For the Good of Others Rev. Mr. Williams Hearthy En-

dorses Hood's Sarsaparilla. We are pleased to present this from Rev. A. A. Williams, of the Sillsbee street Christian Church, Lynn, Mass.:

"I see no reason why a clergyman, more than a layman, who knows whereof he speaks, should he sitate to approve an Article of Merit

and worth, from which he or his family have been signally benefited, and whose common-dation may serve to extend those benefits to others. My wife has for many years been a

Nervous Headache

for which she found little help. She has tried many things that promised well but performed little. Last fall she took Hood's Sarsaparilla. It seems surprising what one bottle could and did do for her. The attacks of headache decreased in number and were less violent in their intensity, while her general health has been improved. Her appetite is also better. From experience with

Hood's Sarsaparilla

HOOD'S PILLS are the best family cathartic, gentle and effective. Try a box.

The Two Inspectors. Two gentlemen, strangers to one anthem asked the other to let him measure

his valise. The latter consented. Then the first passenger, taking out a 8-foot rule, proceeded to measure the article in question, after which he said:

Grand Lodge of New York Elects Officers. Grand Master Burnham.

The grand Icdge F. and A. M. of the state of New York met at Masonic hall, New York city, June 7. After preliminary business Frederick A. Burnham was placed in somination for grand master and unanimously elected, there being no opposing candidate. Afterward the following offiers were nominated and elected: R. W. John Hodge, deputy grand master; R. W. William A. Sutherland, senior grand warden; R. W. John J. Gorman, grand treasurer: R. W. Edward M. Ehlers, grand secretary; Charles E. Ide, grand junior warden. Grand Master Burnham is a Rhode Islander by birth and is still a young man,

being about 40 years old. His Masonic con-

actions began shortly after arriving at his maority. His ardent temperament made him an enthusiastic worker, and his great poplarity with the rethren has pernitted his holding nearly every electve office in the order. The same

integrity and earnstness in the discharge of minor offices in the fra-

ernity have won for him the distinguished position of chieftain of 80,000 Masons of the Empire State. This number represents the argest body of Masons under one jurisdic tion in the world, with the exception of Great Britain.

Cremation receives no encouragement from the Masons of Pennsylvania.

KNIGHTS OF PYTHIAS.

The Order Has Made Immense Gains In

Membership-Helmet Glints. The supreme keeper of records and seal of the order of Knights of Pythias sends the following official report of the number of members and subordinate lodges in the Pythian world up to May 25, showing an immense gain both in members and lodges during the last year. Total number of subordinate lodges Dec. 81, 1892, 5,572, a net gain during the year of 671 lodges; total number of members Dec. 31, 1892, 413,944, a net gain during the year of 56,020. This is the largest net gain in any one year both in lodges and membership.

A Pythian castle is to be erected in Newport, Ky., in the near future. It will be built by Eureka lodge, the largest and wealthiest in the state of Kentucky. This lodge has an option on one of the best and most central sites in Newport.

An encampment and brigade meeting of the Missouri brigade, uniform rank, will be held in St. Louis in October.

June 13 was observed throughout the or der as memorial day. Many lodges held services in honor of deceased brothers.

All members of the order under 50 years of age who can pass a satisfactory medical examination should become members of the endowment rank.

Eighty-two new lodges and 6,299 members were added to Ohio's membership in

The Knights of Pythias are now the third in point of numerical strength in orders of secret societies of the world. This, too, though only 29 years old.

Summary of Progress For the Year 1892, Chips From the Shop.

The summary of the results and the progpartment. During the journey one of the ress made for the year 1893 comes as a surpartment. During the journey one of the previous them asked the other to be a second the previous them asked the other to be a second to be previous. year of 1891 and all former records. It is difficult to appreciate the full measure of this progress by the figures giving the re-suit. The mind compasses its magnitude more correctly when it is remembered question, after which he said:
"I am very sorry, but your value is too large for admission inside the carof the order's existence, and the disbursemembers during the year 1892 more than equaled that of the first 13 years of the or-der's history.

Minnesota and Illinois have followed in line, and each reduced the maximum age

The important question for each of the jurisdictions to solve is the maintenance of conditions equaling, as near as possible, that which exists in the order as a whole.

Eight assessments for the first six months of 1893 against 11 for the same period in 1892. Twenty thousand dollars per day paid to the widows and orphans of its deceased members is the record for 1892. It is a grand showing, and every workman should be proud of it.

Tacoma, Wash., proposes to best the record of Scattle by initiating 1,000 members in one night.

Enights of the Golden Eagle. During the past seven months 27 temples Ladies of the Golden Eagle have been in-

stituted in Pennsylvania. The number of Knights receiving benefits during the past 17 years, principally during the past seven years, is 26,239.

