They are also a specific for troubles peculiar to females, such as suppressions, irregularities, and all forms of weakness. They build up the blood and restore the glow of health to pale or sallow cheeks. In the case of men they effect a radical cure in all cases arising from mental worry, overwork or excesses of whatever nature.

On further inquiry the writer found that these pills are manufactured by the Dr. Williams' Medicine Company, Schenectady, N. Y., and (Brooklyn, Ontario), and are sold in boxes (never in bulk) in the form of the dozen or hundred at 50 cents a box, or six boxes for \$2.50, and may be had of all druggists or direct by mail from Dr. Williams' Medicine Company, from either address. The price at which these pills are sold makes a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.
