LOCATING THE HOME.

It is not Salem that is conducting the suit to enjoin locating the Soldiers' Home at Roseburg.

It is not Mr. Sherman as an individual.

The constitutional location of the Soldiers' Home of the state encampment of the G. A. R., of which Mr. Sherman is a member.

The Coquille City Herald says: The constitutionality of the location of the home had not been broached, but when it seemed to be a question and the very friends of the enterprise—the state department of the G. A. R., through a committee appointed at the Pendleton session, of which Capt. D. C. Sherman is chairman—desired to settle the matter for all time in accordance with the laws.

Capt. S. B. Ormsby, the author of the bill, says in a letter to the press: To show how the comrades of the G. A. R. of this department feel in this matter, it is only necessary to state that at the last encampment at Pendleton a committee of three was appointed and instructed to test the validity of the constitutional provision requiring that all state institutions provided by the legislature shall be established at the seat of government.

The records of the encampment show that this was done. The fact seems to be that Mr. Sherman is only active for those most interested, the men who may one day be obliged to use the Soldiers' Home as a place of refuge.

Speaking of the action of the governor in appointing the commission, Capt. Ormsby says: But there was where the trouble began. No city or town in the state should have a majority of the board, and the action of the governor in appointing three of the five from Roseburg shows very plainly he intended to dictate the location of the home himself.

If the governor did this he simply lent himself to give one locality an insuperable advantage over all other places in the state, and prevented the state getting the best site it could under the circumstances. No matter what the constitution says, or if some city had offered the state a site and building free gratis, it would have gone to Roseburg anyway.

Legislative Clerks. ED. JOURNAL: In a former article of mine printed in your paper I stated that there were fewer clerks employed at the late session than the one preceding, but if the lists published of two sessions are correct, the matter needs some explanation for they show an increase in numbers and cost for the late session. It is certain that there were fewer clerks employed in the house and that their per diem was less by \$200, but the increase in the whole number I now account for upon reflection that there were, during the late session, a very large number of useless, expensive, trinketing and examining committees were sent out, and that each one of these was "adorned" with one or more clerks.

As a matter of fact, the clerk abuse must and will be remedied. The next session of the legislature can and will be run with one-third of the clerk expense the last one cost. Looking over the list of names of the clerks, I discovered several that did no service whatever.

It is to be hoped that there will be no trinketing committees sent out in the future to spend the people's money and delay legislation.

There should be no more clerks on the pay rolls than are actually necessary to do the work required to be done by clerks, and I am not so sure but the line ought to be drawn at the enrolling and engraving committee, absolutely abolishing all other committee clerks,

save such investigating committees which may require expert clerical aid. At all events, the clerk abuse has grown to such proportions as to require heroic remedies. J. H. UPTON.

Little Boy Run Over.

ALBANY, June 3.—The freight train arrived at Tangent while after 11 o'clock yesterday. Several children were playing around the platform, among others five-year-old Johnny Newcomb, son of I. W. Newcomb. When the train had passed the little fellow was found on the track with both legs and an arm off, and in a dying condition. The S. P. agent, Mr. Beard, immediately came to Albany on the Roseburg local, and returned with Dr. Maston, the S. P. surgeon for this district. It was not thought possible for the boy to live according to the latest reports. Just how the accident happened was not known, as no one seemed to see it, unless it was one or two small children, too young to explain. It was thought that the boy tried to jump on the train just as it started, or he may have been crawling under a car.

Private Bank Fails.

CHICAGO, Ill., June 3.—Herman Schaffner & Co., private bankers, have made an assignment. The firm is the largest private concern in Chicago or the Northwest, dealing exclusively in Commercial paper. The firm is also about the oldest of its kind in Chicago. No statement of the bank's affairs was filed with the application for a receiver. The assignment was made to the American Trust and Savings bank. To add to excitement, it was rumored that Schaffner had committed suicide. Investigation developed the fact that the assignment was the direct result of the disappearance of Herman Schaffner, senior member of the firm. It is said that the bank has been in straits for some days and that its difficulties preyed very heavily on Schaffner's mind. He left the bank yesterday afternoon and has not been seen since, though diligent search has been made for him. Friends fear mental aberration. The cause of the failure was too much commercial paper.

What Briggs Will Do.

