LINN COUNTY BANKS FAIL.

Two at Albany and One at Lebanon Go Under.

DEPOSITS WITHDRAWN FOR WEEKS.

The Bank of Oregon at Albany also Closes its Doors.

ALBANY, June 19. [Special]—The following notices appeared on the door of the Linn county bank, of this city: "On account of the stringency of the money market the bank hereby suspends payment. By order of directors this 19th day of June. Depositors will be paid dollar for dollar, with a large surplus."

The assets are about \$350,000, liabilities about \$190,000. It is understood that a movement to reorganize the bank had something to do with it. On account of general confidence on the banks ability to pay everything, when securities can be realized on, there is little excitement or uneasiness by the suspension.

WHAT COWAN SAYS.

Hon. J. L. Cowan, president of the bank says the deposits amount to about \$150,000 and that assets will exceed liabilities by \$80,000 to \$100,000. J. A. Crawford, the wealthiest citizen of Albany, and one of the directors, says he will personally guarantee every depositor. Among deposits are \$33,000 of the county's money. No official statement has been made. A branch of the Linn County bank at Lebanon also closed its doors this morning.

ANOTHER GOES.

At noon the bank of Oregon of this city also closed its doors. Cashier Jay W. Blain says assets are 50 per cent. more than liabilities. Amount of deposits is small. Both failures are caused by steady withdrawal of deposits for several weeks.

AT SALEM.

Salem bankers feel no alarm at the Albany failure. The bank of Oregon, had paid all depositors up to within about \$4000 and that was made up by the managers on individual notes. The First National and Cusick & Co. of Albany are running along as well as ever. The stockholders are good for ten times the amount of all liabilities and will see everyone paid. No one in Salem loses a dollar in the Albany failures.

FIRES IN FOREST AND CITY.

Three Persons Perish—Towns and Bridges Wiped Out.

ASHLAND, Wis., June 19.—Forest fires are sweeping over miles of country. Hundreds of homesteaders are endangered. John Meagher perished at Moquist, also two unknown children at Sanborn and the town is wiped out. The Northern Pacific bridge at Minersville is gone. A bridge 500 feet long at Sanborn was also destroyed. The loss is millions.

An Armed Gang.

ARKANSAS CITY, Kas., June 19.—The city at noon was considerably excited over the arrival of five men heavily armed with revolvers and carbines. They are believed by some to be members of the Starr gang of bank robbers. The second and third stories of a building near the banks are occupied by citizens with guns ready for any emergency.

Hungry Refugees.

DULUTH, June 19.—A train bearing destitute refugees from the fire in a mining town of Virginia, numbering 250, mostly women and children, arrived here this morning, almost starved. They were at once supplied with food. They report that houses burned like tinder and the whole town was in ruins inside of an hour. All the way here the train came through lake forest fire.

Ford's Theater Inquest.

WASHINGTON, D. C., June 19.—The coroner this morning declined to summon Colonel Ainsworth as a witness in the inquest into the Ford's Theater accident. Though the inquest is not completed, it is stated the jury will hold Colonel Ainsworth and Contractor Dant and probably Supt. Covert and Engineer Same responsible for the accident. The jury retired at 2:30 to consider the verdict.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY, & Co., Toledo, O.

A \$100,000 BUILDING.

And a One Million Dollar Exhibition.

A STABLEMAN BRUTALLY MURDERED.

More Appointments By President Cleveland—Bank Failure.

The Golden State.

CHICAGO, June 19.—The California state building was formally dedicated today in presence of ten thousand people. Next to the Illinois building, that of California is the largest state building on the exposition grounds. It has a total floor space of 100,000 square feet and cost nearly \$100,000 while \$1,000,000 will not reach the value of the exhibit. Governor Markham was among those present.

Brutal Murder.

SAN FRANCISCO, June 19.—A stable at the Bay District race grounds was the scene of a shocking tragedy last night. This morning the body of John Kelley, a "rubber," was found horribly mutilated near his stall and close by was found a pitchfork with which the murder was committed. It is said that Kelley had numerous enemies among the other stable men. Investigation shows that stones were thrown against the walls of the stable and when Kelley came out he was attacked with a pitchfork. His face and neck were frightfully mutilated with the weapon, one of the times passing through his skull. Jockey Richard Ward is under arrest but is not yet charged with murder.

