#### LOCAL DATES.

Wednesday, 19th.—Morningside picnic afternoon and evening.  
Saturday, Aug. 5.—State Balmers' convention, court house, 10 a. m.

**BARGE LINE.**—The Herren warehouse on the river bank at Marion square is being put in order to handle wheat and oats for this coming season's crop. The grain will be shipped to Corvallis by barge and then sent to market over the Oregon Pacific railroad and boat lines. A. M. Humphreys, raised here, but who has been at Spokane for ten or twelve years will run it. He owns the warehouse and is prepared to furnish sacks and will pay the market price and store grain on warehouse receipt. This will give Salem the benefit of at least sufficient competition to secure full market value for all produce brought here. Mr. Humphreys has a good record so far as can be learned and is well spoken of by our leading bankers.

**PROBATE COURT.**—F. Nickerman, the administrator of the estate of Mary Ann Avert, deceased, has filed his semi-annual account with the county court. He also presented an application for an order to put up a monument and wall at the grave, the same cost not to exceed \$340. The application was granted. Agnes Harding petitioned for letters of administration in the estate of her husband, Larez Harding, who died on June 23. He left real and personal property to the probable value of \$30,000. He left two children, Merlin, aged 8, and Clara, aged 6. The court granted her prayer and fixed her bonds at \$50,000.

**WE DO NOT SLEEP.**—The Statesman's classified advertisements do the work while you sleep.—Statesman. You mean THE JOURNAL's want columns do the business while you sleep. The Statesman is issued in the morning when people are awake. People in Oregon do not go to bed in the morning. They go to their work. In the evening they read THE JOURNAL.

**SUPREME COURT.**—Several cases were argued, and on motion of B. F. Bonham, Frank M. Wells was admitted to practice in all the courts of this state, upon certificate from the supreme court of Michigan. Also on motion of Geo. H. Williams, Robert Harrison was admitted to practice in all the courts of this state upon certificate from the United States Supreme Court.

**FIRE.**—Two dwelling houses in West Yaquina burned down Saturday morning. They were owned by Mrs. Thompson, and occupied by James Short and John Earl. Two children of the latter came near burning to death, being compelled to jump from the upper window. Both families lost nearly everything they possessed.

**PESTS.**—Insect pests are scarce in Oregon. But it is reported this season that grasshoppers and crickets have taken a part of the crops in Harney in Southeastern Oregon. Whole fields of grain have been eaten. Near Turner the caterpillar raid has been bad. Orchards are completely stripped of their leaves, also some of the oaks.

**STATE AGRICULTURAL COLLEGE.**—Capt. Apperson, Dr. Applewhite, W. L. Nash, J. K. Weatherford, W. P. Keady and Pres. John M. Bloss are in the city to attend a meeting of the state board of regents, to elect a treasurer and transact other business.

**SEWER CONTRACT.**—Bids were opened by the board at the state house at 2 p. m. for constructing a sewer at the state reform school, as follows: Barr & Petzell \$2330, Dugan Bros. \$1620, A. B. Smith & Son, \$1475. The contract was awarded to the latter and is to be built at once.

#### OAK STREET.

City attorney reported on proposition to open Oak street through Southern Pacific depot grounds. It had been vacated for use of the company and opening the street would destroy that use to the company. Adopted. Albert moved that notice be given to the company of opening Mill street. Carried.

#### HUMANE SOCIETY.

City attorney also reported on application of Humane society for enforcement of law against cruelty to animals. He recommended that the council authorize selection of a special officer by Humane society, to be subject to city marshal. Carried. Police power will be conferred upon such officers when appointed.

Permission was granted to sell a glove for blacking stoves, to help carpet the United Brethren church.

#### DUMPING GROUNDS.

Cross called attention to the importance of this matter and suggested that a place should be provided for emptying rubbish and tin cans.

#### BADLY HOUSES.

Aldermen Klein and Albert called up the establishment of the new house of ill-fame opposite the Hotel Willamette. Klein moved imposition of liquor license of \$300 a year upon houses of ill-fame. Cross moved that liquor license be enforced against bawdy houses by chief of police. Lafore moved to amend that Cross and Klein be a committee to draft an ordinance of \$400 on bawdy houses. Albert objected as the council could not license what was illegal. Lost by vote of mayor, Albert, Cross and Klein. Cross' motion to enforce by police was adopted on second of Gray.

#### MISCELLANY.

Cross called attention to necessity of tiling foundation of city hall. City Engineer Culver ordered to tile same. Klein reported that Capital City railway was willing to have the track moved to center on State street if it could be done at the expense of anyone but the company. It was said that State street was occupied in places as wide as 12 feet in certain lots.

#### LICENSE ORDINANCE.

A committee of Cross, Klein and Gray was appointed to act with recorder and city attorney to draft revised

license ordinance. Petition of Hon. W. H. Holmes referred to same committee. So far only two express wagons have taken out licenses and council instructed Recorder Edes to enforce existing license ordinance.

The council heard the reading of the State street improvement bill and adjourned to Wednesday evening.

#### AT THE REFORM SCHOOL.

Superintendent Smith's Removal Causes Surprise.

Supt. Smith, of the Oregon State Reform school, was notified Tuesday of his discharge from that institution. He was very much surprised and came down to the city this morning to look around. He has a very good reputation as teacher in the East and stood high at The Dalles where he was principal for five years before being elected to this position. He said this morning: "I do not know why I am discharged. I have done my best and the boys all feel badly at my leaving. I shall meet the board today, and expect to remain at Salem for the present." The board will probably choose a man today.

Supt. Smith has not agreed with the board as to methods in some things and has not met their idea of a proper head for that institution. Mr. Smith thinks there is politics in his removal, but as the board are a majority of Republicans, and he is a Republican and Governor Penneyer is not taking a hand there is probably not much in that.

Frank Bryant, the disciplinarian and engineer, has been temporarily appointed acting superintendent. M. W. Smith was relieved as superintendent and Mrs. M. W. Smith as matron. Other necessary appointments will be made in due time.

Prof. Geo. A. Peebles has been appointed to take charge of the Reform school, until a permanent arrangement can be made. Mrs. Peebles will act as matron, temporarily. The unexpected resignation of Mr. Smith, who has had charge of the school compelled the action of the board.