NEW YORK, June 3.—The Rev. Charles Augustus Briggs returned from Washington. When asked if he had heard the action of the Presbyterian general assembly in his case, he replied: "Yes, I learned of the sentence against me, although I left Washington early in the afternoon. But I deem it best not to talk on the matter at present."

"Do you still occupy the Edward Robinson chair of biblical theology in the seminary?" was asked.

"Most certainly I do. Is there anything in the terms of my endowment of the chair or the rules of the seminary which requires that this professorship must be held by a minister of the Presbyterian church? Not at all."

"Has the decision of the general assembly in suspending you from the ministry made any change with your relations with the Union seminary?"

"None whatever," replied the doctor. "The general assembly has not contributed a dollar to the Union seminary. The seminary is supported almost wholly by New York merchants and others."

It was learned from others connected with the Union seminary this evening that Prof. Briggs would go right on just as if nothing had happened, and he will be sustained in his action by the board of directors and members of the faculty of the institute.

STIMULATE THE BLOOD.

Brandreth's Pills are the great blood purifier. They are a purgative and blood tonic, they act equally on the bowels, the kidneys, and the skin, thus cleansing the system by the natural outlet of the body—they may be called the purgative sudorific and diuretic medicine. They stimulate the blood so as to enable nature to throw off all morbid humors, and cure disease no matter by what name it may be called. One or two of them taken every night will prove an infallible remedy.

Sold in every drug and medicine store, either plain or sugar coated.

A "Balm in Gilead" for you by taking Sui-Liver Regulator for your diseased liver.

TUTT'S PILL is the family doctor. To get relief from indigestion, biliousness, constipation or torpid liver without disturbing the stomach or purging the bowels, take a few doses of Carter's Little Liver Pills, they will please you.

Whether quaffed from a vessel of tin, glass or gold; There's nothing so good for the young or the old—as

Hires' Root Beer. A delicious, health-giving, thirst-satisfying beverage. A temperance drink for temperance people.

It is to be hoped that there will be no trinketing committees sent out in the future to spend the people's money and delay legislation.

Big Labor Riot. CHICAGO, June 3.—There was a reign of terror along the route of the drainage canal between Lamont and Romeo. Four hundred quarrymen struck for an increase of wages, and, armed with clubs and revolvers they marched from one quarry to another gaining additions to their ranks and stopping at many saloons on the way until almost crazed with liquor. They left the quarries and pushed upon the nearest camp of the contractors on the drainage canal line. Camp after camp was visited and in each men were driven from work and where they resisted were assaulted by strikers. Many men were severely injured and it is thought one James Powderly will die.

The rioters encountered no really serious opposition until they reached the camp of the McCormick Construction company. Here they were met by McCormick himself and he told them not to do any damage to his property. Thereupon they began to hurl rocks at him. McCormick retreated and procured a Winchester rifle at sight of which the rioters fled. His men, however, all quiet. At Mason, Hogan & King's camp they struck and wounded Peter King, brother of the contractor. A freight train on the Santa Fe killed one of the strikers who was on the track near Rome.

The strikers number about 2000 men, 1,500 of them being employed on the drainage canal. The cause of the strike is that the stone companies reduced wages from eighteen and one half cents to fifteen cents an hour. The strike also extends to Joliet, where from 300 to 400 men are out because of the same reduction. The drainage contractors are unable to learn why the strike was ordered on them as there has been no reduction in wages on their work.

A Tried Remedy for Biliousness. Those who suffer from disorder or inaction of the liver will never get the upper hand of the unruly organ so long as they use such irrational remedies as blue pill, calomel and podophyllin. But from the tried and popular medicine, Hostetter's Stomach Bitters, they may expect relief with a certainty of obtaining it.

The influence of the Bitters upon the great biliary gland is direct, powerful and speedily felt. The relief afforded is not spasmodic, but complete and permanent. The salowness of the skin, the appearance of the tongue, indigestion, chilliness, headache, nausea, pains through the right side and shoulder, in fact every accompaniment of the obstinate complaint are entirely and promptly removed by a course of this inestimable medicine. In behalf of which testimony is constantly emanating from every quarter and from all classes of society.

AN EASY WINNER. The solid vestibuled trains of the Chicago, Union Pacific and North-Western Line distance all competition with ease. It has the shortest line, fastest time, Union depots and no change or delay at the Missouri river, and is the popular World's Fair route. 4-24-18

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY, & Co., Toledo, O. Sold by Druggists, 75c.
