#### CRIMINAL NEWS.

VICTORIA, B. C., July 15.—The case  
of Rev. A. R. Reams, the California  
preacher who abducted a girl, comes up  
in the supreme court today. The defense  
having appealed from the judgment of  
Justice Drakes ordering him extradited.

PEMBERVILLE, O., July 15.—William  
Cook, a section foreman, went home  
drunk. He went to the bed where his  
four children were sleeping, and made  
a murderous assault upon them with a  
mattok handle. He picked one of the  
children up and dashed him against  
the wall and ceiling, inflicting injuries  
that will prove fatal. Two or more of  
the children will die. The entire vil-  
lage is up in arms. There is strong  
talk of lynching.

DETROIT, Mich., July 15.—Dr.  
Henry C. Meyer, the alleged wholesale  
poisoner, remains in a cell at the police  
headquarters, awaiting the arrival of  
officers from New York, and the issue  
of papers surrendering him to the Em-  
pire state authorities. The doctor  
maintains a stolid silence regarding  
himself, denying having lived in New  
York or having lived under the various  
aliases claimed for him. He was  
positively identified this morning,  
however, by Dr. Robertson, assistant  
general superintendent of Pinkerton's  
National Detective Agency, of Chicago.  
Dr. Meyer was brought from the cell  
into Superintendent Starkweather's  
office, where Robertson called him by  
name. The doctor however, strenuously  
denied ever having seen Robertson  
before. The police also found a  
Chicago health certificate, made out to  
Henry C. W. Mayer, among the  
doctor's belongings. Mr. Robertson  
ran across Dr. Rauph, who was secre-  
tary of the board of health at the time  
the certificate was issued at one of  
hotels here, and he identified the  
doctor's signature and also the doctor  
himself. Mrs. Meyer who was taken  
to Harpers' hospital last Wednesday  
night, gave birth to a son last night.  
The doctor showed no feeling when  
informed that he was a father. Mrs.  
Meyer will remain at the hospital un-  
der guard until she recovers sufficiently  
to be taken to New York.

Run Over by a Street Car.  
EGUENE, July 15.—Ora Wood, a 16-  
year old boy, fell under the wheels of  
a street car and had the fleshy part of  
his right leg terribly crushed, although  
no bones were broken. He dropped  
off the front platform, expecting to get  
on again at the rear, but fell under the  
wheels.

ST. LOUIS, Mo., July 15.—The stock-  
holders of six building and loan asso-  
ciations, known as Western Union No.  
1 to 6, with a capital of \$600,000 each,  
are alarmed. It has been discovered  
that M. T. Bogard, secretary of all of  
them, and one of the largest real estate  
dealers in the city has given warranty  
deeds of all his property to a money  
lender who exacts high rates and has  
departed. Stockholders have taken  
possession of his books but they are so  
complicated it is impossible to unravel  
them for a long time. His bond is only  
\$15,000.

NEGAUNEE, Mich., July 15.—The  
Sobiesinger syndicate, largest single  
iron ore producers in the world, sup-  
posed to represent millions of German  
capital, is in trouble. Property has  
been attached at instance of Northwest-  
ern railroad Co., and local creditors.  
Syndicate owes a large sum for labor.  
Believed the company will pull through  
all right.

Big Private Bank.  
PEORIA, Ill., July 15.—The private  
banking house of Wm. Oberhouser  
closed its doors this afternoon. It is  
one of the oldest institutions in the city  
and has always been regarded as un-  
usually substantial. No statement is  
made. The most excited kind of a  
crowd is standing around the bank.

Ordered to Egypt.  
VALETTA, MALTA, July 15.—The  
British battleship Inflexible has been  
ordered to proceed immediately to  
Alexandria, Egypt. The reason for  
this hurried order is unknown, but it is  
rumored that it is owing to distur-  
bances that have broken out in Alex-  
andria.

The Kansas Banks.  
KANSAS CITY, Mo., July 15.—The  
Northrup bank of Kansas City, Kan.,  
of which J. S. Chick, president of the  
National bank of Kansas City, which  
failed yesterday, is also president, closed  
its doors this morning. A run began  
on the National bank of commerce this  
morning. Officials say it will be able  
to stand a long run, which however  
they do not expect.

