HOP ITEM.—The Butteville Hop Growers' Association met Saturday, for the purpose of discussing the situation and get bids for supplies. Among other business, it was decided that members should use the railroad lantern and that it should be suspended by chain and pulley, thus materially lessening the danger of fire. It was decided that Quasda is the best wash for hops. The outlook for a good crop is said to be excellent.

FOURTH OF JULY.—The committee will finish its work of soliciting funds tomorrow, and on Wednesday the program and general arrangements will be made public. It will be a hummer, and all who come to Salem will have a grand good time.

BEST PRICES.—They are not always the lowest but they are always the best—Price's fruit flavors and extracts. It is on these goods the greatest fraud and adulteration is practiced. None perfect but Price's at Van Eaton's grocery.

THE CAPITAL.—It cannot be removed—the impression that you get more good clean grub to the square inch for a cent at the Capital City Lunch counter, Adolph block, than anywhere in Oregon.

OVER A MILLION.—Strawberry boxes have been received at Salem for growers so far. Monday morning opened up with fine large Sharpless berries 3 to 5 inches in circumference selling at 6¢ a box—4 boxes for 25 cts.

WE CAN PROVE UP.—We want to prove to one thousand families that we are the people's grocers. Strawberries biggest, butter goldenest, cheese toothsomest, and service completest of any house on the Pacific coast. Clark & Spilley.

You can't get anything better or make any kind of improvement, all on the undersigned for material. We have a complete stock, and are ready to supply any prepared contract, sewer work, grading, etc.

CLEVELAND COMING.—It is stated that President Cleveland contemplates a trip to the Pacific coast next year. He told a friend that he wanted to see this country and would probably go soon after the adjournment of congress next year. He will pass through Oregon if Governor Penney does not quarantine the state against him. The president said the coast was a part of the United States he had never visited, and he was anxious to see it. If Cleveland comes to Oregon he will receive a warm welcome personally and as president. Political opinions would be cast to the winds and people without respect to party would throw open wide the gates of Webfoot hospitality.

FIRST COMMENCEMENT.—The Polytechnic Institute at Salem closes its first year's work this week. The year has been a successful one and valuable work has been accomplished. There will be no graduates from the polytechnic department. Following is the program. Educational sermon by President Edwin Morrison at the Friends church Sunday morning at 10:30 o'clock. Literary exhibition by students Tuesday evening. Commencement exercises of the grammar school class and address to the class by Dr. H. D. Minthorn Wednesday evening. All are invited to attend these exercises.

CLOSING AGREEMENT.—All of the dry goods stores of Salem have entered into an agreement to close their places of business at 8 o'clock each evening during the week except Saturday, commencing this evening, the time to be governed by the town clock. This is a move in the right direction and it is hoped for the benefit of the clerks and merchants that it will be a success.

INDIAN WAR VETERANS.—The Indian war veterans of the North Pacific slope will hold their annual meeting in Salem, Friday, June 16th, at the G. A. R. hall. The day session will be devoted to the election of officers and other business pertaining to the organization. In the evening the meeting will be open to the public. T. A. Wait and other will deliver addresses.

SUNDAY MUSIC.—A Salem music firm sent out a piano by special team to Mt. Angel Sunday.

WILLAMETTE UNIVERSITY.

Baccalaureate Sermon By President Whittaker.

40TH ANNUAL COMMENCEMENT.

Program of Exercises Each Day of the Week.