Western Appointments.

WASHINGTON, June 19.—The president has made the following appointments: Collector of internal revenue, Albert L. New, of Wyoming, for district of Colorado; Charles M. Shannon, of Arizona, for district of New Mexico; E. C. Amos, postmaster, Snohomish, Wn.

Bank Failure.

WILMINGTON, N. C., June 19.—The bank of New Hanover has failed. Assets a million and a quarter; liabilities eight hundred thousand. The failure has caused a run on the Washington Savings and Trust company. It is requiring 30 days on sums of over ninety dollars under the law. It is believed to be entirely solvent.

A Burglar Pulverized.

NATRONA, Pa., June 19.—W. P. Dissert, a Philadelphia burglar, had 100 armed men at bay all night at Cheswick, Pa. He only surrendered when fifty determined men burst open the doors of the building and overpowered him. For ten hours a steady fire was kept up by both sides. When captured one of the robber's eyes was shot out and his left arm was disabled by a bullet. Dissert is supposed to be implicated in 50 robberies committed in Western Pennsylvania during the past two years.

Bank President Shot.

MOCCOW, June 19.—Mike H. Leitich, of Pullman, Wash., made an attempt to kill R. S. Browne, president of the Moscow National bank this morning. The men quarreled over a debt owed by Leitich to the bank. Leitich drew a revolver and fired at Browne. The bullet struck the left side of Browne's neck, inflicting a serious wound. Leitich is under arrest.

A PARTY FOR THE WHITE CITY.

Fourteen Start This Morning for the World's Fair via the Canadian Pacific.

There was unusual activity at the Southern passenger depot this morning, caused by a party of fourteen tourists starting for the world's fair city, who were under the escort of J. L. Mitchell, valley agent of the Canadian Pacific railway. The party consisted of the Misses Coburn, McKinley, Gwynne, Cosper, and Brehaut, of the corps of Salem public school teachers, Mrs. E. E. Pentland, J. C. Fay and family, Wm. Ricard, and two young men, also Prof. W. I. Reynolds and Mrs. R. R. Turner, of Dallas. These people have been figuring for some time on what way to go, and finally decided to take the Canadian, for several reasons. First of all, this road is always from \$5 to \$10 lower on its rates, and has without exception the most beautiful scenery of all the routes. The upholstered tourists' cars are models of elegance and comfort, and at this season the Canadian is the coolest of all routes. Another party has made application to Mr. Mitchell, and he hopes to get them together soon, hence any person thinking of going East should apply to him at once and get the benefit of going in the most agreeable company.

FROM CHEMAWA.

The boy injured yesterday is improving rapidly. Carpenter Rogers all right; only a sore head.

The annual bids for supplies at Chemawa Indian school were opened at 1 p. m. Saturday, June 17th. On beef there were two bids; Cross, \$5.75; Steunloff, \$6.00 per cental. On hay and straw two bids; F. J. Beatty took both at \$2.00 and \$5.00 respectively. Two bids on oats, each \$1.10 per cental or 29 1/2 cts. per bushel, by McAtee and Cornelius. Barley and coal no bids. There were six bids on wood at from \$1.75 to \$2.45 per cord. A. C. Goodrich takes the wood contract, 600 cords at \$2.08 per cord.

Wun Lung.

This is the queer name of a Chinese laundryman in Hartford, but he has probably two lungs, like most of us. Some crying babies seem to have a dozen. Lungs should be sound, or the voice will have a weakly sound. Dr. Pierce's Golden Medical Discovery makes strong lungs, drives the cough away, generates good blood, tones the nerves, builds up the human wreck and cures "another man" of him. Night-sweats, blood-spitting, short breath, bronchitis, asthma, and all alarming fore-runners of consumption, are positively cured by this unapproachable remedy. If taken in time, consumption itself can be baffled.