The Northrup bank company closed  
its doors as a result of a run consequent  
on closing the doors of the National  
bank of Kansas City. The bank has a  
capital of a hundred thousand. Li-  
abilities \$315,000. It is believed deposi-  
tors ultimately will be paid in full.  
Failure of the National bank of Kan-  
sas City also precipitated a run on  
every National bank in the city. All  
met every demand promptly and by  
noon excitement was practically over.  
The Savings bank is not affected.

Fire at Fresno.  
FRESNO, July 15.—A fire broke out  
in the Fresno Flouring Mills, at 3 a. m.  
The mills and the west warehouse are a  
total loss of about \$100,000; insurance  
unknown. Buckeye stores and other  
buildings opposite are destroyed.

### The Kanaka Islands.

SAN FRANCISCO, July 15.—Associate  
Press letter of date, Honolulu, July  
7th contain following advices: Celebra-  
tion of Fourth of July; capture of 20 out  
of 28 lepers in valley of Kalalau island of  
Kauai; last fall and clear report of  
Hawaiian finances by Minister Damon,  
and holding for trial of two out of  
three conspirators. These are the fore-  
most happenings here since last mail up  
by Warrinoc.

Names of conspirators held are T. B.  
Walker and A. Sinclair. E. C. Crick  
was discharged. Fo further arrests  
will be made at present. Royalists  
claim arrests have not affected the ex-  
queen's cause but the general opinion  
is that they have broken the back of  
the opposition to the government.  
The government is quietly awaiting  
some word from the United States  
which will give a definite idea of what  
Cleveland's intention is. President  
Dole said this morning that in the case  
United States refuses to do anything,  
that England was the only available  
source for aid. A protectorate would  
be considered only as a last resort.

### WORLD'S FAIR CLOSED SUNDAYS

#### It Doesn't Pay, You Know, So We Will Be Moral Business People.

CHICAGO, July 15.—The world's fair  
is to be closed on Sundays after July  
18th. The admissions of next Sunday  
have already been donated for the re-  
lief of the families of the firemen who  
lost their lives in the recent fire on the  
grounds, and but for this fact the fair  
would probably have been closed next  
Sunday. The vote of the local directory  
rescinding its former action was over-  
whelmingly in favor of closing, stand-  
ing twenty-four to four.

When the meeting of directors was  
called late yesterday afternoon an ad-  
dress strongly advocating Sunday closing  
and signed by most of the leading  
Chicago clergymen was read. After  
several speeches were made in favor of  
closing, resolutions were adopted set-  
tling forth the fact that the action open-  
ing the fair was taken in response to  
urgent appeals from persons and or-  
ganizations representing a large major-  
ity of the public, as well as from stock-  
holders of corporations, and also in ac-  
cord with resolutions adopted by the  
city council of Chicago. It now ap-  
pearing by the actual admissions that  
the general public does not by its at-  
tendance manifest a desire that the ex-  
position be kept open each day, and  
if the exposition is kept open Sunday  
it will require the attendance of more  
than 10,000 laboring men and women,  
employees of the exposition and others)  
and it further appearing that the num-  
ber of laboring men and women whose  
services would be required to keep the  
exposition open on Sunday is dispro-  
portionate to the number of visitors, all  
previous resolutions of opening on Sun-  
day are rescinded, to take effect on and  
after the 18th instant.

### France and Siam at War.

WASHINGTON, July 15.—The only  
official news of the trouble between the  
French and the Siamese received at the  
state department was contained in a  
brief cablegram from Acting Consul  
General Boyd at Bangkok, stating that  
after an hour's engagement the French  
vessels passed the forts below Bangkok.  
It is not the present intention of the  
American war vessel to the scene of  
the hostilities, in view of the fact that  
American interests in Siam are insignif-  
icant. Nevertheless it is expected  
that if the war assumes formidable  
proportions the Siamese may make it  
very unpleasant for the foreign residents,  
including the few Americans there. If  
such a state of affairs is brought about,  
however, the United States will not be  
without a vessel in Siamese waters as  
the steamship Concord, now on her  
way to China, will be in the neighbor-  
hood in the course of two months.

