105. T. F. Goodrich vs. J. W. Beatty, action for money.

YO PAY DEBTS WITH WARRANTS.

A Proposition in City Government Discussed Pro and Con.

The committee on ordinances at the last council meeting submitted the following report: "To the Hon. mayor and common council of the city of Salem:—Your committee on ordinances to which was referred a bill for an ordinance providing that all moneys, excepting fines, forfeitures, penalties and costs payable to the city of Salem may be paid in gold coin or city warrants..."

"Section 3 provides that the provisions of this ordinance shall not be deemed to apply to the payment of indebtedness of Thomas Holman to the city etc., and under it said indebtedness is not payable in either United States gold or silver coin or city warrants."

"Section 7 of the old, and section 33 of the present charter, both provide, referring to the lien docket, that from the date of the entry therein of an assessment upon a lot or part thereof, the sum so entered is to be deemed a tax levy and a lien thereon."

"Under our present assessment and taxation laws, city taxes must be collected by the county sheriff and be paid as the state law above referred to requires, viz: in gold or silver coin of the United States."

"Your committee recommends the indefinite postponement of the ordinance. A motion to adopt the report of the committee was lost on an aye and nay vote as follows: Ayes—Smith, Cross and Albert; noes—Lafore, Gray and Klein, the chair casting a negative vote on the tie. The ordinance on reaching the vote on passage, was by an intervening motion, referred to the city attorney with orders to report at next regular meeting."

As this is a matter of greatest importance to city government we reprint the Lafore ordinance: "Section 1.—All taxes, licenses, assessments for street purpose where warrants in payment thereof have been drawn on the general fund, and all other moneys due to the city of Salem, excepting fines, forfeitures, penalties and costs imposed by and collected under any judgment of the recorder's court or of any other court, shall be paid in gold coin of the United States of America or in city warrants of the city of Salem, drawn on the general funds of the city of Salem, and endorsed 'not paid for want of funds,' provided that sums not exceeding \$10 may be paid in silver coin of the United States of America."

shall be paid in gold coin of the United States of America, or in warrants of the city of Salem, drawn on such special fund, provided, however, that sums not exceeding \$10 may be paid in silver coin of the United States of America.

"Section 3.—The provision of this ordinance shall not be deemed to apply to the payment of the principal or interest of the indebtedness of Thomas Holman to the city of Salem, for the purchase of the property of the city of Salem, sold to said Holman at the southeast corner of State and Liberty streets."

"Section 4.—All ordinances and parts of ordinances in conflict herewith are hereby repealed. SOME OPINIONS. Postmaster Gilbert: "The city ought to take its own paper as any other business man."

Alderman Klein: "The city should take its paper, but holders of old warrants should not be placed at a disadvantage because holders of newer ones happen to owe the city."

A banker: "It is a struggle to get coin in place of warrants to do business with." The city attorneys say the city cannot refuse to take its own warrants for any debt owed the city.

Another banker: "It used to be so that when there was over \$5000 in the city treasury, as the treasurer's report shows, city warrants did not go begging at a discount."

Mayor Gatch: "If the city pays a man in warrants, and he comes to owe the city it is an injustice for the city to refuse to receive its own paper. It will soon be time to pay taxes, and the city warrants are as good as gold for that purpose."

Ed. Cross: "If we are going to take warrants for taxes, saloon licenses and street assessments, where will the money come from to run our city? The city will not get money for necessary expenses, and holders of large warrants will never get the money they advanced to the city in time of need."

A number of others were seen and expressed a variety of opinions. Grand Sale. Of ladies' and children's trimmed hats for \$1.00, \$1.50, \$2.00, \$2.50, Friday and Saturday, at Mrs. D. L. Fiester's, Court street milliner, Salem.

SUPREME COURT. SALEM, Oct. 5, 1893. Julius Durkheimer, respondent, vs. S. A. Heilner and S. Ottenheimer, appellant. Appeal from Baker county, re-argued and submitted.

On motion Alfred E. Reams was admitted upon certificate from the Supreme Court of Virginia, to practice in all the courts of this state.

WE CANNOT SPARE healthy flesh—nature never burdens the body with too much sound flesh. Loss of flesh usually indicates poor assimilation, which causes the loss of the best that's in food, the fat-forming element.

Scott's Emulsion of pure cod liver oil with hypophosphites contains the very essence of all foods. In no other form can so much nutrition be taken and assimilated. Its range of usefulness has no limitation where weakness exists.