JUNE 11, 10:30 A. M.
The trustees, faculty, alumni, and students of the University assembled in the lecture room of the First M. E. church, and marched in a body to the seats reserved for them in the auditorium. The exercises opened with the Lord's prayer, followed by singing "Oh for a Faith that will not shrink."
After the reading responsively of Psalm 8, Rev. I. D. Driver, D. D., offered up a powerful prayer in behalf of the interests of mankind. The anthem "Beautiful are Thy Towers," was well sung. Rev. C. R. Kellerman read as the morning lesson Hebrews xi chapter. In making the announcements the pastor spoke earnestly on behalf of the University and the interest that should be manifested towards it during commencement week.
The vocal solo by Prof. M. G. Scriber was sweetly sung.
Prof. Geo. Whittaker, A. M., D. D., then announced his text from 1 John, chap. V, verse 4, "And this is the victory that overcomes the world, even our faith." Life is a series of antagonisms the "world" has endeavored to dethrone God. Law is a method of working, of somebody's working, of the working of the ultimate cause. Man must stand for the "world" is aggressive against all truth. After these leading ideas the speaker began a powerful discussion of the leading moral, educational and political questions of today. The hope of humanity lies in the intelligence and consecrated action of Christian men and women. The Christian is the strongest kind of character and the clearest kind of intelligence. Faith is the ascent of man's powers to the understanding of the communications of God. He then addressed, in significant words, the law, music, elocution, normal, classical and academy graduates. The sermon was able and incisive and by its eloquence made a profound impression. Its argument and influence will do the cause of higher education in Salem lasting good, and no sketch can do it justice.
Rev. J. T. Abbott, of Albany, one of the conference visitors of the University, read the closing hymn, "My Soul Be on Thy Guard."
The University's sermon was delivered by I. D. Driver, D. D., one of the most famous of Oregon divines, at 8 p. m. Dr. Whittaker introduced the services of the evening by reading the hymn, "The Heavens Declare Thy Glory, Lord." The 19th Psalm, "The Heavens Declare the Glory of God" was read responsively. Rev. Kellerman then uttered a fervent and earnest prayer, after which the choir sang a joyful and most excellently. The evening lesson was read from Philippians 2, 1-11. Mrs. McDowell sang a beautiful solo, "Hark, the Evening Bells." Dr. Driver then announced his text from Philippians 2, 6-9.
These verses contain mysteries, but no mental food is given in the universe except through mystery. All nations, whose religion has been mysterious, have been progressive. The speaker then discussed the nations to show that outside the influence of Christianity no progress had been made for centuries. When mystery ceases, progress ceases. Then followed the discussion of the subject, the revelation of the mysteries of God to man, in the Trinity, in the Fatherhood of God and in the creation by God through Jesus Christ. With impressive power, careful logic and wealth of illustration he established, the truth of the propositions. Those, who have heard Dr. Driver, can appreciate the grandeur and massiveness of thought and no outlines would do the sermon any justice. The closing hymn "A Charge to Keep Have I" was sung, and the audience dismissed with benediction.
A PAIR OF BRAUTIES.—Geo. Hoey and Jos. Fishburn have each just received an "Old Hickory" bicycle, with wooden wheels, all but the tire. They are about the same weight as any other wheel, but present a more substantial appearance.
GOOSEBERRIES FOR CANNING AT BRANSON & CO.'S.

PRINT THE NEWS OR RETIRE.

Mr. Shaw's Personal and Private Organ to the Front once More.

THE JOURNAL'S attack upon W. A. Shaw does not excuse its own conduct. The Democrat is not Mr. Shaw's attorney, and has nothing to retract. We have investigated its latest charge against Mr. Shaw and find it part false and part true. Of course it does not tell the whole truth, as that would be contrary to its principles. The statement that Mrs. Joseph retained the \$250 paid her by Shaw is false. The truth is that she not only returned all the money paid on the land, but also repays Mr. Shaw for his improvements, amount to about \$450. The article was probably published for its possible effect in standing off a libel suit against the editors of the JOURNAL—Salem Democrat.

It is about time for the papers that have championed Mr. Shaw out of love for his dollars and his purse and noble character to take a reef in their sails, and quit talking about other people's conduct.

The Democrat should publish the news of record about their angel of purity and innocence. He cannot have paid them to keep silence again. The Democrat got \$24 before.

All that THE JOURNAL printed Saturday is on file in the circuit court, and ten times more. In place of calling THE JOURNAL a liar why don't you print the news? Why don't you tell the truth to your readers for the protection of the public? Why withhold the facts?

Without cause you sell their columns to attack a business rival and competitor. Now that you are not bribed to defend Mr. Shaw any longer or to keep silent, why don't you give your readers the news about a matter of public record, the papers being on file in the court, and the case settled by your friend Shaw giving up the property he tried to swindle a widow out of on a contract the like of which was never heard of before?

Print the news, tell the truth, or retire as a newspaper. You made Mr. Shaw conspicuous. You owe it to common decency to protect the widow and the orphans.

WILL BEGIN WORK WEDNESDAY

The Salem Canning Company Ready to Begin Operations.

Manager Kyle says the Salem Fruit cannery will be ready to begin work on strawberries Wednesday. This will employ from fifty to one hundred hands.

A good hard tart red berry is what is wanted. The Wilson, Jessie and many other varieties are suitable. Large soft, pale, tasteless fruit is worthless for canning.

All the berries within five or ten miles of Salem will be handled at a fair price. Growers should be prepared to deliver in good shape.

OF COURSE.—"It's a poor rule that won't work both ways. The county judge should compel the sheriff to visit all the newspaper offices in town whenever he has an advertisement to publish or a job of printing to give out."—The Democrat.

Of course, and pay the Democrat \$48, for publishing in its weekly what the JOURNAL and Statesman inserted in their daily and weekly since years for \$12. That was clearly a fraud on the people to charge them four times as much for half the service. But that is the way with these reformers.