There are about twenty missionaries  
in Siam, mostly Presbyterians, and  
their friends in this country have be-  
come concerned about their welfare,  
now that actual hostilities have broken  
out between the French and Siamese.  
Rev. Dr. Gillespie of New York, rep-  
resenting the Presbyterian mission  
board, today telegraphed Secretary  
Gresham to inquire what provision  
would be made for the safety of mis-  
sionaries and the numerous children in  
their charge. Secretary Gresham re-  
plied: "I am informed by the secretary  
of the navy that there is not at present  
on the Asiatic station any vessel capa-  
ble of entering Siamese waters. Mis-  
sionaries should communicate with the  
legation at Bangkok for the usual  
diplomatic protection."

### Plague of Crickets.

OMAHA, Neb., July 15.—The crops of  
the West are threatened by the in-  
vasions of an army of crickets, of the  
crullus. They are now in Wyoming  
near Casper, and are moving rapidly  
eastward, devouring potato fields in an  
incredible short time. They are mostly  
together in solid ranks three-fourths  
of a mile deep and are making a loud  
noise which may be heard distinctly  
for miles. They will, at their present  
rate, arrive in Nebraska in time to har-  
vest the sweet corn crop. The whole  
country is alarmed at their ravages.

### WASHINGTON, July 15.—It was

learned at the pension office that 2,500  
pensioners have been suspended up to  
date under Secretary Hoke Smith's re-  
cent ruling. The suspensions are not  
confined to any particular locality but  
are well distributed throughout the  
country. No pensioner has yet been  
dropped under the decision for reason  
that the sixty days allowed pensioners  
in which to make proof of disability  
have not yet elapsed.

### DOWN GO THE RATES!

The Union Pacific now leads with re-  
duced rates to eastern points, and their  
through car arrangements, magnifi-  
cently equipped Pullmans and Tourist  
sleepers, free reclining chair car and  
fast time, make it the best time to travel.  
Two trains leave from Portland  
daily at 8:45 a. m. and 7:30 p. m. The  
rates are now within reach of all, and  
everybody should take advantage of  
them to visit the world's fair and their  
friends in the east. Send for rates and  
schedules of trains, and do not purchase  
tickets until after consulting Boise &  
Barker, agents, Salem, Or.

### Revolution in San Salvador.

PANAMA, July 15.—Advices have  
been received here of a revolutionary  
uprising in the capital of the neighbor-  
ing republic of San Salvador. A bat-  
talion of the government forces, com-  
manded by Colonel Flores, mutinied  
and proclaimed a revolution. Its  
avowed purpose was to avenge Menedez  
and drive the assassins from power.  
The revolutionists endeavored to get  
the army corps to join them, but the  
latter remained loyal to the govern-  
ment. With the artillery under Gen.  
Ezeta a battle was fought, in which the  
revolutionists were defeated after a  
short fight. Then the rebels capitu-  
lated. In the engagement Colonel  
Flores was killed. His principal lieutenants  
were captured and thrown in  
prison, where they will remain await-  
ing court martial. Senor Pedot was ar-  
rested later and he is also imprisoned.  
Many civilians have also been implicat-

ed in the conspiracy. Official reports  
have been promulgated by the govern-  
ment, denying that any revolution is  
now in progress or that there was any  
outbreak, and that further declaring  
everything is now quiet. Ezeta has es-  
tablished a censorship on any news re-  
lating to the outbreak, and no direct  
advices are obtainable.

### The Bangkok Affair.

PARIS, July 15.—A semi-official note  
published to day explains the Bangkok  
incident thus:

France, learning that England and  
other nations were sending war vessels  
to Bangkok, notified the Siamese gov-  
ernment July 8th of its intention to  
increase the French naval force at the  
mouth of Meinam river, where only  
the gunboat Lutin afforded protection  
to French residents. In accordance  
with the treaty of 1856 French men-of-  
war have the right to enter Meinam  
river and anchor off Panknam, but must  
give the Siamese government notice to  
arrange for anchorage in case of in-  
tention to ascend the river to Bangkok.  
As, however no other than British ves-  
sels entered Meinam river, Siamese hav-  
ing objected to the presence of more than  
one foreign vessel, France, while re-  
serving her formal treaty rights, in-  
structed Rear Admiral Humann not to  
cross the bar of Meinam river and  
notified the Siamese government ac-  
cordingly. The order was received too  
late by Humann and the gunboats ac-  
cended to Bangkok.
