A WINNING CLUB.—It is announced that the baseball nine of Independence in the state league has been transferred to Salem and during the remainder of the season will be known as the Salem baseball club. The nine is composed of Joe Shea, as manager and second baseman; J. Sullivan, catcher; L. Grant, pitcher and left fielder; J. Johnson, left fielder and pitcher; Clifford Mellen, first baseman; J. Billings, shortstop; D. Strand, third baseman; F. Kohlman, center field. Today this nine will play the Albany club at that city, and the first game in Salem will be on July 15th and 16th, the opposing nine being that from Oregon City. The grounds situated near the oak grove at the state fair grounds will be put in shape. This state of things insures Salem some good exhibitions with ball and bat this summer.

SLOW SALES.—It is pitiful the way property sold for taxes goes begging at the court house. Sheriff Knight and his deputies are making every exertion to close out the delinquent list, but half the time there are no bidders present. Moneyed men are remarkable for their absence. When the money sharks are unable to see a cent in a town lot sold for school taxes at \$1.50, or a quarter section of land at eight or ten dollars, the common sort of speculators seem to think there is nothing in it. Some great bargains are going just the same at those sales.

SCORED A CONQUEST.—Having the only day Associated Press franchise, readers of this paper enjoy a monopoly of telegraphic news. For instance, Friday THE JOURNAL had a two column report of the great Iowa cyclone, and the only correct account of the execution of the negro Miller at Bardwell, Ky., who was hung for his crime and not burned at the stake. THE JOURNAL gives its readers the only correct, complete and reliable news page in the capital city.

SMITH VS. TOOMEY.—Ruby Smith had one Frank Toomey and two associates arrested and tried before Judge Batchelor yesterday evening. With his usual generosity in malicious cases Timon Ford got to trying everyone in the court room including the judge, for the offense charged of stealing the woman's \$50 purse. Of course, there was nothing in it, the purse, the woman, or the case and Justice Batchelor refused to bind them over.

SUNDAY ENTERTAINMENT.—Tomorrow Stoup's will serve cream of chicken soup, fish, an entree, chicken with dressing, lamb and green peas, new potatoes, strawberry pie, puddings, etc. all for 25 cts. Such a dinner in Portland—if that city had as good a restaurant—would cost a dollar. Families at home can't buy and cook it for fifty cents.

ALL RIGHT BUT ONE LEGGED.—Yesterday evening Mrs. Burmeister, sister of Capt. N. B. Humphrey, who lost a leg on the 4th of July by a rail road accident, telegraphed him for news of his condition. The following answer came awhile afterwards: "I am one legged, but a better man than Sullivan."—Albany Democrat.

MRS. JAY SMITH HURT

By Jumping From a Carriage This Forenoon.

This forenoon Mrs. Jay Smith, daughter of Supt. L. L. Rowland, of the asylum, had a narrow escape of losing her life. An iron weight of the automatic gate to the asylum grounds swung and struck the buggy as she was driving out to come to the city.

The baby and Bessie Smith were in the buggy. The horse began to plunge. Mrs. Smith told Bessie to jump out which she did, and threw herself out with the baby in her arms. A trace of the harness had broken and the horse, usually very gentle, broke a shaft of the buggy before he was caught. The baby was uninjured. Mrs. Smith had no bones broken but was badly bruised on one elbow.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. Cheney & Co., Toledo, O. Sold by druggists, 75c.

Mr. Rowley was not on the committee. He was chairman two years before and left no bills unpaid paying some out of his own pockets. The late managers managed to get away with the money and still owe everybody, including good Democrats as well as Republicans.

President Lincoln's Pew.

About 10 years ago the pew in which Abraham Lincoln had sat while living in Washington was removed from the church where he had worshipped and put up in the adjoining Sunday school room. Now the church trustees have voted to restore the pew and to mark it with a silver tablet suitably inscribed. This reminds an old Washingtonian, who attended the same church, of a story. He says that many of those who had seats near Mr. Lincoln's used to try to fill their own pews so that they might be invited into that of the president. "One person in particular I call to mind now," he continued. "He never seemed happy until his pew was filled, for Mr. Lincoln's great hospitality sought him out."

"He would wait out in the vestibule and direct the old colored sexton to fill his pew. Then just before the service began he would walk up the aisle in such an innocent way until opposite Lincoln's pew. Then he'd pause and look around as if to beg some one to take pity on him, and right there the president would rise, reach out that long arm, draw him up and push him into the pew, almost seating him, in his own innocent kindness."—Rochester Post-Express.

When You Have Your Picture Taken. Having a photograph taken is a painful ordeal to some people, while others take it as naturally as a duck does to water and are always assured a successful pose before the camera. There are a few things good to remember when you go to be photographed. First of all choose a day when you are in good humor and at peace with all the world; when you feel well and not tired; when the sun shines, and when the photographer is ready for you. Choose a gown that is simple and becoming, with nothing about it that will soon become "out of date"—a gown a little open at the neck, with a frill of chiffon or lace falling over the shoulders—and you will have a picture that will not look ridiculous in the years that are to come when fashion will have changed and photographs taken to-day will look quite as absurd as those that were taken several years back do now.—Buffalo News.