Gains In Kentucky Jurisdiction. Chips From the Temple. Kentucky Knights Templars do not ap-

pear to have progressed in ratio with many other jurisdictions. The membership is reported as 1,821, a gain of only 10 for the year. De Molay No. 12 leads with 309 members; Maysville No. 10 follows with 204; Louisville No. 1 has 199 members. A majority of the commanderies appear to have ost in membership. The annual conclave of the grand commandery of Kentucky was held at Mammoth Cave. Thomas F. J. Courney of Paducah was elected grand com-

There is a controversy in Canada over rital. Many are advocating the adoption of the American or United States ceremonies. The grand commandery Knights Temlars of Pennsylvania met in Wilkesbarre n their fortieth annual session. Besides ransacting other routine business the folowing officers were elected for the ensuing year: R. E. grand commander, Charles C. Baer; V. E. deputy grand commander, Irving P. Wanger; E. grand generalissimo, Ed-ward B. Spencer; E. grand captain general, Rev. Albert W. Ryan; E. grand prelate, Samuel S. Yohe; E. grand senior warden, Henry M. Van Zandt; F. grand junior warden, Henry H. Kuhn; E. grand treasurer, Mark Richards Muckle; E. grand recorder, Mont H. Smith.

No assessments can be enforced against nembers of commanderies except for legitinate expenses and excluding refreshments A Knight Templar tried and acquitted or an offense in a lodge cannot again be tried for the same offense in a chapter or commandery, the lodge being a body of competent authority, and it being comered that the rule of once in jeopardy should prevail. No appeal can be had on acquittal and only allowed on conviction.

Bro. Charles Wheelock was elected grand ommander at the annual conclave of the grand commandery of Knights Templars of Alabama.

Bro. Moubray R. Dundas has been appointed recorder pro tem, of California com-mandery No. 1 during the absence of Hiam T. Graves, who will remain in Chicago

Birthday In the State-Linklets. As the fiftieth anniversary of the estal-lishment of Odd Fellowship in Maine comes this summer, a celebration of the event is proposed in Portland Friday, Aug. 25, under the management of the officers of the grand lodge of that state. A circular letter has been sent out to all lodges in the state asking opinions as to the advisability of such an observance and also how many members each will send to the event.

The grand lodge of New York will meet n New York city in August. The encampment branch in Ohio made a

gain last year of 1,206 and now numbers 14.593 members. Have you joined the encampment yet?

New lodges continue to knock for admis Queen Victoria and American Odd Fel owship were born and have grown up to

gether, but while the former grows feeble the latter increases in strength and vigor. Flesh is as grass that withereth, but truth emains immortal. Massachusetts has 71 encampments, with

The New York state convention of Rebekahs was attended by 97 delegates, representing 57 lodges, and in the transaction of business proved themselves equal to the grand lodge.

Tennessee and Maryland Forging Ahead. Pythian Sister Notes.

Connecticut at the close of the year had 49 lodges and 5,232 members. Tennessee had 97 lodges, a gain of 18, and 6,910 members, a gain of 1,290. Maryland had 99 lodges, a gain of 4, with 7,655 members, a gain of over 600.

The Pythian Sister banner now floats in 32 states of the Union.

The grand jurisdiction of Oregon reports five temples of Pythian Sisters.

The order of Pythian Sisters is increasing at the rate of over 1,000 a month. The largest temple on record is Damonia tem-ple No. 45, instituted by Sister Bell of Columbus, O., there being 251 on the charter

At the last session of the supreme temple the sign of purity was made the voting sign instead of yeas and nays, and it was enacted that the Bible must be used on the altar and that the members of a temple must remove their wraps and hats when entering a temple room.

Colorado now has eight temples of Pyth.

MYSTERIES!

The Nervous System the Sear of Life and Mind. Recent Wonderful Discoveries.

No mystery has ever compared with that or human life. It has been the leading subject of professional research and study in all ages But notwithstanding this fact it is not generally known that the sear of life is located in the up-

ted in the up-per part of the spinal cord near the base of the brain and so sensi-tive is this portion of the nervous sys-tem that even the prick of a needle will

Recent discoveries have demonstrated that all the organs of the body are under the control of the nerve centers, located in or near the base of the brain, and that when these are deranged the organs which they supply with nerve fluid are also deranged. When it is remembered that a serious injury to the spinal cord will cause paralysis of the body below the injured point, because the nerve force is prevented by the injury from reaching the paralyzed portion, it will be understood how the derangement of the nerve centers will cause the derangement of the various organs which they supply with nerve force.

Two-thirds of chronic diseases are due to the imperfect action of the nerve center at the base of the brain, not from a derestiff. The great mistake of physicians in treating these diseases is that they treat the organ rather than the nerve centers which are the cause of the trouble.

Dr. Pranstin Muzzs, the celebrated specialist, has profoundly studied this subject for over 20 years, and has made many important discoveries in connection with it, chief among them being the facts contained in the above statement, and that the ordinary methods of treatment are wrong. All headache, dizzibess, duliness, confusion, pressure, blues, mania, melancholy, insanity, epilepsy, St. Vitus dance, etc., are nervous diseases no matter how caused. The wonderful success of Dr. Miles' Restorative Nervine is due to the fact that it is based on the foregoing principle.
