OUR NEWPORT LETTER.

Union Pacific Officials Inspect Yaquina Harbor.

WHY NO IRISHMEN ARE ANARCHISTS

How a Salem Man Drove a Cow Out of His Tent.

NEWPORT, Sept. 19.—(Special Correspondent.)—Quite a party of notables Sunday at Newport. Supt. Baxter, of the Union Pacific, accompanied by a few friends, in charge of Supt. R. E. Mulcahey, of the Oregon Pacific, came over Saturday night in a private car and were very much delighted with the bay, and harbor, and jetties.

Governor Penoyer, State Treasurer Metchan and Supt. Anson, of the Salem Electric Co., enjoyed a hand of whist in the smoking car, and the various officials and magnates did not get together until all boarded the "Resolute" to steam across the bay to Newport. The superintendent, Baxter, who is a very bright man, became the center of an interesting group. There was talk of reduced towage rates on the Columbia and abolition of river pilot fees in which the governor and Supt. seemed very much agreed.

The railroad people quartered at the bay View house, and the governor and treasurer set out afoot for Monterey, two miles up the beach. They trudged stoutly through the mile and a half of oills and sands and half mile of beach, knocked at the back door of the hotel and asked for a night's lodging. Upon registering it leaked out who they were and at once they were lords of the premises. As the governor has not had a day off this year he wanted a quiet Sunday, and beyond a drive to Cape Foulweather Lighthouse, where the breakers seemed to roll extra high in honor of his excellency's visit, the gentlemen did not stir out all day, but enjoyed the elegant homelike hospitality spread before them. In the evening they were entertained by Misses Nora and Mollie Fitzpatrick, with the newest songs at the piano. They returned Monday, the governor having never but once been away from his office on Monday and that was when he was ill.

PERSONAL GOSSIP. Mrs. Governor Penoyer is at the world's fair, having accompanied their son Horace as far as Chicago on his way to attend the Lawrenceville preparatory school in New Jersey. Mrs. Penoyer came across the plains in 1853, the present governor of Oregon came in 1854, they were married in 1855. October the 26th the warship "Oregon" is to be launched in San Francisco and the builders—the Union Iron Works of California—have invited Governor Penoyer and full staff to be present. The governor was also asked to have his daughter christen the man-of-war "Oregon." As his only daughter is married he may designate some one else for the great honor. In that case it will be an Oregon girl probably Miss Daisy Alnsworth of Oakland.

NO IRISH ANARCHISTS. That was a witty reply a certain Salentite made to a man who came into his office and wanted to know why it was that Russian Jews, Poles and Hungarians generally made up the socialist and anarchist meetings and why no one ever heard of an Irishman among them?

"I suppose it is because they are all employed as policemen," said he. There is a good deal behind this remark. The Irishman is naturally a head of city politics he is in control of the police department, and this is true of nearly every city in the United States outside of Oregon. While the Irish are getting control of the municipalities the Germans are gradually buying up the country and the records will show that more farms are sold to Germans in Marion county than to all other classes of purchasers put together.

THE SALEM MAN AND THE COW. They tell a good story on a business man of Salem and the way he drove a marauding cow out of the camp of Salem tents at Monterey one day. While all hands were bathing in the surf the cow got in through a pair of bars that had been left down and began to explore a tent. She entered the kitchen tent and ate some vegetables, a box of

doughnuts and a roll of butter, finishing off on a jar of pickles. Then she commenced eating a straw pillow in the sleeping tent. There was just room for her to stand between the two beds and she was munching away contented enough until the Salem man left the beach in his red bathing pants and armed with a long pole to see what was the matter. He waved it frantically at her and at the first jump she knocked down both beds. When she got sight of the short pudgy person in red tights she bellowed, kicked up her heels, shook her horns wildly as though it were her last gasp and carried off the cook tent on her horns, the gallant knight of the sea falling backwards over a log with his legs in the air. The whole camp came to the rescue and the infuriated cow flying over the mountains with a yellow striped tent streaming from her horns was captured and order restored. The Salem man swears he will never try driving a cow out of camp again, dressed in scarlet pants and armed with a long pole.

