INDIANAPOLIS, Ind., July 1.—Secretary of State Gresham is in the city. He said this morning in an interview that he was glad the president had called an extra session of congress. FOREIGN FINANCING.

Mexico Will Not Suspend Free Coinage of Silver—Foreign Trade Dead.

CITY OF MEXICO, July 1.—Secretary of the treasury Limantour wishes to announce to the world that there is no truth in the rumor that Mexico contemplates suspending the free coinage of silver. On the contrary, all of the Mexican mints will be worked to their utmost capacity. The mint in this city coins \$14,000,000 this month. Machinery is now being erected which will increase the capacity to \$18,000,000 a month. There are 10 other mints in the republic which have a smaller capacity. At present there exists a scarcity of circulating medium, due mainly to the heavy exportations of Mexican silver dollars. This drain on the finances of the country must be met by increased coinage. Mexico has, furthermore, a certain and unfulfilling market in Asia for all of her dollars. The increasing exportations of coffee, fibers and other products will enable Mexico to export more dollars than ever before. Silver is produced in Mexico cheaper than in the United States, and the fall in price will be less acutely felt here than in the neighboring republic. In view of diminished importations of foreign goods and the consequent reduction in custom-house receipts, which will be caused by the high price of exchange, the federal government has ordered a discount in salaries paid to all federal officials. Those who receive salaries of \$600 or less a year will be cut 5 per cent, all from \$600 to \$1000 will be reduced 7 1/2 per cent, and all above \$1000 will suffer a 10 per cent reduction. The Mexican government will take no further steps at present, but will wait the development of the panic.

EL PASO, Tex., July 1.—The drop in the price of silver has brought down the price of the Mexican peso to fifty cents, and has cut down the Mexican trade with local wholesalers more than one half. Many firms have received telegrams canceling orders. The Mexican silver mines are shutting down.

LONDON, July 1.—The Standard's Shanghai correspondent telegraphs that business in that city has been paralyzed by the changes made in the currency system of India and the ruinous import duties, especially those levied on opium and Indian yarn.

BERLIN, July 1.—The federal council has decided to prohibit the export of fodder. This step is intended to prevent the execution of large orders for hay from France. Liberal newspapers criticize the measure as a step to the agrarian interests and blame the government for not at the same time suspending the import duties on fodder and cereals.

AFFAIRS AT WASHINGTON.

President Proclaims an Extra Session—Two Million Surplus—Col. Robert Miller Gets It.

WASHINGTON, July 1.—At 6 o'clock last evening the following proclamation was issued:

Executive Mansion, Washington, D. C., June 30, 1893.—Whereas, the distrust and apprehension concerning the financial situation which has pervaded all business circles has a'ra'y caused great loss and damage to our people and threaten to cripple our merchants, stop the wheels of manufacture, bring distress and privation to our farmer and withhold from our workmen wages of labor and

Whereas, the present perilous condition is largely the result of a financial policy which the executive branch of the government finds embodied in unwieldy laws which must be executed until repealed by congress:

Now, therefore, I, Grover Cleveland, president of the United States, in performance of any constitutional duty, do by this proclamation, declare that an extraordinary occasion requires the convening of both houses of congress of the United States at the capitol in the city of Washington, on the 7th day of August next at 12 o'clock noon, to the end that the people may be relieved impending danger and distress.

The determination to call an extra session of congress the first week in August instead of the first week in September, it is understood, was only definitely arrived at this morning's cabinet session, after giving full weight to the numerous telegrams received from all parts of the country urging this course. The consideration which caused the president to change his mind was foreshadowed in a remark made by one of his cabinet officers two days ago. If the president received reasonable assurance that there was likelihood of the prompt repeal of the so-called Sherman purchase law he was disposed to call congress together earlier than he announced. It is inferred from the fact that the president has done so, that he thinks he has obtained the assurance desired.

Figures officially proclaimed show in round numbers that the total receipts of the government for the year aggregated \$355,000,000, while the expenditures will foot up \$353,000,000, leaving a surplus of receipts above expenditures of \$2,000,000.

The president has appointed Robert A. Miller of Jacksonville, Oregon, register of the land office at Oregon City.

NEW YORK, July 1.—Ex President Harrison, when seen at the Fifth Avenue hotel and asked for an opinion on President Cleveland's call for an August session of congress, said:

"I am not prepared to say whether I think the August session of congress will restore the confidence which is said to be demoralized. There may be serious obstructions. I cannot tell what may be the extent of President Cleveland's knowledge on the subject, but I know they would not have repealed the Sherman law for me. I think, altogether too much of the complained of stringency is loaded upon the Sherman law. There are a great many other causes which contribute to the present state of affairs."

Now if They Can Just Escape Cholera, Too!

DENVER, July 1.—Governor Waite has definitely decided not to call an extra session of the legislature.

FOREIGN NEWS BY CABLE.

NEW YORK, July 1.—The Herald's correspondent at Valparaiso telegraphs that General Garza has reached Paso in his march to Bago. General Viola's command defeated the Castilistas troops. In revenge, the Castilistas cut the throats of the revolutionaries whom they captured, although they had promised them amnesty.

The correspondent in Rio Janeiro telegraphs that Admiral Wadellkoha proposes to return from Rio Grande do Sul soon. He will expose to the senate the cruelties committed in that state by Governor Castilho.

From Montevideo the correspondent telegraphs that a large body of Brazilian revolutionaries are pouring over the frontier of Uruguay so as to enter Brazil. Senor Ellauri positively refuses to be a candidate for president. President Herrera has condemned the press for opposing the candidacy of Bauza.

LONDON, July 1.—The Financial News says representatives of American and European producers of copper, except the agent of one small American group, have agreed to renew the compact which has just expired in regard to the output of that metal.

HALIFAX, July 1.—The postage rates between Canada and Newfoundland, the only portion of British North America outside the Dominion, has hitherto been 5 cents per half ounce. After today the rate on letters will be 3 cents, and newspapers mailed from the office of publication will be transmitted free.

PANAMA, July 2.—Pierola was landed at Chala, Peru, and gone on to Arequipa. He is said to be preparing to head a revolution designed to put him in the presidential chair. This alternative of civil war has been decided upon, according to the current report, because Hiera would have no chance of being elected if he merely appealed to the suffrages of the people, as the government in power could control the polls. Hostile operations are expected to begin soon.

VICTORIA, B. C., July 1.—In the supreme court this morning the charge of criminal assault against Rev. Alfred R. Reams was dismissed by Justice Drake, who said the evidence was insufficient to hold the man according to Canadian law. Reams bowed politely when he heard the decision. He was then taken to the provincial jail. Reams was questioned as to whether he would consent to return on the abduction charge before the arrival of extradition papers, but he would not say what his intentions were.