OVER THE BAR. Under the cool and nery hand of Captain W. J. Richards the staunch little tug "Resolute" bore the railroad officials out over the bar Sunday afternoon. It was the last trip of the season out into the open Pacific with passengers. The sea was quite "bumpy" on the outside of the bar, which had 23 to 25 feet of water at middle low tide. The ladies who belonged to Supt. Baxter's party decided not to go, the water being pretty rough. A reporter and two ladies and two children took their first taste of salt water. A gentleman who went along to see us all got sea-sick was agreeably disappointed. I had eaten a hearty dinner of salmon. Once or twice as the little tug went on her bow end and we all had to brace ourselves to stay on deck I thought my silver-sides wanted to regain their native element. But they changed their minds and concluded to stay by me, with no disagreeable results. Only one well came aboard. The sight of giant waves was impressive to land people. We only regretted the ride to sea was not longer. But as it was an official trip for inspection of the water and not for pleasure it could not be prolonged.

Capt. Fred Olsson who has sailed around the globe and is always an enthusiastic champion of Yaquina harbor was happy over the low tide soundings, and declared that the bar was "very good water." The steamer Willamette comes in Wednesday. E. H.

Not the Right Word. "No," said Bertha sadly, "pain" doesn't express what I suffer at these times—it is simply "anguish." I know I ought to consult a physician; but I dread it so! I can't bring myself to do it. Then, too, "female diseases" always seemed so indelicate to me, I can't bear to have any one know or speak of mine.

"Yes, dear," answered Edith, "but don't you know you can be cured without going to a physician? Send to any drugist for a bottle of Dr. Pierce's Favorite Prescription, and take it, and I warrant you'll feel better in a very few days." The manufacturers warrant the medicine, too. They guarantee it to do exactly what it claims, viz: to cure leucorrhoea, painful irregularities, excessive flowings, prostrations, inflammation or irritation of the uterus, and the innumerable other "female weaknesses." It so strengthens and builds up the uterine system, and nerves; that worn-out run-down wives and mothers feel rejuvenated after taking it, and they are saved the painful embarrassment and expense of a surgical examination and a tedious, tiresome treatment.

FROM STAYTON. Public school opened Monday. Hop pickers are most all through and back to town again. Mrs. Mangie and family went to Salem Saturday. Rev. Spangle, of Jefferson, occupied the pulpit at the Baptist church Sunday. Mr. Sloper, of Fox Valley, was in town Saturday. Misses Susie Kerns and Tempest Dunivin, spent fair week in Salem, attending the state fair. A social hop at the opera house, Friday night, Sept. 22d. Miss Cora Cooper returned home last Wednesday, from Southern Oregon, where she has been visiting all summer. Misses Magie and Bernice Hoffman spent Sunday in town, visiting friends. The Stayton flour mill has been doing a thriving business for the last ten or fifteen days, receiving wheat daily.

THE COUNCIL SESSION. At a regular meeting held last evening the city fathers allowed the following claims: Smith & Schneider, \$2.25; R. L. Swartz, \$15.84; A. N. Hales, \$5; Salem Water Co., \$103.74; Gardner & Darr, \$5.25; Salem Gas Co., \$11.70; Smith & Steiner, \$9.50; Salem Consolidated Street Railway Co., \$435.75; Salem T. & D. Co., \$12.50; J. W. Watt, \$3; Smith & Steiner, .85; H. P. Minto, \$12.50; Jack Green, \$10.50; street labor \$162; John Knight, \$112.87; W. C. Mitchell, \$14.50; Santiam Lumber Co., \$9.12, F. M. Rice, \$21; Glover & Pugh, \$3.50, J. Meyers, \$60; J. C. Goodell, \$3.10, Gray Bros., \$7.75. Chairman Gray's report on city finances showed expenditures for January 1st, this year \$42,823.86. His report also contained a few good words of precaution to the city fathers, and compliments for Recorder Edes, on his methods of keeping the city books and records. A remonstrance was presented against the improvement of High street but as City Attorney Bingham reported that it contained less than half the names of the property owners on that street, it failed. Referred.

An ordinance ordering a rebate of sums over and above contract price on State street improvement was laid on the table. The ways and means committee asked for another week to report on the funding ordinance. Albert asked that same be taken out of the hands of the committee, but by vote of the majority his motion was lost. The city attorney made a special report averse to removing the old buildings on the alley north of Willamette hotel. A petition asking abatement of a nuisance on High street in the way of rubbish, was referred. Alert Hook & Ladder Co., accepted the city's offer of \$5.00 per month for each of its members, with the provision that the company should have quarters in the new city hall and have first recognition when the city may establish a paid hook and ladder service. Adjourned to meet next Tuesday evening.
